COUNTY AGENT WORK

The three Counties, Warwick, Elizabeth City and York have thrown away boundary lines and organized "Lower Peninsula Agricultural Board". The Counties are divided into ten communities, each community has a member on the Agriculture Board. We also have a County Supervisor from each County, banker from each district, representative from Chamber of Commerce and Kiwanis Agriculture Committee on Board, also President of Farm Bureau, President Farmers' Union, and President Mennonite Colony, making membership of twenty on Board.

This County Board cooperates with County Agent in making out yearly program of work and helping to finish same.

When the Board meets at the beginning of year to make out new program, we go over problems we think are needed most in this section to better Agriculture conditions, then set out to correct them, and expand on problems we think will help most.

On problems we think should be improved and more work accomplished, we set out in a small way by two or three demonstrations; if, by proper methods, these two or three demonstrations are successful, we recommend project on larger scale, and do all we can to drive it. In this way, the poultry work, orchard work, and trucking crops have gone ahead rapidly on Lower Peninsula. We have a fine year program of work which we are striving to complete. County Agent work has received wonderful co-operation from every source and is each day getting more and more support; for the past work has been successful, and is no more an experiment

but necessity.

Last year's program of work is as follows - 1926:

<u>Goals</u>		<u>Achievements</u>
	<u>Soils</u>	
2 Lime Demonstrations		2 Completed
4 Fertiliser "		4 "
5 Soil Improvement Demonstrations		5 "
	<u>Farm Crops</u>	
8 Corn		2 Completed
7 Alfalfa		2 "
12 Sweet Clover		10 "
10 Soybeans		10 "
3 Wheat		3 "
5 Oats		2 "
4 Rye		4 "
1 Barley		1 "
2 Crimson Clover		2 "
2 Cowpeas		2 "
2 Pastures		2 "

<u>Goals</u>	<u>Achievement</u>
<u>Horticulture</u>	
9 Spraying Demonstrations	5 Completed
12 Small Fruit "	3 "
4 Grape pruning, etc. "	4 "
5 Pruning Demonstrations	5 "
6 New Orchards	7 "
200 Pecan trees planted	250 "
100 Fig " "	75 "

<u>Truck Crops.</u>	
8 Lettuce from seed to market	8 Completed
5 Spinach " " " "	5 "
14 Kale " " " "	14 "
8 Tomato " " " "	8 "
10 Cantaloupe " " " "	10 "

ANIMAL INDUSTRY

<u>Sheep.</u>	
5 Rams Purebred Placed	2 Placed
25 Good Ewes "	10 "

<u>Hogs</u>	
6 Good Boars Placed	3 Placed
2 Grazing Demonstrations	2 Completed

<u>Goals.</u>		<u>Achievements.</u>
	<u>Dairying</u>	
50 Pure bred Cows placed		25 Placed
2 Pure " Bulls "		3 "
	<u>Poultry.</u>	
10 New Poultry Houses		18 Completed
75 Culling Demonstrations		54 "
15 Feeding and Mixing own Feeds		15 "
25 Good Roosters Placed		30 "
	<u>Boys' and Girls' Club Work.</u>	
94 Members		47 Completed
4 Organized Clubs		4 "
	<u>Miscellaneous</u>	
100 Newspaper Articles		75 Completed
5 Landscape Demonstrations		5 "
10 Rat killing "		5 "
2 Sparrow " "		1 "
2 Agriculture tours		1 "

SOILS:-

A great deal attention has been put on opening ditches and completing drain tile. This year 64 more acres were drained by tile. Each farm visited the importance of good drainage is talked over.

All soils need humus and lime; this year the soil was tested on 86 farms and were in want of lime.

Each year more Soybeans, vetch, crimson clover, rye, etc., are grown and turned under to improve humus content in soil. As more green crops are plowed under and all manure on farms are saved and properly applied, it is then that the commercial fertilizers do better and aid in bigger and better crops.

Farm Crops are being studied each year; by demonstration work we find that Reid's Yellow Dent Corn does better here than any other corn. We are now setting out to get so many farms each year to plant good seed of this variety and in time the corn crop will be more than doubled here.

We are doing the same kind of work with Soybeans, Alfalfa, Wheat, Rye, etc. Alfalfa seed in the past has been picked up any place and just put in the soil. By proper selection of hardy American grown seed, our demonstrations have brought forth good looking and prosperous Alfalfa fields. These demonstrations have been visited and studied, and digested. Farmers are now convinced seed is the first principal factor in getting stand of Alfalfa.

Sweet Clover is coming to the front here as soil improver and pasture. We find it is very best pasture for this section, and comes just at the time needed. This year 410 Acres of sweet clover

were planted, and, in most every case, did excellent. Sweet clover has come to stay, and is doing much to develop Agriculture here.

By demonstration, we have found that Abruzzi Rye is far superior to any other rye, and this is the only rye now planted on good farms.

We have also found out that barley is a more profitable crop here than oats - the yields being larger and the crops do better. Oats have been a losing crop.

Vetch and Abruzzi rye as fall cover crop has been found out to be excellent and improves land rapidly.

#### HORTICULTURE.

By proper pruning, spraying and fertilising, we have proved this section can grow excellent fruit. Apple orchards have been planted, - young peach trees planted. Pecan trees and figs have been added to the list.

Due to the efforts of demonstration work along progressive lines, about 20,000 trees of various kinds have been planted the last three years.

Variety tests in strawberries and Raspberries have been of great value to the farmers. Kellogg's Premier Strawberry has doubled in planting the last year, and averaged <sup>50</sup> the grower four cents per quart above all other varieties grown.

In the Animal Industry work, poultry has been the big factor, eighteen new houses being built with average capacity for five hundred birds. Ten lighting plants have been sold this year.

due to poultry work and lighting poultry houses, but the other buildings and living house profits by the poultry bringing the lighting plant to the farm.

Culling demonstrations has been one of the big factors in bringing poultry to the front, for by careful culling, the non-producer has been eliminated and kept down expenses in feed, and given more clear profit.

The poultry business has grown into a large business here; we now have incubation to hatch out each season 400,000 baby chicks, and two more large incubators will be added by next year.

Dairy work has taken hold for better. We now have up-to-date Creamery in Newport News, and that encourages the work. Twenty-five good cows have been brought into this section last year, and farmers are looking for about fifty more. Two excellent Bulls were purchased and brought into counties.

Sheep are doing more each year, and are now paying on several farms. I had one farmer say he was going to purchase thirty good Ewes next year.

#### TRUCKING.

This is a big business on Lower Peninsula, and is improving each year by better farming methods.

All seed for this work is purchased on co-operative plans, seed tested as to variety and germination test before being purchased. Very few truck crops have been lost in last four years, and profits have been more than doubled. We have worked up excellent

kale business, and this year we will ship over seventy-five cars of this Crop.

By careful demonstration work this year, the cantaloupe crop netted several farmers \$500.00 per acre. We have been growing a fancy melon for the best markets and getting the prices.

Lettuce, spinach and tomatoes are three other big trucking crops. This was the first year we grew and shipped green tomatoes. We shipped 40,000 crates by boat, and eight car loads by freight. We hope to more than double the business another year.

#### MARKETING.

The farmers here have gotten a good taste of co-operative marketing. Our plan has worked out so well that every trucker belongs to the Farm Bureau, the organization here that is buying and selling. The Farm Bureau sold \$100,000 worth of farm products for the farmers this year, and purchased \$45,000 worth of supplies at a saving of ten per cent, and growing rapidly.

BOYS' AND GIRLS' CLUB WORK:- We had ninety-four to start work this year and forty-seven finished.

This was a very hot, dry summer, and some of the new members were discouraged and gave up. The ones who finished did excellent work, and will interest others the coming year. Club work has gone ahead each year, and more interest taken by parents and teachers. We had four 4 H. Clubs all doing good work and accomplishing several subjects in real club work. We hope for the largest year we have ever had in this work during 1927.

Miscellaneous work under this head. I will put successful rat-killing campaigns, which has helped to save a great deal for farmers and city people to fight rats. I have kept free rat poison in office all year and on the average of seven people a week have called for it. The City Council appropriated money to buy the poison and consider it is money well invested.

I have written articles for City paper on many agriculture problems, and by this means the work has been well advertised and more interest created. I have given Agricultural talks to Rotary Club, Kiwanis Club, Chamber of Commerce, Woman's Club, and Schools. I have been instrumental in Rotary and Kiwanis Clubs putting on Farmers' nights, and Chamber of Commerce putting on Agricultural show and Agricultural meeting.

I have helped in beautifying three school yards, and given help to seventy-one people on landscape work.

In all, most everyone here considers we have had a very successful year and great good has been accomplished by all who have co-operated with County Agent's work to make it successful, in giving aid to the public at large.

COOPERATIVE EXTENSION WORK IN AGRICULTURE AND-HOME ECONOMICS

U. S. Department of Agriculture  
and State Agricultural Colleges  
Cooperating

Extension Service,  
Office of Cooperative Extension Work,  
Washington, D. C.

ANNUAL REPORT OF COUNTY EXTENSION WORKERS

This report form is to be used by county extension agents, such as county agricultural agent, home demonstration agent, club agent, and negro agent, reporting on their respective lines of work.

State Virginia County Newark City: York  
Report of H. S. Lippincott County Agriculture Agent.  
(Name) (Title)  
From December 1st, 1925 to December 1st, 1926.

If agent has not been employed entire year, indicate exact period. Agents resigning during the year should make out this report before quitting the service.

## SUGGESTIONS RELATIVE TO THE PREPARATION OF THE COUNTY EXTENSION AGENT'S ANNUAL REPORT.

The annual report should be a review, analysis, interpretation, and presentation to the people of the county, the State, and the Nation of the sum total of the extension activities in each county for the year and the results obtained by the county extension agent assisted by the subject-matter specialists. The making of such a report is of great value to the county extension agent and the people of the county in showing the progress made during the year as a basis for future plans. It is of vital concern also to the State and Nation as a measure of rural progress and a basis for intelligent legislation and financial support.

Separate statistical and narrative reports are desired from each county extension agent in charge of a line of work, such as county agent, home demonstration agent, boys' and girls' club agent, and negro agent. Where an assistant agent has been employed a part or all of the year, a report on his or her work should be included with the report of the leader in charge of that line of work. Where an agent in charge of a line of work has quit the service during the year, the information contained in his or her report should be incorporated in the annual report of the agent on duty at the close of the report year, and the latter report so marked. Where two or more extension agents are employed in a county, each in charge of a line of work, care should be exercised to avoid including the same data in the statistical report of more than one agent.

At least four copies of the annual report should be made: One copy for the county officials, one copy for the agent's files, one copy for the State extension office, and one copy for the Extension Service, United States Department of Agriculture. *The report to the Washington office should be sent through the State extension office.*

### NARRATIVE SUMMARY.

The narrative report should be a statement in orderly fashion and arranged under appropriate subheadings, of the work done, methods used, and results obtained under each project, as well as of the general work accomplished. Every statement should be clear-cut, concise, forceful, and, where possible, reinforced with ample data from the statistical summary. In the preparation of the part of the report relative to each project, the results reported in the statistical summary for the project should be analyzed, conclusions drawn, and recommendations made. The report may well be illustrated with photographs, maps, diagrams, blue prints, or copies of charts and other forms used in demonstration work. Full credit should be given to all cooperating agencies. The lines should be single-spaced, with double space between the paragraphs, and reasonably good margins left. The pages should be numbered in consecutive order.

The following outline is suggestive of how the narrative report may be clearly and systematically presented:

#### SUGGESTIVE OUTLINE OF ANNUAL NARRATIVE REPORT.

- I. Cover and title page.
- II. Table of contents.
- III. Status of county extension organization.
  - (1) Form of organization—changes and development.
  - (2) Function of local people, committee, or project leaders in developing the program of work.
  - (3) General policies, including relationships to other organizations.
- IV. Program of work, goals established, methods employed, and results achieved.
  - (1) Factors considered and methods used in determining program of work.
  - (2) Project activities and results.
 

<ol style="list-style-type: none"> <li>(a) Soils</li> <li>(b) Farm crops (Horticulture)</li> <li>(c) Home gardens (Beautification of home grounds)</li> <li>(d) Forestry</li> <li>(e) Rodents, predatory animals, and birds.</li> <li>(f) Animal husbandry</li> <li>(g) Dairy husbandry</li> <li>(h) Home dairy</li> <li>(A) Poultry husbandry</li> <li>(B) Home poultry</li> </ol>	} (including diseases and insects).
---	-------------------------------------

3

SUGGESTIVE OUTLINE OF ANNUAL NARRATIVE REPORT—Continued.

IV. Program of work, etc.—Continued.

(2) Project activities and results—Continued.

- (i) Rural engineering.
- (j) Rural engineering—home.
- (k) Agricultural economics, including farm management and marketing.
- (l) Home marketing.
- (m) Foods.
- (n) Nutrition.
- (o) Clothing.
- (p) Home management.
- (q) Home furnishings.
- (r) Home health and sanitation.
- (s) Community activities.
- (t) Miscellaneous.

V. Outlook and recommendations, including suggestive program of work for next year.

VI. Summary of activities and accomplishments, preferably of one or two typewritten pages only, placed at the beginning or end of the narrative report.

STATISTICAL SUMMARY.

To supplement the narrative part of the report, and in order that comparable State and National summaries may be made, it is necessary to include a statistical summary of the work in each county. The following form has been prepared to insure uniformity of reporting. In addition to the questions asked under each subdivision of the report, space is provided to add further data if desired. The statistical summary will grow naturally out of the field and office records.

DEFINITIONS OF TERMS USED IN THIS REPORT.

1. A PROGRAM OF WORK is a definitely outlined plan for extension work.
2. A PROJECT is a definite, systematic, organized plan for carrying out some phase of the extension program of work, providing for what is to be done, how much, when, where, how, and by whom.
3. MISCELLANEOUS WORK includes work which has not yet become a regular part of the program of work—work other than project work.
4. A COMMUNITY, for the purposes of this report, may be any one of the several units into which the county is divided for purposes of conducting organized extension work.
5. A PROJECT LEADER OR LOCAL LEADER is a person, selected because of his or her special interest and fitness, who functions as a leader in advancing some phase of the local program of extension work.
6. A DEMONSTRATION is an example designed to show the practical application of an established fact. Demonstrations as contemplated in this report are of two kinds, method demonstrations and result demonstrations.
  - A method demonstration is a demonstration given by an extension worker or other trained leader to a group for the purpose of showing them how to carry out a practice. Synonym: Lecture demonstration. Examples: Demonstrations of canning, mixing of spray materials, and culling of poultry.
  - A result demonstration is a demonstration carried on by a farmer, farm woman, boy, or girl under the direction of the extension service, involving a substantial period of time, records of results, and comparisons. Examples: Child-feeding, corn-culture, and orchard-management demonstrations.
7. A DEMONSTRATOR is a farmer, farm woman, boy, or girl who, under the direction of the extension service, conducts a result demonstration.
8. MEMBERS COMPLETING should include those who have satisfactorily finished the work outlined for the current year.
9. A DEMONSTRATION MEETING is a meeting held to give a method demonstration or to start, inspect, or further a result demonstration.
10. A TRAINING MEETING is a meeting at which project leaders or local leaders are trained to carry on extension activities in their respective communities.
11. AN OFFICE CALL OR TELEPHONE CALL is a visit or call by a farmer or other person seeking agricultural or home economics information, as a result of which some definite assistance or information is given.
12. A FARM VISIT is a call at a farm by the agent at which some definite information is given or concrete plan of work outlined, or some valuable information obtained from the farmer regarding his work, or the better practice prevailing in his neighborhood.
13. A HOME VISIT is a call at a home by the agent at which some definite information is given or concrete plan of work outlined, or some valuable information obtained from the farm woman regarding her work, or the better practice prevailing in her neighborhood.
14. DAYS IN OFFICE should include time spent by the county agent in his office, at county agent conferences, and any other work directly related to office administration.
15. DAYS IN FIELD should include all days spent on official duty other than those spent in office.
16. LETTERS WRITTEN should include all single letters on official business.

**DEFINITIONS OF TERMS USED IN THIS REPORT—Continued.**

17. A **FARMERS' INSTITUTE** is one of a series of meetings of one to two days' duration, arranged by a central State farmers' institute agency, at which agricultural and home-economics problems are discussed, usually by outside speakers employed for the purpose.
18. An **EXTENSION OR MOVABLE SCHOOL** is an itinerant school usually of two to six days' duration where practical but systematic instruction is given to persons not resident at the college. An **EXTENSION SMOOT COURSE** differs from an extension school in that it is usually held at the college or other educational institution and usually for a longer period of time, but not exceeding two weeks.
19. **RECORDS** consist of definite information filed in the county office that will enable the agent to verify the data on extension work included in this report.
20. **FARM OR HOME PRACTICE ADAPTED** is a new or improved practice adopted on a farm or in a home during the year as a result of extension teaching. Examples: Spraying of potatoes for disease, canning of fruits and vegetables, use of balanced rations, and hat making.

**GENERAL ACTIVITIES.**

Report only this year's extension activities and results that are supported by records.

If an assistant agent has been employed during the year, include his or her work with that of the agent.

1. List below the names, titles, and periods of service of the county extension agents whose work is included in this report.

H. S. Lippincott <small>(Name)</small>	County Agent <small>(Title)</small>	Twelve <small>(Months of service this year)</small>
---	--	--

- |  |               |           |
|--|---------------|-----------|
| 2. Number of communities in county where extension work should be conducted  | 12            | 2         |
| 3. Number of above communities in which the extension program has been cooperatively worked out by extension agents and people concerned | 10            | 3         |
| 4. Number of voluntary county, community, or local leaders actively engaged in forwarding the extension program with—                    |               | 4         |
| (a) Juniors  | 4             |           |
| (b) Adults   | 23            |           |
| 5. Number of clubs carrying on extension work:   |               | 5         |
| (a) Junior   | 4             |           |
| (b) Adult  | 9             |           |
| 6. Membership in above clubs:  |               | 6         |
| (a) Boys <sup>1</sup>  | 63            | (c) Men   |
| (b) Girls <sup>1</sup>   | 21            | (d) Women |
|  | <del>38</del> | 161       |
| 7. Number of club members completing:  |               | 7         |
| (a) Boys <sup>2</sup>  | 22            | (c) Men   |
| (b) Girls <sup>2</sup>   | 20            | (d) Women |
|  | <del>25</del> | 127       |
| 8. Number of members in junior club work for four or more years:   |               | 8         |
| (a) Boys   | 2             |           |
| (b) Girls  | 1             |           |

<sup>1</sup> Report the total number of different boys or girls enrolled in club work. This total should equal the sum of the project enrollments reported on page 8 or 11, less any duplications due to the same boy or girl carrying on two or more subject-matter lines of work.

<sup>2</sup> Include those boys and girls enrolled in club work as reported under 6(a) and 6(b) who have finished the work undertaken on such portion of it as is so planned to finish during the report year.

## GENERAL ACTIVITIES—Continued.

8. Number of junior teams trained	(a) Judging	4	9
	(b) Demonstration	10	
10. Number entering college this year who have been club members		2	10
11. Total number of farm visits <sup>1</sup> made in conducting extension work		1540	11
12. Number of different farms visited		436	12
13. Total number of home <sup>1</sup> visits made in conducting extension work		—	13
14. Number of different homes visited		—	14
15. Number of calls <sup>2</sup> relating to extension work	(a) Office	1377	15
	(b) Telephone	720	
16. Number of days agent spent in office		112	16
17. Number of days agent spent in field		191	17
18. Number of individual letters written		1449	18
19. Number of fairs at which extension exhibits were made	(a) Community	3	19
	(b) County	3	
20. Training meetings <sup>2</sup> held for local leaders	(a) Number	4	20
	(b) Leaders in attendance	10	
21. Method and result demonstration meetings <sup>2</sup> held (do not include meetings reported in number 20)	(a) Number	17	21
	(b) Attendance	286	
22. Farmers' institutes <sup>2</sup> held	(a) Number	1	22
	(b) Attendance	29	
23. Extension schools <sup>2</sup> and short courses held	(a) Number	—	23
	(b) Attendance	—	
24. Junior club encampments held:		1	24
(a) Number			
(b) Attendance by club members	(1) Boys	21	
	(2) Girls	9	
(c) Total attendance		30	
25. Other extension meetings attended and not previously reported	(a) Number	26	25
	(b) Attendance	409	
26. Number of meetings at which were shown	(a) Lantern slides	3	26
	(b) Motion pictures	3	
	(c) Charts	10	

[Use space below to include other important data.]

Boys' and girls' demonstration visits: 118

<sup>1</sup> Do not count the same visit as both a farm visit and a home visit.  
<sup>2</sup> See definition on page 2.

## FARM-DEMONSTRATION WORK.

SOILS.<sup>1</sup>

Report only this year's extension activities and results that are supported by records.

45. Number of method demonstrations given. (See definition 6, page 2.)	42	45
46. Number of result demonstrations started or under way. (See definition 6, page 2.)	11	46
47. Number of result demonstrations completed or carried through the year.	11	47
48. Number of acres involved in these completed demonstrations.	481	48
49. Number of farms adopting improved practices in the use of commercial fertilizer this year.	53	49
50. Tons involved in preceding question.	531	50
51. Number of farms taking better care of farm manures this year.	24	51
52. Number of farms using lime or limestone for the first time.	12	52
53. Tons of lime or limestone so used.	36	53
54. Number of farms plowing under cover or other green manure crops for the first time.	27	54
55. Acres of cover and green manure crops so plowed under.	135	55
56. Total number of different farms adopting improved practices, relative to the soils work reported on this page. (Include questions 47, 49, 51, 52, and 54 less duplications.)	127	56

[Use space below to include other important data relating to soils.]

Drainage is being done on farms here more each year; 127 farms had drainage this year. Two farms had drainage survey made, taking in 81 days of work completed. Top dressing of pastures and grain fields is also taking hold and great deal of work being done along this line.

<sup>1</sup> For drainage, irrigation, land clearing, and terracing see "Rural Engineering," page 18.

## HORTICULTURE.

Report only this year's extension activities and results that are supported by records.

Item.	(a) Tree fruits.	(b) Bush and small fruits.	(c) Grapes.	(d) Market gardening, truck and raising crops.	(e) Home gardens.	(f) Beekeeping or home products.	
100. Number of method demonstrations given.	9	12	3	10	4	20	100
101. Number of adult result demonstrations started or under way.	6.	3	3	5	7	5	101
102. Number of adult result demonstrations completed or carried through the year.	5	3	4	21	7	5	102
103. Acres involved in these completed demonstrations.	112	27	29	420	X X X	X X X	103
104. Increased yield per acre on demonstrations.	89 bu.	34 qts.	48 bu.	15 bu.	X X X	X X X	104
105. Number of junior clubs <sup>1</sup> .							105
106. Number of members enrolled	(a) Boys			11			106
	(b) Girls			9			
107. Number of members completing	(a) Boys			11			107
	(b) Girls			9			
108. Number of acres grown by junior club members completing.				2 1/2		X X X	108
109. Total yield of crops grown by junior club members.	bu.	qts.	bu.	225 bu.	bu.	X X X	109
110. Number of farms planting improved stock or seed for the first time.	12	8	2	3			110
111. Number of farms pruning for the first time.	2	4	5				111
112. Number of units involved in preceding question.	16 trees	12 acres	21 acres	X X X	X X X	X X X	112
113. Number of farms spraying or otherwise treating for diseases and insect pests for the first time.	9	8	5	12	7		113
114. Number of units involved in preceding question.	24 acres	52 acres	14 acres	34 acres	X X X	X X X	114
115. Number of farms adopting improved practices relative to the horticultural work reported on this page.	21	23	9	27	7	5	115
[Use space below to include other important data relating to horticulture.]							
Pecan trees planted	200						
Fig bushes "	85						

<sup>1</sup> States which do not organize clubs or groups on a project basis should not report in this question but should report on enrollment and receipts.

## FORESTRY.

Report only this year's extension activities and results that are supported by records.

116. Number of method demonstrations given.....	2	116

121. Number of members enrolled.....	(a) Boys..... (b) Girls.....	121
122. Number of members completing.....	(a) Boys..... (b) Girls.....	122
123. Number of acres handled by junior club members.....		123
124. Number of forest or woodland plantings made this year.....		124
125. Acres involved in preceding question.....		125
126. Number of farms assisted in forest management this year.....		126
127. Acres involved in preceding question.....		127
128. Number of farms planting windbreaks this year.....	1	128
129. Number of farms attempting to control white-pine blister rust for first time.....		129
130. Number of acres involved in preceding question.....		130
131. Total number of farms adopting improved practices relative to the forestry work reported on this page.....	1	131

[Use space below to include other important data relating to forestry.]

RODENTS AND MISCELLANEOUS<sup>1</sup> INSECT AND ANIMAL PESTS.

Report only this year's extension activities and results that are supported by records.

Item.....	(a) Rodents.....	(b) Other animal pests. <sup>2</sup>	(c) Grass- hoppers.....	(d) Other insects. <sup>3</sup>	
132. Number of method demonstrations given.....	12			6	132
133. Number of result demonstrations started or under way.....	12			6	133
134. Number of such demonstrations completed or carried through the year.....	12			6	134
135. Number of acres in these completed demonstrations.....				94	135
136. Total number of farms cooperating in control measures this year.....	12			6	136
137. Number of acres involved in preceding question.....				94	137

<sup>1</sup> States which do not organize clubs on a project basis should not report on this question but should report on enrollment and completion.<sup>2</sup> Do not include work reported under "Crops" and "Livestock" headings.<sup>3</sup> Indicate by name.

## LIVESTOCK.

Report only this year's extension activities and results that are supported by records.

Item.	(a)	(b)	(c)	(d)	(e)	Other <sup>1</sup>
	Dairy cattle	Beef cattle	Pigs	Sheep	Poultry	
138. Number of method demonstrations given.....	5		7	2	40	138
139. Number of adult result demonstrations started or under way.....	2				10	139
140. Number of adult result demonstrations completed or carried through the year.....	2				10	140
141. Number of animals involved in these completed demonstrations.....	110		(61)	(39)	12,000	141
142. Total profit or saving on demonstrations.....	\$310.		\$95.	\$15.	\$630.	142
143. Number of junior clubs <sup>2</sup> .....						143
144. Number of members enrolled.....					19	144
					(a) Boys.	
145. Number of members completing.....					18	145
					(a) Boys.	
146. Number of animals involved in junior club work completed.....					11	146
					(b) Girls.	
147. Number of farms assisted in obtaining purebred sires this year.....	3		5	2	10	147
148. Number of farms assisted in obtaining high-grade or purebred females this year.....	4		4	1	15	148
149. Number of farms culling herds or flocks for the first time.....	2		2		10	149
150. Number of animals in such herds or flocks.....	41		29		2,000	150
151. Number of animals discarded.....	9		10		930	151
152. Number of bull, boar, ram, or stallion circles, clubs, or associations organized during the year.....					X X X	152
153. Number of members in preceding circles, clubs, etc.....					X X X	153
154. Number of breed associations or clubs organized during the year.....						154
155. Number of members in these associations or clubs.....						155

<sup>1</sup> Indicate by name.<sup>2</sup> Clubs which do not organize clubs on a project basis should not report on this question but should report on enrollment and completion.

9-5145

## RURAL ENGINEERING.

Report only this year's extension activities and results that are supported by records.

167. Number of method demonstrations given .....	27	167
168. Number of result demonstrations started or under way .....	2	168
169. Number of result demonstrations completed or carried through the year .....	2	169
170. Number of farms installing drainage systems this year .....	2	170
171. Acres drained .....	81	171
172. Number of farms installing irrigation systems this year .....	1	172
173. Acres irrigated .....	15	173
174. Number of farms constructing terraces or soil dams this year .....		174
175. Acres on which soil erosion was so prevented .....		175
176. Number of dwellings constructed this year according to plans furnished .....		176
177. Number of dwellings remodeled this year according to plans furnished .....		177
178. Number of sewage-disposal systems installed this year according to plans furnished .....	3	178
179. Number of water systems installed this year according to plans furnished .....		179
180. Number of heating systems installed this year according to plans furnished .....		180
181. Number of lighting systems installed this year according to plans furnished .....	6	181
182. Number of farms on which buildings other than dwellings were constructed or remodeled this year according to plans furnished .....	39	182
	15	
	2	
183. Number of buildings involved in preceding question .....	18	183
	6	
	4	
184. Number of farms clearing land of stumps or boulders this year .....	9	184
185. Acres of land so cleared .....	280	185
186. Total number of different farms adopting improved practices relative to the rural-engineering work reported on this page .....	51	186

[Use space below to include other important data relating to rural engineering.]

## AGRICULTURAL ECONOMICS—Continued.

Report only this year's extension activities and results that are supported by records.

205. List below this year's results in connection with the cooperative-marketing associations in the county previously organized and with which the extension service counseled or advised. 205

(a) Name of association or group.	(b) Number of members.	Supplies and products handled.	Supplies purchased.		Products sold.	
			(c) Value.	(d) Savings.	(e) Value.	(f) Profit.
Farm Bureau	280	Antiseptic Barrels, etc. Products sold	\$45,000.	45.00 10%	\$	\$
					9400.	2220.04
TOTAL						

206. Total number of different farms adopting improved marketing practices (include entries for questions 204 (b) and 205 (b) less duplications plus other farms not in cooperative associations) 90 206

## COMMUNITY ACTIVITIES AND MISCELLANEOUS.

Report only this year's extension activities and results that are supported by records.

Use this space to include work on any other agricultural project not included in the preceding pages, such as bookkeeping, and similar work, i. e., any other information that can be reported statistically and that will help to give a complete account of the year's work.

Item.	(a)	(b) <sup>1</sup>	(c) <sup>1</sup>
	Bookkeeping.		
206. Number of method demonstrations given.....	2		206
207. Number of adult result demonstrations started or under way.....	2		207
208. Number of result demonstrations completed or carried through the year.....	1		208
209. Number of units in these completed demonstrations.....	250		209
210. Number of junior clubs <sup>2</sup> .....			210
211. Number of members enrolled.....	(a) Boys.....		} 211
212. Number of members completing.....	(a) Boys.....		} 212
213. Number of units involved in junior club work completed.....			213
214. Total number of different farms adopting improved practices relative to the miscellaneous work reported on this page.....	1		214
[Use space below to include other important data relating to miscellaneous work.]			

<sup>1</sup> Indicate zeros over column.<sup>2</sup> States which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completion.

## HOME-DEMONSTRATION WORK.

## FOODS.

Report only this year's extension activities and results that are supported by records.

## FOOD PREPARATION.

215. Number of project clubs or groups <sup>1</sup> .....	(a) Women.....	215
	(b) Juniors.....	
216. Number of members enrolled in food preparation.....	(a) Women.....	216
	(b) Girls.....	
	(c) Boys.....	
217. Number of members completing <sup>2</sup> .....	(a) Women.....	217
	(b) Girls.....	
	(c) Boys.....	
218. Number of method demonstrations given. (See definition 6, page 3.).....		218
219. Number of result demonstrations started or under way. (See definition 6, page 3.).....	(a) Women.....	219
	(b) Girls.....	
	(c) Boys.....	
220. Number of result demonstrations completed or carried through the year.....	(a) Women.....	220
	(b) Girls.....	
	(c) Boys.....	
221. Number of individuals adopting improved practices in bread making this year.....	(a) Women.....	221
	(b) Girls.....	
	(c) Boys.....	
222. Number of individuals adopting improved practices in meat cookery this year.....	(a) Women.....	222
	(b) Girls.....	
	(c) Boys.....	
223. Number of individuals adopting improved practices in vegetable cookery this year.....	(a) Women.....	223
	(b) Girls.....	
	(c) Boys.....	
224. Number of individuals adopting improved practices in preparation of dairy-product dishes this year.....	(a) Women.....	224
	(b) Girls.....	
	(c) Boys.....	
225. Number of individuals adopting improved practices in meal preparation and service this year.....	(a) Women.....	225
	(b) Girls.....	
	(c) Boys.....	
226. Number of homes budgeting the family food supply for the first time.....		226
227. Total number of different homes adopting improved practices relative to the food-preparation work reported on this page. (Include entries for questions 220, 221, 222, 223, 224, 225, and 226 less duplications.).....		227

[Use space below to include other important data relating to food preparation.]

<sup>1</sup> States which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completion.

<sup>2</sup> Items those who have finished the work undertaken, or such portion of it as it was planned to finish during the report year.

## FOODS—Continued.

Report only this year's extension activities and results that are supported by records.

## FOOD PRESERVATION.

226. Number of project clubs or groups <sup>1</sup> .....	(a) Women.....	} 226
	(b) Juniors.....	
229. Number of members enrolled in food preservation.....	(a) Women.....	} 229
	(b) Girls.....	
	(c) Boys.....	
230. Number of members completing.....	(a) Women.....	} 230
	(b) Girls.....	
	(c) Boys.....	
231. Number of method demonstrations given.....		231
232. Number of result demonstrations started or under way.....	(a) Women.....	} 232
	(b) Girls.....	
	(c) Boys.....	
233. Number of result demonstrations completed or carried through the year.....	(a) Women.....	} 233
	(b) Girls.....	
	(c) Boys.....	
234. Number of individuals adopting improved practices in preserving fruits and vegetables this year.....	(a) Women.....	} 234
	(b) Girls.....	
	(c) Boys.....	
235. Number of individuals adopting improved practices in preserving meats and fish this year.....	(a) Women.....	} 235
	(b) Girls.....	
	(c) Boys.....	
236. Number of homes providing better food storage for the first time.....		236
237. Total number of different homes adopting improved practices relative to the food-preservation work reported on this page.....		237
238. List below amount of food preserved by club members completing:.....		238

Kind of food.	(1) Women	(2) Girls	(3) Boys
(a) Fruits and vegetables canned..... quarts.			
(b) Meats and fish canned..... quarts.			
(c) Jelly and preserves made..... quarts.			
(d) Fruit juices made..... quarts.			
(e) Pickles made..... quarts.			
(f) Fruits and vegetables dried..... pounds <sup>2</sup> .			
(g) Meats cured..... pounds <sup>2</sup> .			

[Use space below to include other important data relating to food preservation.]

<sup>1</sup> States which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completion.  
<sup>2</sup> Finished product.

## NUTRITION.

Report only this year's extension activities and results that are supported by records.

239. Number of project clubs or groups <sup>1</sup> .....	(a) Women.....	239
	(b) Juniors.....	
240. Number of members enrolled in nutrition.....	(a) Women.....	240
	(b) Girls.....	
	(c) Boys.....	
241. Number of members completing.....	(a) Women.....	241
	(b) Girls.....	
	(c) Boys.....	
242. Number of method demonstrations given.....		242
243. Number of result demonstrations started or under way.....	(a) Women.....	243
	(b) Girls.....	
	(c) Boys.....	
244. Number of result demonstrations completed or carried through the year.....	(a) Women.....	244
	(b) Girls.....	
	(c) Boys.....	
245. Number of individuals balancing family meals according to approved methods for the first time.....	(a) Women.....	245
	(b) Girls.....	
	(c) Boys.....	
246. Number of individuals preparing better school lunches for the first time.....	(a) Women.....	246
	(b) Girls.....	
	(c) Boys.....	
247. Number of schools induced to serve a hot dish or school lunch for the first time.....		247
248. Number of children involved in preceding question.....		248
249. Number of homes carrying out improved practices in child feeding for the first time.....		249
250. Number of children involved in preceding question.....		250
251. Total number of different homes adopting improved practices relative to the nutrition work reported on this page.....		251

[Use space below to include other important data relating to nutrition.]

<sup>1</sup> Clubs which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completion.

## CLOTHING.

Report only this year's extension activities and results that are supported by records.

252. Number of project clubs or groups <sup>1</sup> .....	(a) Women .....	252
	(b) Juniors.....	
253. Number of members enrolled in clothing work.....	(a) Women .....	253
	(b) Girls.....	
	(c) Boys.....	
254. Number of members completing.....	(a) Women .....	254
	(b) Girls.....	
	(c) Boys.....	
255. Number of method demonstrations given.....		255
256. Number of result demonstrations started or under way.....	(a) Women .....	256
	(b) Girls.....	
	(c) Boys.....	
257. Number of result demonstrations completed or carried through the year.....	(a) Women .....	257
	(b) Girls.....	
	(c) Boys.....	
258. Number of individuals adopting improved practices in selection and construction.....	(a) Women .....	258
	(b) Girls.....	
	(c) Boys.....	
259. Number of individuals adopting improved practices in renovation and remodeling.....	(a) Women .....	259
	(b) Girls.....	
	(c) Boys.....	
260. Number of individuals adopting improved practices in millinery.....	(a) Women .....	260
	(b) Girls.....	
261. Number of individuals adopting improved practices in costume designing.....	(a) Women .....	261
	(b) Girls.....	
262. Number of individuals adopting improved practices in infant wardrobe planning.....	(a) Women .....	262
	(b) Girls.....	
263. Number of individuals adopting improved practices in children's wardrobe planning.....	(a) Women .....	263
	(b) Girls.....	
264. Number of individuals adopting improved practices in adult wardrobe planning.....	(a) Women .....	264
	(b) Girls.....	
265. Total number of different homes adopting improved practices relative to the clothing work reported on this page.....		265
266. Number of dress forms made this year by.....	(a) Women .....	266
	(b) Girls.....	
267. Number of dresses and coats made this year by.....	(a) Women .....	267
	(b) Girls.....	
268. Number of undergarments made this year by.....	(a) Women .....	268
	(b) Girls.....	
269. Number of hats made this year by.....	(a) Women .....	269
	(b) Girls.....	

[Use space below to include other important data relating to clothing.]

<sup>1</sup> Clubs which do not organize clubs or groups on a project basis should not report on this question, but should report on enrollment and completion.

## HOME MANAGEMENT.

Report only this year's extension activities and results that are supported by records.

226. Number of project clubs or groups	(a) Women	_____	} 270
	(b) Juniors	_____	
271. Number of members enrolled in home management	(a) Women	_____	} 271
	(b) Girls	_____
