Dear Yujie Cheng,

Thank you for seeking permission from SPIE to reprint material from our publications. As author, SPIE shares the copyright with you, so you retain the right to reproduce your paper in part or in whole.

Publisher's permission is hereby granted under the following conditions:

- (1) the material to be used has appeared in our publication without credit or acknowledgment to another source; and
- (2) you credit the original SPIE publication. Include the authors' names, title of paper, volume title, SPIE volume number, and year of publication in your credit statement.

Sincerely,

Nicole Harris

Subject: Seeking permission to use previously published papers

Hello,

My name is Yujie Cheng and I am a graduate student at the Virginia Polytechnic Institute. I am currently writing my dissertation for my PhD's degree in Materials Science Engineering and wanted permission to reprint two of my journal papers:

1. Cheng Y, Hill C, Liu B, et al; Design and analysis of large-core single-mode windmill single crystal sapphire optical fiber. Opt. Eng. 0001;55(6):066101. doi:10.1117/1.OE.55.6.066101
2. Cheng Y, Hill C, Liu B, et al; Modal reduction in single crystal sapphire optical fiber. Opt. Eng. 0001;54(10):107103. doi:10.1117/1.OE.54.10.107103.

If you could get back to me as soon as possible I would greatly appreciate it. A reply email giving permission for

the use of these papers is sufficient for my needs.

Thank you very much!
