Dear Mr. Lynch:

It is our pleasure to grant you permission to use the following ASME materials:

- "Heat Transfer for a Turbine Blade with Nonaxisymmetric Contouring," by Stephen Lynch, Narayan Sundaram, Karen Thole, Atul Kohli, Christopher Lehane, Journal of Turbomachinery, Vol. 133, 2011
- "Computational Predictions of Heat Transfer and Film Cooling for a Turbine Blade with Nonaxisymmetric Endwall Contouring," by Stephen Lynch, Karen Thole, Atul Kohli, Christopher Lehane, Journal of Turbomachinery, Vol. 133, 2011

cited in your letter for inclusion in a Doctoral Thesis entitled A Detailed Investigation of the Three-Dimensional Boundary Layer on the Endwall of a Turbine Blade to be published by Virginia Tech.

As is customary, we ask that you ensure full acknowledgment of this material, the author(s), source and ASME as original publisher on all printed copies being distributed.

Many thanks for your interest in ASME publications.
