Dear Prof. Khan,

It is our pleasure to grant you permission to use **all or any part of** the ASME paper "Design and Manufacturing of a Clutch and Brake System for Indoor Tire Testing," by Aamir Khusru Khan and Corina Sandu, Paper number DETC2017 67872 , cited in your letter for inclusion in a master's thesis entitled Design and Implementation of a Clutch and Brake System for a Single Wheel Indoor Tire Testing Rig to be published by University Libraries, Virginia Tech.

Permission is granted for the specific use as stated herein and does not permit further use of the materials without proper authorization. Proper attribution must be made to the author(s) of the materials. **Please note:** if any or all of the figures and/or Tables are of another source, permission should be granted from that outside source or include the reference of the original source. ASME does not grant permission for outside source material that may be referenced in the ASME works.

As is customary, we request that you ensure full acknowledgment of this material, the author(s), source and ASME as original publisher. Acknowledgment must be retained on all pages where figure is printed and distributed.

Many thanks for your interest in ASME publications.

Sincerely,

**Beth Darchi**

Publishing Administrator
