Forest Products Directory

V.P.I. & S.U. LIBRARY
JUN 19 1978
BLACKSBURG, VIRGINIA

Foreword

This publication updates the results of a comprehensive survey of the wood products industry in the Commonwealth of Virginia. The publication identifies the location of the firm, type of industry by classification, method by which timber is purchased, annual production, species purchased, and products sold.

If any mistakes or omissions are noted in this publication, please notify the authors.

Prepared by

Robert L. McElwee, Extension Forestry Specialist, VPI&SU
and
Elvin D. Frame, Supervisor-Forest Products
Virginia Division of Forestry

Issued in furtherance of Cooperative Extension work, Acts of May 8 and June 30, 1914, in cooperation with the U.S. Department of Agriculture, W. E. Skelton, Dean, Extension Division, Cooperative Extension Service, Virginia Polytechnic Institute and State University, Blacksburg, Virginia 24061.

The Virginia Cooperative Extension Service by law and purpose is dedicated to serve all people on an equal and nondiscriminatory basis.

The Directory

This directory of the forest industry is arranged in 2 sections. The first section lists the companies by industry type and the second section lists companies by location. The industry type

listing contains the total information that has been recorded for each company while the second section lists only the name, address, and industry type.

Information Contained In The Directory

COMPANY NAME AND ADDRESS – This is the mailing address of the company or owner and may be different from the location.

COUNTY – This is the county in which the plant is located if it is a permanent location or the county corresponding to the mailing address for portable operations that are moved from county to county. Independent cities are mainly listed with

1. **Box or Container Plants** – This listing comprises plants manufacturing wood or veneer boxes or containers. Paper boxes and containers are listed under Pulp and Paper Products.

2. **Charcoal Plants** – Plants producing raw charcoal or charcoal briquettes.

3. **Excelsior Plants** – Self-explanatory.

4. **Flooring Plants** – Plants manufacturing flooring as a major product. Many sawmills and planing mills produce flooring along with their other products and these are listed under sawmill or planing mill with flooring identified as a product.

5. **Furniture Plants** – Plants producing wooden or partially wooden furniture or plants producing wooden parts for furniture.

6. **Handle plants** – Self-explanatory.

7. **Homes and components** – Plants producing prefabricated, component, or mobile homes and buildings; or plants producing components for homes and buildings.

8. **Millwork Plants** – Self-explanatory.

9. **Pallet Plants** – Self-explanatory.

10. **Particle Board Plants** – Plants producing board products from wood chips, shavings, or other wood particles. Plants producing boards from fiber are listed under Pulp and Paper Products.

11. **Planing Mills** – Planing mills that are not a contiguous part of a sawmill or other processing plants.

12. **Plywood and Veneer Plants** – Self-explanatory.

13. **Pulpwood Concentration Yards** – Self-explanatory.

the county in which they are located or with which they are primarily associated.

INDUSTRY TYPE – The forest products industries in Virginia have been subdivided into 21 industry divisions. Many companies are involved in more than one of these industry types and these have been listed in each industry type in which they are involved. The 21 industries are listed below with explanations where needed.

14. **Pulp and Paper Products** – Pulp mills, paper mills or plants producing paper boxes, boards, containers, etc., re-manufactured from paper. Also included are plants producing fiber boards and construction boards produced from fiber.

15. **Sawmills** – All commercial sawmills producing wood for re-sale or consumption in a re-manufacturing plant. Mills sawing only for personal use such as farm-operated mills producing lumber for use on the premises are excluded from this directory.

16. **Stave Mills** – Mills producing barrel staves or barrel headings.

17. **Wood-treating Plants** – Plants treating wood with preservatives, fire retardants, or other special chemical treatments.

18. **Miscellaneous Wood Products** – All plants not included in the above listing but producing wood or partially wood products.

19. **Bark Processors** – Self-explanatory.

20. **Logging Contractors** – Self-explanatory.

21. **Veneer Concentration Yard** – Self-explanatory.

SPECIES: The primary species produced or utilized by the companies are listed in this section.

The codes for species are:

AAH – All Available Hardwoods

AAP – All Available Pines

ASH – Ash

BAS – Basswood

BE – Box Elder

BEE – Beech

- BIR – Birch
- BUT – Butternut
- CHE – Chestnut
- CHR – Cherry
- CYP – Cypress
- ELM – Elm
- FIR – Douglas Fir
- GUM – Gum
- HAC – Hackberry
- HDWD – Hardwoods
- HEM – Hemlock
- HIC – Hickory
- IC – Incense Cedar
- LOC – Locust
- MAH – Mahogany
- MAP – Maple
- OF – All Foreign Woods
(other than mahogany)
- PEC – Pecan
- RC – Red Cedar
- RED – Redwood

- SYC – Sycamore
- WAL – Blackwalnut
- WC – White Cedar
- WO – White Oak
- WP – White Pine
- YP – Yellow Poplar

PRODUCTS PURCHASED – This section identifies the type of product purchased as raw material for the plants operation. R LUMBER is rough lumber and D LUMBER is dressed lumber.

PRODUCTS SOLD – Lists the major products manufactured by the plant.

AN. PROD. – This section provides information on the volume of material produced or consumed by the operation per year. The coding used is:

Box or container plants, flooring plants, furniture plants, handle plants, homes and components, millwork plants, pallet plants, planing mills, concentration yards (also reported in cubic feet – see below), sawmills, stave mills, and miscellaneous plants are reported in board feet.

- 01 – 2,000,000 board feet or over
- 02 – 1,000,000 to 1,999,999 board feet
- 03 – 500,000 to 999,999 board feet
- 04 – 100,000 to 499,000 board feet
- 05 – 0 to 99,999 board feet

The letters C or DC in the annual production column denotes the use of a chipper or debarker and chipper, respectively, at the mill. Wood-treating plants and some concentration yards are reported in cubic feet.

- 06 – 1,000,000 cubic feet or over
- 07 – 500,000 to 999,999 cubic feet
- 08 – 0 to 499,999 cubic feet

Charcoal plants and excelsior plants are reported in tons.

- 09 – 5,000 tons or over
- 10 – 1,000 to 4,999 tons
- 11 – 500 to 999 tons
- 12 – 0 to 499 tons

Plywood and veneer plants are reported in square feet.

- 13 – 0 to 40,000,000 square feet
- 14 – 40,000,000 square feet and over

Additions Or Corrections

The information for each plant has been coded on computer cards and this file will be updated and corrected as new information is received. Computer printouts of the up-to-date information will be available for each county at the VPI&SU Extension office and complete listings for the state will be maintained in the Extension Forestry and Wildlife Office, Extension Division at Virginia Polytechnic Institute and State University, Blacksburg, Virginia, and in the District Offices and Headquarters of the Virginia Division of Forestry, Charlottesville, Virginia.
