Kane Virginia

Demonstration Work in New Kent County from November 1st 1921 to Nov. 1st 1922.

Fairs being over exhibits being safely lodged with their respective owners, annual reports in on time and renewed enthusiasm having been given me at the annual agents meeting at Blacksburg I began my campaigning for the season of 1921-1922.

My enrollment campaign took 3

weeks of intense work. Finally after community meetings, demonstrations, tea parties, socials, roads and "special" lectures I had the following club enrollment

Boys + Girls:

Sewing – 68
Cooking – 54
Garden – 12
Poultry – 48
Bread – 32
Room Improvement – 12
Fruits – 8
Canning – 23

Women:
Regular H. D. Clubs
6 clubs – with a membership of 109

First, second and third year members

Of the (8) eight club activities ~~participated~~ in by the boys

and girls clubs I majored in Sewing and Canning with girls and Poultry with the boys. The 214 demonstrations conducted on by the club members interested their immediate families, other relatives, neighbors and friends. The net proceeds to date from club activities is $1870.75. Of the 700 white families in New Kent County 50% have been reached with some active extension work either with 4-H Club work or by Home Demonstration Club work and I feel as-

owned that 3/4 of all the
inhabitants of the county
have been caused to do
at least one thing better
because of Extension work
and standards in their
midst. Approximately 125
club members exhibited
at fairs and some of
these made 12 different
exhibits. $311.75 was the sum won
in puizes — and 185 ribbons
were won.

A clean up campaign
in March and April was
very successful — 18 stores,
6 churches 14 schools —
and 151 homes cleaned

home and grounds and planted spring and perennial flowers."

In August a "Coat the Rooster" campaign which had been postponed from June resulted in the disappearance of the "monarchs" from every club members' flock* and in the water-glass storage of many infertile eggs by both club members and their friends who had followed the club members' lead and advice and killed roosters.

In October the whole County joined in the Apple Con-

sumption campaign - which resulted in instruction in balanced menus, healthy menus - apple consumption and the purchase of many apples.

A Farm Bureau Local, two Home Dem. Clubs and 1 new 4-H Club show organized extension of club work.

Specially interesting to me was the work done by the Windsor Rhodes and Liberty Sewing Clubs this spring when their instruction they had received in club they "tackled" and

made hats and dresses pretty enough to use on Easter Day at special services and thereby saved from $3 or $5 each on their costumes for the season.

Another point worthy of mention follows: Having moved my headquarters - the middle July I was daily being called to the old site - at one the later meeting Mrs. Graves - "We didn't dream how much good you were till you left us. They say "you never miss the water till the well runs dry".

Two club members were able to go to boarding school this year as a result of club work and prizes and 28 club members are going to High Schools out of the county as a result - there being no accredited schools in New Kent above the Junior High School.

In the fall of 1921 a School Lunch Campaign was carried on in New Kent. I believe 90% of the school children have better lunches now and I know

fifty per cent have sanitary lunch boxes, buckets etc. and take milk or fruits or both in each days lunch.

At least 50 mothers have thanked me for the fly extermination work., they say there are fewer flies by far and that the out door flytrap is the best ever flytrap.

The kodak pictures attached show (1) work at Community day gatherings, (2) the Windsor Shades sewing club dressed in their club sewing; (3) Carrie Couch in her garden; (4) a bread demonstration at Liberty, (5) the Quinton Club roast, (6) the Pea Kent

Bread judging team and the Club Exhibits with 109 ribbons won at the Chilliwack Peninsula Fair.

Of the 54 girls whose work was worthy of prizes Carrie Couch won the New Kent championship— a total of $67.00 in prizes and proceeds from club work for past year to date is over $1,000. Carrie belongs to 7 clubs Canning, Garden, Room Improvement, Sewing, Cooking, Bread and Poultry. She thinks Club work ideal.

NOT TO BE PHOTOGRAPHED. 1922

SEE BULK FILE.

To the County Home Demonstration Agents:

It is very important to send in accurate and complete Annual Reports. The future success and support of the Home Demonstration Work depends upon your activities now. It will aid the cooperating authorities greatly to have adequate records of what has been done. The law requires such reports and the lawmakers are greatly interested in the development of all of the extension work.

The statistical part of the Home Demonstration Work has been simplified and condensed. It is hoped that it will be easier for you to make a full and graphic showing of the achievements of your women and girls. Of course it is not expected that every agent will be conducting demonstrations upon every phase of work every year. Do not hesitate, therefore, to have spaces blank where you have no work being done. On the other hand, it will be unjust to your demonstrators and club members to fail to report all of their real results.

Please note that all reports are to be in the offices of the State agents by January 1 of each year. This enables them to prepare their reports promptly and forward copies to the Washington office in the new year. It makes it possible to prepare reports in the United States Department of Agriculture in time for them to do the most possible good.

Do not wait until January 1 to send in your report if it is ready before that time. It should contain data to December 1. It is impossible to fully show the actual development in statistics. It is therefore suggested that you write a narrative report on separate sheets and attach same to this blank.

Send with the report a map of your county showing the number of demonstrators and cooperative agencies. It is suggested that on this map the data for girls' work be recorded in red ink, for women's work in black ink.

Write numbers of girl demonstrators in red and of women demonstrators in black, and if the demonstrators are in organized clubs enclose the figures in a circle of the corresponding color. For example: Demonstrators not in clubs, 1; demonstrators in organized clubs, (3). If both women and girls have organized clubs in one community have two circles with figures enclosed, one in black, one in red ink.

Indicate "community clubs" with a square in black ink, with membership numbers inside, as [30].

Indicate headquarters of county councils and other supporting organizations with stars, showing membership; e. g.

These are minimum suggestions for the map. Other details may well be reported in this graphic form, but it is expected that every agent will send at least a simple map showing the fundamental and essential data indicated.

Number of squabs used at home		
Number of squabs sold		
Value of squabs sold	$	$
Number demonstrations with rabbits		
Number of rabbits raised		
Number of rabbits used at home		
Number of rabbits sold		
Value of rabbits sold	$	$
Number demonstrations with fish ponds		
Number of fish ponds in county		
Number of new ponds stocked		
Number pounds of fish used at home		
Number pounds of fish sold		
Value of fish sold	$	$
Number demonstrations with bees		
Number of colonies raised		
Number pounds of honey produced		
Number pounds of honey sold		
Value of honey sold	$	$
Equipment.		
Number of pigeon houses made or bought	8	12
Number of rabbit hutches made or bought		
Number of improved bee hives made or bought		
Number of veils made or bought		
Number of smokers made or bought		
Number of honey extractors made or bought		

VI. MEAT WORK

Number of communities in which demonstrations were conducted	6	6
Number demonstrators enrolled in meat work	6	109
Number reporting	6	109
Number of other people improving practices from success of demonstrators		
Number pounds beef canned	200	100
Number pounds veal canned	25	50
Number pounds pork canned	100	500
Number pounds lamb and mutton canned		
Number pounds meats with vegetables canned	18	200
Number pounds poultry, game, etc., canned		
Number pounds poultry with vegetables canned		
Number pounds fish, seafood, etc., canned	500	600
Number pounds fish with vegetables canned		
Total value of canned meats, poultry, fish	$1000	$3000
Total number pounds canned meat products sold		
Total value of canned meat products sold	$	$
Number pounds corned beef		500 lbs

	GIRLS	WOMEN
Number pounds pork cured		21,800
Number pounds sausage made		2180
Number pounds lard made		2180
Number pounds headcheese, scrapple, pork loaf, or other pork products made under agent's direction		270
Total value of cured meats, lard and by-products	$	$ 25,000
Number pounds cured meats, lard, etc., sold		
Total value of cured meats, etc., sold	$	$
Number pounds soap made		1500
Total value of soap made	$	$ 45.00
Number pounds of soap sold		
Total value of soap sold	$	$

Equipment.

Number steam pressure canners purchased	1	2
Number sausage mills purchased		8
Number sets of scales purchased	22	12
Number meat cutting outfits		1

VII. MILK AND MILK PRODUCTS.

Number of communities in which demonstrations were conducted	6	6
Number demonstrators enrolled	6	6
Number reporting	6	6
Number of other people improving practices from success of demonstrators	15	280
Number milk cows kept by demonstrators and club members	21	250
Number milk cows purchased through your influence	150	170
Number improving stock through agent's influence	6	6
Number demonstrators making butter	6	5
Number pounds reported made	252	600
Number pounds reported sold	252	600
Total value of butter sold	$100.80	$240
Number demonstrators making cottage cheese	6	6
Number pounds reported made	30	32
Number pounds reported sold		
Total value of cottage cheese sold	$	$
Number demonstrators making cheddar or other cheeses		
Number pounds sold		
Total value of cheddar cheese, etc., sold	$	$
Number of gallons of cream sold		150
Value of cream sold	$	$ 150
Number of gallons sweet milk and buttermilk sold		250
Value of milk sold	$	$ 105
Number using more milk and milk products in the family diet	50	
Number of children benefited by increased use of milk	50	
Number county schools securing milk for school lunch	1	
Number of children drinking milk at school	75	

Equipment made or purchased.

Sanitary milking pails	30	Coolers	8	Barrel churns	14
Dairy thermometers	12	Brushes	20	Separators	6
Butter workers	12	Paddles	12	Molds	20
Iceless refrigerators	2	Shotgun cans	80	Cheese presses	1

VIII. CEREAL PRODUCTS.

	GIRLS.	WOMEN
Number of communities in which demonstrations were conducted	6	6
Number demonstrators enrolled	32	109
Number reporting	32	30
Number of other people improving practices from success of demonstrators	45	60
Number making yeast bread in home	32	100
Number of 1 pound loaves made (wheat)	1000	1500
Number of 1 pound loaves made (combination)	200	500
Number making quick or hot breads in the home	32	60
Number pounds wheat flour used in quick or hot bread	4,500	6000
Number pounds combination flour used in quick or hot breads	250	3000
Number pounds corn meal used in home baking	1000	600
Number pounds other flours used in making gems, cakes, brown breads, and waffles	300	500
Number pounds dried fruit, potatoes, and other material used in bread making	150	250
Number pounds flour used in pies, cakes, and cookies	196	10000

Equipment made or purchased.

Number measuring cups	32	50
Number bread mixers	0	8
Number bread raisers	2	10
Number sponge boxes	12	2
Number spatulas	32	50
Number oven thermometers	2	10
Number bread boxes	32	42
Number cooling racks	2	1

IX. TEXTILE MATERIAL, FABRICS, STRAWS, RUSHES, SPLITS, PINE NEEDLES.

Number of communities in which demonstrations were conducted	9	6
Number demonstrators enrolled	123	109
Number reporting	123	30
Number of other people improving practices from success of demonstrators	200	185
Number caps made	32	
Number aprons made	22	
Number emblems made	69	
Number sewing bags made	12	
Number towels made	12	
Number holders made	52	
Number dresses made	23	
Number other garments made	604	

	GIRLS	WOMEN
Number hats made		
Number table sets made		
Number curtains made	4	
Number rugs made	6	
Number dress forms made	12	
Number garments remodeled	60	
Number garments and other articles dyed	14	
Amount saved by making, remodeling, and dying	$ 50.00	$
Number baskets made	6	
Number brushes made	2	
Number brooms made		
Value of baskets, brushes, brooms made	$ 5.00	$
Number of baskets, brushes, brooms sold		
Value of baskets, brushes, brooms sold	$	$
Number of quilts, coverlets, bedspreads made	40	
Number of mattresses made or renewed	12	
Value of quilts, etc. made	$ 200	$

X. HOUSE AND LAWN.

Number of communities in which demonstrations were conducted	6		6
Number demonstrators	6		6
Number reporting	6		6
Number of other people improving practices from success of demonstrators	50		150
Number water systems installed	7	lighting systems	6
Number heating systems installed	2	septic tanks	3
Number kitchens improved by - screening	18		
improvement of floors	40	rearrangement of equipment	2
Improvements in other parts of house - floors	100	walls 200	sleeping porches 9
Club girls' rooms improved	9	living rooms improved	18
Number houses screened	49	fireless cookers	21
kitchen cabinets	13	woodboxes	wheel trays 2
fireless cookers	14	sinks and drain boards	18
Number washing machines	9 Electric	ironing boards	6
other laundry equipment	6 Ga. washtubs		
Number houses repaired	14	remodeled 9	new houses built 10
Number improvements in farmstead - fences repaired	12	unsightly buildings repaired or removed	4
Number planting - trees	18	shrubs 42	flowers and vines 42
Number seeding lawns	18	number shade trees and shrubs planted	100
