## Warm Winter Edition

### Are You Looking to Enroll Your Children in Something Positive?

4-H has many programs and opportunities for parents, adults and children.

What makes 4-H different from other youth organizations is that we promote leadership in youth. Within 4-H we partner youth with caring adults to guide and mentor them to help them achieve their goals. It is the youth who lead and direct the club according to their interests and goals. This is also why our teens are the leaders at camp. Their experiences in 4-H throughout the year prepare them for their role as camp counselor. The adults who help out at camp and work with our clubs all year are able to become advisors as we watch our teens take flight and become their own solid and secure person.

Our success as an organization and as a local unit is rooted in that partnership between caring adult volunteers and our youth. 4-H is where adults and youth find their voice, their purpose, their niche, and become who they always wanted to be while having fun and growing their network of forever friends.

**4-H is not just for kids! We need Adult Volunteers like you!**

There are many ways you can help 4-H and become a vital piece to increasing our reach and mentoring children right here in our community.

-If you have time during the day to present a program at one of our local elementary schools, YOU are needed.

- If you have time on a Saturday once or twice a month and would like to teach others a special craft or start a project with a group of people, YOU are needed.

- If you would like to create programs for our local youth to keep them out of trouble, YOU are needed.

Carroll County 4-H has an Adult Leader Council (4-H ALC) that advises and makes things happen for the youth in our 4-H clubs and community. If you would like to help us plan, create, and execute these activities and programs, please, come join us.
