

Nothing to be done

HOME DEMONSTRATION WORK

ANNUAL NARRATIVE REPORT
OF
HOME DEMONSTRATION WORK FOR 1925
IN
GESSIE COUNTY VIRGINIA

Miss Bessie Haylor, Co. H. Dem. Agent.

The Advisory Board has only had one meeting during the year, but members of the board have helped plan the work for the county. We have secured one new member for this board, and now have at least one strong supporter in each district. When it seemed that it was going to be impossible to get a club leader to go to Blacksburg with the girls and boys, a member of the board told me that while it did not suit her to go at all, she was making her plans to go if the leader failed to show up.

The Board also raised \$75.00 towards the Agent's salary for the year.

The Orange Fair Association (adjoining county) gave \$112.00 in prizes to club members.

The Stanardsville Community League assisted the Advisory Board in raising the money to pay the club leader's expenses to the State Short Course.

Our poultry project was financed by the Bank of Greene. The Stanardsville merchants have made every effort to carry suitable materials for the clothing club work, and all of them give club girls special prices on this material.

Program of Work.

Club Work.

Six 4-H clubs were organized, and club work was carried on in 14 communities in the county. Six clubs have local leaders.

Seven girls and boys and a leader were sent to the State Short Course. One girl won a scholarship which was offered by the Orange County women who saw our club exhibit at the fair. This has also been offered for next year. The woman who was responsible for this scholarship last year told me that she had received a letter from the girl who attended the short course, and she thought the girl must have been at Blacksburg at least two or three weeks to get all this girl told her she had gained from this course.

The Orange County Fair Association offered a prize for the most attractively arranged club booth. Two counties had exhibits, and Greene was fortunate enough to win the blue ribbon. We failed to get a picture of this booth, but numbers of people who saw it said it was the most attractive exhibit they had ever seen.

Greene County people were quite proud of it, and so many of them thanked us for winning this honor for them.

The Clothing club work was exhibited at the County School Day, May 1st, and this made a good showing. The Ruckersville Cooking club was fortunate enough to win second prize on their club float. The attached picture does not show just how the float was arranged as the wind kept us from getting a good view of it. However, I believe the brick chimney, the "Old Mammy" and my attractive club girls tell the story.

One club raised \$13.00 for a short course representative before I had an opportunity to tell them that we wanted to do this. The leader said she saw in the Club Letter that the girls were supposed to raise some money, so she got busy and did this while I was at Blacksburg attending the Short Course for Agents. I had only met this club twice. One leader gave the \$5.00 prize she won on her school float to send her representative to the Short Course.

Clothing.

119 girls were enrolled in clothing clubs, and 9% of these completed their work. We had five clubs to turn in 100% records. The sewing was exhibited at the County School Day and at the Orange County Fair. One girl won first prize on her sewing bag at the State Fair. Greene County has won this prize for the past three years. Several women have told me that their girls who have had sewing two years can go right ahead with their sewing without their help, and one little girl has been helping her neighbors with their sewing.

Poultry.

45 girls and boys were enrolled in the poultry club, and 32 of them completed their work. The Bank of Greene financed this project, and altho some of the members were unfortunate and did not raise any birds, others are greatly pleased with that they have and I know that we have been able to improve flocks that otherwise would not have been improved. One third year member shows a profit of \$90.00 on his flock of Barred Rocks. One community where we had club members, the baby chicks had to be carried five miles up a mountain. In most places when the chicks were delivered to the children at the schools a demonstration on feeding of chicks was given.

Cooking.

27 girls were enrolled in the cooking club. As we did not have a room at the school for our meetings a woman in the community allowed us to use her kitchen. This was the first cooking club work we had attempted in the county, and the girls were very much interested. The kitchen was not large enough for us to have 27 girls at one time, so we divided the club and had two groups with a captain for each group. The captains were responsible for getting the materials for cooking. Most of the girls completed their work in a satisfactory manner, and a number of them have been a great help to their mothers. One woman said to me when she heard I was leaving the county, "Miss H. I can never thank you enough for what you have done for my girls. They have been such a help to me and saved me so much this summer and I could never have gotten them to become as interested in the work in the home as you have." She is a very frail little woman, and it made me very happy to think that I had at least helped to make the burden lighter for one person.

Bread.

We had 21 girls enrolled in the bread club. All of the girls who made biscuit completed their work, but it was impossible for some of the smaller girls to complete their yeast bread work. We had some very interesting meetings, and I could see a great improvement in the bread each time they brought it for a judging contest. I believe that we are safe in saying that we have heard more about the bread work that has been done in one community than any other work that has been done during the year. So many people have asked me to tell them how to make bread like the Fletcher club girls are making it. These girls had a judging team at the Orange Fair and won second prize. One girl also won fifth prize at the State Fair and she had never made bread until last June.

We had two local bread contests, and prizes were given for the best bread. One club leader asked a traveling salesman to give us a prize and he sent a bread box, and others gave bags of flour.

Canning.

Twenty-one girls were enrolled for canning, but owing to the dry season only ten were able to complete the work. One girl put up more than 300 containers at her home and also did some canning for her relatives she is now with in Illinois. One girl who completed her third year work won the first prize at the County Fair over both third and fourth year members. She has won first prize each year since she has been canning. Some of the prize winning canning was sent to the Hazel-Atlas Glass Contest. It was also exhibited in the Ruckersville Post Office and Bank of Greene.

The canning exhibit made a good showing in the club booth at the County Fair.

Adult Work.

Organization:

It was not possible to have but one meeting of the Advisory Board this year. They, however, have done all they could to assist the agent with the work in the county. The Board arranged for a representative from the Singer Sewing Machine Company to conduct a sewing school in Stanardsville, and a most successful meeting was held.

Remunerative Projects.

We were only able to get one complete record from a farm flock, and this woman shows a profit of \$464.96. Others were assisted in obtaining standard-bred eggs and baby chicks. I also selected birds for several breeding pens, and gave instructions for improving poultry houses. We did not have a poultry culling campaign, but I was called on to give demonstrations in several communities where we had not worked before. We have also been able to give valuable information to a number of people who have diseases in their flocks.

Plans have been made for a poultry improvement contest for next year, and we are hoping that this will be very helpful to the women who have entered their flocks in the contest.

Creamery.

We had Mr. Iddings, Dairy Specialist, visit the Greene County Creamery twice, and he has been able to render them valuable assistance. The Creamery has also been good enough to furnish me butter when I needed it for demonstration work. We had a butter judging contest in March, and the women were very much interested in this.

Home.

Food Unit:

The Vegetable and Fruit Unit was successfully carried on in two communities. 14 women were enrolled and a number who did not enroll attended one or more of the meetings. Four demonstrations were given to each group. The reports show that most of the women who attended passed the information they had gained on to other women in the county. At the last meeting we had the women bring samples of their mayonnaise, and the Southern Cotton Oil Company gave us mayonnaise mixing sets to offer for prizes.

Clothing:

Eleven women were enrolled in the Clothing Unit, and four meetings were held. The work was carried on in a community where we had not worked before, and I feel that these women now have an interest in our work that they did not have before. They were especially interested in the demonstration on the use of sewing machine attachments.

General.

The 4-H clubs took part in the County School Day, May 1st. The sewing and cooking club members had exhibits and the cooking club had a float in the parade. We did not have a club rally as I was secretary of the School Day Committee, and the club members were given every opportunity to prove to the large crowd that day that club work was growing in favor with the Greene County girls and boys. Just last week my brave Assistant and I went to High Top to organize a sewing club as I had promised a woman from that section who saw the sewing exhibit, that the girls up there would be given an opportunity to join the sewing club this fall.

We had our usual exhibit at the Orange County Fair, and 127 girls exhibited their work. Free tickets were given to all the girls who attended the fair.

Fifty seven different homes were visited during the year.

Thirty four articles were written for the newspaper, and several of these were written by club leaders and other county people.

While I am not at all satisfied with my report for the year, I at least feel that for the past few months a number of people have been able to see just what the work does mean to these mountain children, and I regret very much that it is impossible for me to continue the work. However, I shall always be glad that I had the honor of being the pioneer worker in Greene County, and am glad that I can go away saying that my followers are for the work and not the worker. My club leaders and other people have expressed their regrets because it is necessary for me to give up the work, but all of them have said they are going to give their loyal support to the new agent and do everything they can to see that the appropriation is made next year, because they have been able to see what the work has done for the children in Greene County.

I believe that it has been said "Once an Extension Worker, always an Extension Worker" and I am sure that I shall always be ready to lend a helping hand to Extension work whenever it is possible for me to do so. Altho I am leaving my club girls and boys in the beautiful Blue Ridge Mountain, I am carrying with me a vision of what Home Demonstration work can do for the rural boys and girls, and I hope that as time goes on I shall at least have some part in this great movement throughout Virginia; even tho it may not be possible for me to be actively engaged in the work again.

COOPERATIVE EXTENSION WORK IN AGRICULTURE AND HOME ECONOMICS

Extension Service,
Office of Cooperative Extension Work,
Washington, D. C.

ANNUAL REPORT OF COUNTY EXTENSION WORKERS

This report form is to be used by county extension agents, such as county agricultural agent, home demonstration agent, club agent, and negro agent, reporting on their respective lines of work.

State Virginia County Greene
Report of L. Bane Hester County Home Demonstration Agent
(Name) (Title)
From December 1st, 1924 to Nov. 30, 1925.

If agent has not been employed entire year, indicate exact period. Agents resigning during the year should make out this report before quitting the service.

State Extension Director.

SUGGESTIONS RELATIVE TO THE PREPARATION OF THE COUNTY EXTENSION AGENT'S ANNUAL REPORT.

The annual report should be a review, analysis, interpretation, and presentation to the people of the county, the State, and the Nation of the sum total of the extension activities in each county for the year and the results obtained by the county extension agent assisted by the subject-matter specialists. The making of such a report is of great value to the county extension agent and the people of the county in showing the progress made during the year as a basis for future plans. It is of vital concern also to the State and Nation as a measure of rural progress and a basis for intelligent legislation and financial support.

Separate statistical and narrative reports are desired from each county extension agent in charge of a line of work, such as county agent, home demonstration agent, boys' and girls' club agent, and negro agent. Where an assistant agent has been employed a part or all of the year, a report on his or her work should be included with the report of the leader in charge of that line of work. Where an agent in charge of a line of work has quit the service during the year, the information contained in his or her report should be incorporated in the annual report of the agent on duty at the close of the report year, and the latter report so marked. Where two or more extension agents are employed in a county, each in charge of a line of work, care should be exercised to avoid including the same data in the statistical report of more than one agent.

At least four copies of the annual report should be made: One copy for the county officials, one copy for the agent's files, one copy for the State extension office, and one copy for the Extension Service, United States Department of Agriculture. *The report to the Washington office should be sent through the State extension office.*

NARRATIVE SUMMARY.

The narrative report should be a statement in orderly fashion and arranged under appropriate subheadings, of the work done, methods used, and results obtained under each project, as well as of the general work accomplished. Every statement should be clear-cut, concise, forceful, and, where possible, reinforced with ample data from the statistical summary. In the preparation of the part of the report relative to each project, the results reported in the statistical summary for the project should be analyzed, conclusions drawn, and recommendations made. The report may well be illustrated with photographs, maps, diagrams, blue prints, or copies of charts and other forms used in demonstration work. Full credit should be given to all cooperating agencies. The lines should be single-spaced, with double space between the paragraphs, and reasonably good margins left. The pages should be numbered in consecutive order.

The following outline is suggestive of how the narrative report may be clearly and systematically presented:

SUGGESTIVE OUTLINE OF ANNUAL NARRATIVE REPORT.

- I. Cover and title page.
- II. Table of contents.
- III. Status of county extension organization.
 - (1) Form of organization—changes and development.
 - (2) Function of local people, committees, or project leaders in developing the program of work.
 - (3) General policies, including relationships to other organizations.
- IV. Program of work, goals established, methods employed, and results achieved.
 - (1) Factors considered and methods used in determining program of work.
 - (2) Project activities and results.

<ol style="list-style-type: none"> (a) Soils (b) Farm crops (c) Horticulture (d) Home gardens (e) Beautification of home grounds (f) Forestry (g) Rodents, predatory animals, and birds. (h) Animal husbandry (i) Dairy husbandry (j) Home dairy (k) Poultry husbandry (l) Home poultry 	} (including diseases and insects).
---	-------------------------------------

3

SUGGESTIVE OUTLINE OF ANNUAL NARRATIVE REPORT—Continued.

IV. Program of work, etc.—Continued.

(2) Project activities and results—Continued.

- (i) Rural engineering.
- Rural engineering—home.
- (j) Agricultural economics, including farm management and marketing.
- Home marketing.
- (k) Foods.
- (l) Nutrition.
- (m) Clothing.
- (n) Home management.
- (o) Home furnishings.
- (p) Home health and sanitation.
- (q) Community activities.
- (r) Miscellaneous.

V. Outlook and recommendations, including suggestive program of work for next year.

VI. Summary of activities and accomplishments, preferably of one or two typewritten pages only, placed at the beginning or end of the narrative report.

STATISTICAL SUMMARY.

To supplement the narrative part of the report, and in order that comparable State and National summaries may be made, it is necessary to include a statistical summary of the work in each county. The following form has been prepared to insure uniformity of reporting. In addition to the questions asked under each subdivision of the report, space is provided to add further data if desired. The statistical summary will grow naturally out of the field and office records.

DEFINITIONS OF TERMS USED IN THIS REPORT.

1. A PROGRAM OF WORK is a definitely outlined plan for extension work.
2. A PROJECT is a definite, systematic, organized plan for carrying out some phase of the extension program of work, providing for what is to be done, how much, when, where, how, and by whom.
3. MISCELLANEOUS WORK includes work which has not yet become a regular part of the program of work—work other than project work.
4. A COMMUNITY, for the purposes of this report, may be any one of the several units into which the county is divided for purposes of conducting organized extension work.
5. A PROJECT LEADER OR LOCAL LEADER is a person, selected because of his or her special interest and fitness, who functions as a leader in advancing some phase of the local program of extension work.
6. A DEMONSTRATION is an example designed to show the practical application of an established fact. Demonstrations as contemplated in this report are of two kinds, method demonstrations and result demonstrations.
 - A method demonstration is a demonstration given by an extension worker or other trained leader to a group for the purpose of showing them how to carry out a practice. Synonym: Lecture demonstration. Examples: Demonstrations of canning, mixing of spray materials, and culling of poultry.
 - A result demonstration is a demonstration carried on by a farmer, farm woman, boy, or girl under the direction of the extension service, involving a substantial period of time, records of results, and comparisons. Examples: Child-feeding, corn-culture, and orchard-management demonstrations.
7. A DEMONSTRATOR is a farmer, farm woman, boy, or girl who, under the direction of the extension service, conducts a result demonstration.
8. MEMBERS COMPLETING should include those who have satisfactorily finished the work outlined for the current year.
9. A DEMONSTRATION MEETING is a meeting held to give a method demonstration or to start, inspect, or further a result demonstration.
10. A TRAINING MEETING is a meeting at which project leaders or local leaders are trained to carry on extension activities in their respective communities.
11. AN OFFICE CALL OR TELEPHONE CALL is a visit or call by a farmer or other person seeking agricultural or home economics information, as a result of which some definite assistance or information is given.
12. A FARM VISIT is a call at a farm by the agent at which some definite information is given or concrete plan of work outlined, or some valuable information obtained from the farmer regarding his work, or the better practice prevailing in his neighborhood.
13. A HOME VISIT is a call at a home by the agent at which some definite information is given or concrete plan of work outlined, or some valuable information obtained from the farm woman regarding her work, or the better practice prevailing in her neighborhood.
14. DAYS IN OFFICE should include time spent by the county agent in his office, at county agent conferences, and any other work directly related to office administration.
15. DAYS IN FIELD should include all days spent on official duty other than those spent in office.
16. LETTERS WRITTEN should include all single letters on official business.

4

DEFINITIONS OF TERMS USED IN THIS REPORT—Continued.

17. A **FARMERS' INSTITUTE** is one of a series of meetings of one to two days' duration, arranged by a central State farmers' institute agency, at which agricultural and home-economics problems are discussed, usually by outside speakers employed for the purpose.
18. AN **EXTENSION OR MOVABLE SCHOOL** is an itinerant school usually of two to six days' duration where practical but systematic instruction is given to persons not resident at the college. AN **EXTENSION SCHOOL COURSE** differs from an extension school in that it is usually held at the college or other educational institution and usually for a longer period of time, but not exceeding two weeks.
19. **RECORDS** consist of definite information filed in the county office that will enable the agent to verify the data on extension work included in this report.
20. **FARM OR HOME PRACTICE ADOPTED** is a new or improved practice adopted on a farm or in a home during the year as a result of extension teaching. Example: Spraying of potatoes for disease, canning of fruits and vegetables, use of balanced rations, and hat making.

GENERAL ACTIVITIES.

Report only this year's extension activities and results that are supported by records.

If an assistant agent has been employed during the year, include his or her work with that of the agent.

1. List below the names, titles, and periods of service of the county extension agents whose work is included in this report. 1

G. Barnhardt <small>(State)</small>	Home Demo. Agent <small>(Title)</small>	18
Madog Gardner	Assistant H. D. Agent	2 1/2 weeks

2. Number of communities in county where extension work should be conducted. 15 2

3. Number of above communities in which the extension program has been cooperatively worked out by extension agents and people concerned. 12 3

4. Number of voluntary county, community, or local leaders actively engaged in forwarding the extension program with— 4

(a) Juniors	5
(b) Adults	

5. Number of clubs carrying on extension work: 5

(a) Junior	24
(b) Adult	3

6. Membership in above clubs:

(a) Boys		(c) Men	
(b) Girls	233	(d) Women	19

7. Number of club members completing: 7

(a) Boys		(c) Men	
(b) Girls	171	(d) Women	10

8. Number of members in junior club work for four or more years: 8

(a) Boys	
(b) Girls	4

GENERAL ACTIVITIES—Continued.

	<i>Graham</i>	<i>Wright</i>	
9. Number of junior judging or demonstration teams trained			9
10. Number entering college this year who have been club members			10
11. Total number of farm visits ¹ made in conducting extension work			11

	(b) No.....	

SANITATION.

303. Number of homes installing sanitary closets or outhouses this year according to plans furnished.....		303
304. Number of homes screened for the first time.....		304
305. Number of homes following other methods of controlling flies, mosquitoes, and other insects for the first time.....		305
306. Total number of different homes adopting improved practices relative to the sanitation work reported on this page.....		306

[Use space below to include other important data relating to home health and sanitation.]

¹ States which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completion.² It is assumed that this work is conducted in cooperation with State and county health authorities.

RURAL ENGINEERING—HOME

Report only this year's extension activities and results that are supported by records.

Do not list information which has been previously reported on page 16.

307. Number of method demonstrations given.....	307
308. Number of result demonstrations started or under way.....	308
309. Number of result demonstrations completed or carried through the year.....	309
310. Number of dwellings constructed this year according to plans furnished.....	310
311. Number of dwellings remodeled this year according to plans furnished.....	311
312. Number of sewage-disposal systems installed this year according to plans furnished.....	312
313. Number of water systems installed this year according to plans furnished.....	313
314. Number of heating systems installed this year according to plans furnished.....	314
315. Number of lighting systems installed this year according to plans furnished.....	315
316. Number of poultry houses constructed this year according to plans furnished.....	316
317. Total number of different homes adopting improved practices relative to the rural-engineering work reported on this page.....	317

[Use space below to include other important data relating to rural engineering.]

BEAUTIFICATION OF HOME GROUNDS

Report only this year's extension activities and results that are supported by records.

Do not list information which has been previously reported on page 12.

318. Number of project clubs or groups ¹	(a) Women.....	318
	(b) Juniors.....	
319. Number of members enrolled in beautification of home grounds.....	(a) Women.....	319
	(b) Girls.....	
	(c) Boys.....	
320. Number of members completing.....	(a) Women.....	320
	(b) Girls.....	
	(c) Boys.....	
321. Number of method demonstrations given.....	(a) Women.....	321
	(b) Girls.....	
	(c) Boys.....	
322. Number of result demonstrations started or under way.....	(a) Women.....	322
	(b) Girls.....	
	(c) Boys.....	
323. Number of result demonstrations completed or carried through the year.....	(a) Women.....	323
	(b) Girls.....	
	(c) Boys.....	
324. Number of home grounds planted this year according to a landscape plan.....		324
325. Number of school and community grounds planted this year according to a landscape plan.....		325
326. Number of homes painted or whitewashed this year as a result of instruction in beautification.....		326
327. Total number of different homes beautifying home grounds this year.....		327

[Use space below to include other important data relating to beautification of home grounds.]

¹ States which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completion.

HOME GARDENS.

Report only this year's extension activities and results that are supported by receipts.

Do not list information which has been previously reported on page 12.

328. Number of project clubs or groups	(a) Women	328
	(b) Juniors	
329. Number of members enrolled in home gardens	(a) Women	329
	(b) Girls	
	(c) Boys	
330. Number of members completing	(a) Women	330
	(b) Girls	
	(c) Boys	
331. Number of method demonstrations given		331
332. Number of result demonstrations started or under way	(a) Women	332
	(b) Girls	
	(c) Boys	
333. Number of result demonstrations completed or carried through the year	(a) Women	333
	(b) Girls	
	(c) Boys	
334. Number of gardens involved in result demonstrations	(a) Women	334
	(b) Girls	
	(c) Boys	
335. Number of individuals adopting improved practices in growing fruit trees this year	(a) Women	335
	(b) Girls	
	(c) Boys	
336. Number of individuals adopting improved practices in growing bush and small fruits this year	(a) Women	336
	(b) Girls	
	(c) Boys	
337. Number of individuals adopting improved practices in growing grapes this year	(a) Women	337
	(b) Girls	
	(c) Boys	
338. Number of individuals adopting improved practices in growing vegetables this year	(a) Women	338
	(b) Girls	
	(c) Boys	
339. Number of individuals saving improved stock or seed for the first time	(a) Women	339
	(b) Girls	
	(c) Boys	
340. Number of homes spraying or otherwise treating garden crops for diseases and insect pests for the first time		340
341. Number of individuals growing winter gardens for the first time	(a) Women	341
	(b) Girls	
	(c) Boys	
342. Total number of different homes adopting improved practices relative to the home-garden work reported on this page		342

[Use space below to include other important data relating to home gardens.]

* States which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completion.

HOME POULTRY.

Report only this year's extension activities and results that are supported by records.
Do not list information which has been previously reported on pages 14 and 15.

343. Number of project clubs or groups	(a) Women		343
	(b) Juniors	5	
	(c) Boys		
344. Number of members enrolled in home poultry	(a) Women	1	344
	(b) Girls	45	
	(c) Boys		
345. Number of members completing	(a) Women	1	345
	(b) Girls	32	
	(c) Boys		
346. Number of method demonstrations given	(a) Women	4	346
	(b) Girls	1	
	(c) Boys	45	
347. Number of result demonstrations started or under way	(a) Women	1	347
	(b) Girls	45	
	(c) Boys		
348. Number of result demonstrations completed or carried through the year	(a) Women	1	348
	(b) Girls	32	
	(c) Boys		
349. Number of birds in result demonstrations raised or managed by	(a) Women	450	349
	(b) Girls	369	
	(c) Boys		
350. Total profit on result demonstrations conducted by	(a) Women	\$44.75	350
	(b) Girls	553.35	
	(c) Boys		
351. Number of individuals culling flocks for the first time	(a) Women		351
	(b) Girls		
	(c) Boys		
352. Number of homes culling flocks for the first time	(a) Women	2	352
	(b) Girls	144	
	(c) Boys	44	
353. Number of birds in these flocks	(a) Women		353
	(b) Girls		
	(c) Boys		
354. Number of birds discarded	(a) Women		354
	(b) Girls		
	(c) Boys		
355. Number of homes feeding better-balanced poultry rations for the first time	(a) Women		355
	(b) Girls		
	(c) Boys		
356. Number of individuals assisted in obtaining standard-bred eggs for hatching this year	(a) Women		356
	(b) Girls	3	
	(c) Boys		
357. Number of homes assisted in obtaining standard-bred cockerels this year	(a) Women		357
	(b) Girls		
	(c) Boys		
358. Number of individuals adopting improved practices in early hatching and chick rearing this year	(a) Women		358
	(b) Girls	20	
	(c) Boys		
359. Number of homes directly assisted in increasing the family income this year through poultry	(a) Women	3	359
	(b) Girls		
	(c) Boys		
360. Number of homes controlling poultry insects for the first time	(a) Women		360
	(b) Girls		
	(c) Boys		
361. Total number of different homes adopting improved practices relative to the home-poultry work reported on this page	(a) Women	35	361
	(b) Girls		
	(c) Boys		

[Use space below to include other important data relating to home poultry.]

HOME DAIRY.

Report only this year's extension activities and results that are supported by records.
Do not list information which has been previously reported on pages 14 and 15.

362. Number of project clubs or groups ¹	(a) Women	362
	(b) Juniors	
363. Number of members enrolled in home-dairy work	(a) Women	363
	(b) Girls	
	(c) Boys	
364. Number of members completing	(a) Women	364
	(b) Girls	
	(c) Boys	
365. Number of method demonstrations given		365
366. Number of result demonstrations started or under way	(a) Women	366
	(b) Girls	
	(c) Boys	
367. Number of result demonstrations completed or carried through the year	(a) Women	367
	(b) Girls	
	(c) Boys	
368. Number of cows or calves in result demonstrations raised or managed by	(a) Women	368
	(b) Girls	
	(c) Boys	
369. Number of homes feeding better dairy rations for the first time		369
370. Number of homes adopting better practices in the sanitary production and care of milk this year		370
371. Number of homes adopting better practices in butter or cheese making this year		371
372. Number of pounds of butter made		372
373. Number of pounds of cheese made		373
374. Total number of different homes adopting improved practices relative to the home-dairy work reported on this page		374

[Use space below to list other important data relative to home dairying.]

¹ States which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completion.

HOME MARKETING.

Report only this year's extension activities and results that are supported by records.

Do not list information which has been previously reported on pages 17 and 18.

375. Number of method demonstrations given. 375

376. List below the cooperative-marketing associations organized during this year upon suggestion and counsel of the Extension Service. 376

(a) Name of association or group.	(b) Number of members.	Products sold.		Supplies purchased.	
		(c) Value.	(d) Profit.	(e) Value.	(f) Savings.
Curb or bazaar markets.		\$	\$	\$	\$
Egg circles.					
TOTAL.					

377. List below this year's results in connection with the cooperative-marketing associations in the county previously organized and with which the Extension Service counseled or advised. 377

(a) Name of association or group.	(b) Number of members.	Products sold.		Supplies purchased.	
		(c) Value.	(d) Profit.	(e) Value.	(f) Savings.
Curb or bazaar markets.		\$	\$	\$	\$
Egg circles.					
TOTAL.					

378. Number of homes standardizing and grading products for markets: 378

(a) Poultry and poultry products. (d) Fruits and vegetables.

(b) Canned goods. (e) _____

(c) Dairy products. (f) _____

378. Total number of different homes adopting improved marketing practices (include entries for questions 376 (b) and 377 (b) less duplications plus other homes not in cooperative associations) 378

[Use space below to list the principal products handled in cooperative marketing associations reported above.]
