

Author's Acknowledgements

I would like to thank Dr. Robin Panneton Cooper for her constant dedication to her graduate students. Her time, effort, and support have been greatly appreciated. I would like to thank Dr. Wendy L. Ostroff for her help in the collection of the data for this project, and for her invaluable emotional support through these past years. I would also like to thank Ms. Megan McIlreavy for her help in the collection of this data. Last, I would like to thank the members of my committee for their review of this project.

Table of Contents

Abstract	ii
Acknowledgements	iii
List of Tables.....	v
List of Figures	vi
Introduction	1
Factors Affecting Infant Attention to Visual Events.....	1
Factors Affecting Infant Attention to Infant-Directed Speech	5
Intent of Present Investigation.....	7
Experiment 1: Methods	9
Participants	9
Visual Displays.....	9
Auditory Recordings	10
Apparatus	11
Procedure.....	12
Experiment 1: Results and Discussion.....	13
Experiment 2: Methods	16
Participants	16
Visual Displays.....	16
Auditory Recordings	17
Apparatus	17
Procedure.....	17
Experiment 2: Results and Discussion.....	17
General Discussion.....	20
References	25
Vita.....	30

List of Tables

Table 1: Luminosity measurements of visual displays.....	10
Table 2: Mean pitch, pitch variability and duration of utterances.....	11
Table 3: Experiment 1: Analysis for Interaction between Complexity of Visual Display and Speech Type	13
Table 4: Experiment 1: Overall Means and Standard Deviations	14
Table 5: Experiment 1: Means and Standard Deviations for Individual Conditions	15
Table 6: Experiment 2: Analysis for Interaction Between Structure of Visual Display and Speech Type.....	18
Table 7: Experiment 2: Overall Means and Standard Deviations	19
Table 8: Experiment 2: Means and Standard Deviations for Individual Conditions	19

List of Figures

Figure 1: Visual displays used in Experiment 1.....	9
Figure 2: Waveforms of “Good morning!” and “Let’s go for a walk!” in ID-normal and ID-slow	11
Figure 3: Visual displays used in Experiment 2.....	17
