ISLE OF WIGHT COUNTY, VA.

ORGANIZATION

The Extension Work is conducted in Isle of Wight County under the auspices of a County Advisory Board, and assisted by Local Leaders. The Advisory Board meets monthly and discuss plans relative to the program of work. Through the Advisory Board contributions are arranged to raise \$200.00 for the exist of Extension Work in this county for 1929. 8 members of the Advisory Board went to the Hampton Farmers' Conference which was held at Hampton Institute July 10, 11, 1929. One delegate was sent by the Advisory Board to the State Council which was held in Chesterfield County September 10-12, 1929.

CORN DEMONSTRATION

There were 25 Demonstrators who completed their corn demonstrations, these demonstrations arranged from 1 acre to 14 acres in a plot. These plots were worked under a flat cultivation order. These plots have been averaging 20 bushels to the acre on the old furrow plow style of cultivation; and by the advice of the Extension Service these plots were cultivated on the flat system. There were involved in these 25 demonstrations 225 acres made an average of 20 bushels to the acre, with a total of 4500 bushels.

ALFALFA

There were 10 demonstrators in alfalfa which made an increase of 1 ton to the acre by using inoculation.

CRIMSON CLOVER

14 demonstrators in crimson clover, this clover was sown to be turned down for manure; 8 of these demonstrations have been completed; where this clover was turned down, the farmer says it made a great improvement to the soil. Mr. H. H. Tynes says it is a quick and easy way to build up the soil, and when clover is turned under it makes 25 % more crop. There were 18 acres involved in these demonstrations.

FRUIT TREES

45 peach trees were treated for burrows with Paradichlorobenzene; by treating these trees we find that it restored them back to their health and vigor. There were 50 apple trees pruned and sprayed which added 30 % to the value of these trees.

TOLLETS

3 auxiliary tollets built, one for Mr. Walter Clark, Ivor, Va. and one for Mr. George D. Cobain, Ivor, Va.

FARMERS' CONFERENCE

Isle of Wight County Farmers' Conference was held April 1st. Fall and Winter Gardens were discussed, lead by Mr. J.S. Higginbotham of Hampton Institute. 30 or more families were impressed by the discussion and are putting it in practice. The family cow was discussed, lead by Mr. T.A. Jeter of Hampton Institute. Those who have family cows are taking better care of their stock in the line of feeding.

The Pure-bred Hog was discussed, lead by Mr. T.D. Wilson, Mr. Wilson adds by saying, he has seen it demonstrated on pure-bred and razor-backs; one pure-bred and a razor-back were put in a pen together, the pure-bred 12 weeks old and the razor-back 18 weeks old; at the end of 217 days the pure-bred weighing 287 lbs and the razor-back weighing 207 lbs, 80 lbs difference. They both weighed 30 lbs each when put in the pen. It was the decision of the farmer present to have the pure-bred hog.

STATE ADVISORY BOARD

One delegate, Mr. R.W. Tyson and local Agent attended the State Advisory Board which was held at Centralia, Chesterfield County 10-11-12 of September. On the 10th, the first day of the meeting was devoted to general business, and reports from counties which are involved in the Extension Service. The reports on farm activities were stimulating.

On the 11th we went on a tour through Chesterfield County to see demonstrations; the homes were conveniently arranged, corn plots shown an increase, poultry yards were in good condition so we could learn a lesson and put the same in practice.

On the 12th we gathered at Centralis for a general Mass Meeting; in this meeting we had present with us Mr. D.F. Penn of Hampton Institute, Mr. John R. Hutcheson, Director of Extension Service in Va., Mr. J.A. Evans, Asst. Chief of Extension Service and Mr. J.E. Spady, President of State College, Petersburg, Va. They all made inspiring addresses which made real life to to the meeting, much good was received there by.

EXTENSION TOUR

An Extension Tour was put on in Gay Farm Community, Isle of Wight County. 23 persons were in attendance; 10 farms were visited on the tour. Ending up at Mr. Harry Tyler's who served the group with lunch; after which comments were made by members of the group expressing their feelings towards the tour. Some made remarks that they were going home and copy some of the things they had seen.

FAIR AND CONFERENCE

The Isle of Wight County Fair and Conference was held October 23rd, 407 entries were exhibited, the exhibits showed much improvement over past years. We had with us Mr. J.S. Higginbotham of Hampton Institute, he addressed the conference on "Home Life". Compliments were made from farmers on farm work. Among them, Mr. P.C. Green said "The work the Extension Service did for me in terracing is worth \$1000.00 to my farm; where I made 5 bushels of peanuts before terracing, now I make 27 bushels." 200 people were in attendance. \$27.00 worth of premiums were given to winners on farm and home products.

JUNIOR WORKSUGARIZATION

There are 12 active clubs in county with a total membership of 188. These members are carrying the following projects -
 Corn demonstrations, peanut demonstrations and poultry demonstrations

CORN DEMONSTRATIONS

56 boys completed their corn projects with an average of 28 bushels to the acre. The highest yield in these demonstrations were made by James G. Brown, Carrollton, Va. He made 49 bushels to the acre by covering his plot over with barn-yard manure and using 200 lbs of 7-0-0 fertilizer under the corn when he planted it, and at the last cultivation he put 200 lbs of the same kind of fertilizer on it. The total yield of corn from 56 boys were 1147 bushels, with an increase on the same land 2 years ago 9 bushels to the acre.

PEANUT DEMONSTRATIONS

12 boys carried peanut projects and completed with an average of 74 bushels to the acre. The highest yield being 79 bushels to the acre. \$12.00 were won by the boys at County State and Fidevator Fairs.

POULTRY DEMONSTRATIONS

112 members on April 31 completing with 2700 chicks raised with a cost of \$722.00. Total income \$2276.00, total profit \$1554.00.

JUNIOR WORK

CLUB RALLY

The County Club Rally was held jointly with Surry, Nansemond, Southampton and Prince George Counties, all joined one Rally down at Ellis's Beach on James River in Surry County. The program was conducted by Doctor Bailey (club boy) of Nansemond County. Song - Battle Hymn of Republic. Invocation by Theo. Holcomb (club boy) of Southampton County, Song - We've Begun this Warfare. Welcome address by Dix Fuele (club girl) of Surry County, Response to by Richard Hill (club boy) of Isle of Wight County. Yells by counties.

Demonstrations.

Isle of Wight - How to set a Broody Hen

Nansemond - How to cultivate corn

Southampton - Testing seed corn by Mar-Jell method

Address was given by Mr. J. L. Charity, District Agent, Encouraging the boys to stay on the farm. Mrs. C. F. Walden, Club Leader, Nansemond County made an interesting talk on club work.

A MEAL UP by Mr. T. S. Patterson, District Agent, which was well put.

Dismissed for lunch and all enjoyed themselves.

200 were in attendance.

STATE HOBBY COURSE

The 4-H Days and 4-H State Short Course was held at Hampton Institute August 7-9th; there were 200 in attendance. This State Short Course was full of instruction and a pleasure to the 4-H group. The demonstrations that were put on were educational. These demonstrations were - Testing seed corn, setting a Broody Hen, table setting,

JUNIOR WORK

salad making, table manners and yard beautification, and the many games which were played made this an outstanding short Course. The Sight Seeing Trips through the country and Langley Field and Shellbanks Farm and the Club Parade in their uniform made a great impression on the State Short Course.

NEGRO

COUNTY AGENT ANNUAL REPORT

Approved:

Harold H. Peterson
County Agent

Date

3

SUGGESTIONS RELATIVE TO THE PREPARATION OF THE COUNTY EXTENSION AGENT'S ANNUAL REPORT.

The annual report should be a review, analysis, interpretation, and presentation to the people of the county, the State, and the Nation of the sum total of the extension activities in each county for the year and the results obtained by the county extension agent assisted by the subject-matter specialists. The making of such a report is of great value to the county extension agent and the people of the county in showing the progress made during the year as a basis for future plans. It is of vital concern also to the State and Nation as a measure of rural progress and a basis for intelligent legislation and financial support.

Separate statistical and narrative reports are desired from each county extension agent in charge of a line of work, such as county agent, home demonstration agent, boys' and girls' club agent, and negro agent. Where an assistant agent has been employed a part or all of the year, a report on his or her work should be included with the report of the leader in charge of that line of work. Where an agent in charge of a line of work has quit the service during the year, the information contained in his or her report should be incorporated in the annual report of the agent on duty at the close of the report year, and the latter report so marked. Where two or more extension agents are employed in a county, each in charge of a line of work, care should be exercised to avoid including the same data in the statistical report of more than one agent.

At least four copies of the annual report should be made: One copy for the county officials, one copy for the agent's files, one copy for the State extension office, and one copy for the Extension Service, United States Department of Agriculture. The report to the Washington office should be sent through the State extension office.

NARRATIVE SUMMARY.

The narrative report should be a statement in orderly fashion and arranged under appropriate subheadings of the work done, methods used, and results obtained under each project, as well as of the general work accomplished. Every statement should be clear, concise, factual, and, where possible, reinforced with ample data from the statistical summary. In the preparation of the part of the report relative to each project, the results reported in the statistical summary for the project should be analyzed, conclusions drawn, and recommendations made. The report may well be illustrated with photographs, maps, diagrams, line prints, or copies of charts and other forms used in demonstration work. Full credit should be given to all cooperating agencies. The lines should be single-spaced, with double space between the paragraphs, and reasonably good margins left. The paper should be numbered in consecutive order.

The following outline is suggestive of how the narrative report may be clearly and systematically presented.

SUGGESTIVE OUTLINE OF ANNUAL NARRATIVE REPORT.

- I. Cover and title page.
- II. Table of contents.
- III. Status of county extension organization
 - (1) Form of organization—changes and development.
 - (2) Function of local people, associations, or project leaders in developing the program of work.
 - (3) General policies, including relationships to other organizations.
- IV. Progress of work, goals established, methods employed, and results achieved.
 - (1) Factors essential and methods used in determining program of work.
 - (2) Project activities and results.

<ol style="list-style-type: none"> (a) Soil (b) Farm crops (c) Horticulture (d) Home gardens (e) Identification of home grounds (f) Forestry (g) Fisheries, poultry, and swine (h) Animal husbandry (i) Plant husbandry (j) Home dairy (k) Poultry husbandry (l) Home poultry 	including diseases and insects
---	--------------------------------

ANNUAL NARRATIVE REPORT—Continued.

SYNOPSIS OUTLINE OF

IV. Program of work, etc.—Continued.

(2) Project activities and results—Contd.

- (a) Agricultural engineering
- (b) Agricultural engineering—*including farm management and marketing.*
- (c) Home economics, including
- (d) Food
- (e) Nutrition
- (f) Clothing
- (g) Home management
- (h) Home furnishings
- (i) Home health and sanitation
- (j) Community activities
- (k) Miscellaneous

V. Outlook and recommendations, including suggestions for program of work for next year.
 VI. Summary of activities and accomplishments, prepared on one or two typewritten pages only, placed at the beginning or end of the narrative report.

GENERAL SUMMARY.

To supplement the narrative part of the report, and in order that comparable State and National summaries may be made, it is necessary to include a statistical summary of the work in each county. The following items have been prepared in the uniformity of reporting. In addition to the questions asked under each subdivision of the report, the field and office records. The statistical summary will grow naturally out of the field and office records.

TERMS USED IN THIS REPORT.

DEFINITIONS OF TERMS USED IN THIS REPORT.

1. A PROGRAM OF WORK is a definitely outlined plan for carrying out some phase of the extension program of work.
2. A PROJECT is a definite, systematic, organized plan, when, how, and by whom, yet becomes a regular part of the program of work—work other than project work.
3. MISCELLANEOUS WORK includes work which has no definite project work.
4. A REPORT, for the purposes of this report, and for purposes of establishing requested extension work.
5. A PROJECT LEADER OR LIAISON PERSON is a person, either a teacher in advancing some phase of the local program of extension work.
6. A DEMONSTRATION is an example designed to show an extension worker or office teacher leader to a group for the practical application of an established fact. Demonstrations include method demonstrations and result demonstrations.
7. Method demonstrations in a demonstration give an extension worker or office teacher leader to a group for the purpose of showing them how to carry out a particular phase of extension, writing of agency materials, and other teaching activity.
8. Result demonstrations in a demonstration carried out by a teacher or office teacher leader to a group for the purpose of showing them how to carry out a particular phase of extension, writing of agency materials, and other teaching activity. Demonstrating that the application of scientific principles will result in better production, that teachers in a good farmstead, who, under the direction of the extension service, conduct a program of extension work, under the direction of the extension service, conduct a program of extension work.
9. A DEMONSTRATION is a lesson, farm, home, day, or result demonstration.
10. MISCELLANEOUS WORK should include those who have method demonstrations or to start, improve, or further a result demonstration.
11. A DEMONSTRATION is a lesson, farm, home, day, or result demonstration.
12. A PROJECT LEADER OR LIAISON PERSON is a person, either a teacher in advancing some phase of the local program of extension work.
13. A DEMONSTRATION is an example designed to show an extension worker or office teacher leader to a group for the practical application of an established fact. Demonstrations include method demonstrations and result demonstrations.
14. A REPORT, for the purposes of this report, and for purposes of establishing requested extension work.
15. A PROJECT LEADER OR LIAISON PERSON is a person, either a teacher in advancing some phase of the local program of extension work.
16. A DEMONSTRATION is an example designed to show an extension worker or office teacher leader to a group for the practical application of an established fact. Demonstrations include method demonstrations and result demonstrations.
17. Method demonstrations in a demonstration give an extension worker or office teacher leader to a group for the purpose of showing them how to carry out a particular phase of extension, writing of agency materials, and other teaching activity.
18. Result demonstrations in a demonstration carried out by a teacher or office teacher leader to a group for the purpose of showing them how to carry out a particular phase of extension, writing of agency materials, and other teaching activity. Demonstrating that the application of scientific principles will result in better production, that teachers in a good farmstead, who, under the direction of the extension service, conduct a program of extension work, under the direction of the extension service, conduct a program of extension work.
19. A DEMONSTRATION is a lesson, farm, home, day, or result demonstration.
20. MISCELLANEOUS WORK should include those who have method demonstrations or to start, improve, or further a result demonstration.
21. A DEMONSTRATION is a lesson, farm, home, day, or result demonstration.
22. A PROJECT LEADER OR LIAISON PERSON is a person, either a teacher in advancing some phase of the local program of extension work.
23. A DEMONSTRATION is an example designed to show an extension worker or office teacher leader to a group for the practical application of an established fact. Demonstrations include method demonstrations and result demonstrations.
24. A REPORT, for the purposes of this report, and for purposes of establishing requested extension work.
25. A PROJECT LEADER OR LIAISON PERSON is a person, either a teacher in advancing some phase of the local program of extension work.
26. A DEMONSTRATION is an example designed to show an extension worker or office teacher leader to a group for the practical application of an established fact. Demonstrations include method demonstrations and result demonstrations.
27. Method demonstrations in a demonstration give an extension worker or office teacher leader to a group for the purpose of showing them how to carry out a particular phase of extension, writing of agency materials, and other teaching activity.
28. Result demonstrations in a demonstration carried out by a teacher or office teacher leader to a group for the purpose of showing them how to carry out a particular phase of extension, writing of agency materials, and other teaching activity. Demonstrating that the application of scientific principles will result in better production, that teachers in a good farmstead, who, under the direction of the extension service, conduct a program of extension work, under the direction of the extension service, conduct a program of extension work.
29. A DEMONSTRATION is a lesson, farm, home, day, or result demonstration.
30. MISCELLANEOUS WORK should include all days spent in official or other than those spent in official business.

DEPARTMENTS OF THINGS USED IN THIS REPORT—Continued.

- 17. A summer course for one of a series of meetings of one to two days' duration, arranged by a central State farmers' institute agency, at which agricultural and home-economics problems are discussed, usually by outside speakers employed for the purpose.
- 18. An extension program in an Illinois school usually of two to six days' duration where practical help is given to parents and students at the college. An extension course covers different phases of the college or other educational institutions and usually for a longer period of time, but not exceeding two weeks.
- 19. Extension material of definite instruction that is of practical value to the county office that will enable the agent to verify the data on the results of extension teaching. Examples: Lists of balanced rations, and best seedling.

GENERAL ACTIVITIES.

Report only this year's extension activities and results that are supported by records.

If an assistant agent has been employed during the year, include his or her work with that of the agent.

- 1. List below the names, titles, and periods of service of the county extension agents whose work is included in this report.

128. Number of heifers bred in production during year for production		XXX	XXX	XXX	XXX	XXX	XXX
129. Number of cows under 100 lb each associations and individual farms		XXX	XXX	XXX	XXX	XXX	XXX
130. Number of heifers subjected to improved practices in the dairy production and care of milk this year		XXX	XXX	XXX	XXX	XXX	XXX
131. Number of heifers having improved animal records for the year						67	
132. Number of heifers controlled, improved and improved practices for the year							
133. Number of heifers directly influenced by dairy records for the year				XXX			XXX
134. Number of heifers directly influenced by dairy records for the year			XXX	XXX	XXX	XXX	XXX
135. Number of heifers directly influenced by dairy records for the year	XXX	XXX		XXX	XXX	XXX	XXX
136. Number of heifers subjected to improved practices (see item 130)							
137. Total number of different heifers subjected to improved practices (see item 130)						67	

AGRICULTURAL ENGINEERING.

Report only this year's progressive activities and results that are supported by receipts.

167. Number of method demonstrations given	_____	167
168. Number of month demonstrations given in other way	_____	168
169. Number of month demonstrations completed or carried through the year	_____	169
170. Number of houses installing drainage systems this year	(a) Open ditches _____ (b) Under drains _____	170
171. Acres drained by _____	(a) Open ditches _____ (b) Under drains _____	171
172. Number of houses installing irrigation systems this year	_____	172
173. Acres irrigated	_____	173
174. Number of farms controlling erosion this year by _____	(a) Terrace _____ (b) Subsoiling ditches _____	174
175. Acres on which soil erosion was so controlled by _____	(a) Terrace _____ (b) Subsoiling ditches _____	175
176. Number of dwellings constructed this year according to plans furnished	_____	176
177. Number of dwellings renovated this year according to plans furnished	_____	177
178. Number of sewage-disposal systems installed this year according to plans furnished	_____	178
179. Number of water systems installed this year according to plans furnished	_____	179
180. Number of heating systems installed this year according to plans furnished	_____	180
181. Number of lighting systems installed this year according to plans furnished	_____	181
181A. Number of farms following suggestions on maintenance and repair of machinery	_____	181A
181B. Number of farms employing better type of machinery recommended by extension agent	_____	181B
182. Number of machines brought to quarters _____	(a) Cultivators _____	182
	(b) Plows _____	
	(c) Tractors and gas engines _____	
	(d) Sprayers _____	
	(e) Mowers and harvesters _____	
(f) Other _____		
183. Number of farms on which buildings other than dwellings were constructed or renovated this year according to plans furnished	_____	183
184. Number of buildings involved in processing _____	(a) Saws _____	184
	(b) Hay barns _____	
	(c) Feeding barns _____	
	(d) Silos _____	
	(e) Other _____	
185. Number of farms showing herd of swine or poultry this year	_____	185
186. Acres of land so obtained	_____	186
187. Number of farms adopting other improved practices for the soil (Specify below)	_____	187
188. Total number of different farms adopting the different practices specified in the questionnaire during the year ending _____	_____	188

AGRICULTURAL ECONOMICS—Continued.

Report only this year's extension activities and results that are supported by records.

282. List below this year's results in connection with the cooperative-marketing and public relations in the county previously organized and with which the extension agent connected or advised.

Name of association or group.	Number of members.	Receipts and products handled.	Receipts received.		Products sold.	
			in value.	in bulk.	in value.	in bulk.
			\$	\$	\$	\$
Total.						

283. Total number of different farms adopting improved marketing practices (include entries for questions 282 (1) and 282 (2) less duplicate entries plus other farms not in cooperative organizations) 283

COMMUNITY ACTIVITIES AND MISCELLANEOUS

Report only this year's extension activities and results that are supported by records.

Use this space to include work of any other agricultural project not included in the preceding pages, such as teaching and advisory work, i. e., any other information that can be reported statistically and that will help to give a complete account of the year's work.

Year	(1) Meetings.	(2) Meetings.	(3)
Number of method demonstrations given.			286
Number of adult reach demonstrations started or under way.			287
Number of reach demonstrations completed or carried through the year.			288
Number of units in these completed demonstrations.			289
Number of junior clubs.			290
Number of members enrolled.	(1) Boys		291
	(2) Girls		
Number of members completing.	(1) Boys		292
	(2) Girls		
Number of units involved in junior club work completed.			293
Total number of different farms adopting improved practices this year in the miscellaneous work reported on this page.			294
[Use space below to include other important data relating to this miscellaneous work.]			

HOME-DEMONSTRATION WORK.

FOODS.

Report only this year's extension activities and results that are reported by month, year appropriate.

213. Number of project clubs or groups	(a) Women	213
	(b) Families	
214. Number of members enrolled in food preparation	(a) Women	214
	(b) Girls	
	(c) Boys	
215. Number of members completing*	(a) Women	215
	(b) Girls	
	(c) Boys	
216. Number of method demonstrations given. (See definition 5, page 5.)		216
217. Number of month demonstrations started or under way. (See definition 6, page 5.)	(a) Women	217
	(b) Girls	
	(c) Boys	
218. Number of month demonstrations completed or started through the year	(a) Women	218
	(b) Girls	
	(c) Boys	
219. Number of individuals adopting improved practices in bread making this year	(a) Women	219
	(b) Girls	
	(c) Boys	
220. Number of individuals adopting improved practices in meat cooking this year	(a) Women	220
	(b) Girls	
	(c) Boys	
221. Number of individuals adopting improved practices in vegetable cooking this year	(a) Women	221
	(b) Girls	
	(c) Boys	
222. Number of individuals adopting improved practices in preparation of dairy-product dishes this year	(a) Women	222
	(b) Girls	
	(c) Boys	
223. Number of individuals adopting improved practices in meal preparation and service this year	(a) Women	223
	(b) Girls	
	(c) Boys	
224. Number of homes budgeting the family food supply for the first time		224
225. Total number of different homes adopting improved practices relative to the food-preparation work reported on this page. (Check one circle for questions 226, 227, 228, 229, 230, and 231. See instructions.)		225

The space below is to include other important data relating to food preparation.

*The number of members completing is reported only for those members who have completed the course of instruction. It does not include those who have not completed the course. For details regarding the definition and reporting of this item, see the instructions on page 5.

FOODS—Continued.

Report only this year's extension activities and results that are supported by receipts from January 1938.

206. Number of project clubs or groups	(a) Women	206
	(b) Justice	
207. Number of members enrolled in food preservation	(a) Women	207
	(b) Clubs	
	(c) Boys	
208. Number of members completing	(a) Women	208
	(b) Clubs	
	(c) Boys	
209. Number of health demonstrations given		209
210. Number of health demonstrations started or under way	(a) Women	210
	(b) Clubs	
	(c) Boys	
211. Number of health demonstrations completed or started through the year	(a) Women	211
	(b) Clubs	
	(c) Boys	
212. Number of individuals adopting improved practices in preserving fruits and vegetables this year	(a) Women	212
	(b) Clubs	
	(c) Boys	
213. Number of individuals adopting improved practices in preserving meats and fish this year	(a) Women	213
	(b) Clubs	
	(c) Boys	
214. Number of houses providing better food storage for the first time		214
215. Total number of different houses adopting improved practices relative to the food preservation work engaged in this year		215
216. Total dollar amount of food preserved by club members completing		216

Description	Units	By Month		
		Jan.	Feb.	Mar.
(a) Fruits and vegetables canned	quarts			
(b) Meats and fish canned	quarts			
(c) Jellies and preserves made	quarts			
(d) Fresh green meals	quarts			
(e) Pickles made	quarts			
(f) Fruits and vegetables dried	quarts*			
(g) Meats dried	quarts*			

(*In space below in brackets enter important data relating to food preservation.)

DEFINITION

Report only this year's extension activities and results that are supported by records.

(Use space below to describe other important data relating to activities.)

¹Where clubs do not separate into groups for a project lunch should not report on the statistics but should report on membership and activities.

CLOSINGS

Report only this year's activities and results that are supported by records.

202. Number of project clubs or groups	100 Women	202
	25 Girls	
203. Number of members enrolled in clubbing work	100 Women	203
	25 Girls	
	25 Boys	
204. Number of members completing	100 Women	204
	25 Girls	
	25 Boys	
205. Number of useful demonstrations given	100 Women	205
206. Number of useful demonstrations started or under way	100 Women	206
	25 Girls	
	25 Boys	
207. Number of useful demonstrations completed or started through the year	100 Women	207
	25 Girls	
	25 Boys	
208. Number of individuals adopting improved practices in selection and maintenance	100 Women	208
	25 Girls	
	25 Boys	
209. Number of individuals adopting improved practices in selection and mending	100 Women	209
	25 Girls	
	25 Boys	
210. Number of individuals adopting improved practices in mending	100 Women	210
	25 Girls	
	25 Boys	
211. Number of individuals adopting improved practices in costume designing	100 Women	211
	25 Girls	
212. Number of individuals adopting improved practices in fabric wardrobe planning	100 Women	212
	25 Girls	
213. Number of individuals adopting improved practices in children's wardrobe planning	100 Women	213
	25 Girls	
214. Number of individuals adopting improved practices in adult wardrobe planning	100 Women	214
	25 Girls	
215. Total number of different homes adopting improved practices relative to the clubbing work reported on 200 page	100 Women	215
216. Number of dress forms made this year by	25 Girls	216
217. Number of dresses and coats made this year by	100 Women	217
	25 Girls	
218. Number of undergarments made this year by	100 Women	218
	25 Girls	
219. Number of hats made this year by	100 Women	219
	25 Girls	

(Use space below to include other important data relating to clubbing.)

HOME MANAGEMENT.

Report only this year's activities and results that are supported by records.

270. Number of project clubs or groups: (a) Women _____ } 270
(b) Juniors _____ }
271. Number of members enrolled in home management: (a) Women _____ } 271
(b) Girls _____ }
(c) Boys _____ }
272. Number of members completing: (a) Women _____ } 272
(b) Girls _____ }
(c) Boys _____ }
273. Number of method demonstrations given: _____ 273
274. Number of result demonstrations started or under way: (a) Women _____ } 274

HOME FURNISHING

Report only this year's extension activities and results that are supported by receipts.

203. Number of project clubs or groups	(a) Women	203
	(b) Juniors	
204. Number of members enrolled in home furnishings	(a) Women	204
	(b) Girls	
	(c) Boys	
205. Number of members completing	(a) Women	205
	(b) Girls	
	(c) Boys	
206. Number of needle demonstrations given		206
207. Number of needle demonstrations started or under way	(a) Women	207
	(b) Girls	
	(c) Boys	
208. Number of needle demonstrations completed or worked through the year	(a) Women	208
	(b) Girls	
	(c) Boys	
209. Number of individuals adopting improved practices in selection and arrangement of furnishings this year	(a) Women	209
	(b) Girls	
	(c) Boys	
210. Number of individuals adopting improved practices in the equipping and remodeling of furnishings this year	(a) Women	210
	(b) Girls	
	(c) Boys	
211. Number of individuals adopting improved practices in wall, woodwork, and floor treatment this year	(a) Women	211
	(b) Girls	
	(c) Boys	
212. Number of rooms benefited in conditions 209, 210, and 211	(a) Bedrooms	212
	(b) Living rooms	
	(c) Dining rooms	
	(d) Other rooms	
213. Total number of different homes adopting improved practices relative to the home-furnishing work reported on this page		213

[Use space below to include other important data relating to home furnishings.]

HOME HEALTH-CARE

Report only this year's activities and results that are reported by groups.

284. Number of project clubs or groups ¹ _____	(a) Women _____	} 200
	(b) Men _____	
285. Number of members enrolled in home health and sanitation _____	(a) Women _____	} 200
	(b) Clubs _____	
	(c) Boys _____	
286. Number of members completing _____	(a) Women _____	} 200
	(b) Clubs _____	
	(c) Boys _____	
287. Number of mouth demonstrations given _____	(a) Women _____	} 200
	(b) Clubs _____	
	(c) Boys _____	
288. Number of mouth demonstrations started in other way _____	(a) Women _____	} 200
	(b) Clubs _____	
	(c) Boys _____	
289. Number of mouth demonstrations completed or worked through (for year) _____	(a) Women _____	} 200
	(b) Clubs _____	
	(c) Boys _____	
290. Number of homes adopting recommended health practices this year _____	_____	200
291. Number of individuals adopting recommended practices in—		200
(a) Use of health care card _____	(c) Care of skin and hair _____	
(b) Good posture _____	(d) Glass wearing _____	
(c) Prevention of falls _____	(e) Staff etc. _____	
(d) Good illumination _____	(f) _____

AGRICULTURAL MECHANISMS—CONT.

Report only this year's activities and/or results that are supported by records.

Do not list information which has been previously reported on page 13.

207. Number of mottled disseminations given.....	207
208. Number of mottled disseminations started or under way.....	208
209. Number of mottled disseminations completed or worked through the year.....	209
210. Number of seedlings inspected this year according to plans furnished.....	210
211. Number of seedlings inspected this year according to plans furnished.....	211
212. Number of average-disposal systems installed this year according to plans furnished.....	212
213. Number of water systems installed this year according to plans furnished.....	213
214. Number of heating systems installed this year according to plans furnished.....	214
215. Number of lighting systems installed this year according to plans furnished.....	215
216. Number of poultry houses constructed this year according to plans furnished.....	216
217. Total number of different houses adopting improved practices relative to the agricultural engineering work reported on this page.....	217

(Use space below to include other important data relating to agricultural engineering.)

MECHANIZATION OF SOILS WORKING

Report only this year's activities and/or results that are supported by records.

Do not list information which has been previously reported on page 13.

218. Number of plow tests or groups.....	(a) Tractor.....	218
	(b) Oxen.....	
219. Number of plows worked by combination of horse power.....	(a) Oxen.....	219
	(b) Horse.....	
220. Number of plows completing.....	(a) Oxen.....	220
	(b) Horse.....	
221. Number of mottled disseminations given.....	(a) Tractor.....	221
	(b) Oxen.....	
222. Number of mottled disseminations started or under way.....	(a) Tractor.....	222
	(b) Oxen.....	
223. Number of mottled disseminations completed or worked through the year.....	(a) Tractor.....	223
	(b) Oxen.....	
224. Number of horse plows planted this year according to a landscape plan.....	(a) Tractor.....	224
	(b) Oxen.....	
225. Number of mottled and commonly planted this year according to a landscape plan.....	(a) Tractor.....	225
	(b) Oxen.....	
226. Number of horse plows planted or withdrawn this year as a result of instruction by combination.....	(a) Tractor.....	226
	(b) Oxen.....	
227. Total number of different houses adopting improved practices relative to the agricultural engineering work reported on this page.....		227

(Use space below to include other important data relating to mechanization of soils working.)

HOME GARDENS

Report only this year's activities and results that are supported by records.
Do not list information which has been previously reported on page 12.

201. Number of project clubs or groups	(a) Women		201
	(b) Men		
202. Number of members enrolled in home gardens	(a) Women		202
	(b) Men		
203. Number of members completing	(a) Women		203
	(b) Men		
204. Number of public demonstrations given	(a) Women		204
	(b) Men		
205. Number of youth demonstrations started or under way	(a) Women		205
	(b) Men		
206. Number of youth demonstrations completed or started through the year	(a) Women		206
	(b) Men		
207. Number of gardens involved in youth demonstrations	(a) Women		207
	(b) Men		
208. Number of individuals adopting improved practices in growing fruits this year	(a) Women		208
	(b) Men		
209. Number of individuals adopting improved practices in growing fruits and small grains this year	(a) Women		209
	(b) Men		
210. Number of individuals adopting improved practices in growing grapes this year	(a) Women		210
	(b) Men		
211. Number of individuals adopting improved practices in growing vegetables this year	(a) Women		211
	(b) Men		
212. Number of individuals sowing improved stock or seed for the first time	(a) Women		212
	(b) Men		
213. Number of homes spraying or otherwise treating garden crops for diseases and insect pests for the first time	(a) Women		213
	(b) Men		
214. Number of individuals growing other gardens for the first time	(a) Women		214
	(b) Men		
215. Total number of different homes adopting improved practices relative to the home-garden work reported on this page	(a) Women		215
	(b) Men		

[Use space below to include other important data relating to home gardens.]

HOME POULTRY.

Report only this year's activities and results that are supported by records.
Do not list information which has been previously reported on pages 24 and 25.

233. Number of project clubs or groups	Women	233
	Girls	
	Boys	
234. Number of members enrolled in home poultry	Women	234
	Girls	
	Boys	
235. Number of members completing	Women	235
	Girls	
	Boys	
236. Number of mail demonstrations given	Women	236
	Girls	
	Boys	
237. Number of mail demonstrations started in other way	Women	237
	Girls	
	Boys	
238. Number of mail demonstrations completed or started through the year	Women	238
	Girls	
	Boys	
239. Number of birds in mail demonstrations raised or managed by	Women	239
	Girls	
	Boys	
240. Total profit on mail demonstrations realized by	Women	240
	Girls	
	Boys	
241. Number of individuals selling books for the first time	Women	241
	Girls	
	Boys	
242. Number of homes selling books for the first time		242
243. Number of birds in these books		243
244. Number of birds illustrated		244
245. Number of persons leading better-hatched poultry sections for the first time		245
246. Number of individuals assisted in obtaining first-level eggs for hatching this year	Women	246
	Girls	
	Boys	
247. Number of persons assisted in obtaining standard level cockades this year	Women	247
	Girls	
	Boys	
248. Number of individuals adopting improved practices in early hatching and chick rearing this year	Women	248
	Girls	
	Boys	
249. Number of homes directly assisted in increasing the family income this year through poultry		249
250. Number of homes conducting poultry systems for the first time		250
251. Total number of different homes adopting improved practices relative to the home-poultry work reported on this page		251

(Use space below to include other important data relating to home poultry.)

MILK DAIRY.

Report only this year's activities and results that are supported by records.
Do not list information which has been previously reported on pages 14 and 15.

203. Number of profit clubs or groups	(a) Women	}	203
	(b) Men		
204. Number of members enrolled in home-dairy work	(a) Women	}	204
	(b) Clubs		
	(c) Boys		
205. Number of members completing	(a) Women	}	205
	(b) Clubs		
	(c) Boys		
206. Number of useful demonstrations given	(a) Women	}	206
	(b) Clubs		
	(c) Boys		
207. Number of useful demonstrations started in public way	(a) Women	}	207
	(b) Clubs		
	(c) Boys		
208. Number of useful demonstrations completed or started through the year	(a) Women	}	208
	(b) Clubs		
	(c) Boys		
209. Number of years or values by results demonstrated secured or managed by	(a) Women	}	209
	(b) Clubs		
	(c) Boys		
210. Number of houses feeding better dairy returns for the first year			210
211. Number of houses adopting better practices in the auxiliary production and care of milk this year			211
212. Number of houses adopting better practices in butter or cheese making this year			212
213. Number of pounds of butter made			213
214. Number of pounds of cheese made			214
215. Total number of different houses adopting improved practices relative to the home-dairy work reported on this page			215

(Use space below to list other important data relative to home-dairy work.)

HOME MARKETING

Report only this year's marketing activities and results that are supported by records.

Do not list information which has been previously reported on pages 17 and 18.

275. Number of method demonstrations given _____ 276

276. List below the cooperative marketing associations organized during this year upon suggestion and approval of the Extension Service. _____ 279

Name of association or group	Number of members	Total value		Market value	
		Value	Per cent	Value	Per cent
Cash or loaner markets		\$		\$	
Egg markets					
Total					

277. List below this year's profits in connection with the cooperative marketing associations in the county previously reported and with which the Extension Service associated. _____ 277

Name of association or group	Number of members	Total value		Market value	
		Value	Per cent	Value	Per cent
Cash or loaner markets		\$		\$	
Egg markets					
Total					

278. Number of boxes manufacturing and grading products for market: _____ 278

(1) Poultry and poultry products _____ (2) Fruits and vegetables _____

(3) Canned goods _____ (4) _____

(5) Dairy products _____ (6) _____

279. Total amount of different boxes adopting improved marketing practices (include entries for _____ 279

entries 275 (1) and 277 (1) less duplicate plus other boxes used in cooperative operations _____

(The space below is for the principal products handled in cooperation with marketing associations reported above.)

COMMUNITY ACTIVITIES AND MISCELLANEOUS—20146.

Report only this year's extension activities and results that are supported by records.

Do not list information which has been previously reported on page 18.

The title page of this report should include work on any other home-extension project not included in the preceding pages, such as pig raising, beekeeping, sewing, other handwork, and similar work, i. e., any other information that can be reported statistically and that will help give a complete account of the year's work.
