Dear Uzair,

thank you. I am happy to grant you permission to use the figures from my paper "Numerical analysis of biosonar beamforming mechanisms and strategies in bats" for your dissertation.

I don't recall a separate copyrights form for JASA, I think signing away the copyright is part of the online submission process. Nevertheless, since you are the first author of the paper, I see no problem in you using the material for your dissertation.

Best,
Rolf
