'58 BUGLE

The direction in which education starts a man will determine his future life . . .

Plato

VIRGINIA TECH

presents the . . .

NINETEEN FIFTY-EIGHT

BUGLE

ANOTHER year at TECH has passed into history. It was a momentous year, one that will long be remembered. It was the object of this year's BUGLE Staff to compile for you a tangible record of these moments—an album of friends, an outline of activities, and a treasure of memories.

SKIPPY MILLER
EDITOR

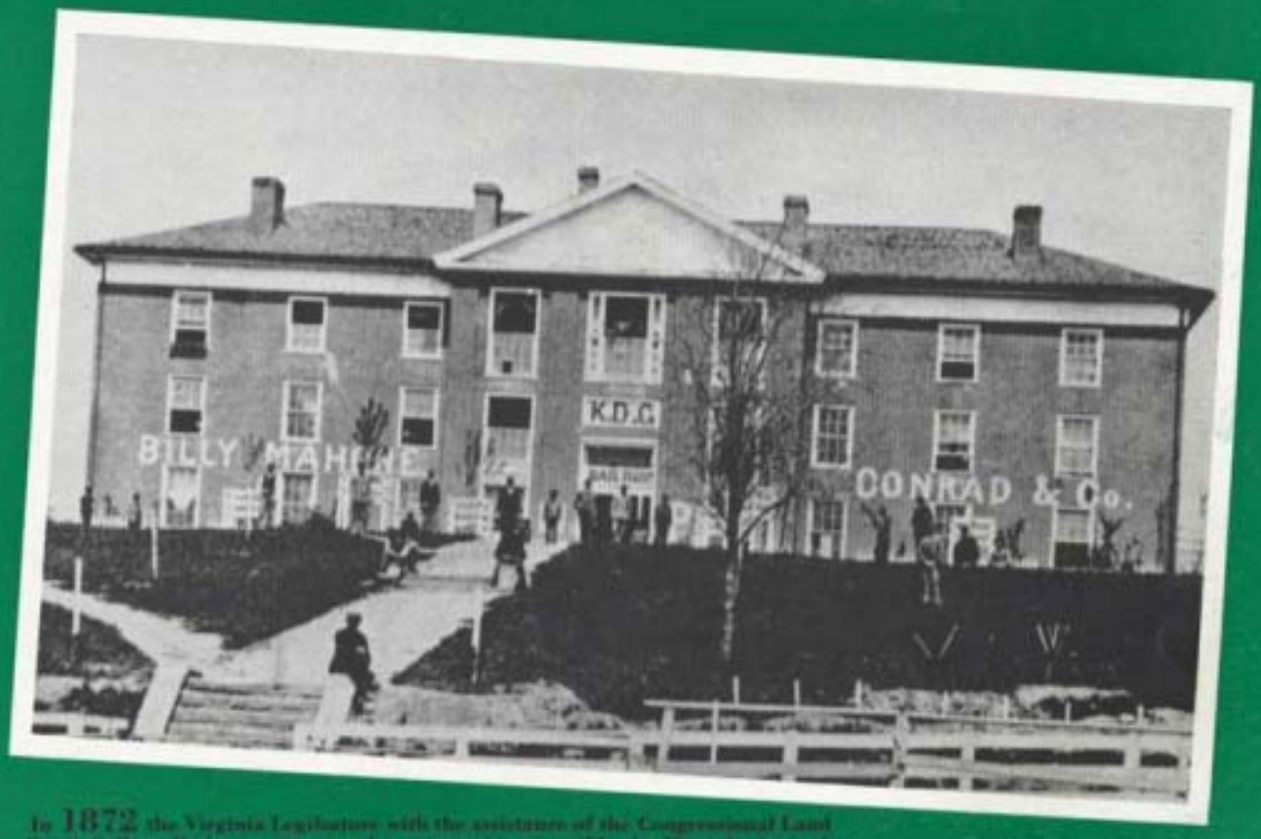
ROBERT W. LUMPP
BUSINESS MANAGER

PROF. G. T. BAIRD
FACULTY ADVISOR

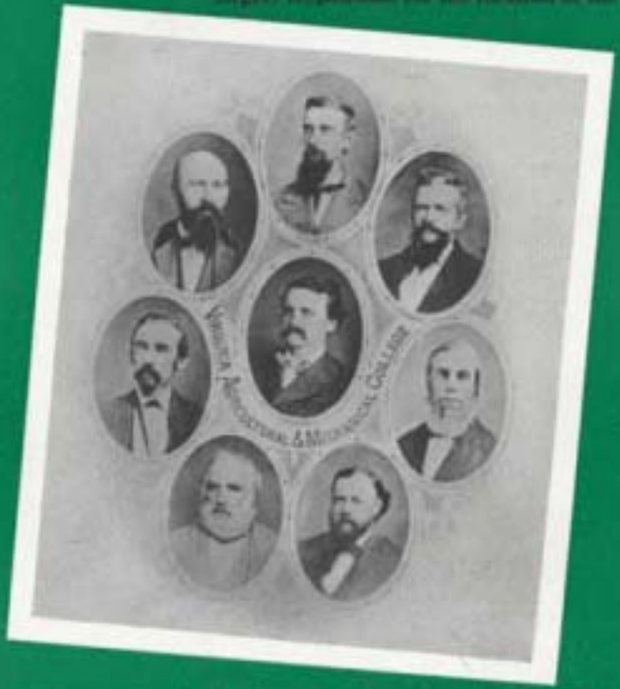
OUR campus today is the tangible evidence of the activity of those gone before—those men with the ability to foresee the needs of the future. Today we are on the threshold of a new era. With the year 1958 we see our campus expanding, but in order to fully conceive this rapid growth we must turn back a few years, to the year it all began . . .

Progress is the . . .

Activity of Today . . .

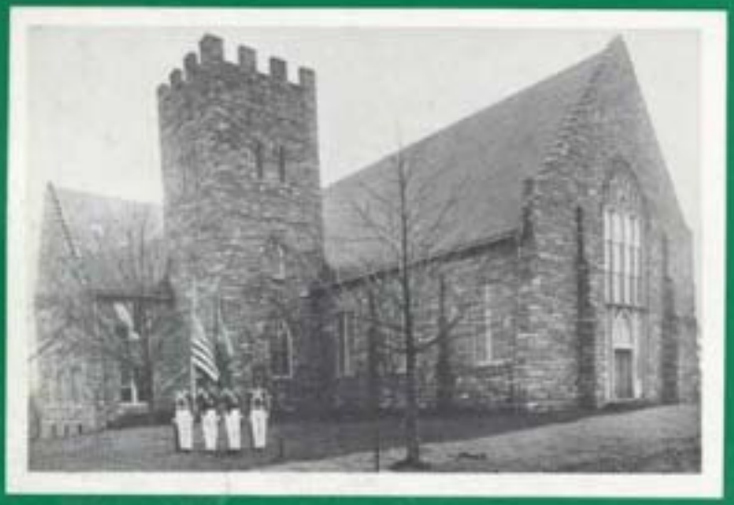


In **1872** the Virginia Legislature with the assistance of the Congressional Land Grant College Endowment passed an act making possible the Virginia Agricultural and Mechanical College. An offer by Montgomery County of $20,000 and the grounds and buildings of Preston and Olin Institute (pictured above) was largely responsible for the location of the college at Blacksburg.



The legislature, being unfamiliar with the prevailing climate of this mountain resort, immediately approved the site. The Original Faculty (above left) consisted of only eight members with Dr. C. L. C. Minor as the first president. Military training has been an integral part of the campus life since the founding of the school. The Guard Room in 1888 is pictured above right.

and the Assurance . . .



It can be seen that in the past no one thing has determined what we think of as V.P.I. Buildings, sports, social activities, and even the military activities during the war have all added their influences in the molding of this Institution as we know it today.

But TECH is not just an Institution, with all its buildings, traditions, and activities, it becomes a way of life.

TECH, in the past, has been judged by the character and abilities of past TECHMEN. As our Institution expands and becomes more influential in society it is important that we, the TECHMEN to be judged in the future . . .

. . . also improve our character and abilities as we are now becoming a part of TECH'S history.

# of Tomorrow . . .

WE DEDICATE

TO MEN WHO DEVOTE THEIR LIVES TO HELPING OTHERS, REWARD IS NOT NECESSARY. THEIR REWARD COMES, NOT IN HONORS OR MONETARY GAINS, BUT IN THE SIMPLE THANK-YOU OF SOMEONE THEY HAVE HELPED.

WE, THE CLASS OF 1958, DEDICATE THIS YEAR'S "BUGLE" TO A MAN WHO HAS DEDICATED HIS LIFE TO TECH AND TO TECHMEN.

AS A MEANS OF EXPRESSING OUR APPRECIATION FOR YOUR LEADERSHIP AND GUIDANCE, WE GIVE THIS SMALL TOKEN, A YEARBOOK DEDICATION, AS WELL AS OUR THANKS.

PAUL N. DERRING, SERVED AS DIRECTOR OF THE Y.M.C.A. FOR THIRTY-NINE YEARS. LAST YEAR, HE WAS APPOINTED DIRECTOR OF RELIGIOUS AFFAIRS. REGARDLESS OF THE TITLE OF HIS JOB, MR. DERRING DOES BASICALLY THE SAME KIND OF WORK. HE GIVES SERVICE TO THE COLLEGE COMMUNITY. HIS TYPE OF SERVICE KNOWS NO BOUNDS. HE IS A COUNCILER, GUIDE, AND DIRECTOR WHO HAS FOR MANY YEARS HELPED TECHMEN SURMOUNT THE PROBLEMS WHICH LIFE PRESENTS.

TO PAUL N. DERRING, WE GIVE OUR THANKS AND THIS DEDICATION AS PART PAYMENT ON A DEBT WHICH SOCIETY CAN NEVER FULLY REPAY.

ADMINISTRATION

President's Message

Progress in a scientific and technical institution such as ours may be evaluated by increased service through improvement in quality of instruction, expanded basic and applied research, more effective extension programs and greater competency on the part of graduates.

It has not been the policy of our governing board to encourage new areas of instruction and research beyond those closely related to science, engineering, agriculture, home economics and business. These areas are comprehensive in themselves and have been expanded to include closely related fields of endeavor such as nuclear engineering, biochemistry, animal nutrition, urban planning and other facets of instruction and research necessitated by recent scientific developments and needs of our society.

The basic principle of a land-grant college is through research, instruction and extension to contribute to the economic and social development of our state and nation. We also have a responsibility to assist students and adult citizens in achieving competency in their vocations and in their contribution to our mode of living.

The growth of the institution in students and in service to industry and business is evidence of its attempt to live up to its motto, *Ut Prosim*— "That I Might Serve." As the alumni of the college are filling a great number of positions of leadership in business, industry, agriculture and government, it appears that our contribution is becoming greater.

It is necessary in the development of any institution such as ours to increase the physical facilities and progress has been made along these lines. Too often, however, we are inclined to measure the value of an institution in terms of stone and mortar, whereas lasting values are those that contribute to the development of men and women of intellectual integrity and high moral fiber.

THE CORPS

MAJOR GENERAL JOHN M. DEVINE
Commandant Corps of Cadets

A MESSAGE FROM THE COMMANDANT

I congratulate the Class of 1958 upon the contribution you have made to V.P.I. and to the Corps of Cadets. You have accepted your responsibilities as leaders and have set the standards for the future. The Corps cannot stand still—it must go either forward or backward. Under your leadership it has gone forward.

The Corps leaves upon its members an indelible imprint. The quality of that imprint depends upon the effectiveness of the Corps in accomplishing its mission of contributing to the development of the well-rounded man. The effectiveness of the Corps in turn depends upon the leadership of the Senior Class. You have done well, Class of 1958, in providing sound leadership. Your influence will long be felt at V.P.I.

I wish you well in the future and I trust that the principles and ideals you have learned in the Corps will always remain a part of your life.

CORPS OF CADETS

OFFICERS

CECIL D. QUILLEN, JR. ..... *President*
ROBERT T. SANTORO ..... *First Vice President*
JOHN E. HARRIS ..... *Second Vice President*
DONALD C. MORRISON ..... *Secretary*
JOHN W. THOMPSON ..... *Treasurer*
RICHARD T. CROWDER ..... *Sergeant-at-Arms*
WILLIAM M. DIXON ..... *Chaplain*

The V.P.I. Corps of Cadets was established in 1872 with an enrollment of 132 members. Since then, the Corps has grown in size to over 2000 members, and its reputation for producing men of high character and honor has spread throughout the nation.

The influence of the Corps in student affairs is predominant. Its colorful traditions and robust spirit are the backbone of the campus.

We take great pride in the strength and effectiveness of our Honor Court, Executive Committee, and Senate. These organizations have worked diligently toward the betterment of the Corps and V.P.I. itself.

The pride of being a part of the V.P.I. Corps of Cadets will live forever in the hearts of each of its members.

THE CIVILIANS

DIRECTOR OF STUDENT AFFAIRS

Those of us who stay behind would like to express to the members of the Class of 1958 our appreciation for the contribution you have made to V.P.I. and its way of life. Your enthusiasm throughout the four years you have been here has lifted our spirit, the energy you have exhibited has created in us a desire to work harder, your loyalty has engendered in us a stronger feeling for the College. With your continued help in the future we trust that V.P.I. will grow in a manner that will make you proud to speak of your Alma Mater.

For helping us in so many ways we want to say, "THANK YOU VERY MUCH."

CAMPBELL HALL EAST—FEDA DORM CLUB

FEDA was organized in the fall of 1955 among the students of Campbell Hall 8E. It has since grown rapidly and distinguished itself through active participation in campus activities.

The purpose of the FEDA Club is to foster a fraternal relationship among the students in the dormitory, offer an outlet for social and athletic activities, promote the welfare of the student, and work towards unity within the Civilian Student Body.

TAU EPSILON KAPPA

Tau Epsilon Kappa was organized on campus in 1953 and has constantly gained prestige through hard work on the part of the past and present members, until it is now one of the foremost organizations on campus.

We wish to thank the faculty and the administration of the school for their cooperation and understanding so that this present status could be achieved.

Tau Epsilon Kappa is founded on the principles of stimulating interest in campus and civic activities, encouraging scholastic achievement and promoting closer relations among the students on campus.

To the members of the class of '58 we hope the future holds happiness and prosperity. To the members of future graduating classes, we say "Good Luck," and we hope to be able to serve you in the years to come.

COTILLION CLUB

R. A. FRICKE
President

MRS. R. A. FRICKE
Sponsor

Since the founding of the Cotillion Club in 1915, the organization has worked to attain its purposes of improving the social conditions within the Student Body, improving the social relations between the Student Body and the Faculty of the Institute, and sponsoring non-profit dances during the scholastic year. In this forty-sixth year of service to the school, the Cotillion Club continues to ban together the gentlemen of the college to carry out its purposes in a way worthy of its Alma Mater and the organization.

The Cotillion Club sets as its goal the recognition of the value of a good social background for the well developed student, and through its function works toward this goal.

GERMAN CLUB

The V.P.I. German Club, established in 1892, is the oldest social organization on the Tech campus. Mindful of its traditions, the club has sought to provide dances, that reflect the highest credit upon itself and upon the college.

Since its founding the club has been an integral part of the social activity on campus. It initiates new students into the social life of the college through its annual Freshman Dance, and furnishes the basis of this social life by providing three formal dances during the school year.

It is the prime duty and obligation of each club member to strive to create the utmost in hospitality and congeniality at each German Club function, and to promote graciousness to the guests of the club.

The high personal integrity and ability of its members indicate that the high aims set forth at the time of its founding will continue to be maintained.

Service and pleasure are two important reasons why the 50 members of this semi-social, semi-culture organization meet every week for regular rehearsals. Under the inspiring direction of Mrs. Helen Rose Holland, the hard-working, music-loving members of this group gave time and effort to learn the fine art of singing, striving earnestly through every stage from sight-reading to the memorized, finished product to make their music beautiful. Not only do they find joy in song but also give pleasure to others and serve their college and community whenever needed. These are the goals which constantly challenge the combined abilities of the members . . . . . a challenge which they gladly accept and at the close of the year pass on to the next generation of Glee Clubbers.

The Maroon Mask is the dramatic society of V.P.I. Its main purpose is to provide an outlet for talent in dramatics, both on the stage and back stage. Of no lesser importance is the entertainment offered the student body by the work of the Maroon Mask. Loyalty, friendship, and co-operation are essential for such creative work. With these aims in mind, the Mask proudly presents each production.

"THE COLLEGIATES"

The sole aim of any musical organization is to achieve a full, professional sound, and we, in the Collegiates, feel as if we are progressing rapidly towards that goal. Each year we find ourselves with more and better musicians, eager to display their musical talents through such an organization. The musicians themselves are inspired and possess the technique, versatility, and individuality which enables the band to move towards greater heights, with new and dynamic concepts in music. Each are jazz followers, and understand the perfection of the jazz greats, and hence, strive for that perfection within their own musical organization. We feel as if the band is growing in popularity, for the dances we play for are steadily increasing, and now even include a Christmas tour. With all of this information concerning the band, is it any doubt that we deserve the title of "V. P. I.'s own dance band?"

The Virginia Tech Chapter of the American Dairy Science Association is comprised of students in dairying and all others interested in the field of dairying.

The club sponsors a dairy cattle judging team and a dairy products judging team. An annual publication, *The Milky Way* is published by the dairy club. Each spring on the club trip, members visit various dairy farms and plants throughout this section of the country.

The main purposes of the club are: to promote fellowship among its members, to develop and encourage leadership in the field of dairying, and to bring the dairy students closer to the problems in the field of dairying by having informative programs.

The VPI Student Section of the American Society of Agronomy has for its members agricultural students interested in any phase of soils and/or field crops. These members share in the various opportunities of education, leadership, and fellowship offered at the club meetings and activities. Current developments in the fields of agriculture, specifically Agronomy, are presented at club meetings by way of films, slides, and speakers. The annual activities of the club include participating in the Homecoming float parade, attending national conventions of the A.S.A., touring several states between the winter and spring quarters, participating in soil judging contests, building and entering exhibits in the VPI Agricultural Exposition and enjoying good food and fellowship at the Agronomy student-faculty picnic in the spring.

The VPI 4-H Alumni Club is an organization for all former 4-H Club members and extension agents on campus. It was organized to provide a means whereby 4-H members could continue active in club work while attending college. Club programs consist of guest speakers, movies, socials, and an annual banquet. The club joins with the Blacksburg 4-H Club and Radford College in sponsoring campus-wide events, and participating in National 4-H Club Week. It enters a float in the homecoming float parade, and has exhibits for the Horticulture Show and Agricultural Exposition. Through a spirit of fellowship, leadership, and achievement, it strives to uphold the motto of 4-H members of all ages, "To Make The Best Better."

The VPI Association for the Advancement of Engineering, organized entirely of students from the School of Engineering and Architecture, was established as a pioneering venture of its kind in 1949. The purpose of this Association is to promote the advancement of the School of Engineering and Architecture and its student body, and to represent this student body in its relationships with the administration of the college.

The concept of an Engineering Conference is broad in scope and execution, extending from a high school science fair to nationally known convocation speakers, engineering symposia, industrial exhibits, and fellowships. An opportunity is afforded for business men and practicing engineers to exchanging ideas and ideals with Virginia Tech students, and for these visitors to the campus to examine at close range the engineering training that is offered by Virginia's Land Grant College.

The AIEE (American Institute of Electrical Engineers) and the IRE (Institute of Radio Engineers) are combined into a joint student branch of the two national parent organizations. This student chapter is designed to aid Electrical Engineering students in becoming better acquainted with their department and fellow students. This chapter also serves as a link between school and industry. Guest speakers from various branches of industry are scheduled regularly to give talks and demonstrations concerning the electrical engineer's place and duties in industry by acquainting the students with advances in research and production.

The chapter's participation in the annual Engineering Conference here at Tech gives students an opportunity to use their ingenuity in designing displays and laboratory demonstrations. Although this is a curricular, not a social club, social activities are held to promote fellowship between the students.

The VPI Post of the Society of American Military Engineers is a recognition society for students either in engineering or Army ROTC. The VPI Post was chartered in 1937 and is the only student post in the State of Virginia.

The objects of the society are in the interests of National Defense to:

1. Advance the knowledge of the science of military engineering.
2. To encourage, foster and develop relations of helpful interest between the engineering profession in civil life and that in the military service.
3. To encourage, foster and develop between military engineers and other arms of the military service a spirit of cooperation and mutual understanding of their respective duties, capabilities and limitations.
4. To preserve the memory of the services rendered by the engineer profession in defense of this nation.
5. To hold meetings for the presentation and discussion of appropriate topics and for social and professional intercourse.

R. H. B. THOMAS
President

FACULTY MEMBERS

Dean G. B. Johnston	Professor R. H. McNeil
Professor G. T. Baird	Professor R. D. Michael

The Publication Board is the administrative body governing all of the recognized publications at V.P.I. The student membership is composed of all publication heads, the president of Pi Delta Epsilon, and a representative from each of the student bodies. The faculty is represented by the Director of Student Affairs, and three other members selected by the board.

The purpose of the Board is to govern the major policies of each of the publications, to direct and coordinate their activities, and to select the publication heads for each year.

The Board wishes to thank all of those who have made it possible to again have publications at V.P.I.

Putting together a yearbook has all the thrills of a jigsaw puzzle worked in a coal-mine at midnight. None of the pieces seem to fit together, and most of them are hidden out of sight of the staff. Pictures turn up of strange people that no one recognizes. Strange people show up that no one wants to recognize. Whole groups of people disappear in a matter of hours. It's sort of like playing God and putting the whole Institution together piece by piece.

As the Editor hopefully checks off the pages, staff members alternately phone photographers, searching for anyone who might know the third guy from the left. This combined with efforts to trace a lost dictionary, safeguard pictures from inquisitive visitors, and uncover missing copy made for an entertaining, if not harried, season.

It didn't take many weeks to realize that the joys of producing such a large yearbook would be anything but joys for profs who tried to trace hard-to-find editors, editors who tried to trace hard-to-find staff members and staff members who tried to trace layouts and write copy at the same time. The crowning blow landed when some innocent students, unacquainted with the ways of eccentric yearbook personnel, dropped in to remark something about, "It must be easy to put out a yearbook—after all, there's only one a year."

Thank heavens!

The Virginia Tech for 1958, like any other campus activity, was successful not through the efforts of only one individual, but through the joint efforts of many.

The editors this year did an outstanding job but behind each of them was a staff of fellow students who expressed their desire to contribute to campus activities by hard work.

The thankless jobs in the business department were also ably handled. These jobs which do not even receive the recognition of an occassional by-line were done by people who unselfishly gave their time and energy.

The *Virginia Tech Engineer* is an engineering magazine published five times a year by the students in the School of Engineering and Architecture. Its purposes are: to present, in a useful manner, material on engineering; to publicize V.P.I. Engineers, graduate and undergraduate, and their accomplishments; to foster interest in technical writing, not only for the members of the staff, but for any student engineer who has a worthwhile contribution.

In publishing the magazine, this year's staff has had a lot of fun along with the experience gained. The staffs of Bill Rakestraw and Bob Budd have endeavored to keep business before pleasure, and have thereby promoted an efficient cooperation behind the scenes of this publication.

Radio is one media of presenting news, publicity, and entertainment. At Tech, WUVT has made its impression as a radio station due to the every day schedule of broadcasts. The personnel of WUVT have an especially hard job since they are meeting the public every day with commercial copy, news, chatter, and music.

Public service plays a great role at WUVT also. In the past ten years WUVT has originated over seven coast-to-coast broadcasts with student technicians and announcers. During this time the station has worked to the present goal of being the third rated college radio station in the country based on commercial advertising. With this feather in its cap, WUVT has celebrated a most gracious tenth anniversary.

This year WUVT originated the Southern Conference Basketball Tournament for broadcast at Tech. Also the APO radio-thon made its annual appearance on the air along with a new project at WUVT, un-interrupted study music during exam week.

The staff members can leave Tech with a well rounded understanding of radio and its inside workings.

The Tech-Nique, V.P.I. student agricultural publication, is now bringing to a close its fifth year of publication.

The year has not been without its problems, but most of these difficulties have ironed themselves out with time. It has been a year of advancement. We have become firmly established as a permanent part of the School of Agriculture and of V.P.I. Contacts made with various people in the state have proven profitable to both our publication and to the institution.

It has, in some respects, been a year of change, for to exist, changing conditions and circumstances must be taken into consideration and dealt with accordingly.

Although change is a necessity for a successful publication, the adherence to a basic policy or mission is likewise a necessity. Our mission was set forth by the first editor. We attempt to fulfill these basic purposes:

"To create more interest and enthusiasm in agriculture among the students.

To create a better relationship between the students and faculty and the activities in the field of agriculture.

To give the students experience in business and journalism that will help them throughout life.

To furnish the students, as well as the faculty, with articles that will be of interest and of educational value.

To give us a connecting link with the extension department off campus, alumni, and prospective students.

To add prestige and publicity to the School of Agriculture."

These purposes cannot be fully realized, for they were formulated and written with the realization that nothing is perfect—all things can be improved upon. Each staff in succession can improve on the job done by those who preceded them. Only in this sense, in the act of striving and seeking, can we accomplish our purposes.

PHOTOGRAPHIC STAFF

SHEFFEY N. MASSEY
Director

SHEFFEY N. MASSEY ..... Director

DAVID W. GREGORY, SID BARRETT ..... Members

The Photographic Staff is among the youngest organizations on the campus. Founded only five short years ago it has progressed very successfully. It was formed when it was found that it was impossible for each publication to have its own photographer and still get all of its work done. The function of our department is to take, process, and deliver pictures to any and all Tech publications. Photographers on the staff cover all major sports events, campus activities, and aid the publicity board. Although students, these shutterbugs make themselves available whenever a picture needs to be taken. Just a glance at your BUGLE will give you an idea of the volume that the staff turns out for this one publication.

ARNOLD AIR SOCIETY

This organization was established at the first Air ROTC summer camp at Langly Air Force Base under the name of Arnold Society of Air Cadets. In May of 1950, the name was changed to the Arnold Air Society in honor of General Happ Arnold, the first Five Star General of the Air Force.

The purpose of the Arnold Air Society is to recognize those students enrolled in Advance Air ROTC who have distinguished themselves by their academic and military achievements.

A V.P.I. Squadron was formed on this campus in January, 1949. This squadron has the distinction of being the second squadron formed in the nation, and was assigned the designation of Squadron A-2.

Each year since it has been at V.P.I., it has grown both in number and spirit. Some of its various activities include two pledge weeks followed by banquets and the sponsoring of a Blood Mobile Drive. The Squadron also sponsors a Military Ball and Homecoming Queen in co-ordination with the Scabbard and Blade.

BLOCK AND BRIDLE

The Block and Bridle Club was founded on December 12, 1919 and the Virginia Tech chapter received its charter in December, 1935. The objectives of this honorary organization are to promote a higher scholastic standing among students of Animal Husbandry, especially all phases of student Animal Husbandry work in colleges and universities and to bring about a closer relationship among the men pursuing some phases of animal husbandry as a profession. Although the Block and Bridle Club is primarily an Animal Husbandry organization, there are included in the membership men from many other curricula.

ETA KAPPA NU

R. G. KNUEPPEL
President

MRS. D. J. KNUEPPEL
Sponsor

Eta Kappa Nu, the electrical engineering honor society, was founded in 1904 at the University of Illinois, and in 1940 the Beta Lambda chapter was installed at VPI. Membership in the association is a badge of distinction for those electrical engineers who, by their attainment in college or in practice, have manifested a deep interest and marked ability in their chosen profession. The aim of Eta Kappa Nu is to promote fellowship among electrical engineers in order to maintain the close union necessary for the advancement of the profession.

Pershing Rifles is a National Honorary Military Society whose purpose is to encourage, preserve, and develop the highest ideals of the military profession and to recognize these ideals in college ROTC students.

In its twelfth year at Tech, Company E-5 has enjoyed a most successful season. The unit, comprised of thirty-nine men, attended the Annual Cherry Blossom Festival in Washington, D.C. and won third place. The company won first place for best drilled individual, second place for the basic drill division, and third place for the trick drill division at the Pershing Rifles Drill Meet held in Pittsburgh, Pennsylvania.

The company also attended the Apple Blossom Festival in Winchester, Virginia. Other appearances included the Armed Forces Day Parade in Roanoke, the Jamestown Festival in Jamestown, and a Homecoming performance here at Virginia Tech.

The company concluded its drill exhibitions under the present officers by appearing in the Governor's Inaugural Parade in Richmond, Virginia.

OMICRON DELTA KAPPA

R. G. JUSTICE
President

MRS. R. G. JUSTICE
Sponsor

The Alpha Omicron Circle of the Omicron Delta Kappa Honorary Leadership Society is observing its twenty-fifth year of activity at Virginia Polytechnic Institute.

During those years the Circle has strived earnestly to recognize achievement and leadership in scholarship, athletics, social and religious affairs, publications, and forensic and applied arts. The five indispensable qualifications for membership are character, leadership and service in campus life, scholarship, fellowship, and consecration to democratic ideals. ODK recognizes these men of high attainment and brings these representative men together with members of the faculty to discuss campus problems and help guide campus opinion.

The combined membership of faculty and student leaders insures the success of the ODK idea in its concern for campus-wide activities at Virginia Tech.

PHI KAPPA PHI

The Honor Society of Phi Kappa Phi was founded in 1897. There are 74 chapters in the United States. Its purpose is to emphasize scholarship and character in the thought of college students, and to foster the significant purposes for which institutions of higher learning have been founded. Phi Kappa Phi has tended to stimulate mental achievement by recognition through election to membership. This membership is limited to those students who are among the upper one-eighth of their class. Only one-tenth of any class, however, may be elected. The V.P.I. Chapter was installed in 1921 with fourteen charter members. Since that time there have been 1803 members elected.

PI DELTA EPSILON

C. E. THORNLEY
President

MR. AND MRS. THORNLEY
Sponsor

Pi Delta Epsilon is our national honorary journalistic fraternity. The V.P.I. Chapter is the second oldest honorary fraternity on the campus, having received its charter May 1, 1930. Members are selected from those juniors and seniors who have distinguished themselves by outstanding ability as staff members of campus publications. The fraternity has as its objectives the promotion of student participation in undergraduate publications and the elevation of the cause of journalism.

PI TAU SIGMA

Pi Tau Sigma was founded on March 16, 1915 in order to establish a closer bond of Fellowship which will result in mutual benefit to those men in the study and in the profession of mechanical engineering, who by their academic or practical achievements, manifest a real interest and marked ability in their chosen work. The aim of this organization is to foster the high ideals of the engineering profession, to stimulate interest in coordinate departmental activities, to promote the mutual professional welfare of its members, and to develop in students of mechanical engineering the attributes necessary for effective leadership and the assumption of the responsibilities of a citizen in a democracy.

SCABBARD AND BLADE

Scabbard and Blade, national honorary military society is composed of the outstanding senior officers in the Cadet Corps in the different colleges and universities of the nation. It seeks to develop those attributes of military appearance, ability, and personality combined with that breadth of interest necessary to make an officer and a gentleman. Company L, Seventh Regiment was installed at V.P.I. in May, 1938. Its membership is restricted to those who show exceptional qualities of leadership. The purpose of the society is to promote any ideals which might contribute to the development of the essential qualities of good and efficient officers.

TAU BETA PI

The Tau Beta Pi Association was founded at Lehigh University in 1885 by Edward Higginson Williams, Jr. to mark in a fitting manner those who have conferred honor upon their Alma Mater by distinguished scholarship and exemplary character as undergraduates in engineering, or by their attainments as alumni in the field of engineering, and to foster a spirit of liberal culture in the engineering colleges of America.

The Virginia Beta Chapter was installed at V.P.I. in 1933. Since that time, the chapter has endeavored to promote the ideals of Tau Beta Pi on the Virginia Tech Campus.

RELIGIOUS

BAPTIST STUDENT UNION

The Baptist Student Union is the link between the students at V.P.I. and the Blacksburg Baptist Church. Through Christian fellowship, Bible study, prayer and participation in church activities, it seeks to draw the student into a closer relationship with Christ and to help him to know the full meaning of a Christian life. It also seeks to reach those students on the campus who are not active in Christian work.

A student becomes an active member when he joins the local Baptist Training Union. The active membership is now 368 students.

The Wesley Foundation is the Methodist Church at work on the local campus. Every entering Methodist student is automatically a member of the Wesley Foundation. However, membership is not restricted to this group and students of other faiths and lands find spiritual fulfillment within the group, and enjoy the benefits of the "always open door" at the Wesley Foundation House and the full-time minister to students.

Realizing the potential for service by the college graduate in his local church, the Foundation encourages the student to participate in all its activities and begin taking an active part in church life.

Warm friendship and wholesome recreation are provided by the Foundation to round out the students' campus life!

The V.P.I. Apple Club was formed in 1941 to assemble the students from Warren, Clarke, Fauquier, Frederick, Loudoun, Rappahannock, Page, and Shenandoah Counties in Virginia; and Washington County, Maryland. Primarily the Apple Club is a social organization. Dances and outings are held for the entertainment of the club members and their friends. Meetings and smokers bring the students together on campus. Keeping in mind that education is one of man's greatest privileges, the Apple Club, in 1956, established "The V.P.I. Apple Club Scholarship" to be awarded to an entering freshman on the basis of need, character, and ability.

The V.P.I. Chess Club was organized at the end of Winter Quarter, 1957. The purpose of this organization is to promote an interest in chess among the students and faculty of V.P.I. To achieve this end, the club has arranged matches with other colleges as well as holding club tournaments.

During the Fall Quarter of 1957, the club initiated a chess team which represented V.P.I. for the first time, in intercollegiate match play. This team has done a fine job against veteran teams.

The V.P.I. Emporia Club was formed four years ago to foster a closer relationship among students of the Emporia area, and to aid new students in adjusting to life at Tech.

Since the club is primarily a social organization, the highlight of the year is the annual Christmas dance; which brings together both alumni and students during the holiday season. Other activities include annual picnics in the spring and various socials during the school year.

The Peanut Club is one of the many sectional clubs on the Tech campus. Any student residing in the cities of Suffolk, Smithfield, or Franklin, and in the counties of Nansemond, Isle of Wight, and specified sections of Surry, and Southampton is eligible for membership. The club operates on a non-profit basis and the business of the club is of a strictly social nature. Meetings are held every other week at which time business is discussed, followed by a movie or refreshments. The club's highlight of the year is the annual Christmas dance held in Suffolk.

The Richmond's main function at V.P.I. is to provide a congenial method of enabling boys from the Richmond area to get together in a care-free atmosphere. This responsibility was met with great success in 57-58 as shown by the list of activities that were held in Richmond during the school year. A good starter was the party at the Richmond Hotel after the Tobacco Bowl game. A little more than a month later, the very successful Thanksgiving Party was held at the John Marshall Hotel. Before the dust in the books was fully removed, the Christmas Holidays were here and John Marshall again played host to our annual Christmas Party and the much talked about New Year's Eve Party. As usual, winter and spring quarters were quiet with only the Spring Party for members and the picnic-party at the end of the school year. The Richmond Club has always strived to provide entertainment and pleasure for its members, Tech students, and visitors from other colleges. We sincerely hope that next year will be as successful as 1958.

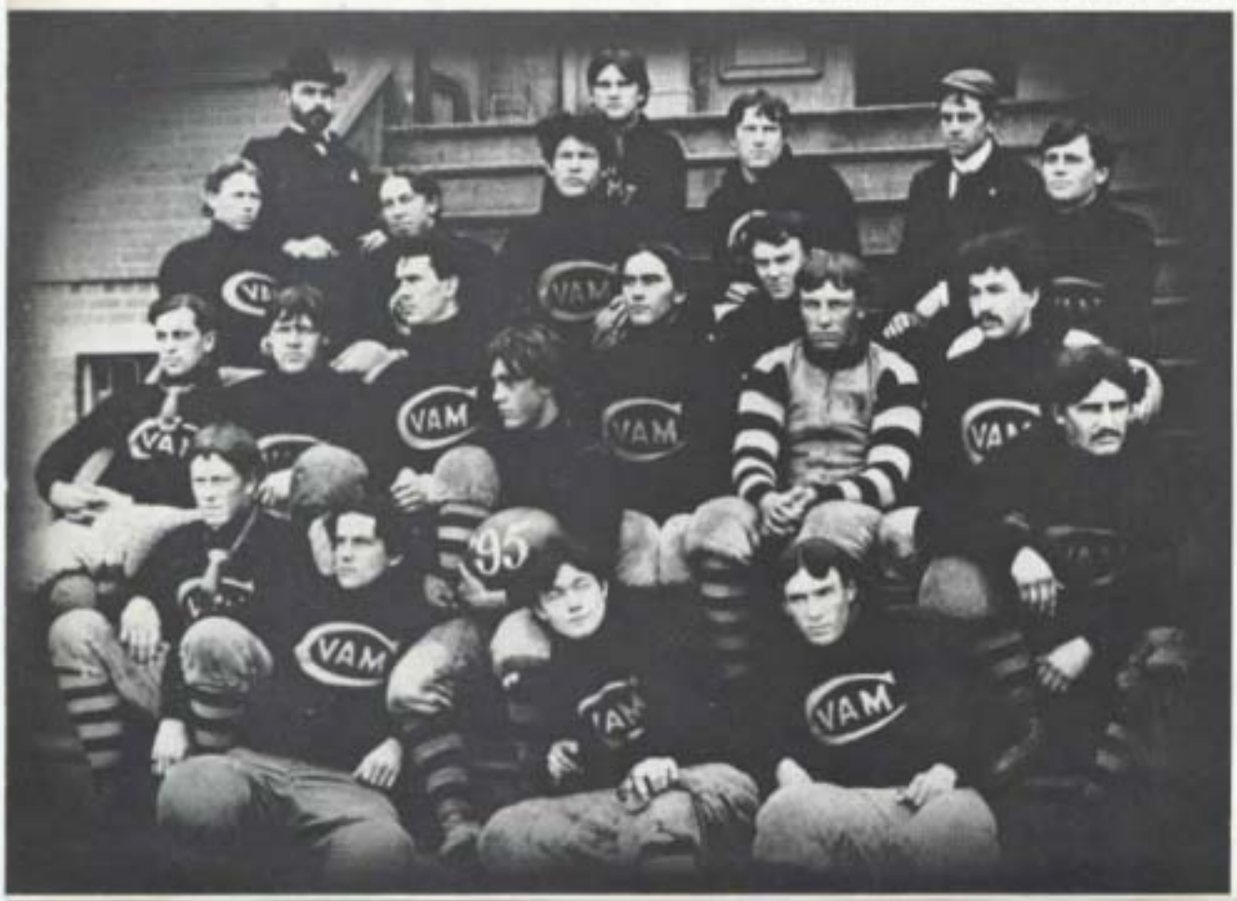
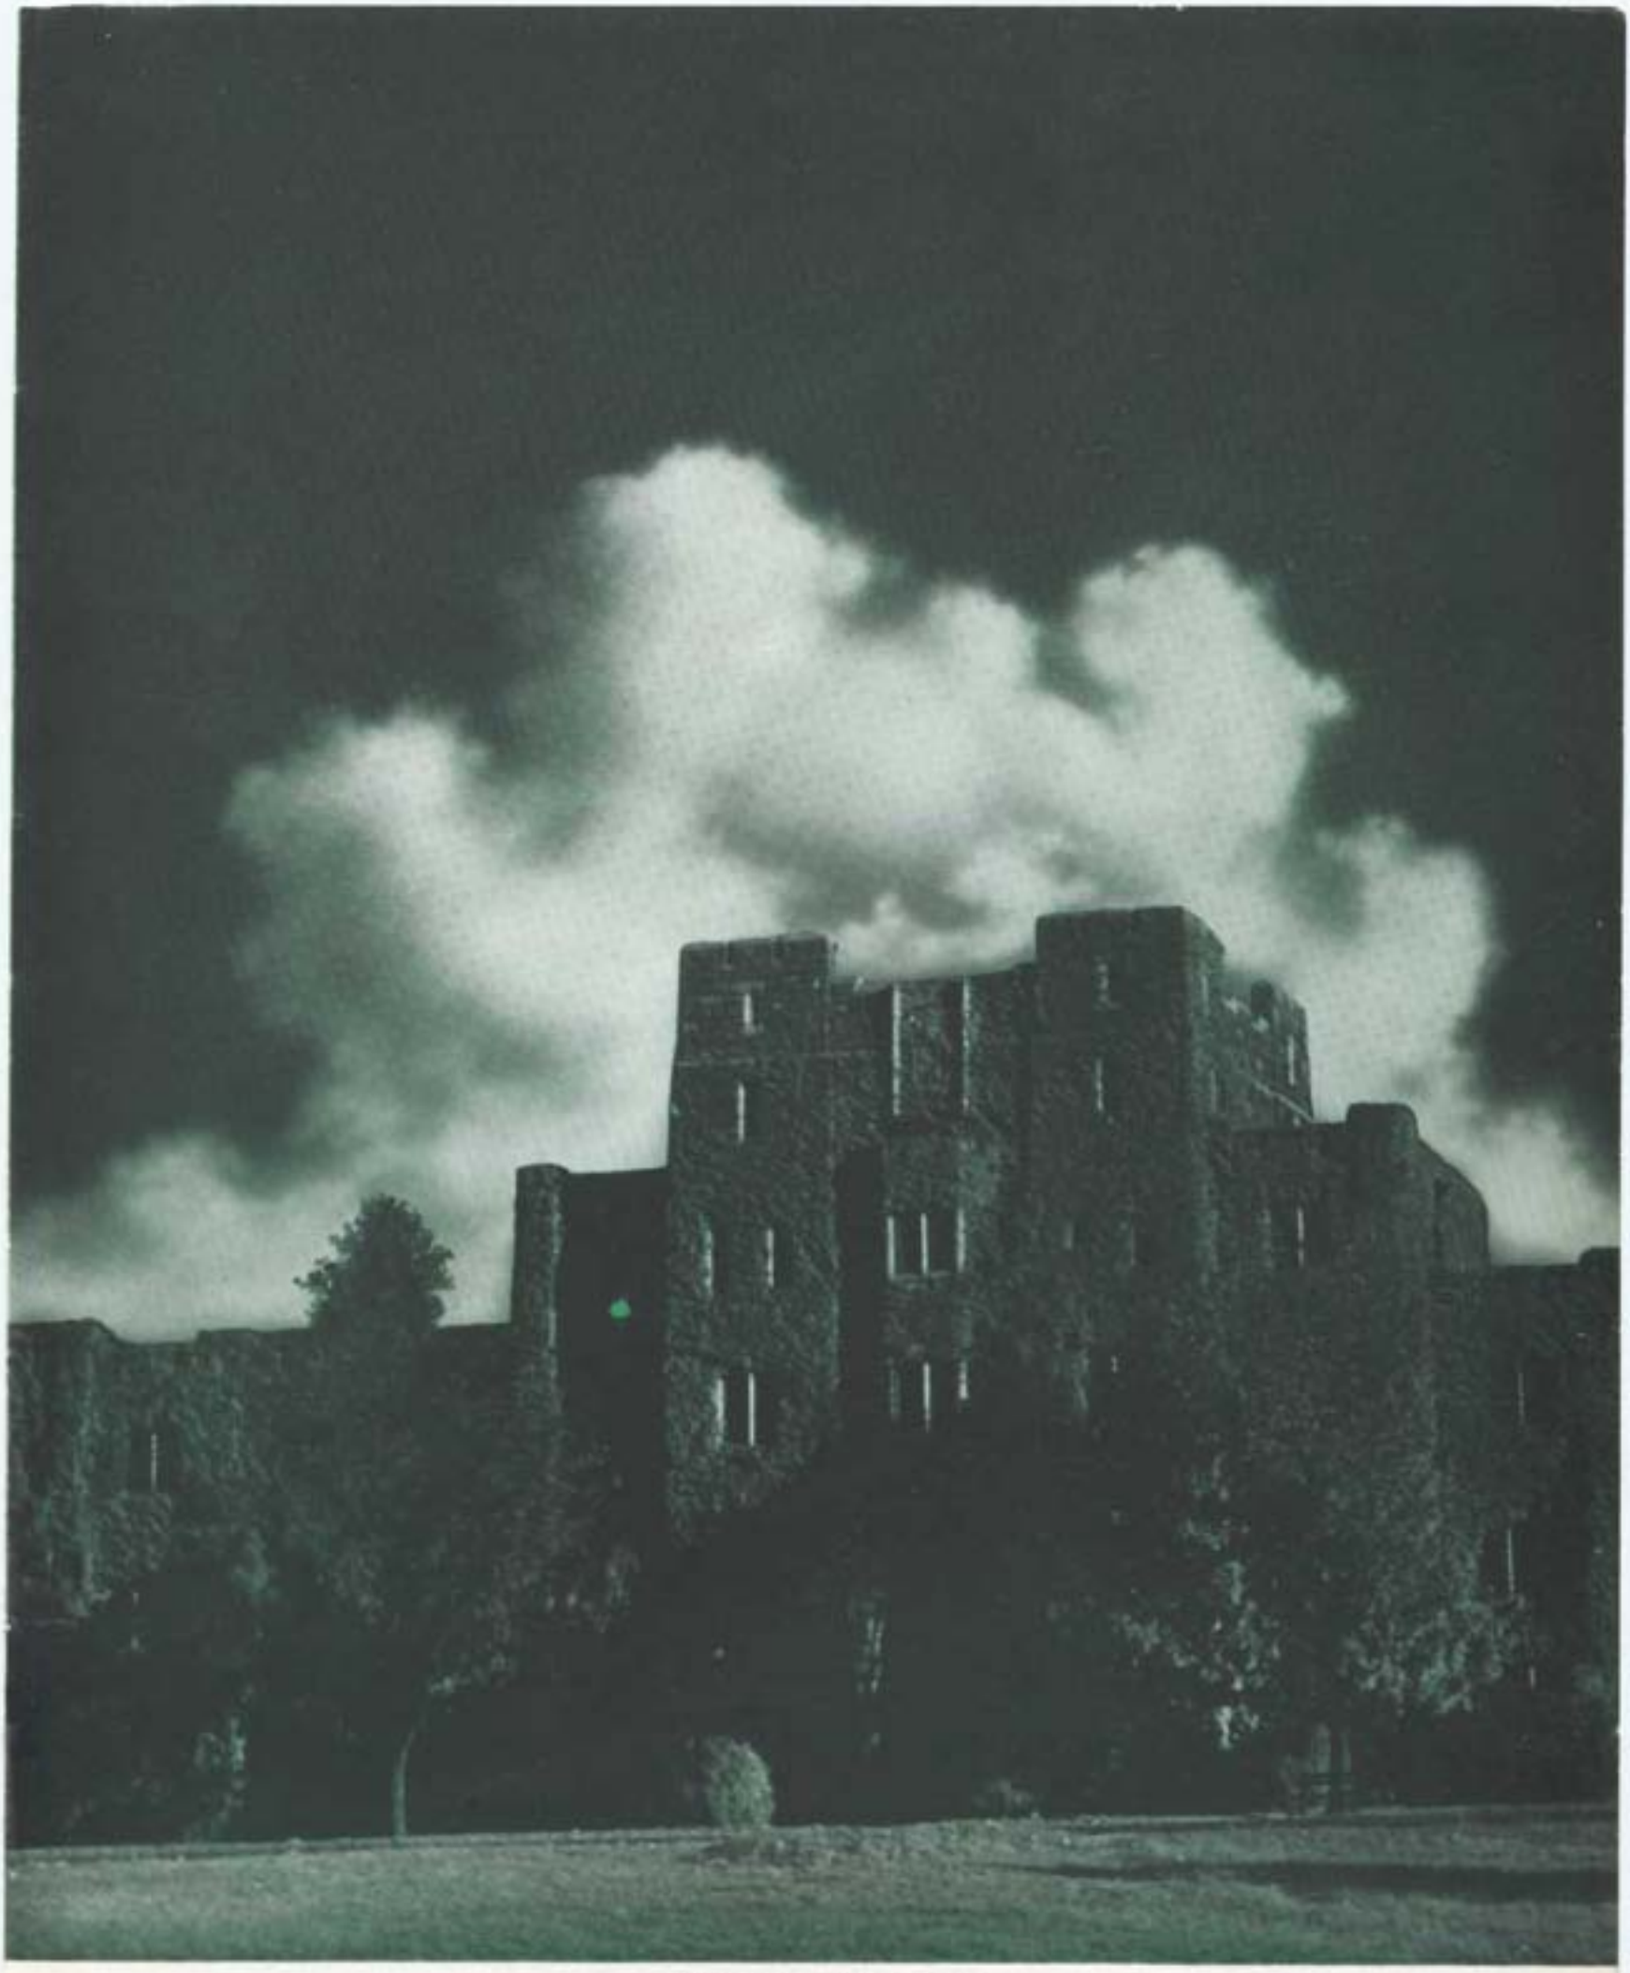
ATHLETICS

The first team ever to beat V.M.I.—1895





WAR MEMORIAL HALL

MR. FRANK O. MOSELEY

A MESSAGE FROM THE ATHLETIC DIRECTOR

In my opinion the Athletic Association of Virginia Tech has made much progress during the last several years.

The won-loss record for the last five years compares most favorably with any five-year period in Tech history. Naturally, we are proud of any win record that is possible to achieve, but most of all our aims and objectives should be and are pointed toward serving the recreational and activity needs of our student body and faculty.

We already have accomplished more than any team record would indicate. Athletic Association-supported squads have been increased from eight to eleven, with some 600 men participating.

The biggest handicap has been and is lack of physical facilities for both intercollegiate competition and recreation.

Due to wonderful cooperation of the student body, faculty, and administration, plans indicate that the situation will be greatly changed in the next few years.

The baseball park and the golf course already are realities, new football practice areas will be put in use immediately, opening up more potential intramural space, and a new gym and 15 to 30 new tennis courts are imminent on the planning board.

I hope the Athletic Association can contribute as much to the school's progress in the next five years as it has during the last five.

MR. W. L. YOUNGER
Business Manager of Athletic Association

The Virginia Tech Monogram Club is composed of men who have been awarded a monogram in one of the varsity sports. Letters and sweaters are given to the members by the club in recognition of their achievement in sports. The purpose of the Organization is to maintain a close bond of fellowship among varsity athletes at Virginia Tech; to foster and promote athletics in every way possible, and to encourage prospective athletes of good character to attend the institution.

FOOTBALL 1958

The 1958 Tech football team outgained, outrushed, outpassed and often outplayed its opponents but wound up with a disappointing 4-6 record, the first losing season since 1952.

Fumbles, pass interceptions, and not-up-to-par punting plagued the Gobblers, but when all's said and done, the Techmen just lacked scoring punch. The 114 points scored by Tech was the lowest season point total since 1951 (105) and the output wouldn't have been that good were it not for an exceptional extra point conversion record of 15 for 16.

Ironically, Tech proved to be one of the best defensive teams—ranking nationally in pass defense and total defense—yet yielding the most points (148) scored against the Techmen since the 1952 season. Opponents came up with the "home run" when it counted—with the top frustration being two TD's counted by Florida State within nine seconds playing time.

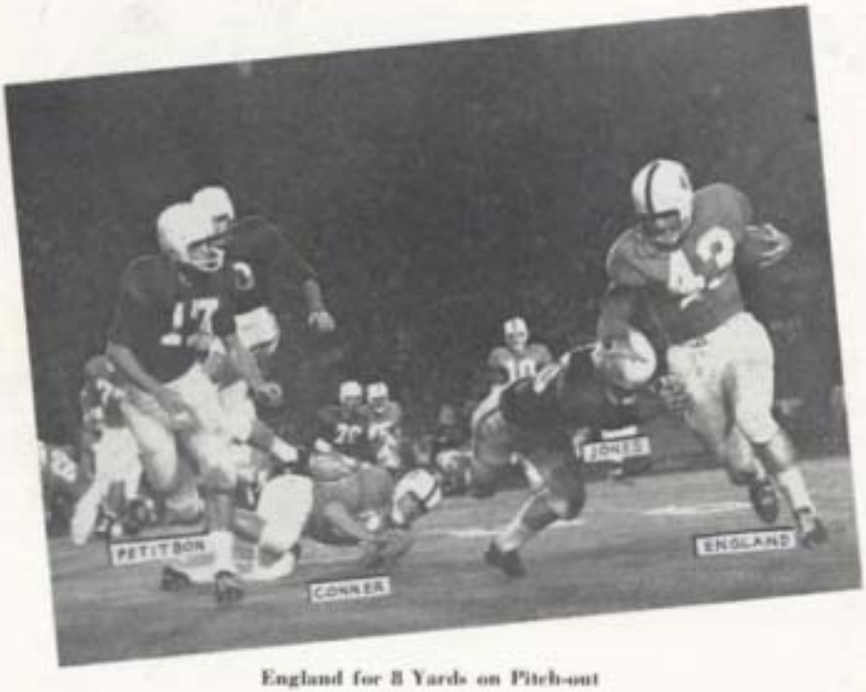
Fortunately, Tech picked the Homecoming game against Villanova for one of its better displays—a 95-yard drive to the winning touchdown in the waning minutes of the fourth quarter.

The Gobblers started the campaign in seemingly impressive fashion by downing favored Tulane, 14-13 but West Virginia put the clamps on, 14-0, and William and Mary let the Techmen fumble themselves into a 13-7 defeat before the Techmen rebounded for the Homecoming win.

In a series of donations, Virginia swamped Tech, 38-7, and Florida State won, 20-7.

Tech then put together its only two consecutive wins of the season, 42-7 over Richmond and 10-3 over Wake Forests' battling Deacons. North Carolina State used the home run to prevail, 12-0, and VMI alertly converted Tech mistakes into TDs for a 14-6 win.

Tech played well enough to have won several of the games it lost, but in the final counting the Techmen never did jell as a unit—a frustrating fact which can best be attested to by the fine senior players who wound up their careers on this unhappy note.



England for 8 Yards on Pitch-out

TECHMEN TOPPLE GREEN WAVE BY 1

The hard running of Bobby Conner, Corbin Bailey, Frank Eastman, and Ray England gave Tech a 14-13 victory over the Green Wave of Tulane before a crowd of 32,000.

Tech took the ball and drove to the ten-yard line. The drive was halted by a penalty but possession was regained when Pat Carpentino recovered a Tulane fumble. With 2:43 remaining in the first quarter Ray England scored from the three-yard line. Barry Frazee kicked the extra point.

Tech's second TD was set up when Corbin Bailey took a Tulane punt on his own 26 and scampered 60 yards. It took "Bustin' Bob" Conner only four plays to score. In the entire point attempt, Billy Cranwell showed some alert thinking when he took a wobbly pass from center and skirted his own left end for the point.

Tech completely dominated the first half and the second half started off in the same way. Carroll Dale intercepted a Tulane pass on his own 25 and raced 75 yards for a TD, but a clipping penalty set the ball back into Tech territory.

Tulane's next break came when a Tech punt travelled only 5 yards and went out on the 14 yard line. The Green Wave came to life and Gene Newton scored several minutes later. Newton kicked the extra point.

Late in the final period Tulane got its last score. Tommy Warner took a Conner punt on his own 14 and went 86 yards for the TD. Newton missed the conversion and Tech left the field with its first Southeastern Conference win in 25 years.

MOUNTAINEERS OUT-HUSTLE TECH

The Mountaineers from West Virginia out-hustled the Techmen, 14-0, before a crowd of 26,000 at Mountaineer Stadium.

A few bad breaks, a weaker bench, and an excessive amount of penalties resulted in the Tech defeat. If the game had continued as it did the first quarter, the score might have been different. The Mountaineers, held solidly by Tech's inner line for the whole first quarter, were unable to pick up a single first down. But, a touchdown for West Virginia early in the second quarter and another late in the third quarter proved the difference.

Corbin Bailey was the leading gainer for the Techmen as he picked up 35 yards in eight attempts. Billy Cranwell, Billy Holsclaw, and Carroll Dale, along with the middle of the Gobbler line, were particularly outstanding for the Techmen. Carroll Dale, Sophomore end, broke through in the fourth quarter to block Ralph Anustuaios punt. This was the first punt West Virginia has had blocked since 1954. An early injury to Jim Burks, Tech's starting tackle, removed Jim from action for the entire game and provided a bad blow for Tech.

All in all, it was the failure of the Techmen's potential offensive threat to jell plus a big, spirited Mountaineer team which proved defeat for the Gobblers in this all-important Southern Conference game.

Tech Swings wide for Ten Yards

Sneed Returns 30 Yards

W & M TOPS TECH

Victory-starved William and Mary topped a fumbling Tech team 13-7 to record its first football victory since the 1955 season.

Vicious tackling on the part of an alert William and Mary team along with a not-forgotten defeat from the Mountaineers bogged down the Tech attack and resulted in five lost fumbles. Charlie Sidwell, star Indian halfback, led the fired-up Indians carrying the ball 21 times for 79 yards.

Tech's power plays through the middle were nullified by the William and Mary hard-charging forward wall. However, late in the fourth quarter Alger Pugh, sophomore halfback, took a pitchout and weaved 35 yards for Tech's only touchdown. This run was Tech's best effort all day. Tech was on the march again, reaching the William and Mary 32 yard line, as the game ended.

Frank Eastman gained close to 40 yards in four carries to highlight Tech's offense. Billy Tilling, Frank Webster, and Carroll Dale played an outstanding defensive game for the Techmen.

It was one of those Saturdays when one team wants victory very badly, and the other team is still down from a previous defeat. It was Tech's first loss to a state team since VMI defeated the Techmen in the latter part of the 1953 season.

TECH UPSETS VILLANOVA 21-14

Much to the pleasure of a homecoming crowd of an estimated 14,000, Tech overcame the handicap of 2 straight losses and 5 lost fumbles to upset Villanova 21-14.

After only two plays from scrimmage, Lugar, needing two yards for a first down, elected to sneak and amazingly found the coast clear for a 58 yard touchdown romp. Barry Frazee booted his first of three conversions.

Tech outgained the Wildcats 102 yards to 10 in the first period, but a series of miscues got Villanova moving in the second quarter.

Within six plays the ball changed hands 3 times with Villanova in possession on the Wildcat 37.

Quarterback, Jim Grazione passed 18 yards to end, Gary Varrechione and 9 to O'Pella as the Wildcats moved on. From the Tech 33, left halfback Dave Parr moved to the 11 before he was knocked out of bounds by Corbin Bailey. Six plays later Parr plunged over left guard from a yard out for a very much worked for touchdown. Right half Rich Sapienza converted.

Tech took the lead on the first play of the last quarter when Bailey taking a pitch from quarterback Billy Cranwell, passed 13 yards to Frazee in the end zone.

Villanova gained its second and final score of the afternoon by taking advantage of one of Tech's many fumbles. Cranwell, in at quarterback, pitched out to a halfback who wasn't there, and the ball wobbled goalward as wave after wave of gridders dived for it.

The ball ended up in the end zone with Villanova's Ed Michael in possession. Again Sapienza converted to tie the score.

Villanova was on the march again after Parr returned a Carroll Dale punt from 37 to 37. Parr ran to the 20 and Grazione passed to Sapienza for a first down on the Tech nine. The Wildcats were penalized for holding. Grazione passed incompletely twice and then had one intercepted by Eastman on the five-yard line. Aided by a 15 yard penalty and a 32 yard run by halfback Ray England, Tech moved to the Wildcat 5. Lugar sensing the tightening line situation, sent Alger Pugh as a flanker to the right. The defense covered Pugh, and Lugar passed to Eastman for the score. Frazee booted the last of three conversions.

Tech gains first down on 45

Bakhtiar dives for Bailey

CAVALIERS EDGE TECH 38-7

The combination of fumbles, intercepted passes, and the hard running of fullback Jim Bakhtiar spelled defeat for the Techmen by Virginia. Bakhtiar scored four touchdowns and kicked two extra points.

Virginia's first touchdown was set up by a 39 yard pass from Reece Whitley to Rip Moser on the Tech 12. Five plays later Bakhtiar scored from the two.

The Cavaliers scored twice in the second quarter by taking advantage of a Tech fumble and a pass interception.

Tech's lone score came in the second quarter with Lugar carrying over from the four. The long drive was started by an 11 yard kickoff return by Billy Tilling to the Tech 42. Three passes from Lugar moved the ball to the Virginia 17. Bailey and England made yardage to the six. Two plays later Lugar scored.

In the third quarter, Bakhtiar was again on the loose. Runs of 10 and 15 yards and two 15 yard penalties put the ball on the Tech one. Bakhtiar scored but his placekick was blocked by Tech end Ed Brinkley.

Quarterback Nelson Yarbrough intercepted a Lugar pass on the 45. The Cavaliers began a drive that ended with Yarbrough skirting his own left end for the score. Bakhtiar converted for his 26th point of the day.

The last Virginia score was set up when Virginia recovered on the Tech two. Yarbrough needed two sneaks to score from the one.

CRANNWELL

VPI DOWNED 20-7 BY FSU

Under the coaching of Tom Nugent former VMI mentor, Florida State University scored two touchdowns within a nine second span early in the second quarter and proceeded to a 20-7 homecoming victory over Virginia Tech's Gobblers.

The Seminoles scored on the second play of the second quarter when junior quarterback Bobby Renn connected on a 50-yard pass play to end Ronnie Schonburge. Johnny Sheppard added the conversion.

FSU's second score came as a result of a VPI fumble. Jay Whitesell returned the kickoff from the end zone to the eight yard line, but a clipping penalty set the ball back to the one. Tech's quarterback Bob McCoy fumbled and center George Boyer recovered for Florida State. Sheppard converted again.

Tech's lone score came in the second period as the result of a sustained drive spearheaded by Conner, Bailey, and Frazee. The drive started when Bailey moved a Renn punt 34 yards to the midfield. The march was unspectacular but steady, with Conner's nine yard jaunt to the 14 being the longest ground gainer. Frazee added an additional seven yards and a first down. Bailey took a pitch-out around right end to the one. Conner hurdled the line for six points on a fourth down, after an attempt by Lugar failed, Frazee added number seven to his consecutive conversion kicking list.

The longest run of the game came on the first play of the second half. Florida State's Pickard hit the middle, apparently was stopped in the Gobbler secondary, but squirmed free and raced 80 yards for the final score of the game.

The Hokies outplayed the Floridians. They had more yards rushing, more first downs, and were penalized only 38 yards. Once again, however, they were hurt by fumbles, intercepted passes and a poor punting average.

Conner takes hand off

Hokies Gain 11

TECH TRIUMPHS SPIDERS 42-7

Only 5,500 spectators saw the Gobblers spot Richmond a first period touchdown and then come back with all guns blasting.

Before the game ended, Bob Conner, Alger Pugh, Bary Frazee, Ray England, and Ed Brinkley had marked up six pointers.

Frazee booted five out of five conversions for a new Tech record. Tech set up two touchdowns by recovering Richmond fumbles, intercepted a pass to assure another, made a calculated risk misfire to gain a fourth, and struck fast on a long punt return by Alger Pugh.

Richmond started its only touchdown drive on the Richmond 33. Mickey Marinkor, 5-7 junior left half, was largely responsible for the success of the drive. He carried six times on the hike, with a hard driving 17-yard run advancing to a first down on th three. Mickey cracked over from the one and added the conversion.

Tech's opening score came when Alger Pugh took a wagner punt on the Tech 37, danced back to the 33 letting his interference form, then took off down the east sidelines, heading south following good blocking. At the Richmond 30 he faked two Richmond defenders out of position and zipped into the end zone.

Senior end John Moody set up Tech's touchdown in the second quarter when he recovered a Buddy Davis fumble on the Spider 30. Pugh passed to Frazee for seven yards and made seven on a double reverse. Bobby Conner took over and scored in four carries.

The Hokies gained possession on the Spiders' 33 when the Spiders gambled for needed yardage and did not make it. Bailey picked up 16 yards on a fake pass and two plays later Lugar scored on a sneak, only to have it called back because of a back in motion. Lugar then hit Carroll Dale for a first down on the seven. Four plays later Lugar scored from the one.

Tech kicked off to the Spiders, but a series of fumbles put Tech in possession on the Spider's 34, Frazee, Pugh, and Cranwell combined efforts to move the ball for a TD with Frazee going over from the three.

Tech had another score before the third quarter expired. Cranwell intercepted Jim Hoffman's pass on the 45 and returned it to the 18, Pugh pulled in a pass from Cranwell and went to the 13. England hit the middle for six and scored from about a yard out.

The Gobblers' final TD started on the Tech 30 with Bill Holsclaw directing the team. The combination of Conner's hard driving and Holsclaw's running and passing ability soon had Tech on the 13, A back in motion put them back on the 18. Holsclaw then hit Brinkley for a pair of nine yard passes for the TD. Brinkley did the converting.

TECH SNAPS TIE IN LAST PERIOD

Spurred by Billy Holsclaw's 39 yard pass to Corbin Bailey, Tech struck in the last three minutes to hand Wake Forest its seventh straight loss, 10-3.

Tech spotted the Deacons a first-quarter field goal, gained a third-period tie on a field goal of its own and then rambled 61 yards in the last quarter after tackle Russ Moon recovered a Wake Forest fumble.

Wake Forest's first period drive that paid off with three points started on its own 15. On the move, right half, Bill Pegran, ripped off a 33 yard run, left half Pete Barham ran for 19 yards and MacLean, who led all carriers with 81 yards for the day, contributed a 10 yard gain.

Wake Forest had a first down on the Tech 20, but guard Pat Carpenito pinned quarterback, Jim Dalrymple back on the 24. Pegram got two yards, Dalrymple passed incomplete and then MacLean kicked the 31-yard field goal.

In the third quarter, Tech moved from its own 24 to a first down on the Deacon 11. He got to the three on the fourth down and decided to go for the "safe" three points rather than to gamble for a touchdown.

The ball was spotted on the 11 and Frazee's kick was perfect. Tech was again on the move in the fourth quarter after Moon recovered a fumble on his own 39. Bailey, Holsclaw and Conner combined efforts to move the ball for a first down on the Wake Forest 47. Bailey then took a short pass from Holsclaw and turned in a terrific piece of legwork, wiggling and ripping his way; all the way to the eight. Wake Forest was penalized to the three and Conner needed only one try to crash over left guard for the T.D. Frazee's first attempt was wide but a Deacon foul gave him another, more successful try. Frazee's conversion ended the scoring for the afternoon.

During the last three minutes the ball changed hands several times but Tech had possession at the final gun when Nick Mihalas intercepted Dalrymple's pass.

Dale takes Cranwell's pass on 5

Cranwell and Mihalas block for Bailey

STATE GAINS REVENGE

The fighting Gobblers it can be said played their most outstanding game of the season in a losing cause against the 19th ranked Wolf pack from North Carolina.

Tech's performance was typical of the 1957 Gobblers, who saw no less than eight scoring opportunities slip out of their hands. Tech repeatedly drove deep into State territory only to fumble or be called back by penalties. A pass from Cranwell to Byrd which ended on the State ten-yard line was called back because of an ineligible receiver down field.

Alger Pugh did a tight rope walk along the sidelines for a substantial gain, but again a penalty was detected and the gain nullified.

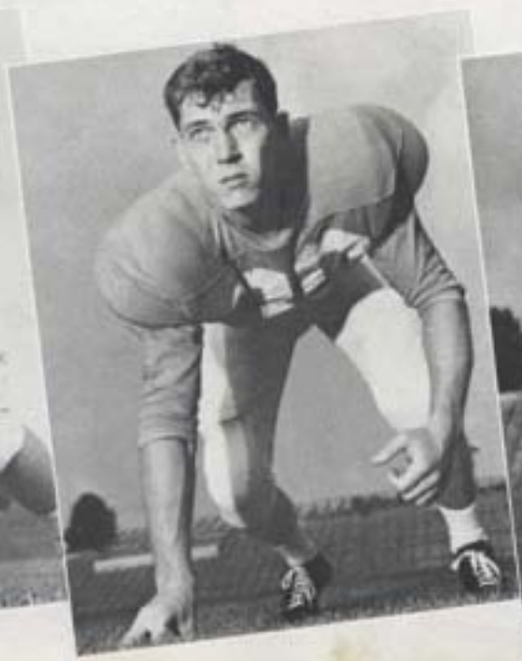
The final chance for a score was in the final four minutes of the contest. Cranwell hit Bailey over the middle for a touchdown play. Again Tech was penalized as a lineman slugged one of the State players.

State monopolized on a run by Christy and a beautiful touchdown run of 60 yards by Dick Hunter.

With the outstanding playing of every team member individually, particularly the seniors, Moon Randall Bailey, Cranwell, and Moody, Tech played a whale of a football game and deserved a better fate than a 12-0 shut-out.

TILLING

BRINKLEY



McGINNIS

HERNDON ENGLAND FRAZEE LUGAR

Tech ended a frustrating football season by dropping a 14-6 decision to V.M.I.'s undefeated Keydets before 25,000 fans in Victory Stadium.

Tech dominated play but miscued just enough to let the Keydets hang up their first Southern Conference championship. The first score came early in the second quarter, a carry from the midfield after recovering a Tech fumble. The Keydets clinched it with 2:51 remaining in the game after Jordan's punt and V.M.I.'s recovery of another Gobbler fumble at the Tech 17.

Tech's score early in the fourth period carried 64 yards, highlighted by two Lugar-to-Bailey passes and Barry Frazee's 17 yard TD run through the middle.

Frazee, who hadn't missed in 13 previous extra-point attempts, kicked wide on the conversion try.

As had been the case often this season, Tech played a game of which the school could be proud, had a wide statistical margin—but wound up on the short end of the scoreboard count.

The Techmen marked up 288 yards to V.M.I.'s 154 yards, but two fumbles and a untimely holding penalty hurt most.

Individually, particularly the seniors, and as a team, Tech played a game that was more deserving than the fate of 14-6.

BASKETBALL

Virginia Tech chalked up a third straight winning season—for the first time in 35 years. After losing five of their first six games, the freshman-dominated Gobblers finished the regular season by winning 10 of the last 12 (losing twice to G-W). In the conference tournament they lost to Wm. & Mary, a team they had defeated twice during the season. The Techmen ran up a five-game winning streak, including their first win over Wm. & Mary at Blow Gym, Williamsburg, since February, 1944. This victory probably was the most important of the season because it started the Gobblers on their way to the highest conference finish for any Tech cage team. Bob Ayersman, 6-4 forward from Boomer, W. Va., was named Southern Conference freshman of the year, and his 20.7 scoring average also won him second team, All-Conference. Equally impressive, however, was Chris Smith, 6-6 frosh center from Charleston, W. Va., a straight A student in chemical engineering, who is destined to become the greatest of all Tech cagers and a national standout. He's a tremendous jumper.

1957-58 SWIMMING

Won 4, Lost 1

The Tech swimmers compiled a fourth straight winning season, but they didn't have enough depth to ward off VMI in the Southern Conference championships. The Techmen took second place with 77 points.

Senior co-captain Bill Grossmann, however, broke the only record of the conference meet (swimming the 200-yard individual medley in 2:22.8) and was named the outstanding swimmer of the meet for the third straight year.

He also won the 100 and 200-yard breaststroke events.

John Blondell rallied from a semi-finals deficit to win the conference diving championship and went on to compete in the collegiate nationals at Ann Arbor, Michigan.

Of those who scored points for the Techmen in the conference championships, only Bob Grossmann, Ronny Hedly, and Harvey Rosen will return to the 1958-59 squad.

55 points (2d place) in Big Six meet

43 7/12 points (2d place) in Southern Conference meet

The 1957 track season closed out the careers of three of Tech's finest performers: Bob Wingfield, Terry Drew and Charlie Catlett. Catlett's stirring victory over VMI's Dave Pitkethly in the two-mile run of the Big Six meet was perhaps the greatest surprise of the year, and Wingfield's half-mile victories in both the Big Six and Southern Conference meets substantiated Coach Dick Redding's evaluation of "Wings" as "the finest competitor I have seen in the Southern Conference."

Biggest point-getter for the Techmen throughout the season was big Len Muse, who with hard work and determination consistently scored in the shot put, high jump, broad jump and discus.

Tech was completely lacking in the sprints, but Bill Shepheard and Ramon Johnson gave the Gobblers big points in the hurdles, and Don Radford usually scored well in the pole vault.

Wm. & Mary dethroned the Techmen as Conference champions, both indoors and outdoors, but Coach Redding is aiming at regaining both titles.

Coach "Red" Laird's 1957 baseball team tied for third place in the Southern Conference with an 8-7 record and exchanged wins with all the state teams for a 5-5 mark, but a five-game losing streak at the opening of the season cramped the overall record.

Dave Kuhn, centerfielder and right-handed pitcher, topped the pitchers with a 4-1 record, participated in all 21 games, batting .313 and leading the team in hits, 25, most runs scored, 18, and most triples. Bob McCoy first-baseman who didn't don the baseball uniform until spring football drills ended, was the top hitter with a .343 average.

The Gobblers were a young team, Bobby Wolfenden, Grover Jones and Dave Burks being the only seniors, and Kuhn and Dwight Ludwig the only juniors on the roster at the end of the season.

Although the Tech wrestlers had their victory string snapped at 28 by Maryland, the Techmen regained their Southern Conference team championship with a record 85 points. Tech advanced six men to the conference finals, and four of them won individual crowns: Brandon Glover (130), Joe Heller (137), Sherman Vandevender (147) and Tom Burruss (177). They will form the nucleus of next year's team.

Glover and Heller, sophomores, are undefeated in their collegiate careers. Vandevender, a junior, dropped his only decision to Maryland's Atlantic Coast Conference champion, Nick Biondi, 10-8. Burruss, a junior, went through the season unbeaten but tied by ACC champ Dick Dean, of Maryland.

Heller, Vandevender and Burruss competed in the national collegiate championships.

During the dual-meet season, the Techmen scored 23 pins, lost four, giving the Gobblers a total of 113 falls scored while winning 29 of their last 30 matches.

Highlight of the season was the 21-11 victory over a strong, impressive Auburn team, long recognized as one of the top wrestling powers of the South. Burruss received a standing ovation from the crowd of more than 1,000 persons as he clinched a Tech victory by pinning the Tigers' Mark Branum.

Maryland marred the joy in Techland by taking a hotly-contested 17-10 decision from the Gobblers in a meet that wasn't decided until the last bout was over. Glover scored the only fall of the meeting.

Opponents are "playing the edges" against the Techmen to keep from being pinned, but the 1958-59 outlook is still bright, with Maryland and Auburn the major obstacles to another spectacular record.

Coach ..... MAJOR H. RIGLER (USA)
Assistant Coach ..... CAPTAIN KENNETH A. PERSON (USAF)

With the help of three returning lettermen, the Tech Riflemen had another successful season in Riflery. Competing in regular season matches against seventeen opponents winning twelve and losing five. Navy on their range fired a team score of 1453 to beat Tech, setting a new opponent's record against a Tech team. Early in the season team Captain James Shriver set a new Tech Individual record score of 294 against William & Mary. As the season progressed the Tech team also posted a new team record score of 1432 against George Washington & Davidson. The Tech Riflemen in March, 1957, for the second straight year, became the Southern Conference Champions in Riflery.

In their last competition of the year, the Techmen competed in the National NRA Inter-Collegiate Rifle Champion team match, placing Twenty-third in the Nation with a 1409 score. Members of this team were: James Shriver, Ellis Lea, Sam Morgan, Hugh McLaughlin, and Dale Hoberg. Also in the individual match, James E. Shriver placed third in the ROTC in the Nation with a 291 score.

As a result of James Shriver's outstanding shooting for the 1957 Season, he placed on the First Team All-American Riflemen a great individual honor. Thus, he became the first and only Techman to receive this honor. Ellis Lea placed on the Second Team, as a result of his fine shooting for the year, being the third Techman to be so honored with this award.

THANKS

And so you have completed at least a hasty glance through the pages of the 1958 BUGLE. It is our sincere hope that you have enjoyed the high powered, graphic story of your year at Tech.

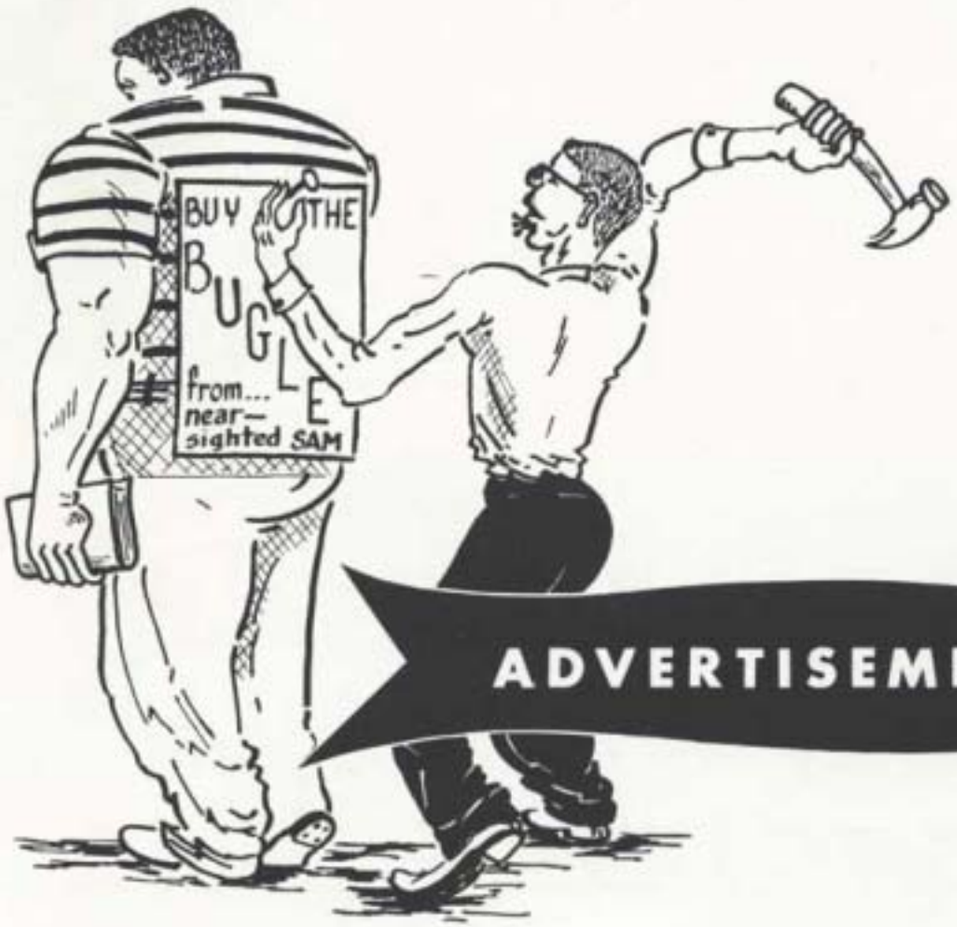
Producing a book of 324 pages requires the invaluable advice and help of highly trained individuals. On this page we would like to say thanks to the people who have made your BUGLE the finished package that it is.

To Mr. William L. Burton, of C. W. Warthen Company, we extend our deepest thanks. Whether we needed solid advice or a kick in the right place he has been there to give it to us. Our thanks also to Mr. W. P. Blackwell, of Lynchburg Engraving Company, for hundreds of perfect halftones. Our thanks goes to Brainard McClung, of Andre Studios, for his photography of individuals and group pictures. We would also like to express our appreciation to Mrs. Frances E. Huston, of Tech Studios, for her high quality work in rephotographing pictures, any time day or night. And to Mr. Bill Bradley for his photographic work.

Finally, may we sincerely thank Mr. G. T. Baird, our faculty adviser, for a shoulder to lean on, without him we would have fallen far short of our goals.

Another BUGLE is complete, and the staff can return to the normalcy of college life. We hope you like it.

SKIPPY MILLER, *Editor*



ADVERTISEMENTS

To the Members of the Class of 1958

Greetings and hearty congratulations from more than seventeen thousand former students and their Alumni Association. Best wishes for a long, happy and useful life as TECHMEN.

Through its local chapters and especially through its central office on the campus, the V.P.I. Alumni Association looks forward to serving you. It welcomes you into alumni status. It offers you the proud mantle of Stewardship to keep and to enhance.

Remember: If a great Alma Mater is in your dreams you must help make her great.

CORPS OF CADETS

PROUDLY SALUTES

ITS

GRADUATING SENIORS

As a means of expressing our respect for their leadership, our appreciation for their guidance, and our best wishes for their successes in life as officers and citizens.

We thank them for their untiring efforts in exemplifying the spirit and traditions which are symbolic of the corps of Cadets and V.P.I. In later life may they always look back on their years at V.P.I. with only the happiest of memories; the joys and sorrows, successes and failures, and the maturing responsibilities which combine to mold them into the final product of the Corps; may they always retain the virtues of honor, decency, self-respect, and consideration of others which they both learned and taught while at V.P.I.; may they carry on to greater heights the reputation of our Alma Mater; and above all, may they use their education to is greatest advantage in service to their country and fellow man.

OPPORTUNITY

awaits top technical men in the world's largest factory of its kind

It's not the kind of opportunity that assures the most mediocre man a rocket-like rise to the "top". But it is the solid kind of opportunity that recognizes merit and offers steady progress to any ambitious, willing-to-learn, intelligent VPI Graduate who wants a future in a great Southern industry.

Engineering, Chemistry, Selling, Advertising, General Business Administration — in these and other fields at The Lane Company, there are sturdy and much-used "ladders to the top" awaiting the *right men*.

VPI colors fly today at a number of key posts in the Lane organization: Chairman of the Board, Vice President, Vice President and General Manager, Plant Engineer, Territorial Sales Representatives . . . these to mention a few. Thus, the VPI Graduate now launching his career in the Company finds an especially congenial "Alma Mater" atmosphere to make him feel at home right at the start. Don't judge opportunity by its distance . . . sometimes the biggest opportunities are closest to home!

LANE'S MODERN FURNITURE PLANT symbolizes the brilliant future for one of the South's youngest, fastest growing industries. These modern departments keep the highly geared LANE organization functioning at peak efficiency:

PRODUCTION CONTROL
QUALITY CONTROL
METHODS AND STANDARDS
ENGINEERING PERSONNEL
SALES AND ADVERTISING

another milestone . . .

As members of the 1958 graduating class at VPI, you have completed another important step towards leadership. It will be up to you to help make a better way of life for all in everything you do.

Ahead, there will be other milestones. You must pass these too as you strive to reach even higher goals.

With possibilities unlimited in the future, it will be wise for you to remember our heritage. Your work and daily achievements can help keep our country great and strong.

LYNCHBURG, VIRGINIA

A Memorable Year

•

• Congratulations to the Student Body and Faculty of Virginia Polytechnic Institute upon the completion of another outstanding year of accomplishments.

• The Staff of your annual has worked exceedingly hard to give you a superb book that portrays the highlights of memorable activities. To preserve this excellent literary and photographic record, the best grades of material have been combined with skilled workmanship to provide the finest quality yearbook.

• We are very proud that the 1958 Staff selected us to help design, print and bind the BUGLE. We have earnestly endeavored to fulfill the confidence placed in us.
