

## Copyright Release

This document has been requested by Virginia Tech and is submitted with a PDF copy of my thesis, “Control and Fecundity of Palmer Amaranth (*Amaranthus palmeri*) and Common Ragweed (*Ambrosia artemisiifolia*) from Soybean Herbicides Applied at Various Growth and Development Stages”, for additional completion of the degree requirements.

I, Eric Scruggs, claim copyright protection for my thesis, “Control and Fecundity of Palmer Amaranth (*Amaranthus palmeri*) and Common Ragweed (*Ambrosia artemisiifolia*) from Soybean Herbicides Applied at Various Growth and Development Stages”. I grant Virginia Tech and its agents the nonexclusive license to archive and make accessible my thesis. I retain all ownership of rights to copyright the document. I also retain the right to use in future works (articles, etc.).
