To: Linjun Li &lt;linjunli@vt.edu&gt;

Dear Linjun Li,

Thank you for your request to reproduce IOP Publishing material in your thesis.

Regarding:

Figures 1 and 2 (J. Phys. A: Math. Gen. 37 (2004) R79–R115)

We are happy to grant permission for the use you request on the terms set out below.

### **Conditions**

Non-exclusive, non-transferrable, revocable, worldwide, permission to use the material in print and electronic form will be granted **subject to the following conditions:**

- Permission will be cancelled without notice if you fail to fulfil any of the conditions of this letter.
- You will make reasonable efforts to contact the author(s) to seek consent for your intended use. Contacting one author acting expressly as authorised agent for their co-authors is acceptable.
- You will reproduce the following prominently alongside the material:
  - the source of the material, including author, article title, title of journal, volume number, issue number (if relevant), page range (or first page if this is the only information available) and date of first publication. This information can be contained in a footnote or reference note; or
  - a link back to the article (via DOI); and
  - if practical and IN ALL CASES for works published under any of the Creative Commons licences the words “© IOP Publishing. Reproduced with permission. All rights reserved”
- The material will not, without the express permission of the author(s), be used in any way which, in the opinion of IOP Publishing, could distort or alter the author(s)' original intention(s) and meaning, be prejudicial to the honour or reputation of the author(s) and/or imply endorsement by the author(s) and/or IOP Publishing.
- Payment of £0 is received in full by IOP Publishing prior to use.

### **Special Conditions – For STM Signatories ONLY (as agreed as part of the STM Guidelines)**

Any permissions granted for a particular edition will apply also to subsequent editions and for editions in other languages, provided such editions are for the work as a whole in situ and does not involve the separate exploitation of the permitted illustrations or excerpts.

If you have any questions, please feel free to contact our Permissions team at [permissions@iop.org](mailto:permissions@iop.org).

I should be grateful if you would acknowledge receipt of this email.

Kind regards,

Kathryn Shaw  
Publishing Assistant  
IOP Publishing

**Please note:** We do not usually provide signed permission forms as a separate attachment. Please print this email and provide it to your publisher as proof of permission.

Dear IOP,

I am preparing a work entitled “Systems Driven out of Equilibrium with Energy Input at Interfaces or Boundaries.” to be published in the PhD thesis (dissertation) at Virginia Tech

I would appreciate permission to reproduce the following two figures in both print and electronic editions of the Journal and in all subsequent future editions of the Journal, any derivative products and in publisher authorized distributions by third party distributors, aggregators and other licensees such as abstracting and indexing services. I should be grateful for nonexclusive perpetual world rights in all languages and media.

For your information, Institute of Physics Publishing is a not-for-profit subsidiary of the UK Institute of Physics and is a signatory to the STM guidelines on use and republication of figures/tables in science publishing.

For your convenience a copy of this letter may serve as a release form: the duplicate copy may be retained for your files.

Thank you for your prompt attention to this request.

Sincerely,

Linjun Li
