#### You are free to:

**Share** — copy and redistribute the material in any medium or format  
**Adapt** — remix, transform, and build upon the material

- The licensor cannot revoke these freedoms as long as you follow the license terms.

#### Under the following terms:

**Attribution** — You must give **appropriate credit**, provide a link to the license, and **indicate if changes were made**. You may do so in any reasonable manner, but not in any way that suggests the licensor endorses you or your use. **What does "Attribute this work" mean?** The page you came from contained embedded licensing metadata, including how the creator wishes to be attributed for re-use. You can use the HTML here to cite the work. Doing so will also include metadata on your page so that others can find the original work as well.

**NonCommercial** — You may not use the material for **commercial purposes**.

**ShareAlike** — If you remix, transform, or build upon the material, you must distribute your contributions under the **same license** as the original.

- **No additional restrictions** — You may not apply legal terms or **technological measures** that legally restrict others from doing anything the license permits.

#### Notices:

You do not have to comply with the license for elements of the material in the public domain or where your use is permitted by an applicable **exception or limitation**.

No warranties are given. The license may not give you all of the permissions necessary for your intended use. For example, other rights such as **publicity, privacy, or moral rights** may limit how you use the material.

If supplied, you must provide the name of the creator and attribution parties, a copyright

notice, a license notice, a disclaimer notice, and a link to the material. CC licenses prior to Version 4.0 also require you to provide the title of the material if supplied, and may have other slight differences.

**More info.**

In 4.0, you must indicate if you modified the material and retain an indication of previous modifications. In 3.0 and earlier license versions, the indication of changes is only required if you create a derivative.

**Marking guide.**
