

7. No. Labor Saving Devices purchased under advice of agent:

TYPE	No.	TYPE	No.	TYPE	No.

8. No. Rest Rooms established for farm women - - - - -

PRODUCTIVE DEMONSTRATIONS

9. BUTTER MAKING:

	MADE			PURCHASED		
	Worker	Paddles	Molds	Ebl.	Shotgun	Dairy
a. Improved devices made or purchased:						
b. No. pounds butter made						
c. State advance in price per pound secured by using demonstration methods						

10. FOOD PRESERVATION:

a. Approximate number cans and jars put up by women under demonstration methods	<u>23903</u>	Value	\$ <u>5975.75</u>
b. No. lbs. dried vegetables stored	<u>309</u>	Value	\$ <u>45.00</u>
c. No. lbs. dried fruit stored	<u>91</u>	Value	\$ <u>13.65</u>
d. No. gals. brined vegetables stored	<u>25</u>	Value	\$ <u>25.00</u>

11. Number women making Winter Garden demonstrations (average size) 20

12. POULTRY:

(Give results for both women and girls)

	Women	Girls	Total
a. No. demonstrators enrolled:			
b. No. demonstrators fulfilling minimum requirement as to number of eggs set and chickens raised (see Farmers' Bulletin 562)			
c. No. demonstrators taking charge of entire farm flock			
d. No. demonstrators raising feed for flock			
e. No. demonstrators using pure bred males at head of flock			
f. No. demonstrators making brooders			
g. Average number of fowls in these flocks			
h. No. demonstrators who purchased pure bred stock			
i. No. demonstrators who purchased pure bred eggs			
j. Approximate number of chickens raised			
k. Approximate number of chickens fattened for market according to instructions			
l. No. Egg Circles organized			
m. No. cooperative Breeding Associations organized			

n. No. dozen eggs preserved in water glass _____

SALES

a. No. dozen eggs sold cooperatively _____ Value \$ _____
p. No. pounds market poultry sold _____ Value \$ _____
q. No. pure bred fowls sold for breeding purposes _____ Value \$ _____
r. Approximate total value of all poultry products _____ \$ _____

Give results as to greater use and better cooking of chickens and eggs: _____

13. COTTAGE CHEESE MAKING:

a. No. demonstrations in cheese making given _____
b. No. persons making cottage cheese and reporting _____
c. No. lbs. cottage cheese made and reported _____
d. Improved Devices:

	Drain Rack	Press	Paddles	Dairy Thermometers
Home made	_____	_____	_____	_____
Purchased	_____	_____	_____	_____

EMERGENCY WORK IN FOOD PRODUCTION AND CONSERVATION.

Note: On the preceding pages the county Home Demonstration agent should record the regular work of women and girls done under supervision and with resulting standardized products. This page is for report of additional emergency work in food production and conservation carried on to meet war conditions. In addition to rural work all results in cities and villages attained through the instruction of the agent and her demonstrators should be recorded here.

1. Estimate No. women and girls influenced by your instructions 300
2. Estimate No. containers fruit and vegetables packed 90,000 Value \$ _____
3. Estimate No. lbs. dried fruit and vegetables stored _____ Value \$ _____
4. Estimate No. gallons brined vegetables stored _____ Value \$ _____
5. No. Home Demonstration kitchens established _____
6. No. community canneries _____ Approximate output _____
7. No. community food drying centers _____ Approximate output _____
