March 2017

Camp Registration Is Just Around the Corner!

Mark Your Calendars for March 16, 2017, 5-7 pm at the Carroll County Extension Office

Can you believe it is already time to start planning for 4-H Summer Camp? Time has flown by and this year's camping experience will be even more exciting and beneficial for our campers. We will be camping with both Scott and Lee County. Our counselor's have already been selected and they are gearing up for an exciting week of camp. We hope you are getting excited as well.

There will be some changes to our registration process this year as the 4-H Center has made some changes to the camping program. Those changes affect how you will register for classes.

- ◆ Campers will no longer choose classes prior to camp. On Monday (of the camping week), campers will sign-up for classes at the 4-H Center. There will be a rotation for the camping color groups through: class sign-ups, swim test, camp store, and a recreation overview. During the class sign-up rotation, campers will choose the classes they want to take. Don't worry spaces will be divided up equally between the color groups to allow each group a fair chance at getting the classes they want.
- ◆ Horses will be part of the Small and Large Animal Care class this year.
- ◆ The 4-H Center is adding at least three new classes this summer:
 1. Painting- students will get to create their own painting and take home with them
 2. Multimedia/Technology: Camp Blog, Slideshow, etc. This class will incorporate the use of iPads for photography, slideshow production, videos, and more.
 3. Outdoor Living Skills: This class will also cover nature science/environmental education topics.

More changes are continued on the next page.

Camp Changes continued...

The 4-H Center is eliminating Swimming, High Ropes, and Fishing as camp classes. Now you can explore some other class options and more campers will have access to these three classes all week.

- With the morning class time, the air temperature is usually still cool. Swimming students also are sometimes uncomfortable in other classes after being cold & wet in the swimming class. Don't worry, you will have plenty of time to swim in the afternoon during your rec time.
- Zip line is going to become a camp wide alternate rec. Activity.
All 12-13 year-old campers who want to zip line will have the opportunity during a recreation period. Campers will sign-up for the zip line on Monday if they are interested.
- Fishing will be offered as a camp wide opportunity during available recreation periods.

** These are exciting changes because campers have more choices at camp to explore during class and rec time.
