Consumer marketing agents employed with A.M.A. funds are to report in column C. Consumer marketing agents not paid from A.M.A. funds will report in column C if their work is oriented to marketing efficiency or in column A if their work is oriented to family satisfaction.

Area Extension agents will report in their respective county column, A, B, or C, or the State staff column E, depending upon whether they get their direction and supervision from the district supervisor or from the State specialist who serves as project leader.

A, B, C, D When two or more agents engaged in the same line of work participate in the same Extension activity it should be reported only once in their respective column and only once in the county total.

When agents, engaged in different lines of work, participate in the same Extension activity, the information is reported once in each of their respective columns and only once in the county total (column D).

E Administrative, supervisory, and subject matter staff members will report their activities in this column as follows:

County activities: When in a county most activities participated in by the State staff will have been arranged for and be reported by the county staff. Only those activities a State staff member initiates and participates in without county staff assistance are to be reported by the State workers.

Multi-County Activities: State staff will report State-wide, regional, and/or district activities they are responsible for holding, which in the normal course of events would not be reported by the county staff.

Item 4-b is an exception.

When two or more members of the State staff participate in the same activity the person having primary responsibility for the activity should report it. When of equal responsibility they should decide which one will report. The others may show it in parentheses () on their monthly report, thus indicating their participation, but it is not to be included in columns E and F.
