Dear Diane,

I am Yufeng Fang, a Ph.D. student at Virginia Tech. I am writing to request the permission of using my manuscript that was published on MPP as a chapter in my thesis.

Here is the information for my publication:

Fang, Y. and Tyler, B. M. (2016) Efficient disruption and replacement of an effector gene in the oomycete *Phytophthora sojae* using CRISPR/Cas9. *Mol. Plant Pathol.*, 17, 127-139.

Could you please provide this authorization, or direct me to the appropriate person? Thank you.

Best regards,

Francis
