

Apples

Key Points

- ▶ Good source of fiber and vitamin C. Contain carotenoids and flavonoids that may be good for health.
- ▶ Choose firm, shiny, smooth-skinned apples with intact stems. Should smell fresh, not musty.
- ▶ The No. 1 trick to get kids to eat apples? Slice them!
- ▶ Fruits and vegetables that will be eaten raw should be kept separate from other foods, such as raw meat, poultry, or seafood.

Quick Tips

- ▶ Try dipping apple slices into peanut butter or low-fat yogurt. Sprinkle with sliced almonds, coconut, or dried fruit for a fun snack.
- ▶ Adding diced apples to pork chops or roasted chicken recipes is a great way to add nutrition with great flavor.
- ▶ Refrigerate apples in perforated plastic bag away from foods with strong odors. Use within three weeks. Can be stored at room temperature, but use within seven days.
- ▶ Wash thoroughly under running water before eating, cutting, or cooking.

Apple Carrot Salad

Number of servings: 4

Ingredients:
