

COOPERATIVE EXTENSION WORK IN AGRICULTURE AND HOME ECONOMICS

U. S. Department of Agriculture
and State Agricultural Colleges
Cooperating

Extension Service,
Office of Cooperative Extension Work,
Washington, D. C.

ANNUAL REPORT OF COUNTY EXTENSION WORKERS

This report form is to be used by county extension agents, such as county agricultural agent, home demonstration agent, club agent, and negro agent, reporting on their respective lines of work.

State Virginia County Dumfries
Report of John Bellinger County Dumfries County Agent
From Dec 1 - 1923 to Dec 1, 1924.

If agent has not been employed entire year, indicate exact period. Agents resigning during the year should make out this report before quitting the service.

SUGGESTIVE OUTLINE OF ANNUAL NARRATIVE REPORT—Continued.

IV. Program of work, etc.—Continued.

(2) Project activities and results—Continued.

- (i) Rural engineering.
- (j) Rural engineering—home.
- (k) Agricultural economics, including farm management and marketing.
- (l) Home marketing.
- (m) Foods.
- (n) Nutrition.
- (o) Clothing.
- (p) Home management.
- (q) House furnishings.
- (r) Home health and sanitation.
- (s) Community activities.
- (t) Miscellaneous.

V. Outlook and recommendations, including suggestive program of work for next year.

VI. Summary of activities and accomplishments, preferably of one or two typewritten pages only, placed at the beginning or end of the narrative report.

STATISTICAL SUMMARY.

To supplement the narrative part of the report, and in order that comparable State and National summaries may be made, it is necessary to include a statistical summary of the work in each county. The following form has been prepared to insure uniformity of reporting. In addition to the questions asked under each subdivision of the report, space is provided to add further data if desired. The statistical summary will grow naturally out of the field and office records.

DEFINITIONS OF TERMS USED IN THIS REPORT.

1. A PROGRAM OF WORK is a definitely outlined plan for extension work.
2. A PROJECT is a definite, systematic, organized plan for carrying out some phase of the extension program of work, providing for what is to be done, how much, when, where, how, and by whom.
3. MISCELLANEOUS WORK includes work which has not yet become a regular part of the program of work—work other than project work.
4. A COMMUNITY, for the purposes of this report, may be any one of the several units into which the county is divided for purposes of conducting organized extension work.
5. A PROJECT LEADER OR LOCAL LEADER is a person, selected because of his or her special interest and fitness, who functions as a leader in advancing some phase of the local program of extension work.
6. A DEMONSTRATION is an example designed to show the practical application of an established fact. Demonstrations as contemplated in this report are of two kinds, method demonstrations and result demonstrations.
 - A method demonstration is a demonstration given by an extension worker or other trained leader to a group for the purpose of showing them how to carry out a practice. Synonym: Lecture demonstration. Examples: Demonstrations of canning, mixing of spray materials, and culling of poultry.
 - A result demonstration is a demonstration carried on by a farmer, farm woman, boy, or girl under the direction of the extension service, involving a substantial period of time, records of results, and comparisons. Examples: Child-feeding, corn-culture, and orchard-management demonstrations.
7. A DEMONSTRATOR is a farmer, farm woman, boy, or girl who, under the direction of the extension service, conducts a result demonstration.
8. MEMBERS COMPLETING should include those who have satisfactorily finished the work outlined for the current year.
9. A DEMONSTRATION MEETING is a meeting held to give a method demonstration or to start, inspect, or further a result demonstration.
10. A TRAINING MEETING is a meeting at which project leaders or local leaders are trained to carry on extension activities in their respective communities.
11. AN OFFICE CALL OR TELEPHONE CALL is a visit or call by a farmer or other person seeking agricultural or home economics information, as a result of which some definite assistance or information is given.
12. A FARM VISIT is a call at a farm by the agent at which some definite information is given or concrete plan of work outlined, or some valuable information obtained from the farmer regarding his work, or the better practice prevailing in his neighborhood.
13. A HOME VISIT is a call at a home by the agent at which some definite information is given or concrete plan of work outlined, or some valuable information obtained from the farm woman regarding her work, or the better practice prevailing in her neighborhood.
14. DAYS IN OFFICE should include time spent by the county agent in his office, at county agent conferences, and any other work directly related to office administration.
15. DAYS IN FIELD should include all days spent on official duty other than those spent in office.
16. LETTERS WRITTEN should include all single letters on official business.

4

DEFINITIONS OF TERMS USED IN THIS REPORT—Continued.

17. A **FARMERS' INSTITUTE** is one of a series of meetings of one to two days' duration, arranged by a central State farmers' institute agency, at which agricultural and home-economics problems are discussed, usually by outside speakers employed for the purpose.
18. An **EXTENSION OR MOVABLE SCHOOL** is an itinerant school usually of two to six days' duration where practical but systematic instruction is given to persons not resident at the college. An **EXTENSION SCHOOLS COURSE** differs from an extension school in that it is usually held at the college or other educational institution and usually for a longer period of time, but not exceeding two weeks.
19. **RECORDS** consist of definite information filed in the county office that will enable the agent to verify the data on extension work included in this report.
20. **FARM OR HOME PRACTICE ADOPTED** is a new or improved practice adopted on a farm or in a home during the year as a result of extension teaching. Examples: Spraying of potatoes for disease, canning of fruits and vegetables, use of balanced rations, and hat making.

GENERAL ACTIVITIES.

Report only this year's extension activities and results that are supported by records.

If an assistant agent has been employed during the year, include his or her work with that of the agent.

1. List below the names, titles, and periods of service of the county extension agents whose work is included in this report. 1

Jack Belleniger (Name.) *County Agent* (Title.) *36* (Months of service this year.) *12*

2. Number of communities in county where extension work should be conducted. 19 2
3. Number of communities in which the extension program has been cooperatively worked out by extension agents and people concerned. 11 3
4. Number of voluntary county, community, or local leaders actively engaged in forwarding the extension program with— 4

26. Number of meetings at which were shown	_____	(a) Lantern slides	_____
		(b) Motion pictures	_____
		(c) Charts	_____

[Use space below to include other important data.]

The Tobacco Growers Coop. Assn. having 800 members and meeting monthly in Casale furnish a fine opportunity to get before the people the extension work & large amount of work has been done with & through their aid.

¹ Do not count the same visit on both a farm visit and a home visit.
² See definition on page 4.

PROGRAM SUMMARY.

List below information on each project of the program of work for the year. If an assistant agent has been employed during the year, include his or her time with that of the agent. This page should not be filled out until the questions on the following pages have been answered.

Title of project.	Number of communities participating.		Days specialists helped.	Days agent devoted to project.	Number of rural demonstrations completed or carried through the year. ¹	Meetings at rural demonstrations.		Method-demonstration meetings.		Other meetings in relation to projects.		Number of children treated or hours adapting improved practices.

¹The total of this column need not check with question 6, page 6, since one leader may assist with two or more projects.

²The information in this column should check with the information reported under the corresponding questions on the following page.

FARM-DEMONSTRATION WORK.

SOILS.

Report only this year's extension activities and results that are supported by records.

45. Number of method demonstrations given	9	45
46. Number of result demonstrations started or under way	60	46
47. Number of result demonstrations completed or carried through the year	20	47
48. Number of acres involved in those completed demonstrations	100	48
49. Number of farms adopting improved practices in the use of commercial fertilizer this year		49
50. Tons involved in preceding question		50
51. Number of farms taking better care of farm manures this year	15	51
52. Number of farms using lime or limestone for the first time	30	52
53. Tons of lime or limestone so used	150	53
54. Number of farms plowing under cover or other green manure crops for the first time		54
55. Acres of cover and green manure crops so plowed under		55
56. Total number of different farms adopting improved practices, relative to the soils work reported on this page	45	56

[Use space below to include other important data relating to soils.]

Group meetings were held in 7 communities to discuss the needs for soil improvement. Lime was selected as the biggest item with Squam next. The object was the ordering of its care of Lime and the planting of Squam on some 40 farms.

CEREALS¹

Report only this year's extension activities and results that are supported by records.

Item	to Corn	(1) Wheat	(2) Oats	(3) Rye	(4) Barley	(5) Other ²
57. Number of method demonstrations given.	9	4	4	4		
58. Number of adult result demonstrations started or under way		70	30	35		
59. Number of adult result demonstrations completed or carried through the year		6	5	15		
60. Acres involved in these completed demonstrations		60	30	100		
61. Increased yield per acre on demonstrations	bu.	10 bu.	5 bu.	5 bu.	bu.	bu.
62. Number of junior clubs ³						
63. Number of members enrolled	(a) Boys	12				
	(b) Girls					
64. Number of members completing	(a) Boys	8				
	(b) Girls					
65. Number of acres grown by junior club members completing		8				
66. Total yield of cereals grown by junior club members	325 bu.	bu.	bu.	bu.	bu.	bu.
67. Number of farms planting improved seed for the first time	3	30	20	35		
68. Number of farms practicing seed selection for the first time						
69. Number of farms treating seed grain for smut for the first time						
70. Total number of different farms adopting improved practices relative to the cereal work reported on this page		60				

[Use space below to include other important data relating to cereals.]

A large percent of men are planting D.P. 1. wheat + oats for the first time also many are using improved seed corn + rye.

¹ Report fall acres only the year they are harvested.² Includes crop by animal.³ States which do not organize clubs on a project basis should not report on this question but should report on enrollment and completion.

9

LEGUMES AND FORAGE CROPS.

Report only this year's extension activities and results that are supported by records.

Item.	(1)	(2)	(3)	(4)	(5)	(6)	71
	Acres.	Dry tons.	Wet tons.	Crimese tons.	Crimese, white, yellow.	Cooper.	
71. Number of method demonstrations given.	15	50	3	20	20	20	71
72. Number of adult result demonstrations started or under way.	15	50	3	50	70		72
73. Number of adult result demonstrations completed or carried through the year.	8	20		45	35	15	73
74. Acres involved in those completed demonstrations.							74

	(b) Girls						
78. Number of members completing.	(a) Boys	1					78
	(b) Girls						
79. Number of acres grown by junior club members completing.		1					79
80. Total yield ¹ of crops grown by junior club members.	tons	$\frac{bu}{72 tons}$	tons	tons	tons	$\frac{bu}{tons}$	80
81. Number of farms planting improved seed for the first time.	10	10			12		81
82. Number of farms practicing seed selection for the first time.		10					82
83. Number of farms inoculating for these crops for the first time.	8	5					83
84. Total number of different farms adopting improved practices relative to the legumes and forage crops reported on this page.		60					84
[Use space below to include other important data relating to legumes and forage crops.]							
<p align="center"><i>Every meeting the use of Lima legumes & inoculation was stressed and the results are very pleasing.</i></p>							

¹ Indicate whether yield is bushels of seed or tons of cured forage.

² Clubs which do not organize clubs on a project basis should not report on this question but should report on enrollment and completion.

LEGUMES AND FORAGE CROPS—Continued.

Report only this year's extension activities and results that are supported by records.

Item	(A)	(B)	(C)	(D)	(E)	(Two Other)
	Vetch beans	Field beans	Peas	Legumes	Fattens	
71. Number of method demonstrations given					15	71
72. Number of adult result demonstrations started or under way					10	72
73. Number of adult result demonstrations completed or carried through the year					4	73
74. Acres involved in these completed demonstrations					60	74
75. Increased yield ¹ per acre on demonstrations	bu. tons	bu.	bu.	tons	X X X	bu. tons
76. Number of junior clubs ²						76
77. Number of members enrolled	(a) Boys (b) Girls					77
78. Number of members completing	(a) Boys (b) Girls					78
79. Number of acres grown by junior club members completing						79
80. Total yield ² of crops grown by junior club members	bu. tons	bu.	bu.	tons	X X X	bu. tons
81. Number of farms planting improved seed for the first time						81
82. Number of farms practicing seed selection for the first time						82
83. Number of farms inoculating for these crops for the first time						83
84. Total number of different farms adopting improved practices relative to the legumes and forage crops reported on this page						84
[Use space below to include other important data relating to legumes and forage crops.]					15	
<i>There is a large increase in the number of farms improving their practices and enlarging</i>						

¹ Indicate crop by name.² Indicate whether yield is bushels of seed or tons of cured forage.³ States which do not require clubs on a project basis should not report on this question but should report on equipment and supplies.

POTATOES, COTTON, TOBACCO, AND OTHER SPECIAL CROPS.

Report only this year's extension activities and results that are supported by records.

Item.	(a)	(b)	(c)	(d)	(e)
	Irish potatoes.	Sweet potatoes.	Cotton.	Tobacco.	or Other.
85. Number of method demonstrations given.....	1		6		
86. Number of adult result demonstrations started or under way.....	1		100		
87. Number of adult result demonstrations completed or carried through the year.....	1		5

95. Number of farms planting improved seed for the first time.....			50		
96. Number of farms practicing seed selection for the first time.....	1				
97. Number of farms treating seed for disease for the first time.....					
98. Number of farms spraying or dusting for diseases and insects for the first time.....					
99. Total number of different farms adopting improved practices relative to potatoes, cotton, tobacco, and other special crops reported on this page.....					
[Use space below to include other important data relating to potatoes, cotton, tobacco, and other special crops.]			65		
<p><i>This was the first year Cotton was planted in any quantity and some fifty bulletins were mailed and 4 news items published on the Planting, and Cultivation of this crop.</i></p>					

¹ Indicate crop by name.² Report yield of cotton in pounds of seed cotton.³ Clubs which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and meetings.

FORESTRY.

Report only this year's extension activities and results that are supported by records.

116. Number of method demonstrations given.....	116
117. Number of adult result demonstrations started or under way.....	117
118. Number of adult result demonstrations completed or carried through the year.....	118
119. Number of acres included in these completed demonstrations.....	119
120. Number of junior clubs.....	120
121. Number of members enrolled.....	121
(a) Boys.....	
(b) Girls.....	
122. Number of members completing.....	122
(a) Boys.....	
(b) Girls.....	
123. Number of acres handled by junior club members.....	123
124. Number of forest or wood-lot plantings made this year.....	124
125. Acres involved in preceding question.....	125
126. Number of farms assisted in wood-lot management this year.....	126
127. Acres involved in preceding question.....	127
128. Number of farms planting windbreaks this year.....	128
129. Number of farms attempting to control white-pine blister rust for first time.....	129
130. Number of acres involved in preceding question.....	130
131. Total number of farms adopting improved practices relative to the forestry work reported on this page.....	131

[Use space below to include other important data relating to forestry.]

RODENTS AND MISCELLANEOUS¹ INSECT AND ANIMAL PESTS.

Report only this year's extension activities and results that are supported by records.

Item.	(1)	(2)	(3)	(4)
	Rodents.	Other animal pests. ²	Grass hoppers.	Other insects.
132. Number of method demonstrations given.....				132
133. Number of result demonstrations started or under way.....				133
134. Number of such demonstrations completed or carried through the year.....				134
135. Number of acres in these completed demonstrations.....				135
136. Total number of farms cooperating in control measures this year.....				136
137. Number of acres involved in preceding question.....				137

¹ States which do not organize clubs on a project basis should not report on this question but should report on enrollment and completion.² Do not include work reported under "Crop" and "Livestock" headings.³ Indicate by name.

LIVESTOCK.

Report only this year's extension activities and results that are supported by records.

Item	(a)	(b)	(c)	(d)	(e)	Other ¹
	Dairy cattle	Beef cattle	Pigs	Sheep	Poultry	
138. Number of method demonstrations given	8		8	2	11	138
139. Number of adult result demonstrations started or under way	15		25	2	40	139
140. Number of adult result demonstrations completed or carried through the year	10		10	2	40	140
141. Number of animals involved in these completed demonstrations	60		60		700	141
142. Total profit or saving on demonstrations	1775		4000		15000	142
143. Number of junior clubs ²						143
144. Number of members enrolled	(a) Boys					144
	(b) Girls					
145. Number of members completing	(a) Boys					145
	(b) Girls					
146. Number of animals involved in junior club work completed						146
147. Number of farms assisted in obtaining purebred sires this year	6		5		11,500 baby chicks	147
148. Number of farms assisted in obtaining high-grade or purebred females this year	3					148
149. Number of farms culling herds or flocks for the first time	1				17	149
150. Number of animals in such herds or flocks	1				2400	150
151. Number of animals discarded					820	151
152. Number of stallion, bull, ram, or bear circles, clubs, or associations organized during the year						152
153. Number of members in preceding circles, clubs, etc.						153
154. Number of breed associations or clubs organized during the year						154
155. Number of members in these associations or clubs						155

¹ Indicate by name.² Farms which do not register clubs on a project but should not report on this question but should report on enrollment and completion.

9-5128

Livestock Breeding, feeding, & Housing was discussed at meetings in all the communities, and the reports from many show in many places the doubling of their milk production. Poultry men report 5% saved per hundred on feed, and double & triple their egg production.

LIVESTOCK—Continued.

Report only this year's extension activities and results that are supported by records.

Item.	90	91	92	93	94	95
	Dairy cattle.	Beef cattle.	Swine.	Hog.	Poultry.	Other.
156. Number of cow-testing associations organized or reorganized during the year		XXX	XXX	XXX	XXX	XXX
157. Number of members in these associations		XXX	XXX	XXX	XXX	XXX
158. Number of farms not in associations testing cows for production		XXX	XXX	XXX	XXX	XXX
159. Number of cows under test by such associations and individual farms		XXX	XXX	XXX	XXX	XXX
160. Number of farms adopting improved practices in the sanitary production and care of milk this year	8	XXX	XXX	XXX	XXX	XXX
161. Number of farmers feeding better-balanced rations for the first time	8					
162. Number of farmers controlling insect pests for the first time						
163. Number of farmers directly influenced to test animals for tuberculosis this year	4		XXX	XXX	XXX	XXX
164. Number of farmers directly influenced to vaccinate animals for blackleg this year			XXX	XXX	XXX	XXX
165. Number of farmers directly influenced to vaccinate swine for cholera this year	XXX	XXX	20	XXX	XXX	XXX
166. Total number of different farms adopting improved practices relative to the livestock work reported on pages 14 and 15.						
(Use space below to include other important data relating to livestock.)		70				

* Indicates by name.

8-2228

Hog down report, greater economic production
 through feeding down on crops to Hog down and
 animal husbandry. Ten thousand chicks were placed
 in the County due to work done in early spring.

RURAL ENGINEERING.

Report only this year's extension activities and results that are supported by records.

167. Number of method demonstrations given	6	167
168. Number of result demonstrations started or under way	3	168
169. Number of result demonstrations completed or carried through the year	3	169
170. Number of farms installing drainage systems this year		170
171. Acres drained		171
172. Number of farms installing irrigation systems this year		172
173. Acres irrigated		173
174. Number of farms constructing terraces or soil dams this year	3	174
175. Acres on which soil erosion was so prevented	200	175
176. Number of dwellings constructed this year according to plans furnished		176
177. Number of dwellings remodeled this year according to plans furnished		177
178. Number of sewage-disposal systems installed this year according to plans furnished		178
179. Number of water systems installed this year according to plans furnished		179
180. Number of heating systems installed this year according to plans furnished		180
181. Number of lighting systems installed this year according to plans furnished		181
182. Number of farms on which buildings other than dwellings were constructed or remodeled this year according to plans furnished	8	182
	(a) Barns	2
	(b) Hog houses	
	(c) Poultry houses	8
	(d) Siles	
	(e) Other	
183. Number of buildings involved in preceding question		183
184. Number of farms clearing land of stumps or boulders this year		184
185. Acres of land so cleared		185
186. Total number of different farms adopting improved practices relative to the rural-engineering work reported on this page	12	186

[Use space below to include other important data relating to rural engineering.]

ten Borders were purchased from direct result of work. In many more were purchased due to work in county.

AGRICULTURAL ECONOMICS—Continued.

Report only this year's extension activities and results that are supported by records.

205. List below this year's results in connection with the cooperative-marketing associations in the county previously organized and with which the extension service consulted or advised. 205

(a) Name of association or group.	(b) Number of members.	Supplies and packages handled.	Supplies purchased.		Products sold.	
			(c) Yield.	(d) Value.	(e) Yield.	(f) Value.
<i>Crop Tobacco Growers Assn.</i>			\$	\$	\$	\$
Total						

[Use space below to include other important information relating to agricultural economics.]

Considerable time was spent in preparing this program. I plan in these meetings to reach the people, there are 800 square miles of most program in this county.

Report only this year's extension activities and results that are supported by records.

Use this space to include work on any other agricultural project not included in the preceding pages, such as bookkeeping, and similar work, i. e., any other information that can be reported statistically and that will help to give a complete account of the year's work.

Date.	(a) Bookkeeping.	(b)	(c)
206. Number of method demonstrations given.			206
207. Number of adult result demonstrations started or under way.			207
208. Number of result demonstrations completed or carried through the year.			208
209. Number of units in these completed demonstrations.			209
210. Number of junior clubs ¹ .			210
211. Number of members enrolled.	(a) Boys		211
	(b) Girls		
212. Number of members completing.	(a) Boys		212
	(b) Girls		
213. Number of units involved in junior club work completed.			213
214. Total number of different farms adopting improved practices relative to the miscellaneous work reported on this page.			214
[Use space below to include other important data relating to miscellaneous work.]			

¹ Includes home unit columns.² Units which do not organize clubs or groups on a project basis should not report on this question but should report on enrollment and completion.

HOME-DEMONSTRATION WORK.

FOODS.

Report only this year's extension activities and results that are supported by records.

FOOD PREPARATION.

215. Number of project clubs or groups	(a) Women _____	_____	215
	(b) Juniors _____	_____
