

*Fun!*

# *To make th*

*fun!*  
*fun!*  
*fun!*

4-H is for everyone and it has something that's just right for you! There are so many exciting things to do and enjoy. You can make a rocket, grow vegetables, hatch an egg, use computers, give a speech, conquer an obstacle course, perform in a play, go hiking and camping, learn to shop smart, raise an animal, investigate a pond or marine habitat, or discover new and interesting places. And there's more!

# *e best better friends!*

When you join 4-H you're sure to have all kinds of new things to talk about with your friends. Plus, you'll make lots of new friends, too! In 4-H you can meet new people from your community, from other areas of Virginia, and even from other countries. You will learn more about yourself and your abilities as you learn about the world and the people in it. You're surrounded by friends when you join 4-H.

# *family!*

Your whole family can get involved with 4-H. You, your brothers and sisters, and your friends (age 5-19) can join 4-H. Mom and Dad can be volunteers who work with you and your friends in the neighborhood. Everyone has fun together ... like one big family!

## *focus!*

4-H helps you discover new things, to develop new skills, to select opportunities most suited to you, and to set goals you will reach.

# Information Card

Yes, I'm interested in finding out more about 4-H. Please contact me! I've put a mark in the appropriate box.

Send me information about the 4-H program.

Have a 4-H volunteer or Extension Agent call me.

# *parents!*

You should know that 4-H is a part of Virginia's Land-Grant institutions (Virginia Tech and Virginia State University) with the U.S. Department of Agriculture and local governments cooperating. 4-H members participate in projects that use information and ideas from the universities. Adult volunteers, trained by university staff, teach projects that cover a wide range of activities. Each project offers a chance for 4-H members and their families to "learn by doing." 4-H teaches youth leadership, citizenship, and skills they will use throughout their lives.
