

COMMENCEMENT

**145TH YEAR OF
THE UNIVERSITY**

MAY 12-15

SPRING 2016

UNIVERSITY DIGNITARIES AND INVITED SPEAKERS

- Timothy D. Sands, President, Virginia Tech
- Irving L. Peddrew III, First Black Student at Virginia Polytechnic Institute (VPI), Honorary Degree Recipient, Bachelor of Science in Electrical Engineering
- Marc A. Edwards, Charles Lunsford Professor of Civil and Environmental Engineering, Virginia Tech, Inaugural Ut Prosim Scholar Award Recipient, **Keynote Speaker**, University Commencement
- Mona Hanna-Attisha, Director, Michigan State University and Hurley Children's Hospital Pediatric Public Health Initiative, Inaugural Ut Prosim Scholar Award Recipient, **Keynote Speaker**, University Commencement
- Stanley Atcitty, Research Scientist, Department of Energy Storage Technology and Systems Department, Sandia National Laboratories, Class of 2006, **Keynote Speaker**, Graduate School Commencement
- Jim Moran, Former Virginia Congressman, and Professor of Practice, School of Public and International Affairs, Virginia Tech, **Keynote Speaker**, Graduate School National Capital Region Commencement
- Ben J. Davenport, Jr., Chairman, First Piedmont Corporation, and Davenport Energy, Class of 1964, William H. Ruffner Medal Award Recipient
- Joseph M. DeSimone, CEO and co-founder of Carbon, Class of 1990, University Distinguished Achievement Award Recipient
- Jeanne Centracchio DaDamio, Member of the Development Committee of the Georgetown Visitation Preparatory School in Washington, D.C., Class of 1975, Alumni Distinguished Service Award Recipient
- James E. Smith, Retired from E.I. du Pont de Nemours & Company and as manager of SAI Consulting, Class of 1966, Alumni Distinguished Service Award Recipient
- Laura E. DeNardis, Professor and Associate Dean, American University School of Communication, Class of 2006, Graduate Alumni Achievement Award Recipient
- A. Carole Pratt, President, Alumni Association Board of Directors, Class of 1972, Greetings from the Alumni Association, University Commencement
- Thanassis Rikakis, Executive Vice President and Provost
- Sherwood G. Wilson, Vice President for Administration
- Charles D. Phlegar, Vice President for Advancement
- M. Dwight Shelton, Jr., Vice President for Finance and Chief Financial Officer
- Michael J. Friedlander, Vice President for Health Sciences and Technology
- Scott F. Midkiff, Vice President for Information Technology and Chief Information Officer
- Steven H. McKnight, Vice President and Executive Director, National Capital Region
- Guru Ghosh, Vice President for Outreach and International Affairs
- Theresa S. Mayer, Vice President for Research and Innovation
- Patricia Ann Perillo, Vice President for Student Affairs
- Karen P. DePauw, Vice President and Dean for Graduate Education
- Menah Pratt-Clarke, Vice Provost for Inclusion and Diversity and Vice President for Strategic Affairs
- Alan L. Grant, Dean, College of Agriculture and Life Sciences
- A. Jack Davis, Dean, College of Architecture and Urban Studies
- Robert T. Sumichrast, Dean, Pamplin College of Business
- Richard C. Benson, Dean, College of Engineering
- Elizabeth Spiller, Dean, College of Liberal Arts and Human Sciences
- Paul M. Winistorfer, Dean, College of Natural Resources and Environment
- Lay Nam Chang, Dean, College of Science
- Cyril R. Clarke, Dean, Virginia-Maryland College of Veterinary Medicine
- J. Thomas Brown, Jr., Dean of Students
- Tyler O. Walters, Dean of University Libraries
- Rosemary Blieszner, Associate Dean of the Graduate School
- Muhammad R. Hajj, Associate Dean of the Graduate School
- Amy Pruden, Associate Dean and Director, Interdisciplinary Graduate Education
- Kenneth H. Wong, Associate Dean of the Graduate School in the National Capital Region and Director of the Northern Virginia Center
- Joseph S. Merola, Professor, Department of Chemistry, Commencement Marshal, University Commencement Ceremony
- Tanushri Shankar, Female Member-At-Large, Class of 2016, Opening Reflections, University Commencement
- Luke T. Carroll, President, Class of 2016, Message from the Class President, University Commencement
- Caitlin Wilkinson, Vice President, Class of 2016, Closing Reflections, University Commencement
- Jonathan Caldwell, Visiting Assistant Professor, School of Performing Arts, Conductor, Symphonic Wind Ensemble, University Commencement
- Jessica Vance, B.A. Music Performance, Class of 2017, Vocalist, University and Graduate School Commencements
- Rami A. Dalloul, Associate Professor in Animal and Poultry Sciences, Commencement Marshal, Graduate School Commencement Ceremony
- Richard R. Rodrigues, doctoral candidate in Genetics, Bioinformatics and Computational Biology, Graduate Student Marshal, Graduate School Commencement
- Meredith L. Scaggs, master's candidate in Mining Engineering, Graduate Student Speaker, Graduate School Commencement
- Matthew Phillip Chan, President, Graduate Student Assembly
- Nathan Andrew Carter, doctoral candidate in Chemistry, Chief Justice, Graduate Honor System
- Wally Easter, Associate Professor, School of Performing Arts, and Conductor, Virginia Tech Brass Ensemble, Graduate School Commencement
- Barbara L. Allen, Professor, Science and Technology in Society, Introduction of the Graduate Student Speaker, National Capital Region Commencement
- Jack Hutcheson, Director, National Capital Region Alumni Programs, Class of 1971, Introduction of the Alumni Speaker, National Capital Region Commencement
- Lisa Carter Ellison, Class of 1986, Greetings from the Alumni Association, National Capital Region Commencement
- Kathleen Hancock, Associate Professor, Civil & Environmental Engineering, Member of the National Capital Region Faculty Association, Message on Behalf of the Faculty, National Capital Region Commencement
- Jarreau A. Williams, B.S. in Psychology and Theatre Arts, Vocalist, National Capital Region Commencement
- Philip R. Egert, Ph.D. in Science and Technology in Society, Graduate Student Remarks, National Capital Region Commencement
- Adil N. Godrej, Associate Director, Occoquan Watershed Monitoring Lab, Reader of Names, National Capital Region Commencement
- Charles T. Peterson, Director, Quintessential Brass Repertoire, National Capital Region Commencement

BOARD OF VISITORS

Ms. Deborah L. Petrine, Rector
 Mr. James L. Chapman IV, Vice Rector
 Nancy V. Dye, M.D.
 Mr. William D. Fairchild, III
 Mr. B. Keith Fulton
 Mr. Charles T. Hill

Mr. Mehmood Kazmi
 Mr. Michael J. Quillen
 Mr. Wayne H. Robinson
 J. Thomas Ryan, M.D.
 Mr. Mehul P. Sanghani
 Mr. Steve Sturgis

Mr. Dennis H. Treacy
 Mr. Horacio A. Valeiras
 Dr. Rami Dalloul, Faculty Representative
 Mr. Walter D. "Dan" Cook III, Staff Representative
 Mr. Mohammed Seyam, Graduate Student Representative
 Ms. Morgan Sykes, Undergraduate Student Representative

THE ACADEMIC PROCESSION

The following information, digested from "An Academic Costume Code and Ceremony Guide" prepared by the American Council on Education, may prove helpful in identifying the costumes you will see in the Commencement Procession.

When American colleges and universities desired to adopt some suitable system of academic apparel many years ago, a conference held at Columbia University in 1895 made up of representatives from various institutions drew up a "By-Law Regulation, or Statute" for the establishment of a suitable code of academic dress for colleges and universities in the United States. This code, with modifications made in 1959, is still in force; the costumes and colors, trimmings, and patterns you will see are all traditional and interpret both degree and the field of learning. The bachelor's gown, designed to be worn closed, has pointed sleeves; the master's gown, which may be worn open or closed, has an oblong sleeve open at the wrist which hangs down in traditional manner. The rear part of its oblong shape is square cut and the front part has the arc cut away. The doctor's gown has bell-shaped sleeves. It may be worn open or closed. Bachelor's and master's gowns are untrimmed. Doctor's gowns are faced with black velvet with three bars across the sleeves; or the color of velvet may be that which is distinctive of the degree, agreeing with that of the edging of the hood. The colors you will see in the hoods and gowns of our faculty represent the various fields in which the degrees were taken. A few are:

Accountancy, Commerce, Business. . .	Drab (Yellow-Brown)
Agriculture	Maize (Pale Yellow)
Architecture	Blue-Violet (Purple)
Arts, Letters, Humanities	White
Economics	Copper
Education	Light Blue
Engineering	Orange
Natural Resources	Russet (Rust)
Philosophy	Dark Blue
Veterinary Medicine	Gray
Science	Bright Gold (Golden Yellow)

The hoods, differing in length for the three degrees, (bachelor's, master's, and doctor's) are lined with the official colors of the university or college conferring the degree, usually with one color forming a chevron pattern over the other (for example, orange and maroon for Virginia Polytechnic Institute and State University). Hoods are edged and bound with velvet of the color appropriate for the degree. You will see in our procession many edged with dark blue, for doctor of philosophy. Mortarboards are the approved headgear. Tassels are worn on the right side prior to receiving a degree and on the left side after the degree has been conferred. The tassel may be of gold if the holder has a doctor's degree.

Among the bachelor's candidates, honor students are distinguished by special sashes in white.

GRADUATE SCHOOL COMMENCEMENT SPEAKER

Stanley Atcitty

Dr. Stanley Atcitty grew up in Shiprock, New Mexico. He is a member of the Navajo Tribe, the youngest of three children, and the first generation of his family to pursue a college education. He earned his bachelor's and master's degrees in electrical engineering from New Mexico State University in 1993 and 1995, respectively. He received his doctorate in electrical and computer engineering from Virginia Tech in 2006 and is one of five Navajo members who have earned a Ph.D.

He is currently a Distinguished Member of the Technical Staff at Sandia National Laboratories in Albuquerque, New Mexico, in the Energy Storage Technology and Systems department. He leads the power electronics subprogram as part of the U.S. Department of Energy's Energy Storage Program and has gained international recognition for its state-of-the-art research and development under his leadership. Five of his projects have won the prestigious R&D 100 award from *Research & Development* magazine. His research interest is power electronics necessary for integrating energy storage and distributed generation with the electric utility grid.

Dr. Atcitty has more than 50 publications and holds four patents, with two more pending. In 2007, he received the American Indian Science and Engineering Society Technical Excellence Award for his American Indian community involvement and technical achievement. He was featured in a middle-school-level children's book, *Energy Basics – Energized!*, published by Sally Ride Science in 2012. In 2013, he coauthored *Power Electronics for Renewable and Distributed Energy Systems*.

In 2012, President Barack Obama presented Dr. Atcitty with the Presidential Early Career Award for Scientists and Engineers. This is the highest honor bestowed by the U.S. government for outstanding scientists and engineers who show exceptional leadership at the frontiers of scientific knowledge during the twenty-first century.

GRADUATE ALUMNI ACHIEVEMENT AWARD RECIPIENT

Laura E. DeNardis

Laura DeNardis is a globally recognized Internet governance scholar and a professor and associate dean in the School of Communication at American University in Washington, D.C. Her books include *The Global War for Internet Governance* (Yale University Press, 2014); *Opening Standards: The Global Politics of Interoperability* (MIT Press, 2011); *Protocol Politics: The Globalization of Internet Governance* (MIT Press, 2009); and *Information Technology in Theory* (Thompson, 2007 with Pelin Aksoy).

With a background in information engineering and a doctorate in Science and Technology Studies (STS), she studies the social and political implications of Internet technical architecture and governance. Her work has been featured in *Science Magazine*, *The Economist*, *National Public Radio (NPR)*, *New York Times*, *Time* magazine, *Christian Science Monitor*, *Slate Magazine*, *Reuters*, *Forbes*, *El Pais*, *La Repubblica*, *The Atlantic*, and the *Wall Street Journal*.

Dr. DeNardis is an affiliated fellow of the Yale Law School Information Society Project and served as its Executive Director from 2008 to 2011. She is a Senior Fellow of the Centre for International Governance Innovation (CIGI) and a frequent keynote speaker at global universities and institutions. She has previously taught at New York University and Yale Law School and is currently the Director of Research for the Global Commission on Internet Governance. She is also an appointed member of the U.S. Department of State's Advisory Committee on International Communications and Information Policy (ACICIP).

Dr. DeNardis earned her bachelor's degree Dartmouth College, her master's degree in engineering from Cornell University, and in 2006 her Ph.D. in Science and Technology Studies from Virginia Tech.

The Virginia Tech Ring Tradition

The Virginia Tech Class ring embodies and invokes memories, traditions and pride that tie Hokies, young and old, together. The tradition began in the 1911-1912 school session. Since the beginning, each Virginia Tech class has designed a ring distinctive and unique to its class. Today, Virginia Tech is one of only a few colleges and universities that redesigns its ring collection every year.

Each year, the sophomore class selects a Ring Design Committee responsible for designing and marketing their class ring collection, adding elements that reflect their class experiences on the class side. All ring designs have an eagle and crossed sabers, usually found on the university side and symbolizing the military heritage and traditions of the Corps of Cadets. The chain links that have encircled the ring bezel on Virginia Tech rings since 1940 represent class unity, the strength of many united as one.

Beginning in 1991, each class began naming their collection in honor of an outstanding Virginia Tech personality. During each class’s junior year, the collection is unveiled in the fall at the annual Ring Premiere. Rings ordered in fall are delivered the week of Ring Dance, held in the spring of the class’s junior year.

Ring Dance

The first Ring Dance was held on April 27, 1934, when the saber arch, ring figure and presentation of the ring by the junior’s date were introduced. The Virginia Tech Ring Dance symbolizes a hallmark in a Virginia Tech student’s career. The university president presides over the official ring presentation. The Corps of Cadets juniors enter the ballroom and form the ring figure in the shape of the class numerals. They are then joined with their dates who are escorted by freshmen corps members. As rings are presented, “Moonlight and V.P.I.,” written in 1942 specifically for the Ring Dance by composer Fred Waring and lyricist Charles Gaynor, is performed. As the clock strikes midnight, the evening ends with an elaborate fireworks display on the Drillfield and the playing of “Silver Taps.”

Turning of the Ring

For many years, it has been tradition for a current student to wear his/her class ring so that the name Virginia Polytechnic Institute and State University faces the wearer. Upon graduation, the ring is turned to face out to let the world know the wearer is a Hokie alumnus/a. Those who wear the ring proudly state to others, “I am a Hokie, a Virginia Tech graduate who understands the meaning of Ut Prosim (That I May Serve).” For more information or inquiries about the ring, contact the Virginia Tech Alumni Association at <http://www.alumni.vt.edu/classrings/> or 540/231-6285.

HONORARY DEGREE RECIPIENT

Irving Linwood Peddrew, III

Irving Linwood Peddrew, III was born in 1935 in Hampton, Virginia, where he graduated from high school with honors. Due to his academic credentials, he was recruited by colleges from around the country. He applied to all of Virginia's traditionally white colleges, but received a scholarship from the Commonwealth aimed at encouraging him to choose an out-of-state school. As he was about to leave for freshman orientation at the University of Southern California, he received a telegram announcing his acceptance at Virginia Polytechnic Institute, known today as Virginia Tech.

In September of 1953, Mr. Peddrew became the first black student admitted to Virginia Tech, and the first to attend any historically all-white, four-year public institution in the 11 former states of the Confederacy. He entered the university as an electrical engineering major and member of the Corps of Cadets. Despite being accepted for admission, Mr. Peddrew was not permitted to live on campus or eat in the cafeteria with the other cadets. Living with a family a mile away from campus, he carried his cadet gear back and forth each day, rain, sleet or shine. Unable to share common space, he changed clothes in another cadet's room.

During his third year, he traveled to California as part of a student project. The social isolation and pervasive discrimination he suffered at Virginia Tech and in the surrounding community had taken its toll, and the West Coast provided a welcomed refuge. He stayed and joined the workforce there. His subsequent career in the aerospace and fruit and shipbuilding industries took him across the world. Mr. Peddrew says his experiences abroad confirmed

what he strongly believed during his time at Virginia Tech. In a 2002 interview for a Virginia Tech oral history project, he said, "I think your mission--anyone's mission--on earth ought to be to make this a better place for us to live. How could you ever expect to ever change, or to ever have situations evolve... unless you look at different situations, different ideas, different philosophies, different cultures?" His travels allowed

him to see that equality and fair treatment were not unattainable, given time, experience and a desire to promote an inclusive community.

Looking back on his experiences, and the experiences of others, he reflects, "The measure of a man is not where he stands in comfort and convenience but where he stands in conflict and controversy. It is so easy to get up and be one of the guys if everything is going well and all. That's not what it is all about. You've got to stand up and be counted."

Mr. Peddrew will receive a Bachelor of Science degree in electrical engineering, only the eighth time in the university's 145-year history that an honorary degree has been presented. In announcing the degree, Virginia Tech President Tim Sands stated, "Hard work, character and meaningful experience in the spirit of *Ut Prosim* (That I May Serve) is the essence of a Virginia Tech degree, and no one is more deserving than Irving Peddrew. He chose to come here knowing he would endure exclusion and hardship, hoping his experience would make a difference for others, and it certainly has."

This honorary degree, long overdue, and Mr. Peddrew's acceptance provides hope for further reconciliation and significant advancement of inclusion and diversity at Virginia Tech.

UNIVERSITY COMMENCEMENT SPEAKER AND UT PROSIM SCHOLAR AWARD RECIPIENT

Marc A. Edwards

Dr. Marc Edwards is the Charles P. Lunsford Professor of Civil Engineering at Virginia Tech and a leading national expert on municipal water quality. He came to Virginia Tech from the University of Colorado at Boulder, where in 1996 the National Science Foundation selected him as one of only 20 young engineering faculty in the nation to receive a Presidential Faculty Fellowship.

Dr. Edwards received his bachelor's degree in bio-physics from the State University of New York at Buffalo. He completed his master's degree and Ph.D. in environmental engineering at the University of Washington. He is the recipient of numerous honors and awards, including the Virginia Tech Alumni Award for Research Excellence, the State Council of Higher Education for Virginia Outstanding Faculty Member Award, the National Association of Corrosion Engineers Technical Achievement Award, The Villanova University Praxis Award in Professional Ethics, and the Virginia Tech Outstanding Graduate Advisor Award.

In 2003, Dr. Edwards and his students discovered that corrosion was causing lead contamination in the Washington, D.C., water system, exposing children to high lead levels. His results revealed serious shortcomings in traditional lead testing methods. In 2007, Dr. Edwards was named a MacArthur Fellow because of his work in ensuring the safety of drinking water and in exposing problems with deteriorating water-delivery infrastructure in America's largest cities.

Last August, Dr. Edwards and a team of students and researchers confirmed the presence of dangerously high levels of lead in the Flint, Michigan, municipal water supply. Working in conjunction with Flint residents and Hurley Medical Center pediatrician Dr. Mona Hanna-Attisha and her team, they uncovered the now-infamous story of lead contamination in the Flint water system. Since January, Dr. Edwards has served on Michigan Governor Rick Snyder's Flint Water Interagency Coordinating Committee, seeking long-term solutions to Flint's water problems.

In April 2016, Dr. Edwards and Dr. Hanna-Attisha were named to *Time* magazine's list of the world's 100 most influential people for their work in revealing the Flint water crisis.

UNIVERSITY COMMENCEMENT SPEAKER AND UT PROSIM SCHOLAR AWARD RECIPIENT

Mona Hanna-Attisha

Dr. Mona Hanna-Attisha is the Director of the Pediatric Residency Program at Hurley Medical Center, and Assistant Professor of Pediatrics and Human Development at Michigan State University College of Human Medicine. In addition to teaching the next generation of physicians, her academic interests include quality of care, disparities in care, health policy and advocacy.

A Michigan native, Dr. Hanna-Attisha grew up in the city of Royal Oak. She received her undergraduate degree from the University of Michigan at Ann Arbor and her medical degree from Michigan State University. She completed her residency and served as Chief Resident at Children's Hospital of Michigan in Detroit. She earned her master's degree in Public Health, concentrating in Health Management and Policy, at the University of Michigan School of Public Health.

Dr. Hanna-Attisha is a recipient of the 2015 William B. Weil Jr. MD Endowed Distinguished Pediatric Faculty Award from Michigan State University College of Human Medicine. She is a faculty inductee of the Gold Humanism Honor Society, recognizing role models, mentors and leaders who are exemplars of humanistic patient care, and a faculty inductee of Alpha Omega Alpha, which recognizes and advocates for excellence in scholarship and the highest ideals in the profession of medicine.

Last September, Dr. Hanna-Attisha discovered elevated levels of lead in children living in Flint, Michigan. Her team, working in conjunction with Flint residents and a team led by Virginia Tech Civil Engineering Professor Marc Edwards, uncovered the now-infamous story of lead contamination in the Flint water supply. She is currently serving as the director of the Michigan State University and Hurley Children's Hospital Public Health Initiative, a public health program to research, monitor and mitigate the impact of lead in the Flint water system.

In April 2016, Dr. Hanna-Attisha and Dr. Edwards were named to *Time* magazine's list of the world's 100 most influential people for their work in revealing the Flint water crisis.

WILLIAM H. RUFFNER MEDAL RECIPIENT

Ben J. Davenport, Jr.

The 2016 recipient of Virginia Tech's highest honor, the William H. Ruffner Medal, is Ben J. Davenport, Jr. of Chatham, Virginia.

Mr. Davenport graduated from Virginia Tech in 1964 with a bachelor's degree in business administration. He is chairman of First Piedmont Corporation, a regional waste management company, and of Davenport Energy, a supplier of petroleum products in southern Virginia.

His involvement in, and generous philanthropic support of, Virginia Tech dates back over two decades. Along with his wife, Betty, Mr. Davenport is a member of the President's Circle within the Ut Prosim Society of donors. He co-led the effort to rename Virginia Tech's Steger Center for International Scholarship in Riva San Vitale, Switzerland, in honor of President Emeritus Charles Steger.

Mr. Davenport's engagement in the university includes two terms of membership with the Virginia Tech Board of Visitors, including two years as rector, and service on the Virginia Tech Foundation board, the past four years as chair. He is past chair of the Virginia Tech Carilion School of Medicine Board of Directors and also served on the Pamplin Advisory Council, and has frequently been called upon to support other university initiatives. Additionally, he has been a strong proponent of Virginia Cooperative Extension and an advocate for budgetary support from the Commonwealth of Virginia.

The impact of such engaged leadership is evident through numerous milestones achieved by the university, perhaps most significantly the adoption of the *Virginia Tech Principles of Community* in 2005, while Mr. Davenport was rector of the Board of Visitors.

Beyond the borders of Virginia Tech, Mr. Davenport has been a champion for the economic transformation of southern Virginia. He was a driving force in the establishment of the Institute for Advanced Learning and Research in Danville, a partnership involving Virginia Tech that was begun in 2000 to serve as a catalyst for the region through applied research, advanced learning, and economic development.

In addition, Mr. Davenport is involved with the Virginia Early Childhood Foundation, the board of directors for the Future of the Piedmont, the Danville Regional Foundation, and the Virginia Chamber of Commerce. He serves on the board of American National Bank and Trust Company. Ben and Betty Davenport are members of Chatham Baptist Church and have served as deacons of the fellowship.

UNIVERSITY DISTINGUISHED ACHIEVEMENT AWARD RECIPIENT

Joseph M. DeSimone

The 2016 recipient of Virginia Tech's University Distinguished Achievement Award is Dr. Joseph M. DeSimone, who earned his Ph.D. in chemistry from Virginia Tech in 1990.

On May 19, 2016, Dr. DeSimone will be recognized by the President of the United States with the National Medal of Technology and Innovation.

Dr. DeSimone is currently the CEO and co-founder of Carbon, a Silicon Valley-based company that has advanced the three-dimensional printing industry into manufacturing. Serving this role in California, he is on leave from his responsibilities as the Chancellor's Eminent Professor of Chemistry at the University of North Carolina at Chapel Hill and the William R. Kenan, Jr. Distinguished Professor of Chemical Engineering at North Carolina State University.

During his distinguished career, Dr. DeSimone has published more than 300 scientific articles and has over 150 patents issued in his name and more than 100 patents pending. He is one of fewer than 20 individuals who have been elected to all three branches of the National Academies: National Academy of Medicine (2014), the National Academy of Sciences (2012), and the National Academy of Engineering (2005). He is also a member of the American Academy of Arts and Sciences (2005).

Dr. DeSimone has received more than 50 major awards and recognitions, including the 2010 AAAS Mentor Award in recognition of his efforts to advance diversity in the chemistry Ph.D. workforce; and the 2002 John Scott Award presented by the Board of Directors of City Trusts of Philadelphia to "the most deserving" men and women whose inventions have contributed in some outstanding way to the "comfort, welfare and happiness" of mankind.

Along with his wife, Suzanne, Dr. DeSimone currently resides in Monte Sereno, California.

ALUMNI DISTINGUISHED SERVICE AWARD RECIPIENT

Jeanne Centracchio DaDamio

Jeanne Centracchio DaDamio is a recipient of the 2016 Alumni Distinguished Service Award in recognition of her outstanding service to the university and the Alumni Association.

Mrs. DaDamio earned her bachelor's in French in 1975, and a master of education degree in counseling in 1976, both from Virginia Tech.

Initially appointed as a young alumni representative, Mrs. DaDamio served on the Alumni Association Board of Directors a total of 18 years from 1977 to 1989 and again from 2005 to 2011. In 1985, she was named Outstanding Alumna. Mrs. DaDamio has maintained a strong commitment to Virginia Tech, currently serving as a member of the advisory boards for both the Division of Student Affairs and the College of Liberal Arts and Human Sciences (CLAHS), and on the CLAHS Dean's Roundtable. She has also served on the Northern Virginia Regional Campaign Committee, is a member of the Gateway Society, and is involved in the Hokies for Higher Education advocacy group.

In 1978, Mrs. DaDamio was named an Outstanding Young Woman of America. She has been involved with Virginia Tech's Women in Leadership and Philanthropy council (WLP), continuing her commitment to the mentorship of young women that began during her student years while a member of the Panhellenic Council and a chapter charter member of Zeta Tau Alpha sorority, with which she maintains a connection. Mrs. DaDamio developed and taught a graduate-level course on program management and professional leadership in biomedical technologies for a joint Virginia Tech and Georgetown University program, and she was the keynote speaker for the 2nd annual Women in Business graduate program for the Pamplin College. She and her family established the Centracchio/DaDamio Endowed Scholarship for student leadership.

A resident of Vienna, Virginia, Mrs. DaDamio retired from IBM Corporation in 2009 as a Senior Program Manager in Global Business Services after 33 years in management, marketing, services, business transformation and development, and as a founding member of IBM's S.A.P./E.R.P. Consulting Practice.

Mrs. DaDamio is a member of the Development Committee of the Georgetown Visitation Preparatory School in Washington, D.C., where she actively participates in fundraising to benefit scholarships. For her service to her community, she has been recognized with the U.S. President's Volunteer Service Award.

Her husband, Greg DaDamio, is a 1974 graduate of Virginia Tech, and their daughters, Camille and Nicole, graduated in 2011 and 2013, respectively.

ALUMNI DISTINGUISHED SERVICE AWARD RECIPIENT

James E. Smith

James E. Smith is a recipient of the 2016 Alumni Distinguished Service Award, in recognition of his outstanding service to the university and the Alumni Association. He graduated from Virginia Tech in 1966 with a bachelor's degree in chemistry and went to work for DuPont. He served two years on active duty with the United States Army from 1967 to 1969 and returned to DuPont in 1969.

Mr. Smith's record of service to the university community includes membership on the Alumni Association Board of Directors, where he served as president; the Virginia Tech Foundation board; the Department of Chemistry Advisory Council; and the German Club Alumni Foundation Board. In 2001, Mr. Smith, along with his wife, Carolyn, were inducted into the Ut Prosim Society.

A resident of Williamsburg, he is a former president and current board member of the Williamsburg Alumni Chapter, with prior long-term service to the First State Alumni Chapter (Delaware). Mr. Smith is also a member of the Hokies for Higher Education legislative advocacy group, and served on the Hampton Roads Regional Campaign Committee. He has been a member of the Hokie Club for more than 30 years.

Mr. Smith was employed with E.I. du Pont de Nemours & Company (DuPont) for more than 38 years. During his time with DuPont, he held positions in manufacturing, research, sales and marketing, business management, and technology licensing, including both domestic and international responsibilities. He retired from DuPont in 2001 and incorporated SAI Consulting which he managed until 2004.

While living in Delaware, Mr. Smith was active in Delaware Youth Soccer programs for many years and spent several years as president of the Northern Delaware Soccer League. He was also active in the Brackenville Woods Civic Association, serving a term as president. More recently in Williamsburg, Mr. Smith has participated in the Community Leadership Program, sponsored by the Chamber and Tourism Alliance, and has been a member of the Board of Directors Nominating Committee for the Ford's Colony community.

Presentation of Doctoral Candidates	Karen P. DePauw
Conferral of Doctoral Degrees	Timothy D. Sands
Hooding of Doctoral Candidates	Candidates hooded by the major professors
Presentation of Master's Degree, Education Specialist, and Certificate Candidates	Karen P. DePauw
Conferral of Master's and Education Specialist Degrees and Certificates	Timothy D. Sands
Introduction of Faculty Association Speaker	Thanassis Rikakis
Message on Behalf of the Faculty.....	Kathleen Hancock <i>Member, Faculty Association, National Capital Region</i>
Recessional (<i>please stand</i>).....	Quintessential Brass Repertoire

NATIONAL CAPITAL REGION COMMENCEMENT SPEAKER

The Honorable Jim Moran

James (Jim) P. Moran, former U.S. Congressman, served Virginia's 8th congressional district from 1991 to 2015 and was well known for his abilities to work across the aisle and resolve complex issues. He is currently a Senior Legislative Advisor with McDermott Will & Emery.

This year, Mr. Moran was appointed as professor of practice in the School of Public and International Affairs in the College of Architecture and Urban Studies at Virginia Tech, working with programs related to public policy, international affairs, planning and public administration.

While in Congress, Mr. Moran was a senior member of the U.S. House of Representatives Appropriations Committee, served as chairman and ranking member of the Subcommittee on the Interior and Environment, was a senior member on the Defense and Military Construction Subcommittees, and served as a member of the Steering and Policy Committee for the House Democratic Leadership. He was also a member of the Foreign Affairs Committee and the Banking & Housing Committee.

As a member of the Appropriations Committee, he was able to bring billions in economic investment to Northern Virginia to assist underserved communities, build up the region's transportation infrastructure, and create thousands of jobs, particularly in the defense and intelligence communities. He played a major role in funding the Woodrow Wilson Bridge Project, Metro to Dulles, widening of Route 1 to Fort Belvoir, and construction of numerous local road, bridge, environmental and public transit projects. He has always been a strong advocate for the rights and welfare of federal workers, and the need for a strong economy to achieve progressive priorities.

Before serving in Congress, Jim Moran was the Mayor of Alexandria, Virginia, from 1985 to 1990 and was a member of the City Council from 1979 to 1984. Prior to his elected career, he worked at the U.S. Department of Health, Education and Welfare as a budget officer, and then became a senior specialist for budgetary and fiscal policy at the Library of Congress. In his final non-elected position, he was senior staff of the U.S. Senate Committee on Appropriations.

Mr. Moran received a bachelor's degree in economics from the College of the Holy Cross in Worcester, Massachusetts, and a master's degree in public administration from the University of Pittsburgh's Graduate School of Public and International Affairs. He is the father of two sons and two daughters and the grandfather of four.

ALMA MATER

Sing praise to Alma Mater dear,
 For V.P.I. we'll ever cheer;
 Come lift your voices, swell the song,
 Our loyalties to her belong.

CHORUS

So stand and sing all hail to thee.
 VT, all hail to thee.

The Orange and Maroon you see,
 That's fighting on to victory;
 Our strife will not be long this day,
 For our glory lies within this fray.

CHORUS

All loyal sons and daughters, one,
 We raise our banner to the sun;
 Our motto brings a spirit true,
 That we may ever serve for you.

CHORUS

Words by L.G. Chase, '42
 Music by E.T. Sparks, '40
