AGRICULTURE AND HOME ECONOMICS

STATE OF VIRGINIA

EXTENSION SERVICE

SUPPLEMENT to the ANNUAL REPORT for HENRICO COUNTY

Special Work Done In Women's Club Work.

The first Egg Circle organized in Henrico county was organized at Craighton club in July 1923. The Circle markets about 30 doz. eggs per week. The members are fortunate in having a splendid manager who is also a member of the Poultry Egg-Laying Contest of Virginia. The manager sorts, grades, and candles all the eggs marketed by the Egg Circle. They sell them thru a habbster who gets as much as 10% above the retail price in Richmond.

The members of the Egg Circle are looking forward to the time when they can have a large enough supply to ship them to a better market.

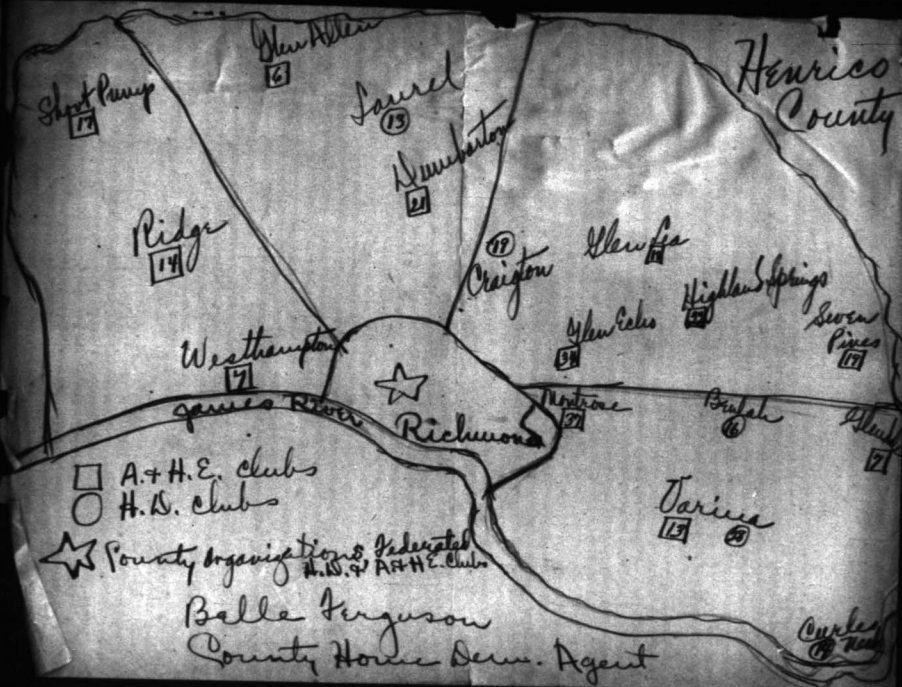

Another special piece of work done by the Home Demonstration clubs this summer has been that of putting on Booths at Varina Community Fair in September 1923.

Four Booths were put on by the following clubs:

Boulah  
Craighton  
Curios Hook  
Varina

They followed the standard stand mapped out by Fauquier County Agent and helpers. The exhibits were splendid.

The Five Poultry breeders belonging to the State Egg-Laying Contest completed the years' report and state that they have gotten such splendid information and help from the Poultry Department at Blacksburg.

To the County Home Demonstration Agents:

It is very important to send in accurate and complete Annual Reports. The future success and support of the Home Demonstration Work depends upon your activities now. It will aid the cooperating authorities greatly to have adequate records of what has been done. The law requires such reports and the lawmakers are greatly interested in the development of all of the extension work.

The statistical part of the Home Demonstration Work has been simplified and condensed. It is hoped that it will be easier for you to make a full and graphic showing of the achievements of your women and girls. Of course it is not expected that every agent will be conducting demonstrations upon every phase of work every year. Do not hesitate, therefore, to have spaces blank where you have no work being done. On the other hand, it will be unjust to your demonstrators and club members to fail to report all of their real results.

Please note that all reports are to be in the offices of the State agents by January 1 of each year. This enables them to prepare their reports promptly and forward copies to the Washington office in the new year. It makes it possible to prepare reports in the United States Department of Agriculture in time for them to do the most possible good.

Do not wait until January 1 to send in your report if it is ready before that time. It should contain data to December 1. It is impossible to fully show the actual development in statistics. It is therefore suggested that you write a narrative report on separate sheets and attach same to this blank.

Send with the report a map of your county showing the number of demonstrators and cooperative agencies. It is suggested that on this map the data for girls' work be recorded in red ink, for women's work in black ink.

Write numbers of girl demonstrators in red and of women demonstrators in black, and if the demonstrators are in organized clubs enclose the figures in a circle of the corresponding color. For example: Demonstrators not in clubs, 1; demonstrators in organized clubs, ②. If both women and girls have organized clubs in one community have two circles with figures enclosed, one in black, one in red ink.

Indicate "community clubs" with a square in black ink, with membership numbers inside, as 30.

Indicate headquarters of county councils and other supporting organizations with stars, showing membership; e. g. 25

These are minimum suggestions for the map. Other details may well be reported in this graphic form, but it is expected that every agent will send at least a simple map showing the fundamental and essential data indicated.

I. ENROLLMENT AND MEMBERSHIP.

	<u>MALES.</u>	<u>WOMEN.</u>
Total enrollment of demonstrators in all lines of work .....	153	117
