

## **ACKNOWLEDGEMENTS**

I would like to thank my advisor, Prof. A. L. Abbott, for his support, guidance and patience during the course of my studies. He often helped me above and beyond the usual duties of mentorship. Moreover, I would like to thank my committee members, Prof. H. F. VanLandingham, Prof. R. W. Ehrich, Prof. J. S. Bay, and Prof. A. Elshabini, for their comments and assistance.

I give special thanks to my mother, my late father, and all my family in Egypt for their encouragement. Moreover, I thank my wife, Nermine, and our children, Saad, Ahmed, Hany, and Youssof, for their continuous support during my studies for a long time.

To all my friends, labmates, and colleagues throughout my studies, thanks for encouraging me, challenging me, and always lending an ear.

Lastly, I would like to acknowledge all those from the faculty and staff of the Bradley Department of Electrical and Computer Engineering at Virginia Polytechnic Institute and State University who have helped me in my research.
