Authors Re-Using Their Own Work

SAGE Journal authors are able to re-use their Contribution in certain circumstances without requiring permission from SAGE. It is important to check your signed Contributor Agreement and/or the submission guidelines for the journal to which you submitted your Contribution to review the journal's policy regarding author re-use.

Gold Open Access and SAGE Choice

If you wish to re-use an Open Access Contribution published under a Creative Commons License, please see [Re-use of Open Access Content](#) for more information.

Green Open Access: SAGE's archiving policy

Most SAGE journals are published under SAGE's Green Open Access policy, which allows you, as author, to re-use your Contribution as indicated below. For a list of titles that are exceptions to this policy, please scroll down to the bottom of the page.

Green Open Access policy:

- You may share the version of the Contribution you submitted to the journal (**version 1**) anywhere at any time.
- Once the Contribution has been accepted for publication, you may post the accepted version (**version 2**) of the Contribution on your own personal website, your department's website or the repository of your institution without any restrictions.
- You may not post the accepted version (**version 2**) of the Contribution in any repository other than those listed above (i.e. you may not deposit in the repository of another institution or a subject repository) until 12 months after first publication of the Contribution in the journal.
- You may use the published Contribution (**version 3**) for your own teaching needs or to supply on an individual basis to research colleagues, provided that such supply is not for commercial purposes.
- You may use the published Contribution (**version 3**) in a book authored or edited by you at any time after publication in the journal. This does not apply to books where you are contributing a chapter to a book authored or edited by someone else.
- You may not post the published Contribution (**version 3**) on a website or in a repository without permission from SAGE.

When posting or reusing your Contribution under this policy, appropriate credit must be given to the SAGE journal where the Contribution has been published, as the original source of the content, as follows: **Author(s), Article Title, Journal Title (Journal Volume Number and Issue Number) pp. xx-xx. Copyright © [year] (Copyright Holder). Reprinted by permission of SAGE Publications.** Additionally, please provide a link to the appropriate DOI for the published version of the Contribution on the SAGE Journals website (<http://journals.sagepub.com>).

The chart below includes common requests and an explanation of which 'version' of the article can be used in each circumstance. If the table below indicates that permission is required, please see the instructions for requesting permission at [Journals Permissions](#).

Author Copies

If you are the corresponding author of a Contribution, you will receive an e-print of your Contribution. Please see our [Author e-prints policy](#) for more information.

It is not SAGE's policy to provide PDFs of the published Contribution (version 3) for posting on servers or depositing in institutional repositories.

However, you may update your own version of the article (version 1 or version 2) to reflect substantive changes to the content made during production and convert that article into PDF form.
