

## **Acknowledgements**

I would like to thank all the faculty of the Landscape Architecture Department for their support and interest during my recent academic endeavors. Special thanks to the members of my committee, Dr. Patrick Miller and Dr. Joseph Scarpaci, for their guidance and help during the entire process of my thesis development.

I would like to especially thank my committee chair, Terry Clements, for providing me with the encouragement, patience and purpose for pursuing my particular interest, and who believes that 'learning' is a continuous process.

Also, special thanks to Dr. Nanette Dungo and Christine Bala for helping me understand the rudiments of the actual research work.

Thanks to the local officials of the Municipality of Binan, Laguna, Philippines for providing most of the data used in this thesis.

And last but not the least, I would like to extend my special appreciation to my parents and friends who provided me with the emotional and psychological support necessary for such an undertaking.
