Due January 1 1921

ANNUAL REPORT OF HOME DEMONSTRATION AGENT

of

Dismal
County.

Lucie Cleaton
County Home Demonstration Agent.

Dismal Virginia
Post Office State.

Nov 30 1921
Date.

Approved:

Dec 15th 1921
Date.

Mrs. M. M. Davis
State Home Demonstration Agent.

Approved and forwarded:

Date.

Director.

Form No. 753.
(Rev. July 1, 1921.)

.....
"Country life can be placed upon a higher plane
of profit, comfort, culture, influence, and power."
S. A. Knapp.
.....

To the County Home Demonstration Agents:

It is very important to send in accurate and complete Annual Reports. The future success and support of the Home Demonstration Work depend upon your activities now. It will aid the cooperating authorities greatly to have adequate records of what has been done. The law requires such reports and the members are greatly interested in the development of all of the extension work.

The statistical part of the Home Demonstration Work has been simplified and condensed. It is hoped that it will be easier for you to make a full and graphic showing of the achievements of your women and girls. Of course it is not expected that every agent will be conducting demonstrations upon every phase of work every year. Do not hesitate, therefore, to have spaces blank where you have no work being done. On the other hand, it will be unjust to your demonstrators and club members to fail to report all of their real results.

Please note that all reports are to be in the offices of the State agents by January 1 of each year. This enables them to prepare their reports promptly and forward copies to the Washington office in the new year. It makes it possible to prepare reports in the United States Department of Agriculture in time for them to do the most possible good.

Do not wait until January 1 to send in your report if it is ready before that time. It should contain data to December 1. It is impossible to fully show the actual development in statistics. It is therefore suggested that you write a narrative report on separate sheets and attach same to this blank.

Send with the report a map of your county showing the number of demonstrators and cooperative agencies. It is suggested that on this map the data for girls' work be recorded in red ink, for women's work in black ink.

Write numbers of girl demonstrators in red and of women demonstrators in black, and if the demonstrators are in organized clubs enclose the figures in a circle of the corresponding color. For example: Demonstrators not in clubs, 11 demonstrators in organized clubs, ②. If both women and girls have organized clubs in one community have two circles with figures enclosed, one in black, one in red ink.

Indicate "community clubs" with a square in black ink, with membership numbers inside, as 30.

Indicate headquarters of county councils and other supporting organizations with stars, showing membership; e. g. 15.

These are minimum suggestions for the map. Other details may well be reported in this graphic form, but it is expected that every agent will send at least a simple map showing the fundamental and essential data indicated.

I. ENROLLMENT AND MEMBERSHIP.

	GIRLS	BOYS
Total enrollment in all lines of work.....	197	200
Total number reporting.....	177	150
Total number adopting practices.....	187	100

EXTENSION SERVICE

Report given at Agents Meeting -

The demonstration work in Dinwiddie County has
been much given to change

We have had organized clubs among the women, but
for four years or more they have been extinct.
We have had County rallies, county organizations and
County fairs. This year there are nothing.

Four farm agents have come and gone

The Home Agent and the organized club
are two factors that seem to go on forever.

In the two-room school near Era shortly after
the work was undertaken in the county I found a
"Farmer's Union" organized and received an invitation
to organize a few girls in canning & poultry and the
women came with them. Some times we had a meeting
of the Civic League. There were a few club men here &
Sometimes Mr. Spain came to meet us.

Out of this I conceived the plan of calling the club men here
together first having some reports from them and round
table discussions, distributing literature & c. Then they were left
to help or go out to play while I met the older people.
A little later came our organized club and we had
leaders & regular programs. Era has not been unorganized

Since. (Miss Agnew will confirm this).

The organized club is a wonderful help in holding interests together, in developing plans as well as developing leaders; and in getting exhibits to fairs. Last, but not least, it helps gather reports.

In spite of all our hindrances this year four organized club exhibits were placed at Petersburg Fair by the respective clubs - teachers and club women were working together to accomplish this. Two others started out but the obstacles could not be removed.

I have recently organized two small home demonstration clubs at new points and these start out well. Other points are ready to organize.

One home dem. has an orchard that she is much interested in - the St. Div. came to see assistance in restoring this - I helped her to handle the by products - she cares only to make money. This year she has sold 25,000 lbs. of apples. For the same size she can easily get \$4.00 per ton on the local market. She will plant new trees this year, strawberries + raspberries.

A former canning club girl has undertaken the "Small Fruit Garden"; and she has already secured the fruit for her first year, which will be started in May.

EXTENSION SERVICE

One of the women who make butter had one
recently she had already sold her 1000 lbs. on
Petersburg market this year, at satisfactory prices.
And "their name is legion".

My girls are much given to rushing into matrimony
- frightened at the fate of their County Agent; but I
have two, who have accepted the plan to re-enter
and complete their work.
