and State Agricultural Colleges
Cooperating.

States Relations Service
Office of Extension Work South

REPORT OF WORK OF THE COUNTY AGENT

CALENDAR YEAR 1920

State Virginia

Counties around Petersburg

Report of K. N. Ellis

County Agent

From January 1 to December 31, 1920

Approved:

State Agent

Date Forwarded

Director of Extension Work

ANNUAL REPORT FORM AND INSTRUCTIONS TO AGENTS

The agent's annual report should be a complete summary of all the work performed during the year. This is the only record that the officials of the Extension Division of the State and the Department have of the agent's activities.

The only means of making such a report is to keep field notes or a field diary of everything that is done each day. It is well to not only keep notes of things actually done, but to make some brief observations of general conditions as found from time to time. Many things which seem of minor importance to the agent may be very valuable to the head offices when asked for detailed information regarding certain localities:

An agent's efficiency and the success of his work is necessarily judged from this Office by what is contained in his report. Your District and State Agent may know that you are rendering efficient service, but it is absolutely essential to have something on record to show that the work has been done, when outside parties who can not possibly inspect your work desire definite and accurate information in regard to the results that are being accomplished in local territory.

Every agent in the work has been instructed, by circular letter and by the supervising force at agent's meetings, as to the importance of keeping systematic records throughout the year. If this advice has been followed you should have no difficulty in rendering your annual report upon the forms which are herewith attached. These are broad enough to include the activities of the agents in the entire territory covered by the Extension Work in the South. Some of the questions will not apply to your local territory, and these, of course, need not be answered.

In some instances you will observe that the same form is used for several crops. Be sure to use separate sheets for each crop named under the heading. For example, take the sheet headed "Small Grains", under which are included oats, wheat, barley, and rye. In this case all the demonstrations in oats should be included on one sheet, all the demonstrations in rye on another, and so on for all the crops included under this heading.

Be sure to answer the questions in the order in which they are asked, and see that you give the information called for. If this is done, all the reports will be uniform when they are sent in to the State Agent's office, and in like manner the State Agent's reports will be uniform when sent to the Director's office in the State and then to the Washington Office.

It should be distinctly understood that these forms are only to summarize the statistical part of the report, and under each crop or heading such remarks, observations or points of interest as may be useful should be briefly written out. The back of the respective sheets may be used for remarks on the crops reported on. No doubt many interesting features will be called to mind, which, if written up and sent in to the State Agent's office along with the replies to these definite questions, would be very valuable in giving the report that personal touch which proves of great value and interest in all reports of this nature.

In collecting the replies to the questions of a personal nature, the agent will have to depend on his tact and good judgment in approaching the farmer. A few, no doubt, will be averse to furnishing you with some of the information asked for, but if reliable data could be collected with reference to these points, it would enable the Department to get a rather definite idea as to the beneficial effects of the demonstration work in your section.

The forms that we are sending out include the following crops, groups of crops, and other miscellaneous work of the County Agent:

C R O P S

Corn
Cotton
Tobacco
Small Grain
Hay & Forage
Cover Crops
Summer Legumes
Potatoes (Irish & Sweet)
Truck Crops & Gardens
Sugar Cane
Orchards

L I V E S T O C K

Horses
Dairy Cattle
Beef Cattle
Hogs
Sheep & Goats
Poultry
Live Stock Diseases & Pests

O T H E R W O R K

Fertilizers
Farm Manures
Silos
Dipping Vats
Seed Selection
Lime
Rotations
Pastures
Organizations
Farm Buildings
Drainage
Farm Machinery & Tools
Clearing Land, Stumps, etc.
Timber & Food Lots
Miscellaneous Demonstration Work
Effect of Demonstration Work on
Community, and Human Interest
Features
Successful Undertakings
Work with negroes
Boys Club Work

If there is anything in any of these forms that is not thoroughly understood discuss the matter with your District or State Agent or write to this Office for a more specific explanation.

MAP OF COUNTY
SHOWING KIND AND DISTRIBUTION OF WORK

The following sheet is to be used for an outline map of your county, to show the kinds and distribution of your work. Maps larger in size than this sheet may be used if desired. In some states, suitable maps, showing topography, railroads, rivers, election districts, etc., are obtainable from the Office of the State Geological Survey. It is suggested that a copy of the map furnished with your report be kept for your own office record, unless you already have one answering the same purpose.

The map is intended to show the approximate location of your various demonstrations, community clubs, boys' clubs, etc., each kind of demonstration club, or other activity to be indicated by the same sign or mark, so that a glance at the map will give a general impression of the nature and extent of the work. Be sure to enter at some convenient place along the margin of the map sheet a key or explanation to the various marks. For example, some such set of marks and key as the following might be used:

- | | | | | | |
|---|--------------------------|---|--------------|----|--------------------|
| ☆ | community organizations; | ⓔ | corn; | △ | cotton; |
| Ⓣ | tobacco; | Ⓜ | wheat; | Ⓢ | cats; |
| Ⓛ | legumes; | Ⓟ | potatoes; | Ⓞ | orchards; |
| △ | poultry; | Ⓢ | silo; | Ⓟ | livestock; |
| | | Ⓟ | boys' clubs; | cr | cream routes, etc. |

Additional signs may be used for other lines of work. The use of colored pencils for these signs, using one color for all the work of the same kind, makes such a map very effective. If further suggestions are desired in this connection write direct to this office. It is believed that a large outline map of the county, showing the kind and the location of the work, could be displayed to advantage in every county agent's office.

MAP OF COUNTY
SHOWING KIND AND DISTRIBUTION OF WORK

Space for Agent's Stamp

COUNTY ORGANIZATIONS

1. Is there a central ~~county~~ organization supporting your work? Yes
 If so, what is it called? Chamber of Commerce
 Who constitute its membership? Business men & farmers of Peterburg
 How is membership selected or appointed? Invited
 What is the membership fee, if any? from \$2.50 to \$25.00
 Who are its present officers? Val Parham, Pres.
H. C. Myers, V. Pres. W. H. Martin, Sec'y
 How long has this county organization been in existence? Several years

2. How many community farmers' clubs have you assisted in organizing this year? 4
 Total membership 225

3. How many community farmers' clubs have you in your county?
 Total membership _____

4. How many local lodges of Granges, Farmers' Unions, etc., as community organizations, are supporting your work?
 Total membership about 2000
 Are such Granges, Farmers' Unions, etc., included in your answers to Nos. 2 and 3? no

5. How many community farmers' clubs have ceased to exist during the year? not any
 (Give reason, using extra pages when necessary)

6. How many of these clubs are organized so as to include the farmers' wife, children, and others, in their membership? _____

Space for agent's stamp

COUNTY ORGANIZATIONS (Cont'd)

7. State several direct ways in which these clubs are helpful to the farmer and his family. (Use extra pages if necessary)

Farmers get together and discuss their problems. Quarters taken & get better schools, roads, churches etc.

8. Are these community farmers' clubs dependent on the county agent for their existence and the continuation of their efforts?

yes

9. Does each club have a community plan or program of work?
(Attach a copy of such plans for the past year)

To some extent

10. Does the county organization have a definite plan of work with reference to the county?

Yes

11. Have you so thoroughly organized your county that you have someone in every community or school district assisting you in extension work and through whom you can reach EVERY farm family in your county?

Space for agent's stamp

COOPERATIVE BUYING
AND SELLING ORGANIZATIONS

1. How many of your farmers' organizations buy and sell cooperatively? 22
2. State the quantity and value of each farm necessity or product bought or sold cooperatively by these organizations and the approximate saving to the farmer. Make a separate list of purchases and likewise one for sales, and indicate which are purchases and which sales. Report all livestock in carload lots, keeping the different kinds of livestock separate, for example, cars cars cattle; cars cars hogs, etc. Report all grains and potatoes in bushels and carloads, making a separate report on each kind of grain, i.e., 10 carloads, or 8000 bushels of corn. Report all seed in bushels, all fertilizer and lime in tons, and wool in pounds. In the column headed "value", report the amount at which the commodity was actually sold, or for which it was bought. If more commodities have been bought or sold than can be listed on this form, use an additional sheet. A full report on this subject is urged.

Article	Quantity		Value	Saving
	cars	bu., lbs. or tons		
*Bought <u>Wains</u>			\$40,000	\$
<u>Wax seed</u>			20,000	
<u>Wool</u>			25,000	
<u>Fertilizer</u>			5,000	
*Sold <u>Wains</u>			125,000	12,500
<u>Wax seed</u>				
<u>Cattle</u>			15,000	
<u>Cattle</u>				

3. Have you attempted to keep a bulletin board in your office, listing things for sale and things wanted?
4. Have you used the market news service of the U. S. Department of Agriculture or your State market news service?

Yes

*Use back of this sheet or separate sheets if there is not space here to list separately your purchases and sales. Carefully read No. 2 above.

CORN

(Including Kafir, Milo, Pasterita)

Separate sheet for each

1. Number of demonstrators *Have no individual demonstrators
we work mostly with groups.* _____
2. Number of demonstrators reporting _____
3. Total acreage of corn grown under improved methods on demonstration farms _____
4. Average yield per acre on demonstrations (bushels) _____
5. Estimated average yield for entire county (bushels) _____
6. Increased yield on demonstrations over ordinary methods (bushels) _____
7. *Profit resulting from increased yield on all corn demonstrations \$ _____
8. Number of cooperators _____; Acreage _____; Yield per acre (bu.) _____
9. Number of farmers testing seed corn for germination (bu. tested) _____
10. Number who planted pure or selected seed on their demonstrations _____
11. Acreage planted with pure or selected seed (acres) _____
12. Number of farmers you have influenced to select seed for next year's crop _____; Estimated amount of seed selected (bushels) _____
13. Number who fall-plowed their demonstration acres _____
14. Number who turned under cover crops on their demonstration acres _____
15. Number of acres harvested for silage _____; Yield per acre (tons) _____
16. Number of acres "hogged down" _____; Value per acre when utilized this way \$ _____
17. Number of acres treated for diseases or insect pests _____
18. How many farmers have you directly influenced to use better methods in growing corn this year? _____
How many indirectly influenced? _____
19. What per cent of all farmers in your territory are following demonstration methods in corn growing? (estimate) _____%
20. How many farmers does this represent approximately? _____

*NOTE: All extra costs incurred in making or handling the increased yield should be considered in arriving at this profit item.

SUMMARY OF
RESULTS OF BOYS' CLUB WORK

C r o p s

NOTE: Local agents, as well as county agents, having Farm Makers Clubs, should use this form for reporting results, the reports on the two lines of work to be kept separate. On the back of this sheet, or on a separate page to be attached hereto, furnish a list showing the kind, quantity, and value of boys club products, or materials used by boys club members, bought or sold cooperatively. Make a separate list for purchases and one for sales. Report all grains and potatoes in bushels and carloads, making a separate report on each kind of grain, as 10 cars corn or 8,000 bushels. Report all seed in bushels, all fertilizers and lime in tons, and wool in pounds. In reporting value, give the value at which the commodity was actually sold, or for which it was bought. A full report on this subject is urged.

SUMMARY OF
RESULTS OF BOYS' CLUB WORK

Livestock

NOTE: Local agents, as well as county agents, having Farm Makers Clubs, should use this form for reporting results, the reports on the two lines of work to be kept separate. On the back of this sheet, or on a separate page to be attached hereto, furnish a list showing the kind, quantity, and value of boys club products, or materials used by boys club members, bought or sold cooperatively. Make a separate list for purchases and one for sales. Report all livestock in carload lots, keeping the different kinds of livestock separate, for example, ___ care cattle; ___ care hogs, etc. In reporting value, give the value at which the commodity was actually sold, or for which it was bought. A full report on this subject is urged, and this form is for the purpose of facilitating the gathering of uniform data on boys' club work.

SUCCESSFUL UNDERTAKINGS

Each county agent will be expected to report three (3) important pieces of extension work attempted and successfully accomplished by him during the year. Details of your plan, method of procedure, and results, together with any other interesting facts and observations concerning each piece of work, should be included.

This sheet and as many additional sheets as are necessary should be used for this purpose.

One important undertaking is the sure red egg, cane paragon that will be set on here in the spring by ~~two~~ banks of the city. These banks were approached by some boards of directors & asked to place sure red fruiting on every farm -

Another thing will be the potato sure houses that will be ready for the farmers in one section by the next crop season.
