Terms and Conditions

STANDARD TERMS AND CONDITIONS FOR REPRODUCTION OF MATERIAL

Background

The Publisher for this copyrighted Licensed Material is American College of Physicians, Inc. ("ACP"). By clicking "accept" in connection with completing this licensing transaction, you agree that the following terms and conditions apply to this transaction (along with the Billing and Payment terms and conditions established by Copyright Clearance Center, Inc. ("CCC"), at the time that you opened your CCC account and that are available at any time at <http://myaccount.copyright.com>).

Grant of License

ACP hereby grants to you a non-exclusive License to use this Licensed Material subject to the terms and conditions indicated within the Rightslink transaction. Licenses are for one-time use only, with a maximum distribution equal to the number that you identified in the licensing process.

If you seek a License to use a figure, photograph, table, or illustration from the Annals of Internal Medicine, it is your responsibility to examine each item as published to determine whether a credit to, or copyright notice of, a third-party owner was published adjacent to the item. Permission to use any Licensed Material published in the Annals of Internal Medicine which is reprinted with permission of a third party must be obtained from the third-party owner. The ACP disclaims any responsibility for any use you make of items owned by third parties without their permission.

Within the scope of the License granted, the Licensed Material may be translated from the original English into another language, where specifically covered in the grant of License. If translation rights are granted, the content must be reproduced word for word with the integrity and original meaning of the content preserved.

ACP reserves all rights not specifically granted in (i) the License details provided by you and accepted in the course of this licensing transaction, (ii) these terms and conditions, and (iii) CCC's Billing and Payment terms and conditions.

Alterations and Modifications to Licensed Material

You may not alter or modify the Licensed Material in any manner, except for the following: The Licensed Material may be superficially modified within the scope of the License granted (color, layout, etc.) to suit the style/format of the proposed republication provided that specific content or data are not altered, omitted, or selectively presented; modification must not alter the meaning of the Licensed Material or in any way reflect negatively on the ACP, the journal, or author(s).

Restrictions

ACP does not allow its content to be posted on websites other than annals.org. ACP encourages linking to content in *Annals of Internal Medicine*, as long as these guidelines are followed: the link does not suggest that ACP promotes or endorses any causes, ideas, web sites, products, or services; the link is not used for commercial purposes; the link(s) is not the primary component of another organization's site; and the link is in no way unlawful or harmful to any other person or entity. To link to content that is not freely available, please contact permissions@acponline.org.

This permission for the Licensed Material does not apply to and is not valid for photographs depicting identifiable individuals.

ACP's copyrighted content may not be used in any manner that implies endorsement, sponsorship, or promotion of any entity, product, or service by ACP or its publications. ACP cannot and does not authorize the use of any author's name on promotional materials; such approval must be obtained directly from the author.

Acknowledgement

You must include the following citation, copyright, and permission notice in connection with any reproduction of the Licensed Material: "From *Annals of Internal Medicine*, Author(s), Article Title, Volume No., Issue No., Pages. Copyright © [notice year] American College of Physicians. All Rights Reserved. Reprinted with the permission of American College of Physicians, Inc."

Term and Termination

Any form of granted republication must be completed within one (1) year from the date hereof (although copies prepared before then may be distributed thereafter), and any electronic posting is limited to a period of one (1) year. This permission shall automatically terminate if you fail to comply with the terms of this License.

Payment Terms

While you may exercise the rights licensed immediately upon issuance of the License at the end of the licensing process for the transaction, provided that you have disclosed complete and accurate details of your proposed use, no License is finally effective unless and until full payment is received from you (either by ACP or by CCC) as provided in CCC's Billing and Payment terms and conditions. If full payment is not received on a timely basis, then any License preliminarily granted shall be deemed automatically revoked and shall be void as if never granted. Further, in the event that you breach any of these terms and conditions or any of CCC's Billing and Payment terms and conditions, the License is automatically revoked and shall be void as if never granted. Use of Licensed Materials as described in a revoked

License, as well as any use of the Licensed Materials beyond the scope of an unrevoked License, may constitute copyright infringement and ACP reserves the right to take any and all action to protect its copyright in the Licensed Materials.

You hereby indemnify and agree to hold harmless ACP and CCC, and their respective officers, directors, employees and agents, from and against any and all claims, liability, damages, costs, and expenses, including reasonable attorney's fees, arising out of your use of the Licensed Material other than as specifically authorized pursuant to this License, including claims for defamation or infringement of or damage to rights of copyright, publicity, privacy, or other tangible or intangible property.

This License may not be amended except in writing and signed by both parties (or, in the case of ACP, by CCC on ACP's behalf).

Objection to Contrary Terms

ACP hereby objects to any terms contained in any purchase order, acknowledgment, check endorsement or other writing prepared by you, which terms are inconsistent with these terms and conditions or CCC's Billing and Payment terms and conditions. These terms and conditions, together with CCC's Billing and Payment terms and conditions (which are incorporated herein), comprise the entire agreement between you and ACP (and CCC) concerning this licensing transaction. In the event of any conflict between your obligations established by these terms and conditions and those established by CCC's Billing and Payment terms and conditions, these terms and conditions shall prevail.
