This is a unique club in that each meeting entails cooking. Club members learn how to read recipes and food labels, build meals, bake, make candy, how to be safe in the kitchen and of course how to eat healthy and be healthy while enjoying foods they love with some cooking friends.

This club is currently meeting the first Saturday of each month in the cafeteria above the Carroll County Extension Office from 11am-1pm.

Parents are always welcome to attend with their children. Youth ages 8-13 are encouraged to join.

All 4-H Clubs are free and open to all. There is no better time than the present to get started.

FILM CLUB

JONETTE MUNGO- CLUB LEADER

Following the success of two years of making school based films with a few elementary schools, the RAE center, and a summer day camp, the time has come to offer this opportunity to Middle and High School students as an after school club.

Students will engage in all aspects of film making and television broadcast. We are looking to train a solid group of teens and tweens to plan, manage and operate broadcasts for the Carroll County 4-H YouTube channel.

Requirements: dependability and consistency. Contact Club Leader for meeting dates and locations.

TEEN LEADERSHIP

JONETTE MUNGO- CLUB LEADER

The focus of this club is to bring together like minded teens who want to make a difference in their community. Those who join this after school club will be taught and groomed to be the founders of a Youth Advisory Council for Carroll County. They will also learn etiquette, public relations, personal development and how to be a community activist.

Members must be 14-18 years old, dependable, consistent, and willing to think outside the box. Contact Club Leader for meeting dates and locations

LIVESTOCK CLUB

HILLSVILLE ELEMENTARY AFTERSCHOOL CLUB

Hillsville will be piloting a new afterschool program in which 4-H will be a part. Students in the program will develop a Livestock Club in which students will learn all about a variety of farm animals, how to care for them, work with them, raise them, and how to show them in county and state fairs.

GARDEN CLUBS

Currently exist at Hillsville Elementary, (Bobbietta Martin), Gladeville Elementary (Jennifer Johnson), Fancy Gap Elementary, and Gladesboro Elementary.

These are big programs and efforts. Schools are always looking for community partners willing to help out and benefit from the efforts of students to grow and tend to their school based gardens. Activities take place during and after school.

Garden Clubs are for students and the community so, please, inquire about how you and your child can be a part of the gardening movement.
