Dear Tanya,

Thank you very much for your message.
I can give you the permission to use parts of the manuscript for a PhD dissertation. That`s not a problem at all as long as it is cited correctly.

Your manuscript has now been to layout.
During this we noticed that there is a minor problem with the references.

We have the reference like this (the example is for a Journal):

Author 1 (Lastname, initials Firstname); Author 2; Author 3; etc. Title of the article. Journal Abbreviation **Year**, *Volume*, Firstpage-Lastpage.

see also: <http://www.mdpi.com/authors/references> for more information.

The easiest way will be that you change the endnote model, add the full last names, Volumes and Page numbers.

Do not hesitate to come back to me if you have questions or need further information.

Kind regards,

Sarah
