New Year, New Report

The Virginia Tech Academic Advising Network has collected feedback and requests from around campus on its first two VTAAN Newsletters. Taking this feedback into consideration, we are happy to introduce The Advising Report.

This report will provide a common space to share news, event, and updates related to all areas of academic advising. The report will be published on the 15th of each month, with YOU in mind.

If you have feedback or would like to submit information to be included in the upcoming report, let us know using the Submission Form!

Emily Metzgar

Welcome to the Network

Emily began working as an undergraduate advisor in the Department of Aerospace and Ocean Engineering (AOE) in July 2019. Prior to joining the AOE Department, she spent 12 years working in science education (primarily teaching middle school). She decided it would be fun to work with students at a different level, and was drawn to AOE by the chance to help undergraduate students pursue their interests in science and engineering. Although she grew up in northern Virginia, she spent many years out of the state before moving to the New River Valley about 2 ½ years ago. Prior to moving back to Virginia she spent 9 years living and teaching in Fairbanks, Alaska. She is excited to be part of the Virginia Tech community, and have learned so much about academic advising in the past sixth months!

Matt completed his B.S. degree in Industrial and Systems Engineering at Virginia Tech. He also earned a M.A.Ed. degree in Higher Education and Student Affairs from Virginia Tech while serving as a graduate assistant for Housing and Residence Life. Following that, Matt worked as a Residential Learning Coordinator with Housing and Residence Life at Virginia Tech. Matt has been at Virginia Tech for over seven years and has worked in many areas including orientation, transition, housing, and now advising. He joined Engineering Education as an Academic and Career Advisor in summer of 2019, where Matt advises first-year engineering students.

Did you know there are 8 Exploratory or Undecided Majors at Virginia Tech for incoming first year students? Learn more from the brochure!

Undecided Major Brochure

Join us for a social refresh before the start of the semester!

Social Hour is happening TODAY Jan 15th from 4:00-6:00pm at the Frank's side of 622.

University Updates

There are no updates at this time. Be sure to check in our next report!

Upcoming Events
