Type of use	I don't see my intended use
Special requirements	I would like to adapt Figure 1. Integrative Model for the Study of Developmental Competencies in Minority Children in my dissertation. I have already received permission to reprint the figure as in my dissertation. The adaptations would appear in print and electronic forms of my dissertation. If the dissertation is submitted for publication in a journal, book, etc., I will obtain any additional and necessary licenses. I would like to adapt the figure to create flow chart to show how each component of the figure addresses my research questions in the dissertation. I would like to make the following changes: (1) add skin color preferences to the "Developmental Competencies" component of the model, (2) add Black Feminist Theory to the "Social Position Variables" component, (3) remove the descriptions of each component and use only the titles of each component except for "Social Position Variables". For example, for the component "Child Characteristics" I would only have child characteristics in the figure without the descriptors age, temperament, biological factors, and physical characteristics. Thank

you very much and I appreciate your consideration.
