Dear Sir,

You are welcome to use that figure, assuming that you properly acknowledge its origin, e.g. in the following way: source: RP Photonics Consulting GmbH, generated with the RP Fiber Power software.

With best regards

Hello,

My name is Yujie Cheng and I am a graduate student at the Virginia Polytechnic Institute. I am currently writing my dissertation for my PhD's degree in Materials Science Engineering and wanted permission to use one figure in:

<https://www.rp-photonics.com/modes.html>

The figures I would like permission for is figure 3 .

If you could get back to me as soon as possible I would greatly appreciate it. A reply email giving permission for the use of these figures is sufficient for my needs.

Thank you very much!
