Dear Dr. Lowe and Dongyun,

For my dissertation I wish to include an excerpt from the paper we co-authored and presented at the 2016 AIAA SciTech Aerospace Sciences Meeting. We collectively hold the copyright, and as per AIAA's policies I need to get permission from both of you to reproduce this work in my dissertation. Please respond to this email with a brief note indicating if you give your permission for this, and feel free to let me know if you have any questions.

Thank you,

-Daniel Cadel
