APPENDIX A

INFORMED CONSENT
Title of Project: Home repair experiences of older consumers in Montgomery County, Virginia

Investigators: Cristin L. Campbell, Constance Y. Kratzer

The Purpose of this Research Project

The purpose of this project is to explore the nature of home repair services being offered door-to-door to older consumers in Montgomery County, Virginia. It is believed that many of these offers are being offered and accepted. This study will explore the outcomes of these experiences. There will be a maximum number of 40 subjects in this study.

Procedures

Each subject who volunteers to be called will be asked to complete a telephone interview. The questions will ask about home repair services that have been offered to you over the past three years. You will be asked about your use of the media. You will also be asked a number of demographic questions.

You will be called at the phone number that you provide to the researcher. Calls will be made weekdays between the hours of 9 a.m. and 8 p.m., unless you indicate that you would like to be called at a time other than these. The survey will take 15 to 20 minutes of your time.

Risks

The only risk involved in this research is the possibility of remembering a past experience with home repair that was unpleasant. If you choose, the researcher will provide you with information about ways to deal with the situation that occurred.

Benefits of this Project

The benefits of this project are a greater understanding of home repair services that are being offered in Montgomery County. The results of this study will be used to develop educational workshops that will benefit older consumers in this county.

No promise or guarantee of benefits have been made to encourage you to participate.

Extent of Anonymity and Confidentiality

Confidentiality of your responses is assured. Your responses and name will never appear on the same sheet of paper. In order to assure confidentiality, the responses will be numbered only to insure that every participant has been contacted.
Compensation

You will not be compensated for your participation in this project. At your request, you can be notified when an educational program will be presented so that you may attend.

Freedom to Withdraw

You are free to withdraw from this study at any time. You are free to not answer any questions that you choose, without any penalty.

Approval of Research

This research project has been approved, as required, by the Institutional Review Board for Research Involving Human Subjects at Virginia Polytechnic Institute and State University, by the Department of Near Environments.

Subject’s Responsibilities

I have read the above information. I voluntarily agree to participate in this study.

Subject’s Permission

I have read and understand the Informed Consent and conditions of this project. I have had all my questions answered. I hereby acknowledge the above and give my voluntary consent for participation in this project.

If I participate, I may withdraw at any time without penalty. I agree to abide by the rules of this project.
