To whom it may concern,

My name is Arash Nouri and I am a mechanical engineering graduate student at Virginia Tech. Recently I used your CM-16 microphone for my ultrasound research and I was wondering if there would be any obligation if I want to use the name of your microphone and using the plots and data sheets in following website in my paper and MS thesis.

Accept my appreciation for your time and consideration in advanced

Sincerely yours,

Dear Arash,

Thanks for your inquiry. You can use the plots and data sheet information in your MS thesis without obligation.

Best regards,

Raimund
