Terminology Guide

Put a check in the appropriate box for any correct answers given by students:

- on the previous lessons (any definitions they offered, examples they gave that were reflective of definition, Fiction Fanatic cards completed, etc.)
- Formative Assessment 1 (check for identifying the term relates to character, check for correct definition) and during the class discussion (check for every shared definition/example). Use this form to group students for the activity in Lesson 4.

Student Name	During Lessons	Formative Assessment 1
