Thank you for your order!

Dear Dr. David Kautz,

Thank you for placing your order through Copyright Clearance Center's RightsLink[®] service.

Order Summary

| | |
|---------------|------------------------------------------------------------|
| Licensee: | Dr. David Kautz |
| Order Date: | May 17, 2021 |
| Order Number: | 5071390467329 |
| Publication: | Nature Nanotechnology |
| Title: | Reviving the lithium metal anode for high-energy batteries |
| Type of Use: | Thesis/Dissertation |
| Order Total: | 0.00 USD |

Sodium Ion Insertion in Hollow Carbon Nanowires for Battery Applications

Author: Yuliang Cao, Lifeng Xiao, Maria L. Sushko, et al

Publication: Nano Letters

Publisher: American Chemical Society

Date: Jul 1, 2012

Copyright © 2012, American Chemical Society

Most Trusted. Most Cited. Most Read.

PERMISSION/LICENSE IS GRANTED FOR YOUR ORDER AT NO CHARGE

This type of permission/license, instead of the standard Terms & Conditions, is sent to you because no fee is being charged for your order. Please note the following:

- Permission is granted for your request in both print and electronic formats, and translations.
- If figures and/or tables were requested, they may be adapted or used in part.
- Please print this page for your records and send a copy of it to your publisher/graduate school.
- Appropriate credit for the requested material should be given as follows: "Reprinted (adapted) with permission from (COMPLETE REFERENCE CITATION). Copyright (YEAR) American Chemical Society." Insert appropriate information in place of the capitalized words.
- One-time permission is granted only for the use specified in your request. No additional uses are granted (such as derivative works or other editions). For any other uses, please submit a new request.

If credit is given to another source for the material you requested, permission must be obtained from that source.
