Hello Matthew,

Thank you for your inquiry. Yes, you have permission to reuse the paper in your dissertation. Please acknowledge within the main text or a footnote that relevant sections/chapters of your dissertation are reprinted with permission (e.g., "From [paper title and authors]; reprinted by permission of the American Institute of Aeronautics and Astronautics, Inc."). Note that the original source should be cited in full in the reference list.

Best,

**Subject:** Publication of AIAA Conference Proceeding in my Dissertation

Hey David,

I am currently preparing my dissertation for submission to my universities Electronic Thesis and Dissertation server and need to obtain permission to include the following publication in the manuscript.

Influence of Mie and Geometric Scattering Contributions on Temperature and Density Measurements in Filtered Rayleigh Scattering  
<https://doi.org/10.2514/6.2020-1516>

I attempted to request this through the Copyright Clearance Center but could not find this paper on there to request permission.

Could you let me know what I need to do to get permission from AIAA to reuse this material?

Thank you!  
Matthew
