

## FAEIS Newsletter

June 5, 2006

In this newsletter we feature the **Agricultural Business and Economics** disciplines [CIPs: 1.0101, 1.0102 and 1.0103](#). Below are several charts that summarize the data in FAEIS. Note that the enrollment and degrees awarded charts include data from those universities that reported in all 3 years (2003, 2004, and 2005) hence the smaller sample size.

These data reflect current FAEIS data and should be viewed as a sample of the population of information for this discipline. To improve the data, please consider adding or updating your data.

We intend to create additional newsletters to feature other disciplines. We hope that you find these newsletters to be useful!

Yours truly,

The FAEIS Development Team
