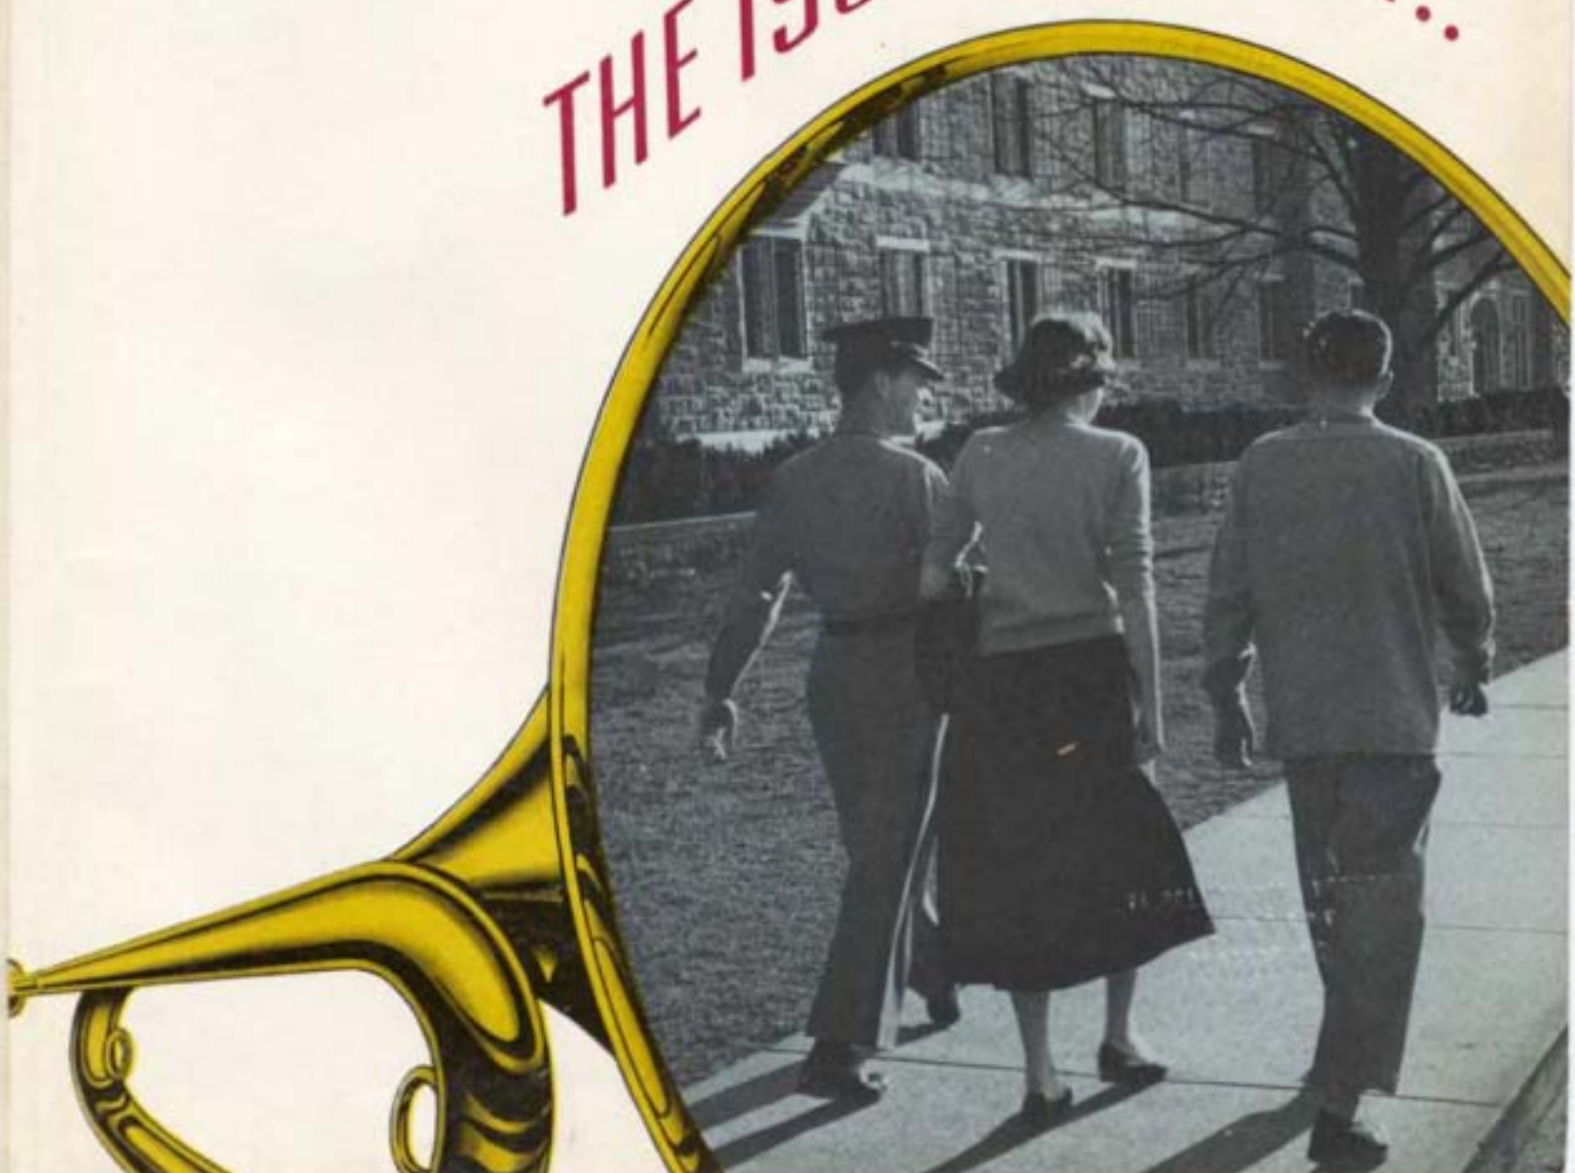
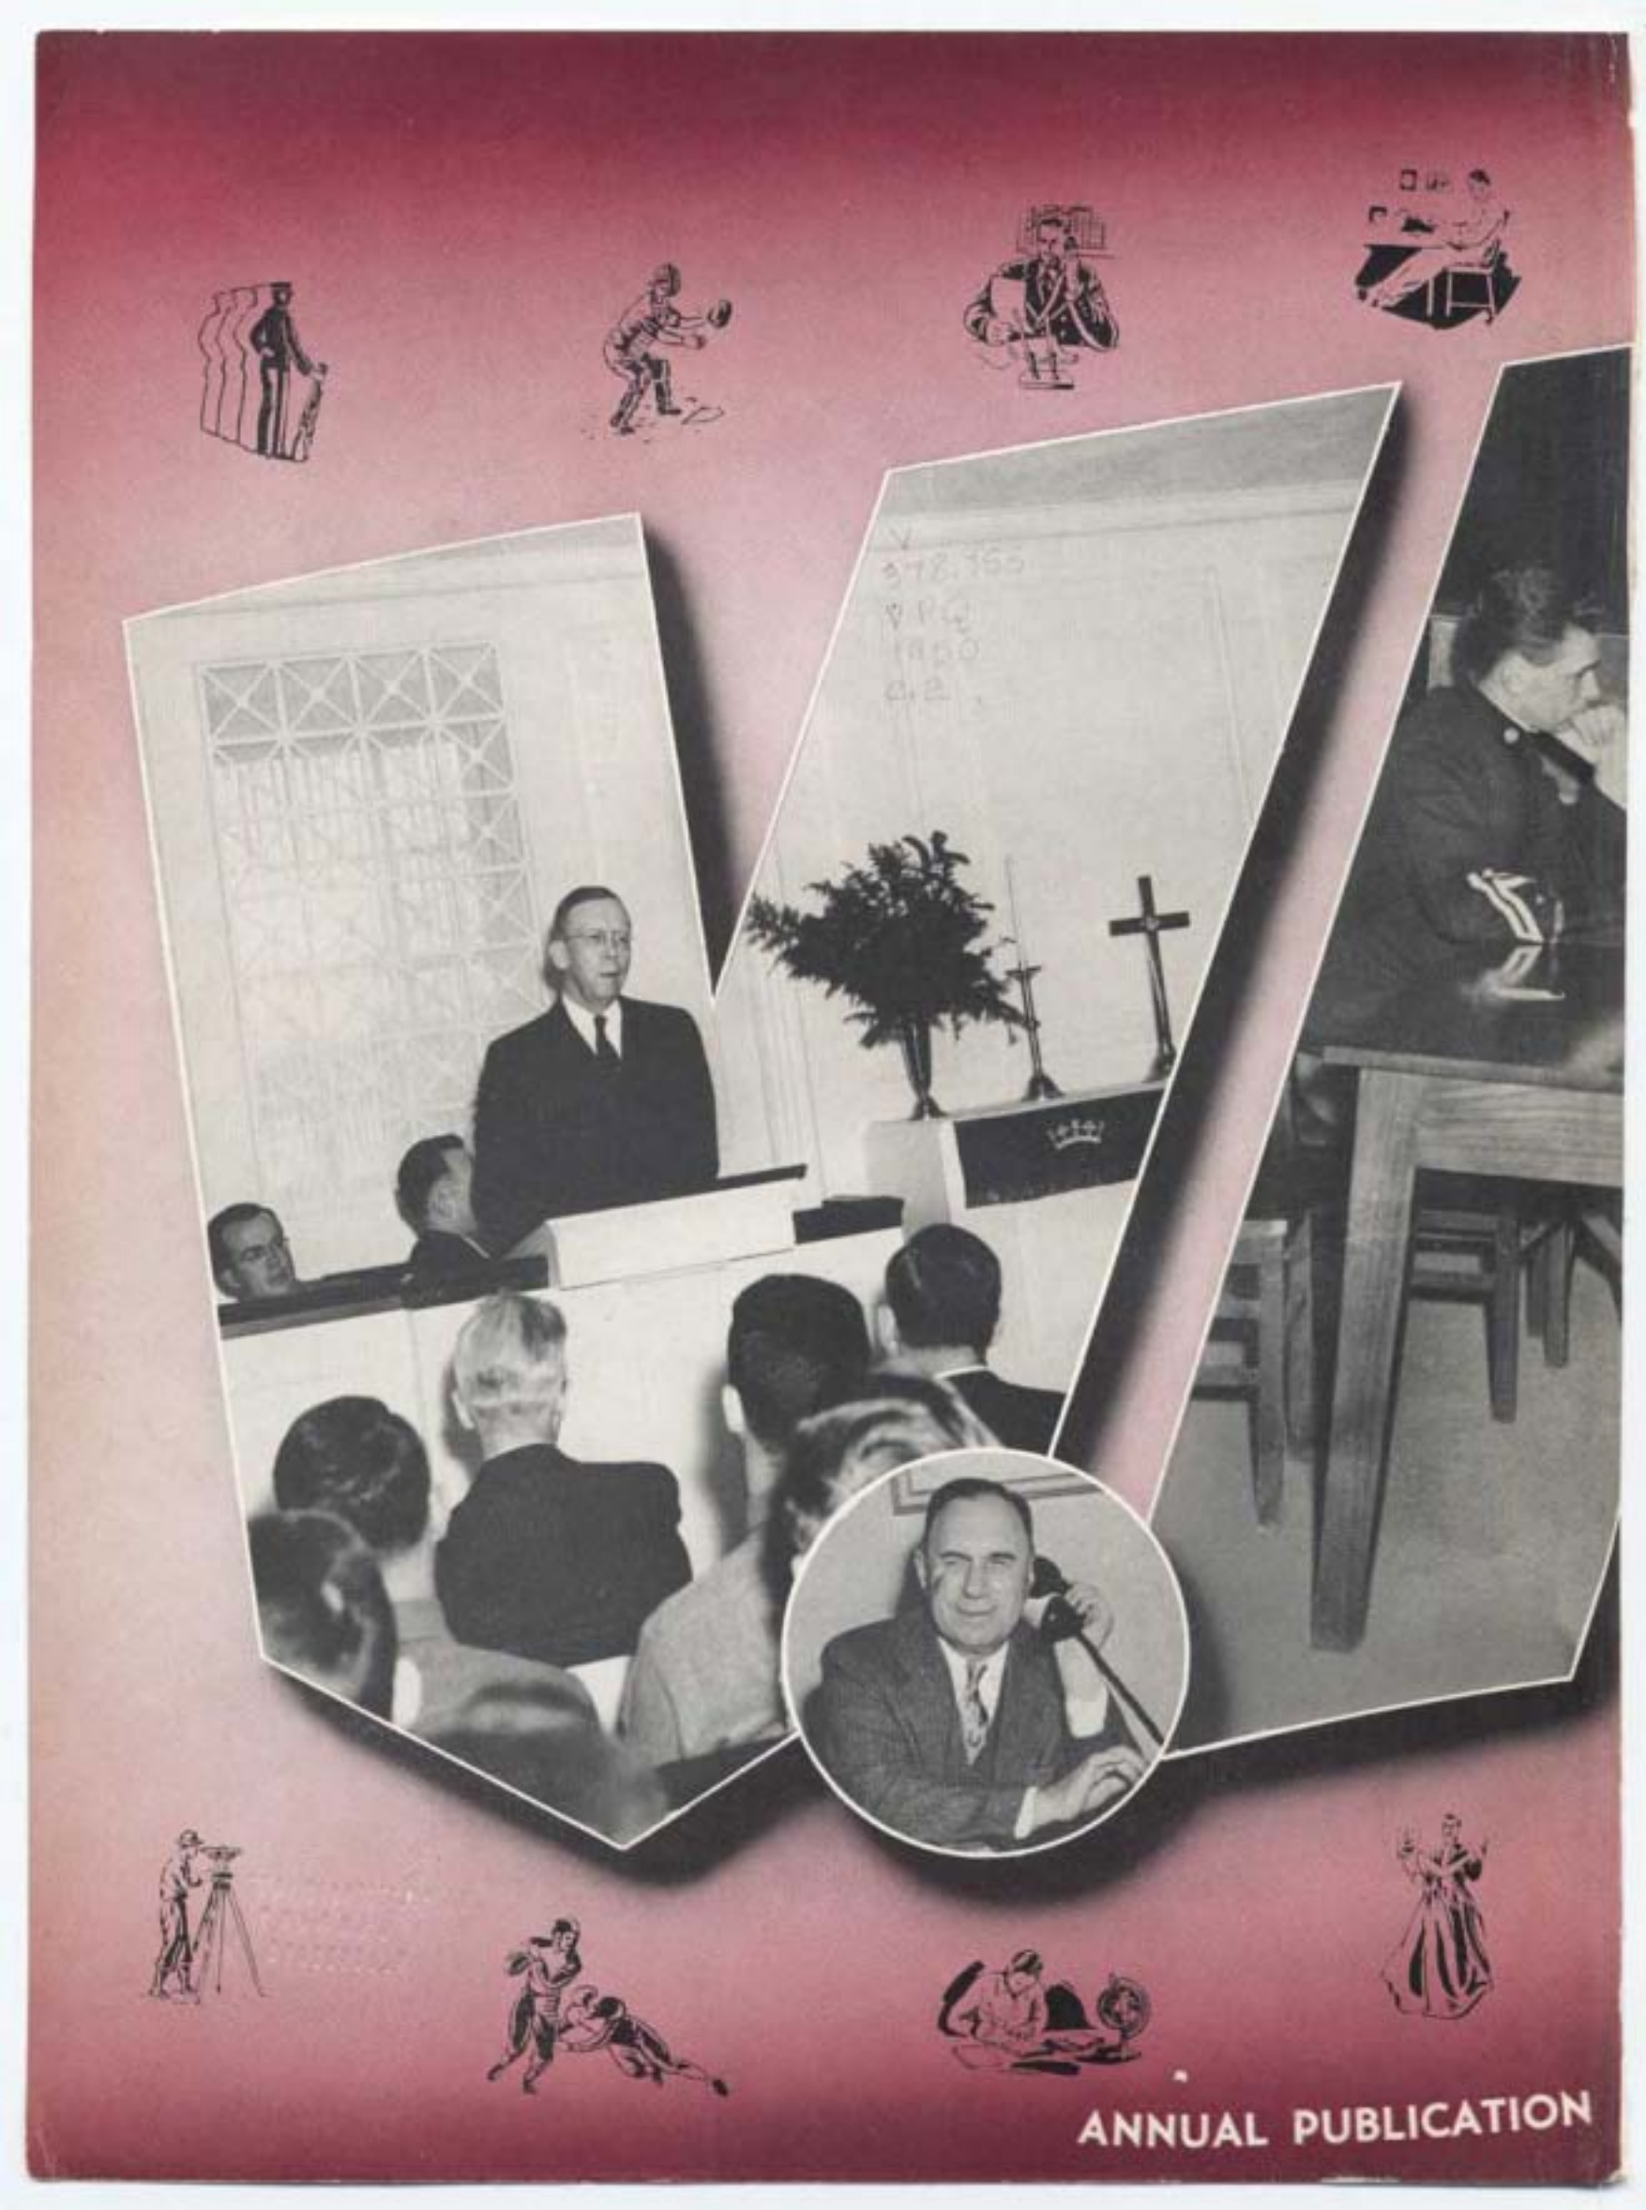
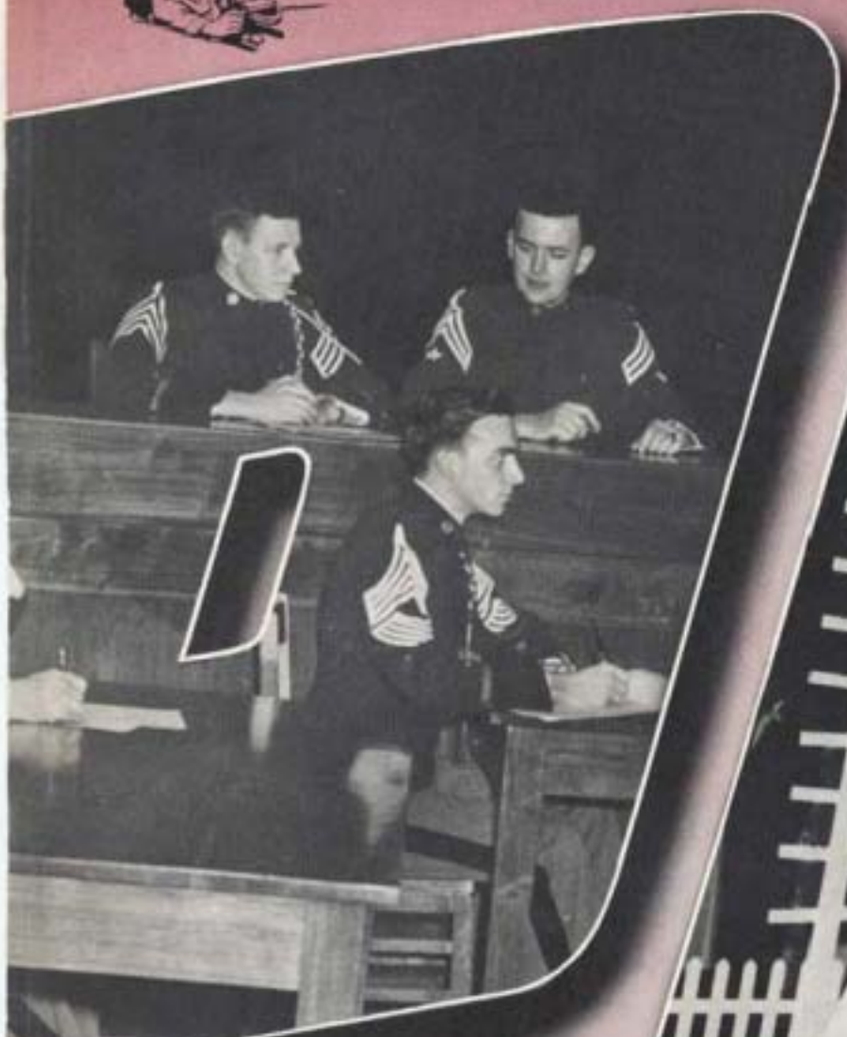
THE 1950 BUGLE OF...





ANNUAL PUBLICATION



OF THE SENIOR CLASS OF VIRGINIA POLYTECHNIC INSTITUTE

UT PROSIM...

That I may serve

That education which prepares one to serve his God, his nation, and his family is the greatest education that may be found. Such an education not only recognizes the place of the classroom in obtaining this goal, but it also recognizes those activities which build character and which instill in the student an understanding of human nature. It is with this fact in mind that we present the 1950 edition of THE BUGLE. In developing the theme, we have tried to picture throughout the book those phases of student life which develop honesty, co-operation, responsibility, integrity, good sportsmanship, and "esprit de corps." We are proud of our honor system, our student government, our Corps of Cadets, our publications, and our athletics, for it is these and the other organizations on our campus which make the real Techman. It is through these activities, combined with academic learning, that we are able to take our places in the world and to be a credit to humanity.

THE SENIORS THE CLASSES

TO OUR PARENTS

We pause to express appreciation to you, our parents, for making possible the past four years of college. The year marking the termination of youth and the beginning of the future is no longer a dream but an approaching reality. Our college years are ending, and we are sincerely grateful to you who have made this one of the most important events in our careers.

PROFESSOR G. T. BAIRD

A *Salute* TO HIS YEARS OF SERVICE

To Professor Guidon T. Baird. . . . It is with sincere appreciation that we dedicate the 1950 BUGLE to you. It has been through your efforts that the publications of V. P. I. have reached their present degree of prominence on the campus. Those of us who have had the privilege to work with you have learned to respect your advice and have been inspired to work for those things which we believe in. The services which you have rendered to the students of V. P. I. have been invaluable.

DR. WALTER S. NEWMAN
President

Last year just before graduation a senior student made the statement: "I am just beginning to realize that there are many things going on on this campus for the benefit of Virginians, and I did not know about them soon enough for them to be of maximum benefit to me."

V. P. I. is attempting to serve the State through resident instruction, through research in Agriculture, Science, and Engineering, and through Extension Activities in Agriculture.

Tech enrolls students from every county in Virginia, and there are also representatives on the campus from each of the cities of the State. In cooperation with William and Mary College, basic engineering instruction is offered in extension branches in Norfolk and Richmond, and we are maintaining an independent engineering branch at Danville.

Research in Agriculture is conducted on the Blacksburg campus and at ten sub-stations throughout the State. Research in Science and Engineering, while not as extensive as the research in Agriculture, is being conducted for the benefit of industry and business in the Commonwealth.

As the senior student stated, perhaps students should take advantage of the opportunity while here to become acquainted with the various types of activities in which we are engaged, even though all of them do not touch upon the particular curriculum in which the student is enrolled.

As Tech progresses and extends its services, you, as a future alumnus, will benefit by its improvements. By becoming conversant with its many activities at present you will be in a better position to call upon us for services after you leave college and, at the same time, be of greater assistance in helping to acquaint the public with the service that is being rendered.

Walter S. Newman

The Seniors

June '12, Graduation, climaxed four short years at V. P. I. for the Class of 1950 - years filled with experiences long to be cherished by all. The Class, the largest in the history of Tech, was housed also at R. O. W. Another result of the large membership was the necessity for having both a Civilian and Cadet Ring Dance. Among the many achievements of the class it will be remembered that the Corps expanded to its post war high. Then, with the Civilian Student Body becoming well organized, the two student bodies cooperated fully. Although the past four years have been short, they are rich with lasting memories.

The Classes

The classes—Juniors, Sophomores, and Freshmen—the younger members of this college who are realizing that from education comes knowledge, from knowledge comes achievement. The achievement in their activities are helping to write the story of Virginia Tech which is presented on these pages. In years to come, they may look with pride at the story which they were able to help write and will realize the influence their Alma Mater has had on their lives.

The Corps

Ut Prosim, "That I may serve," is a fitting motto for the Corps of Cadets, an organization whose greatest purpose has been the preparation of boys to be men, and the preparation of these men to be citizens and gentlemen. We offer no promises as to the future greatness of this Corps but it is fully believed that the Corps is prepared to continue its training of citizens so that they may serve.

COLONEL T. W. MUNFORD
Commandant of Cadets

To the Corps

For the first time since World War II, the enrollment of the respective classes has resulted in a balanced ratio. This has made it possible to effect a complete restoration of former traditions for the four academic classes and to provide developed leadership. The increased proficiency of the Corps of Cadets through the year is a tribute to the leadership which is present in the four classes and is a compliment to the Class of 1950.

For the first time in the history of V. P. I., ROTC units of the Army and the Air Force are in the Corps of Cadets. The establishment of the Air ROTC units on an equal status with Army ROTC units has been accomplished without obstacle.

The end of the 1949 quarter marked the last day when it was necessary to split the Corps of Cadets by assigning some of the cadet units to the Rad-Tech campus. In looking back, every cadet who has been assigned to Rad-Tech can say with pride that, when challenged with a problem, the V. P. I. Corps of Cadets will always do its share to provide the solution.

The leaders of the Corps of Cadets are due commendation for their mature performance in improving the internal management of the Corps. Their loyal efforts have resulted in a feeling of unity within the Corps of Cadets and have created standards which are natural attractions for any young man who desires to improve himself.

THOMAS W. MUNFORD
Colonel, C. A. C.
Commandant

The Officers and Enlisted Men of the Military Staff.

BARLOW PIPER HILTON THOMAS TAYLOR BRAMMER AKERS

The Regimental Staff

F. G. THOMAS, JR. .....Colonel
P. L. AKERS .....Lieutenant Colonel and Executive
J. L. BRAMMER .....Major and Adjutant
F. R. TAYLOR.....Major and Intelligence Officer
J. H. PIPER.....Major and Plans and Training Officer
J. H. BARLOW.....Major and Supply Officer
G. T. HILTON.....Major and Special Service Officer

The Regimental Staff—seven men unified by a common purpose—the betterment of the Cadet Corps. The problems facing them were many and varied, resulting from the rapid growth of the Corps. Even though the work has been difficult and time consuming, the experience of leading such an outstanding body of men as the V. P. I. Corps of Cadets has more than repaid them for their efforts. Any success of the staff has been a result of the cooperation of every individual in the Corps, and each member of the staff has profited from his contact with the men of the Corps.

The end of the year brings regret to the members of the Regimental Staff, who are leaving V. P. I. and the Corps of Cadets. They will forever cherish the memories gained at V. P. I.

Regimental Band

The Cadet Regimental Band, better known as the "Highty-Tighties," have grown in number and in musicianship over the last few years. The fall quarter activities for the band began with trips to football games and many parades on and off campus. The "Highty-Tighties" half-time activities at football games brought cheers from thousands, and comments from newspapers throughout the state. When winter quarter rolled around the "Highty-Tighties" began rehearsing for concerts that were given throughout the remainder of the school year. The highlight of the year was the band's trip to Winchester and participation in the Shenandoah Apple Blossom Festival.

BURCH SCHWARZ BUSSEY JOLLIFF FORD

First Battalion Staff

OFFICERS

A. H. BUSSEY ..... Lieutenant Colonel
W. H. SCHWARZ ..... Major and Executive
C. D. BURCH ..... Captain and Adjutant
J. K. JOLLIFF ..... Captain and Supply Officer
C. D. FORD ..... Sergeant Major

The First Battalion of the Virginia Tech Corps of Cadets, popularly known as the Lost Battalion, began the '49-'50 school year at Rad-Tech, the Radford Ordnance Works annex. Its roster included the majority of the freshman cadets of the Corps, with only enough upper-classmen to fill the ranks of the four companies. The large number of freshmen, in addition to the remote location, gave both the officers and non-coms a sense of increased responsibility. Through the efforts of all, unity, cooperation, and Esprit de Corps were attained to a degree equaled by few units.

The winter quarter brought an end to the bus rides on the Yellow Perils. The grey barracks of Happy Valley were vacated as the First Battalion migrated to Blacksburg and joined the remainder of the Corps. But the bonds of comradeship and interdependence which were formed at Rad-Tech will always be with us to inspire us toward new goals and achievements at our new location, the Main Campus.

Company A

The history of "A" Company has been a memorable one all through the existence of the Corps of Cadets. Its spirit of individuality, while at the same time playing a prominent part in college activities, has been a high lighting feature and has lead to the attainment of many honors. This has been demonstrated recently by the winning of the citation cord for two consecutive years. The training received in the company has enabled many men to become better leaders and has instilled in each man a spirit of unity and fellowship that is equivalent to an education in itself. The aims of the company have been high in the past; the future is a challenge to even greater goals.

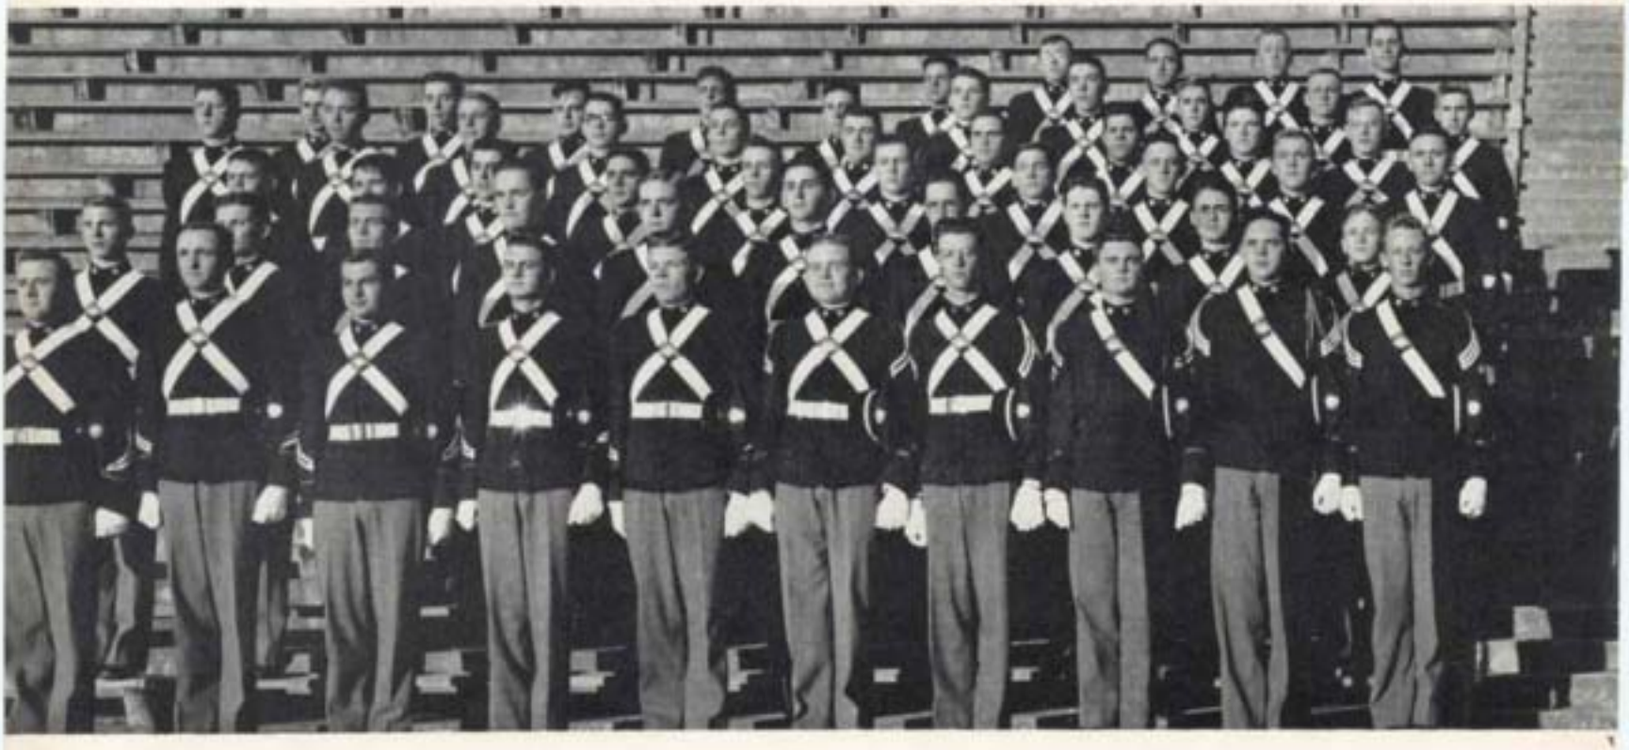
COMPANY A V.P.I.



Company B

We have come a long way since that day last fall when a new Company B was born. We have learned to work together for a common goal; we have learned what true comradeship and teamwork can bring. We have upheld the fine traditions and added richly to the history of Company B. Yes, we have much to be proud of in our organization.

As the best ever, Company B leads all the rest with a worthy past, a fine present, and a full future.

Company C

C Company "C" has men from all parts of the nation and several foreign countries.

O Organization with a brilliant past and prospects for an even greater future.

M Military proficiency is one of our several aims as an intergral part of the Corps.

P Predominate in numbers are members of the freshman class.

A A small number of selected upperclassmen has added greatly to our efficiency.

N Nowhere can be found a group with as much "Espirit de Corps."

Y You will always see our men with their heads held proud and high.

C Company "C" is ablely captained by the little, but mighty, "Peahead" Mitchell.

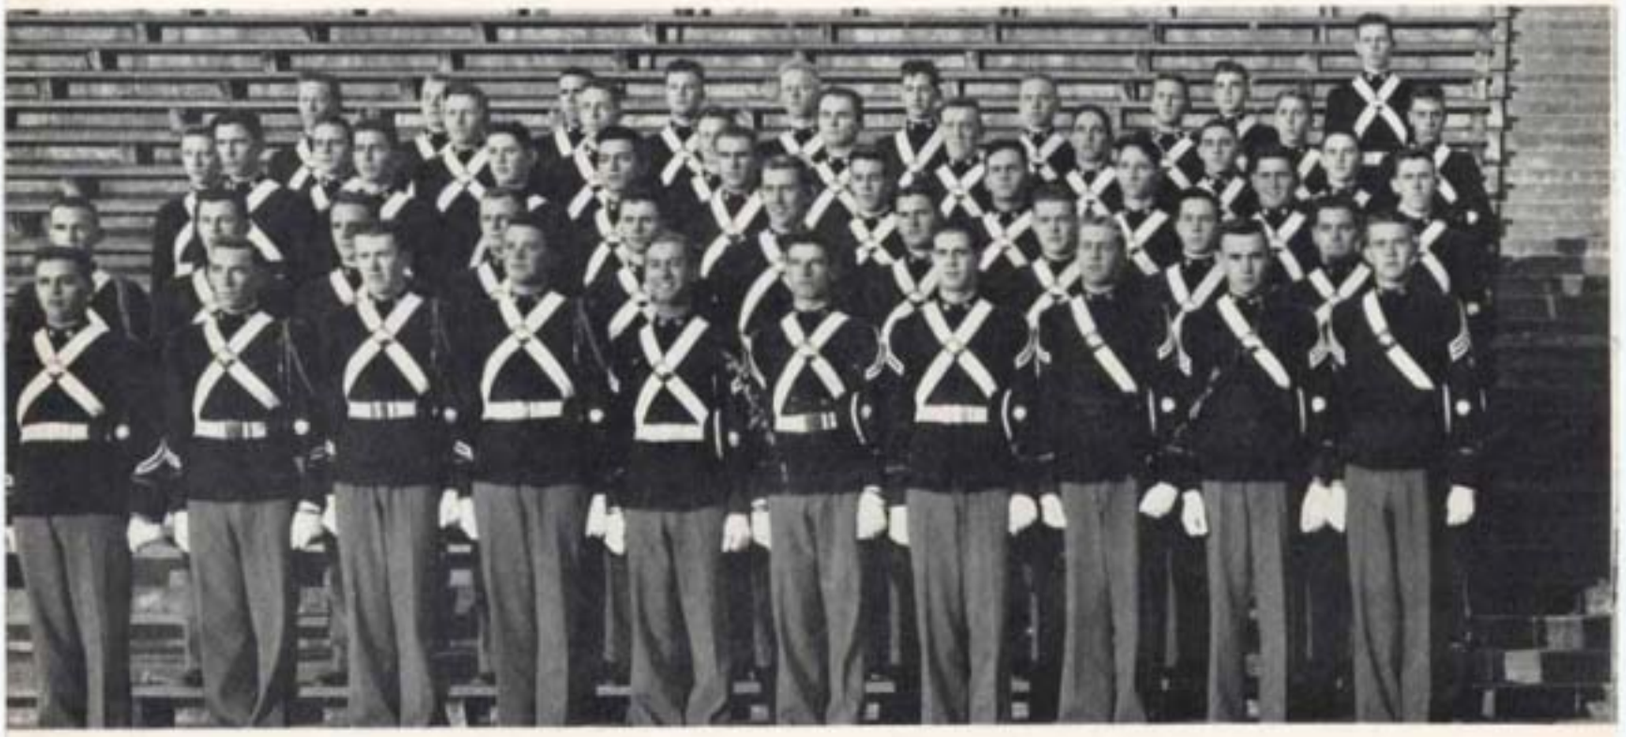
COMPANY C V.P.I.



Company D

As Company D enters its second year since reactivation, a spirit of determination, good fellowship, and high morale can be unmistakably noticed.

Through endless work and unexcelled cooperation, we have been able to participate most favorably in scholastic, social, athletic, and military endeavors.

With the sole aim of promoting a greater and better V. P. I., we have emerged stronger in spirit and discipline and have lived up to our company motto, "the Pride of the Corps."

S. L. DANCE ..... First Lieutenant and Special Service Officer

A. S. CANNON ..... Sergeant-Major

Since its reactivation in 1947, the second battalion staff has striven to attain the highest level of cooperation possible between its companies, the regimental staff, and the military department. The staff this year is manned by men who perform their duties promptly and efficiently, giving their staff duties preference over other activities. A devotion to duty such as this can only indicate that they have the good of the Corps at heart.

Company E

Company E, with a past record that cannot be challenged, and a spirit which is quiet and strong, looks forward to the future with no misgivings.

An early lead in company competition and intramural sports speaks for the present organization; we claim nothing for the future but the right to prove ourselves the equal of the past "E" Companies.

When we look back at this page, we will remember "E" as a builder of good officers, good records, and good men.

Due to the constant influx of increasing numbers of freshman cadets and as a result of World War II, Cadet Corps Company tradition from year to year is a thing of the past and the future. Therefore, it is necessary to confine any description of a single unit of the Corps to its present day status. A quotation of an expression often heard in barracks 11-B probably is more indicative of the company spirit and attitude than anything which could be written. It is heard in many forms, but generally speaking, it usually sounds something like this, "You know fellow, this is a great bunch of guys in this company." That in its self tells the whole story. The men are proud of those individuals who hold important jobs on the compus and who are in their organization. You can't say your company is going to win a lot of honors, but you can say they will try—and they will.

Company H

Though organized only a scant two years ago, the men of Company H have already gone a long way in securing their niche in the already enviable record of the V. P. I. Corps of Cadets. Under the able leadership of Captains Gollup and Green in 1948-49, and the equally competent direction of Captain Jack Butler in 1949-50, the cadets of Company H have secured many honors in the academic, athletic, social, and military fields—a record of which they may be justifiably proud.

Company I

The friendly atmosphere existing between the men, and the winning of the homecoming barracks display, again started Company I on its way to be envied by all. Under the capable leadership of a truly fine staff of officers, we have maintained the high standards of the Corps of Cadets and embodied the revived spirit that has been characteristic of the Corps this past year. We look back with pride upon our energetic participation in athletic, scholastic, social and military activities. Indeed, the credit for a job well done belongs to many—the men of I Company.

W. W. RENNIE ..... Captain and Adjutant

L. E. RENNIE ..... Captain and Supply Officer

E. L. ALVEY ..... First Lieutenant and Special Service Officer

W. M. BRADLEY ..... Sergeant-Major

The Third Battalion Staff acted as coordinator and adviser for K, L, M and N Companies, some of the best units in the Corps. It has been very pleasant working with the men heading these outfits. We have tried to keep the battalion acting as one since the separated locations have made this very necessary. The men on the staff have not overlooked play for work in this our senior year, and extracurricular activities on and off campus were carried on in the tradition of our forerunners. As a group, we are all sorry that we must say Farewell to our beloved school and the Corps of Cadets.

W. T. MILLER
Lieutenant Colonel

MISS HARRIET BUTTERWORTH

Company K

Company K dates back a long time—both in spirit and in progress. It was previously Battery K, but in 1948 when the Corps was reorganized, it was designated as Company K. Company K is composed of 110 potential "Generals" who are eager to serve their country and their communities. As the last year winner of the Battalion Citation Cord and Kohler Cup, they are still displaying their military talents at drills and in inspections. It can surely be named as "Pride of the Corps" because past, present, and future, few shall surpass it. To those who have been in Company K, best of luck; to those who are in Company K, keep up the good work.

Company L

Having been reformed after a lapse of one year, Company L set out to establish a reputation which would surpass that of the undaunted L Companies of previous years.

With the organization's colors flying high, the new "L men" started the year with grim determination and everlasting enthusiasm to make their company the best. The spirit with which the company has splendidly participated in school traditions during this past year has made Company L the Pride of the Corps.

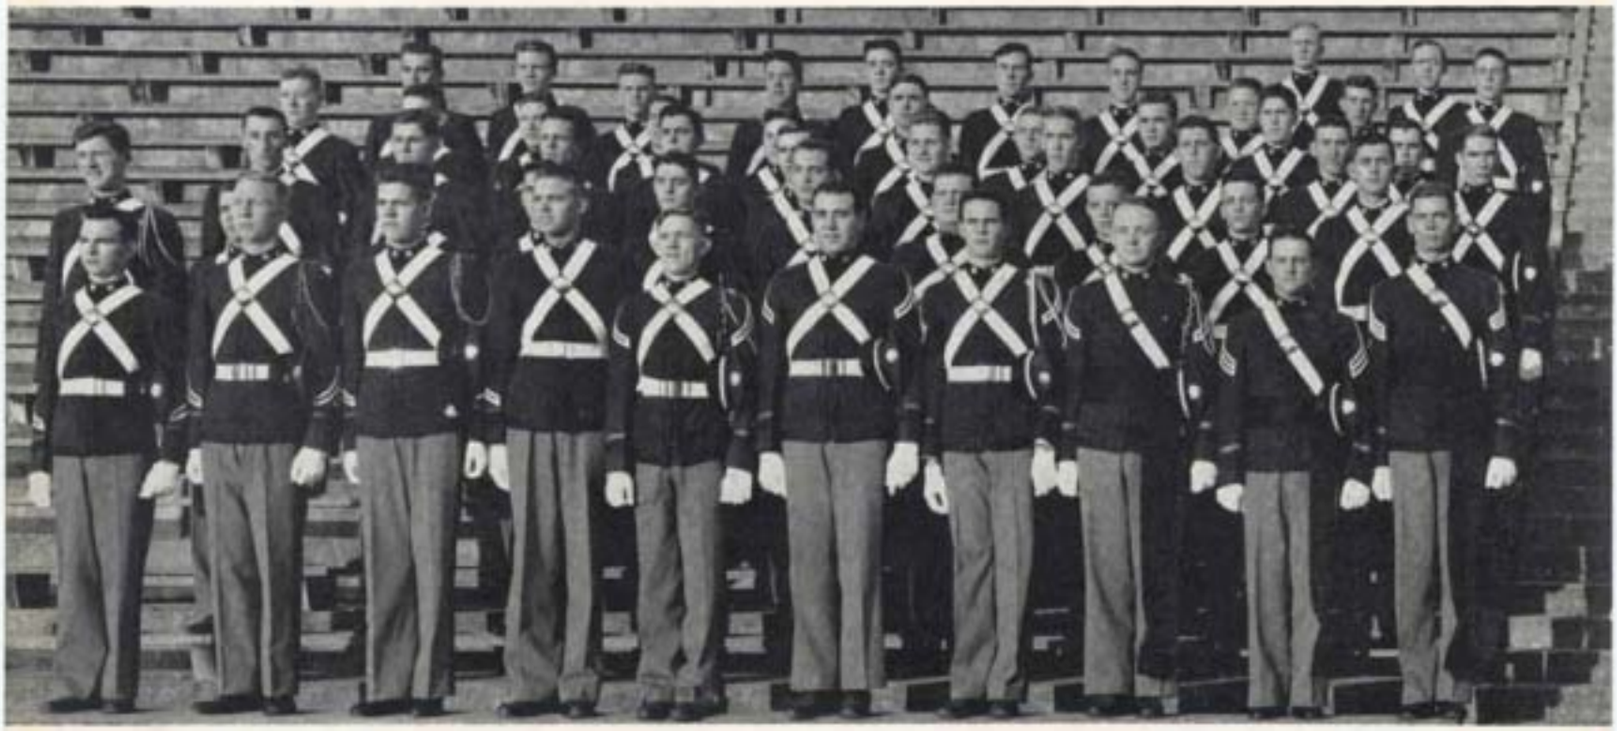
COMPANY L V.P.I.



Company M

Company M is a new organization in the Corps of Cadets, embodied with the spirit and tradition of Company M that was once "the Pride of the Old Corps." When we arrived here last fall, we all knew we had a lot to learn; and we have learned—the meaning of friendship, co-operation, and teamwork. Now, as the school year comes to a close, each of us feels justifiably proud of the organization of which he is a member.

Company N

The men in Company N feel that we have had a very successful year individually, as a unit, and as a small part of the V. P. I. Corps of Cadets. We have enjoyed and benefited by the atmosphere of friendly cooperation and spirit that has brought us together in all phases of our college life. Each man from Company N is proud to have been in the company and to have had a part in working toward the aim of all cadets here—a greater Corps of Cadets for a greater V. P. I.

Features

College life is rich with memories – dances, bull sessions, banquets, parades, parties, and lasting friendships. These are the things which we shall never forget for they have become a part of us, and they will live with us through the years. May the features presented in the next few pages be pleasant reminders of the outstanding events of our college career.

THE DANCES

1. Buddy Yeager, the little man in the back in the back row. 2. Reception, Fall Formals. 3. Glen Gray at Mid-winters. 4. The German Club decorates. 5. Skirt Born Square Dance. 6. Engineers Emphasis Dance. 7 and 8. Woodchoppers Ball. 9. Gene Krupa at Cotillion Fall Formals. 10. Tex Beneke comes to Tech. 11-14. Cadet Ring Dance. 15-18. Civilian Ring Dance.

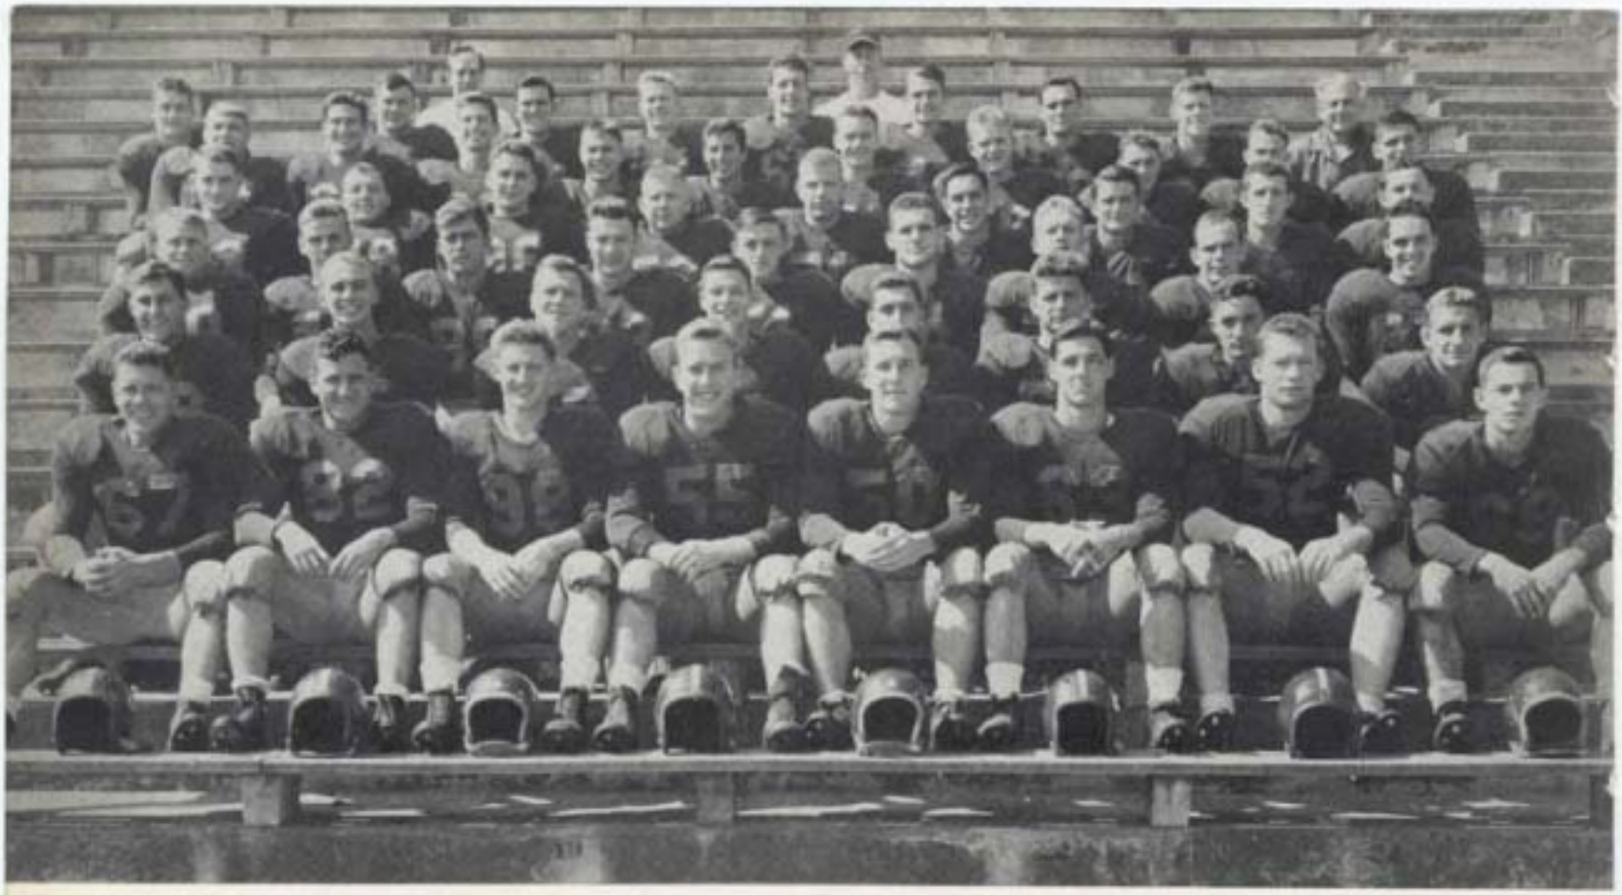
Athletics

Athletics – the builder of health and vitality – play a large part in the overall development of a person's mind and body. Through athletics Tech students are learning cooperation, good sportsmanship, and leadership. It is such character qualities as these that will be beneficial to Tech graduates as they strive to serve their country and state in their field of endeavor.



First Row: Dutton, Thomas, Beard, Chambers, Neel, Casto, Kiernan, Raugh. Second Row: Kitts, Webb, Goodman, Fisher, Petty, Luczek, Davis, Squires. Third Row: Collum, Westing, Carrol, Hanrahn, Whiteman, Kuhn, Church, Hargrove, Boyle. Fourth Row: Meriwether, Hess, Miller, Huff, McBroom, Howard, Bennett, Ratliff, Frederich. Fifth Row: Ittner, Hopkins, Taylor, Thrush, Hodgesin, Forrest, Boucom, Stortz, Woolwine, Robinette. Sixth Row: Stultz, Lawler, Taylor, Wingo, Wachter, Gilley, Smith, Gerkins, Coach McNeish. Seventh Row: Line Coach Staley Pitts, End Coach Paul Sizemore. Kenbrough, Manager.

Football, 1949

Coach Bob McNeish and his assistants, Paul Sizemore, and Staley Pitts, continued on their building program towards bigger and better football here at V. P. I. Midway through the season they saw their diligent efforts pay off as their charges came through to halt a mediocre losing streak and indicate bright prospects for the coming year. Coach Al Learned, freshman mentor had a group of stellar ball players who turned in one of the best records ever turned in by a Gobbler aggregation. Learned was ably assisted by two varsity graduates of 1948, Dick DeShazo and Jack Cooke.

Hopkins, McNeish, Ittner, decision makers.

THE MARINES LANDED

An expectant crowd including President Harry S. Truman and associates gathered in Alexandria for the season's first tilt, matching Virginia Tech's Gobblers against a strong Quantico Marine eleven. The Marines were strongly reinforced by a group of Navy football standouts who showed their greater experience and training throughout the contest. With a stellar group of backs, the Marines were leading 20-0 in the second quarter. Tech came to life, and Goodman, Hopkins, Casto, and Wingo teamed up to score two TD's in a row. The hot weather and superior opponents added up, however, and the Leathernecks extended their lead to make the final score 33-14. Tech's aerial game gave hope to their supporters.

1. Webb scores on Turkey Day!!
2. Yarbrough pulls a General down.
3. "Buddy" thinks we made it over.
4. Neel goes down in Virginia game.

THE TERRAPINS WERE STEADY AND FAST TOO

Miles Stadium rocked to the cheers of twelve thousand spectators as Tech took on Maryland's strong squad. Fine line play kept the Terps scoreless during the first quarter. The second quarter saw Tech leading 7-0. Although tied at half-time 7-7, Tech was unable to keep the opposing offense in check, and the Maryland boys scored again in the third quarter, and three times in the fourth making the final score 33-14. Jack Ittner's fine line play was obvious throughout this rough contest.

THE ONLY GOOD INDIAN IS A DEAD INDIAN

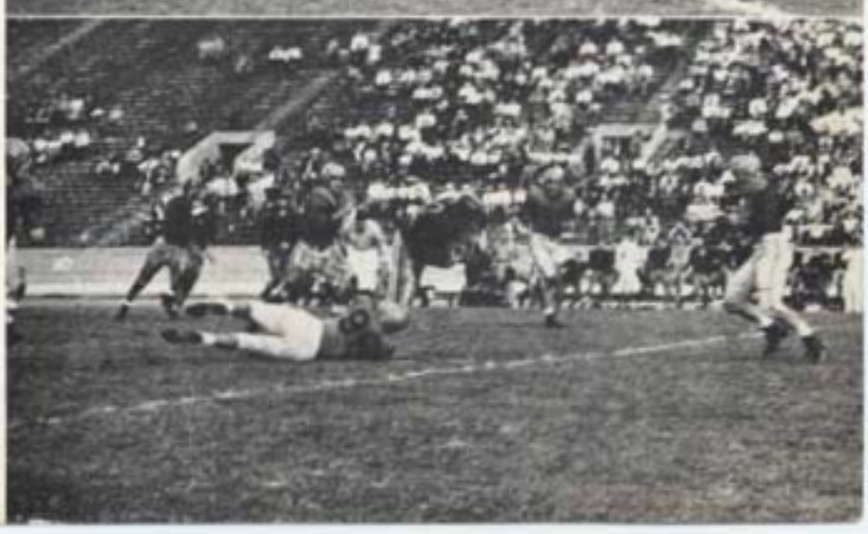
The hapless Gobblers were taken in by the Indian tribe while guests on their reservation in Williamsburg. With Larry Hansrote playing brilliant defensive ball, we limited the Indians to one score in the first quarter. Dick Goodman passed to Oren Hopkins in a thrilling play for a second quarter tally of 7 points for Tech. Jack Cloud plunged over for W. & M., making it 19-7 at half-time. Goodman repeated his fine performance of second quarter to Ron Casto for a tally after the tribe scored one. Dickie Lewis starred for the Big Green, and the fourth quarter ended 39-13. Dave Thomas began to show fine form as a yardage gainer in this contest.

CAVALIERS ? ?

Buddy Shoaf and John Papit combined forces to give the University the victory at Victory Stadium in Roanoke. First quarter was marked by the strong defense of both teams. Virginia drew first blood in the second quarter and Tech, after a strong downfield march, was stopped by the Wahoos just one yard short of the goal. After trailing 13-0 at the midway mark, Tech threatened again in the third quarter with Goodman hitting Casto on the ten yard stripe of U. Va. After Collum and Neel attempted on the ground, Goodman was smeared for a loss while hunting for a receiver; and that was that. Virginia went on with a bevy of bone-jarring backs and hard rushing linemen to win 26-0. Tech's line showed more speed with Tim Lawler, Hopkins, and Casto doing yeoman service.

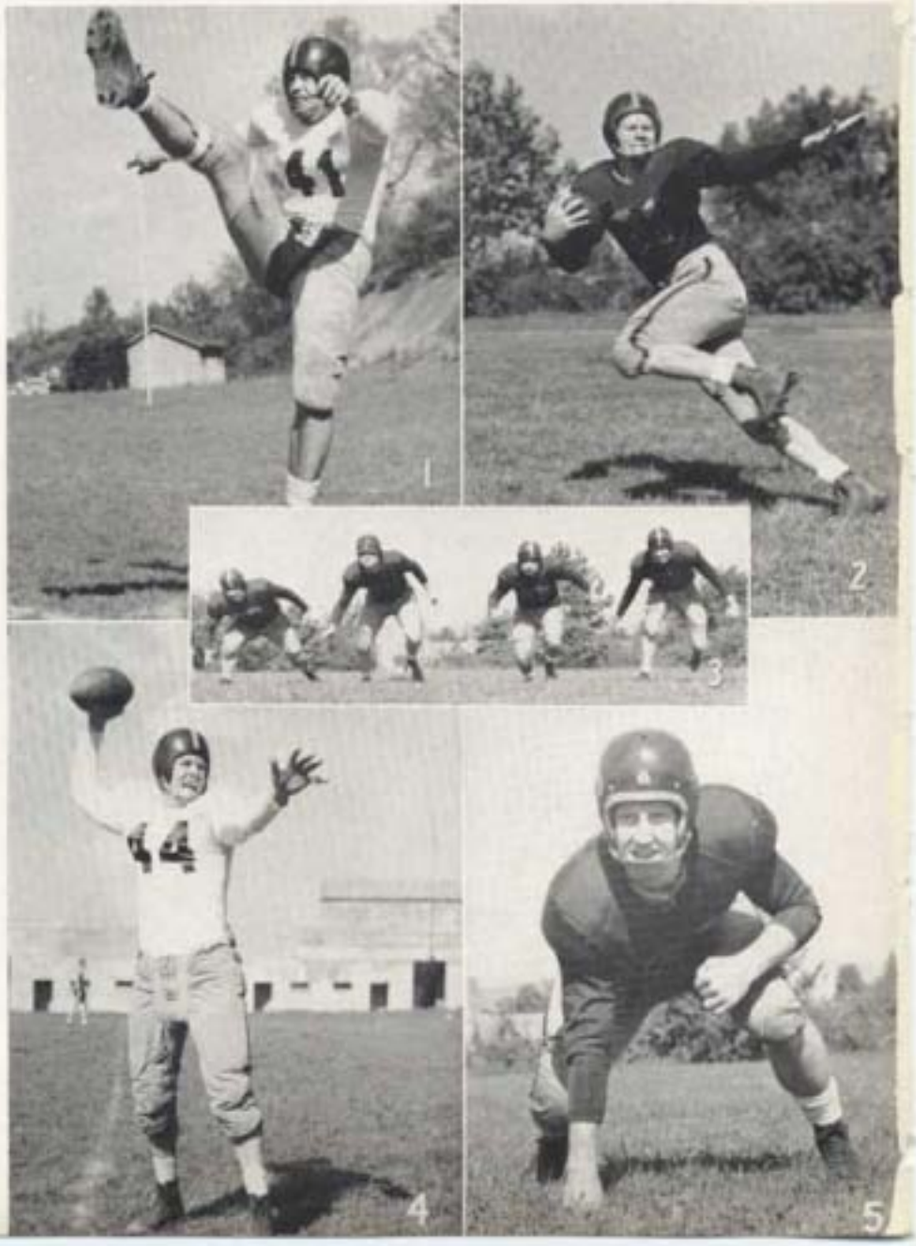
HOMECOMING FOR GEORGE

After a day of sumptuous and hilarious parades, the old grads sat in Miles Stadium to watch a winless team from George Washington University op-



Graduating Seniors. Front: Hopkins, Ittner, Collum, Chambers, Thomas, Squires. Back: Stultz, Whiteman, Webb, Beard, Davis, Meriwether.

1. Bob Gilley. 2. Sterling Wingo.
3. Huff, Stultz, Lawler, Kernan.
4. Dick Goodman 5. Ralph Beard.



pose the Orange and Maroon. G. W.'s Al DuGoff had a field day getting all four of his team's touchdowns and piling up most of their yardage. V. P. I. outgained and frequently outplayed the Colonials, but lacked the punch to outscore their rivals. DuGoff got two scores the first half, but Tech was still in there with Goodman hitting Casto with a 20 yard aerial to score. Beard made the conversion after several penalties from the 37 yard line. Half-time score was 12-7. DuGoff gave a hint to his days performance with a 105 yard kickoff return at the opening of the second half. DuGoff repeated with a shorter run for his fourth tally, and then Tech took over. The fourth quarter was all Tech with Collum going over to score after a smooth air attack by Goodman. The final score read 24-14.

THE BLUE DEVILS

The Iron Duke's were just that at Durham as they outclassed a fighting Virginia Tech aggregation. Even from the opening kickoff, the Blue Devils were touchdown bound, and by half-time they had rolled up a score of 21-0. After their opponents had scored three more touchdowns, Tech came alive to march 98 yards for their one lone score. White set up this score with a runback of 43 yards. Wingo, Webb, and Thomas pushed the ball the rest of the way with Thomas going over and Beard converting. The final score was 55-7. Tech lost the valuable services of Larry Hansrote for the rest of the season due to injuries he received during this game.

WE ALMOST WON

The light of victory almost shone on our improving football team in their best performance of 1949. As star event of the Oyster Bowl festivities, our team gave a good account of themselves before 1500 V. P. I. Cadets and Miss America, all 1501 of them cheering like mad. Dave Thomas was the standout back, getting 128 yards. Fisher returned as quarterback and ran the team like a professional. Every man on the field played the game of his life before 21,000 thrilled fans. Lawler, Ittner, and Hargrove were standouts in line play. State scored late in the first quarter, but Sterling Wingo put Tech very much back in the game after making a spectacular 90 yard jaunt to score. After no less than four attempts, we made the extra point. State came back with another score to make it 14-7 at half-time. From here on, it was all V. P. I., with Whiteman, Thomas and Fisher teaming up to drive the State boys up and down the field. Thomas scored the lone score of the last half. We just didn't have lady luck with us, and we lost 14-13.

WE OUT-GENERALED THE GENERALS

We halted the losing streak with Coach McNeish's smart strategy battling up W. & L.'s star quarterback, Bocetti. Neither team scored until Tech, after making a 78 yard march in the third quarter, hit pay dirt with passing by Fisher to Casto on the 18, and then Whiteman on the 8. Collum, playing his best game of the year, went over for the score. Bocetti got his team going, and they culminated a 60 yard grind with a TD for the Generals with less than a minute left in the game. There were many fumbles in this contest, probably due to the extreme cold, plus the hard hitting brand of ball played that day. Otey Meriwether put on a great defensive display for the hometown folks as defensive end. The team showed the folks a good brand of ball that day, but they had to be satisfied with a 6-6 tie. Bob Gilley showed great form, averaging 50 yards per punt.

High-scorer, Casto, pulls one in!

THE COACHES

Left to Right:

Staley Pitts

VICTORY ! !

It was a great day in "Hokieland" as the Gobblers traveled to Richmond to take a decisive win over the Richmond Spiders. After a slow first quarter, Richmond scored in their only bright spot of the day. Tech came back with a bang as Sterling Wingo, passing for the second time in his college career, looped a long one to Casto in the end zone. Tech scored again with Wingo going from the 48 to the Spider's 11, and several plays later Fisher hitting Thomas for the TD. Richmond got their last TD at the midway mark making it 14-13.

In the third quarter Bill Stultz recovered a Spider fumble on their own 18 to set things rolling. Fisher did some fancy ball handling and finally passed to Casto in the end zone for score number three. Wingo drew the crowd to their feet as he raced 55 yards for the final tally. Ittner, Goodman, Hargrove, and Wingo showed the hometown folks some fine ball on a fine day of great football weather. Yarbrough, Kernan, Stultz, and Meriwether showed line defense plus. The team returned triumphant with the score 28-13.

Top: Wingo gets rushed.

Bottom: Bubbles on his way downfield.

THIS TURKEY WAS ROBBED

On a wonderful day at Victory Stadium following a spectacular parade, Virginia Tech's Gobblers took on V. M. I.'s eleven in what has been called the "roughest, closest, most poorly officiated game in the series of traditional contests." Collum and Webb wound up their football careers in a blaze of glory, both scoring and setting up other scores. After spotting the Keydets 14 points in the first quarter, the Gobblers came back to tie the game up at half-time 14-14 with Webb going over in a 5 yard plunge and Wingo reeling off the best run of his career for 79 yards to a tally. Third quarter, the Gobblers pulled into the lead on Collums pass to Hopkins. V. M. I. got the lead back with a TD and a safety. Collum put us in the money with a 24 yard gallop and a TD. Beard converted after each touchdown to save the game. On one of the most disputed series of plays so far, V. M. I. scored their last score to tie up the game 28-28. Ki Luzak was voted the outstanding player on the field for his great defensive work as backer, stopping V. M. I.'s end thrusts consistently all afternoon. Tim Lawler, Ittner, Kernan, Wachter, and Bennett all showed great form on the line.

Freshmen "Tigers"

First Row: Blankenship, Hiler, Parrish, Hornstock, Campbell.

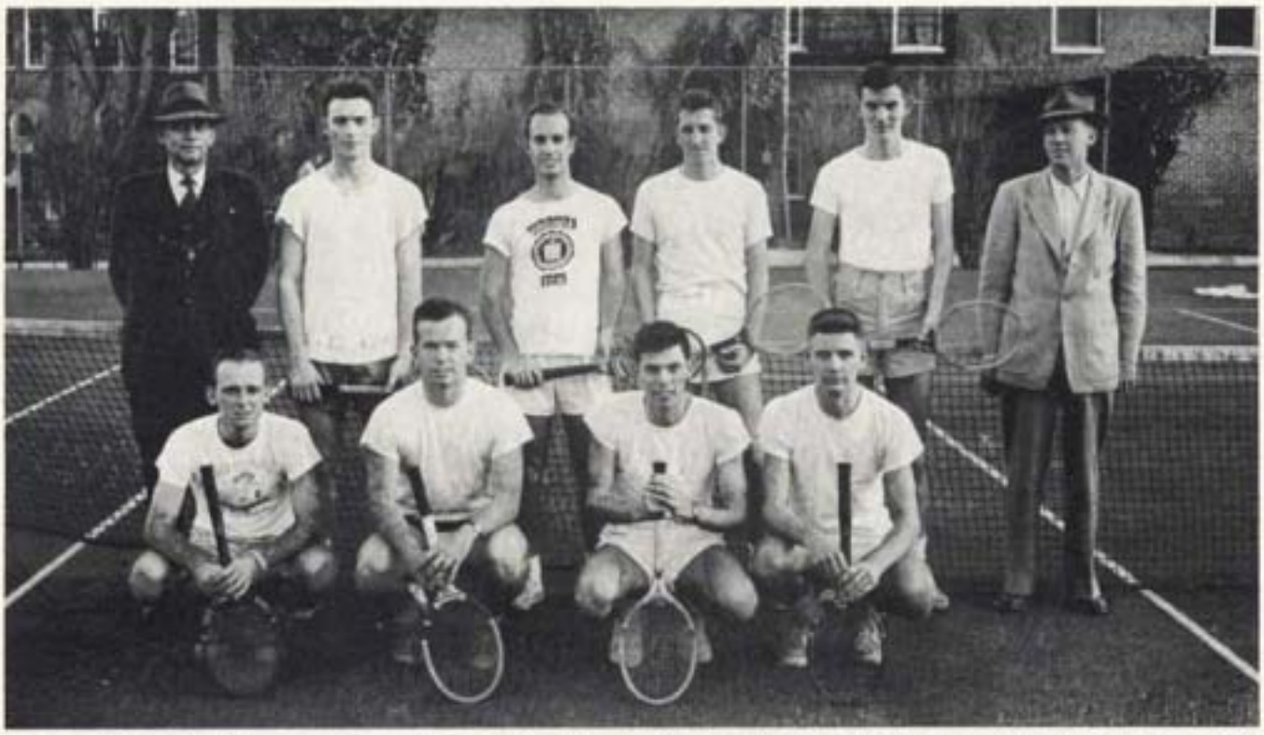
Second Row: Hamilton, Creamer, Malewich, McLaughlin, Keeton.

Third Row: Herb, Rusinko, Kashim, Turner, Cowan.

Fourth Row: Nutter, Kwiatkowsky, Koski, Hobbs, Oglesby.

Fifth Row: Stark, Dick, White, Burnett, Davis.

Sixth Row: Coaches: DeShazo, Cooke, Learned.



First Row: Harris, Wood, Meyer, Funk. Second Row: Coach J. B. Jones, Trombold, Phillips, Gibson, Captain Kolker, Coach "Captain Buck" Buchanan.

Tennis, 1949

The netmen from Tech enjoyed as fine a season as ever before under Coaches Jones and Buchanan. Both of these men took great time from their own duties on campus to give us the finest in athletics here at Tech. With Kolker in the No. 1 spot, the Gobblers always got off to a good start. The whole team showed great skill in both singles and doubles to defeat all opponents until the last match when they lost a hard-fought match to Lynchburg College. This first post war team brought us back to fine tennis.

Captain Kolker serves this one.

Phillips smashes a hard one.

Basketball, 1949-50

Another score for Tech.

Virginia Tech had the hottest basketball team that "Hokieland" has seen since the war. Coach "Red" Laird was really a proud man when it came to his cagers led by Co-Captains Bob Trombold and Ted Bacalis, the guards and playmakers of the starting five. Gene Jones moved up to the starting lineup this season to team up with Dick Sayre, all-state forward (1949) and really a fighter in the close games. Jones was just what was needed on the backboards to give us the winning margin over our victims. The "Big Gun" of the team was Sumner "Tex" Tilson, junior sensation at center who scored about 500 points during the season and was in the double digit column every game with a hook shot that wouldn't stop. Davis gave the first stringers a run for their positions and along with Platt, Farrar, Sampson and Spruhan, gave valuable assistance to a tournament bound ball club. Opposing teams won't like to return to Tech next season since the Gobblers were not defeated on their home

"Red" tells them how!

court a single time. In the big game of the season the Techmen beat Chet Giermak and company from William and Mary 60-47 in a clean, fast game. The Techmen opened their season early in Thanksgiving by taking on a string of basketball powers which gave them some valuable experience that sharpened them up for their regular season games. From December on it had to be a very bad night on a strange court for Tech to lose a ball game. Tech made the Southern Conference Tournament and is assured of several places on the All State Team. The team and the student body will miss the graduating seniors, Trombold, and Bacalis, but they will look towards next season with high expectations for another winning ball club.

Starting Five:

Top left: Sayre.

Top right: Jones.

Center: Tilson.

Lower left: Trombold.

Lower right: Bacalis.

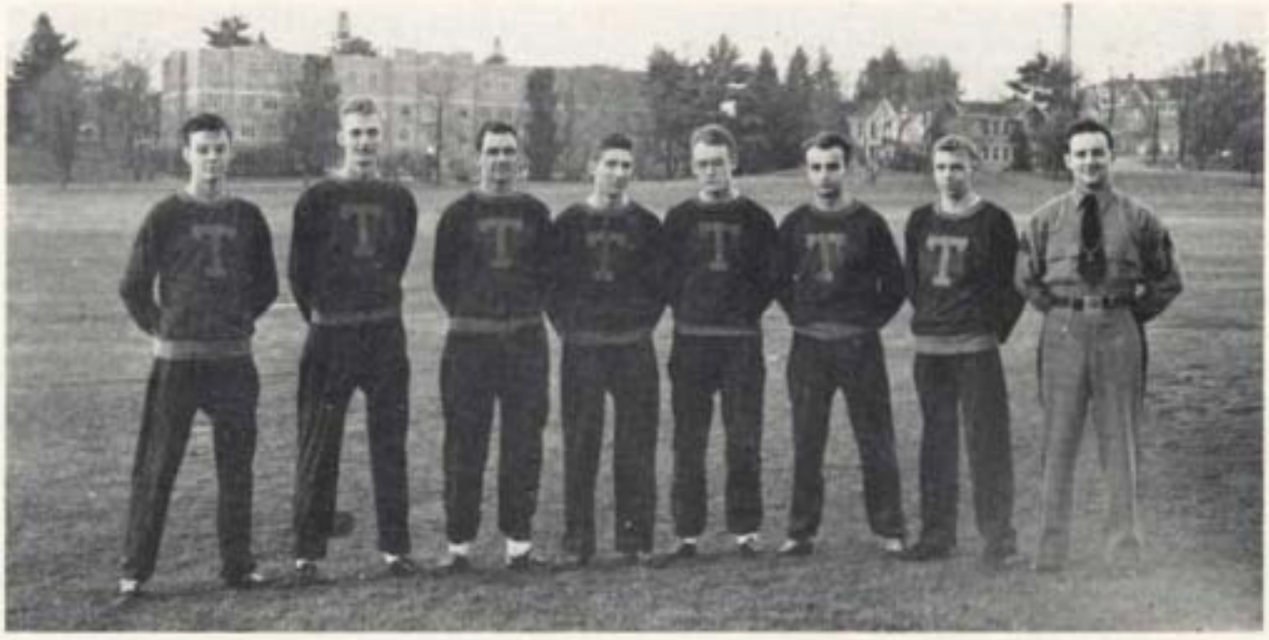
Rifle Team, 1949

Front Row: Wood, Scales, Barton. Second Row: Alexander, Fletcher, Johnson, Witt, Thompson.



Cross Country, 1949

State Champs: Heitholzer, Peasely, Bryant, Motley, Evans, Neofitos, Prongay (Captain), Anderson (Manager). Coached by Lou Onesty.

First Row: Jacobs, McLear, Wisman, Waldron, Neofitou, Shelton, Beard, Magill, Meriwether, Bradley, Ford, Ruffin, Beavers. Second Row: Loving, Thompson, Murray, Myers, Borthwick, Dance, Monroe, Portner, Beach, Gravatt, Anderson. Third Row: Coach Lou Onesty, Postma, Leverty, Evans, Smith, Hierholzer, Prongay, Collum, Brooks, Mayer, Styne, Leisner.

Track, 1949

The "Flying Gobblers" under the tutelage of Coach Lou Onesty completed the most successful year in the history of track at V. P. I. Both the varsity and freshman teams coped the State outdoor track titles in addition to the indoor titles that they took in the winter months. The varsity was very strong in the dashes with Otey Meriwether, Smokey Beavers, "Chuck" Ford, and Garland Gravatt, giving Tech the big points in the 100, 220, and 440. Adding much strength to the team in the high jump was Bob Monroe who was undefeated in state competition. After successfully swamping all of the state competition, the Gobblers placed fourth in the Southern Conference Meet.

No little loss to next years team will be the graduating seniors, Co-Captain Middleton, Curt Shelton, Gravatt, Jacobs, Bell, Beard, Waldron, and Magill. Perhaps the most versatile trackman ever to don spikes for Tech, Bob McLear constitutes a major loss to the team, as they will miss his consistent scoring in practically all events except the distances. McLear also coached the undefeated freshman team.

"Rapid Robert" McLear.

Bradley Throws the Shot

Wingo to Beach.

In the field events, good work and hard effort brougt their rewards to John Ruffin in the discus, giving him the fourth highest total number of points on the team. "Chuck" Ford set a new school record in the 440 in the meet with Carolina. Bob Monroe set a new high for the harriers in the high jump.

The Tech Frosh, with Jack Gale, Stuart Johnson, Lee Early, Bruce Hardy, Don Cochran, and John Kartheuer as the principle point getters were the first in Tech history to take the State Freshman title and were undefeated in dual state competition.

The Freshman Team

SEASON'S RESULTS

V.P.I.	94	Washington and Lee	32	V.P.I.	86	Richmond	40
V.P.I.	28	Maryland	98	V.P.I.	88	V. M. I.	38

First Row: Barlow, Faison, Howes, Cheatham, Clayton.
Second Row: Burns, Vassar, P. Davis, Nolen, Gallup, Schadel.
Third Row: Kean, Payne, Purdue, Moore, Sprahan, Gilmore, Dalton.
Fourth Row: B. McGinnis, Manager, Mervin, C. Davis, Crump, Boehling, Slayton, Yelton—Coach Laird.

Baseball, 1949

With a group of seasoned veterans in the lineup, Tech's diamond crew turned in a creditable season under the direction of Coach "Red" Laird. Schadel, Moore, Faison, and Burns led the group at the mound while Perdue, Beard, Keene, Slayton, and Howes provided most of the heavy hitting. Playing under a double jinx, the Gobblers seemed unable to beat several teams on their schedule, losing twice to U. N. C., University of Richmond, Catawba, and William and Mary, while winning most of their other contests. With the heart of their batteries returning for the next season, a much improved team is looked for in the spring of 1950.

Keep your eye on the ball, Barlow.

Skip Mervin bats one!

Third Row: Miller, Way, Hayden, Perini, Phillips, Allen, Bragg. Fourth Row: Hall (Manager), Emmons, Beeler, Grant, Ross, Nissley, Kortheuer, Williamson (Manager).

Swimming, 1950

Coach Lou Onesty produced a much improved team this season over any previous season. Captained by Stuart Dance and Wayland Rennie, the team gave good performances as exhibited by the close scores. The team opened the season bowing to the Southern Conference Champions, U. N. C. 38-37 in a thriller. N. C. State then squeezed by on the last relay to win 43-32. V. M. I. with their best team in years bested Tech 52-23. Tech's first win came by taking Davis and Elkins College 60-15. Duke in a contest marked with bad breaks edged our natators 38-37. Virginia, after a bitter duel, triumphed 44-31. The Gobblers then got decisive victories over W. & L., 50-25, and W. & M., 49-25. The standout swimmer was John Kortheuer, sophomore backstroker, who bested the state and school records in the 150 yard backstroke while defeating all Virginia competitors. The team bested four school records and bettered all of last year's marks. With Brouse scoring high for the Gobblers, they placed second in the State meet.

State Record—300 Yd. Medley

Allen Does Garner
State Record—400 Yd. Relay

Co-Captain Stu Dance, Coach Lou Onesty and Co-Captain Wayland Rennie.

Varsity "Tigers" Second Row: Kenson, Blalock, Baker, Crooks, Bullard, Shook, Wheeler, Leech, Starkey, Oliver (Captain), Tilson, Wachter.

Wrestling, 1950

The "Tigers" under the direction of Coach Al Learned and Coach Teske provided Tech with an exciting sport which grew in popularity until it became third in spectator attendance on the campus. With clean, hard-fought, matches, Tech fought its way to the best season in many years, winning seven and losing three matches. Captain "Stu" Oliver, outstanding in his division, suffered a bad injury and had to sit out several matches. Bob Wachter was heavyweight king. Tilson filled in both heavyweight and 175 pound classes winning 5 matches and losing only once. The team has fine prospects for the coming season.

Coach Teske, Captain "Stu" Oliver, and Coach Learned.

Hold that "Tiger." On the Mat.

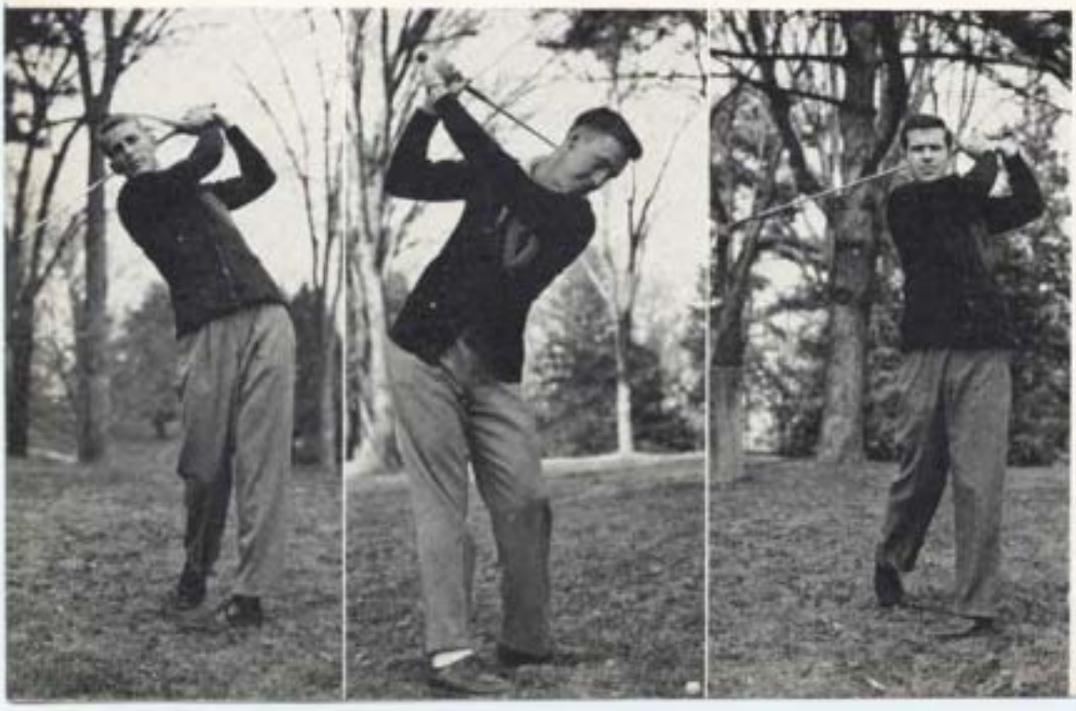
Tilson and Wachter try to decide who's best.

Front: Sellers, Newman (Coach), James (Co-Captain). Back: Lark, Smith, Whittle, Ellison (Co-Captain).

Golf, 1949

The Tech stickmen, guided by Coach Preston Newman, continued to have the most successful year of any V. P. I. team. To start the year off right, they handed the Harvard team a 22½-4½ shellacking, and then they went on to take Ohio University, George Washington, V. M. I., W. and L., and Virginia. On an off day, they lost a heartbreaker to V. M. I. in a return match, their first loss in two seasons. After tying W. and L. in a return match, the "Hokie" men took William and Mary and then lost to N. C. State. They won the state championship.

Teeing off for the Gobblers on the first positions were Co-Captains C. R. James and Ed Ellison, Jim Lark, and the two big guns, John Whittle and Connie Sellers. It was through the fine ability and teamwork of these men that such a fine record was achieved. Graduating seniors in the Class of '49 are Connie Sellers, and C. R. James. This is the final season for Whittle as his eligibility is terminated.



Left to Right:

Whittle

Peverall

First Row: Catlin, Airhart, Benninghove. Second Row: Stevens, Kennett, Noble. (Not in Picture: Higgs, Sapinos, Sid.)

Cheerleaders, 1949

A salute to the seldom praised cheerleaders who through their tireless efforts have kept the campus and the stadiums rocking with the "Hokie" yells. Although not a part of the squad, "Monkey" Rowe through his own efforts added greatly to the color of the games. Captained by Head-Cheerleader Jack Airhart, the squad brought new spirit back into the hearts of all Techmen.

Activities

In order that one may learn to serve, he must not only enrich his mind, but he must put into practice these principles which he has mastered. No better way can one accomplish this than by participating in the many and varied activities which our school provides. Publications, dramatics, music, or whatever his interests may be, the Virginia Tech student may become a part of some organization which will aid him in developing his skills and talents.

It has been only through cooperation between the Editorial and Business Staffs and among the individual members of both staffs that we have been able to assemble the material and meet those final deadlines. We wish to express our thanks to the Student Body for that wonderful support which you have given the staffs. Also, our sincere appreciation goes to those faculty members with whom we have worked and from whom we have received a splendid response.

Founded in 1903 by The Athletic Association, THE VIRGINIA TECH has made much progress in the years that it has been in publication. Discontinued during World War II, it reappeared in 1946, and has, since that time, became one of the leading collegiate newspapers in the state of Virginia. All past and future success must be attributed to smooth-working staffs which have time and again proven themselves to be so dependable.

During the year 1949-1950, the editors strived to maintain THE VIRGINIA TECH on its previously established high level of quality and service to its readers. Such success could not have been maintained without the constant and untiring efforts of the entire staff pictured on this page.

This year the work of THE VIRGINIA TECH Business Staff has been most efficiently managed. Of course every member of the staff has devoted many hours of his precious time to the fulfilment of the high aims and purposes of the publication, but the capable leadership and inspiring incentive for better mutual cooperation has been attained through the untiring efforts of the Business Manager of THE VIRGINIA TECH, George B. Field, Jr.

In every respect the conditions that make for a better paper have been present in the capabilities of the individual staff representatives.

Surely this wonderful experience on THE VIRGINIA TECH will have aided each member of the Business Staff in whatever pursuits of life's work he may enter after leaving this institution.

THE VIRGINIA TECH ENGINEER is the official engineering magazine on the V. P. I. campus. Published five times a year by the students of the School of Engineering and the School of Science, it devotes its pages and write-ups to the furtherance of engineering knowledge and covers the entire engineering field by the publication of articles by authoritative leaders in the profession and by students on the campus.

This year, the staff of the VIRGINIA TECH ENGINEER has, by working together, made the magazine one of the finest. Circulation, both to the students and to the rest of the country, is larger. Advertising has also shown a marked increase nationally, as well as locally. The entire staff profited greatly from their experience in journalism, business, and engineering.

Since 1948, WUVT has brought to the campus of Virginia Tech some of the best entertainment available. This entertainment, in the form of recordings, live programs, and remote broadcasts, is available only to the students. Therefore it is patterned to suit a select audience. We have endeavored to mold programs that will suit this critical audience and make ourselves truly "The Student Station."

Station WUVT is just beginning its third year of operation. In the first two years the station has come a long way toward realizing its goal, a secure and prominent place among the many older campus organizations. Upon entering this third year, the members of the WUVT organization are confident that during this, and in each succeeding year, the station will amplify its abilities and efforts in order to better serve the students and faculty of Virginia Tech.

B. Field; B. F. Johnson; Miss D. T. Tomczak; A. B. Rust; L. L. Goulder; W. L. Dudley; L. E. Rennie; T. E. Dunn.

Athletic Council

The purpose of the council is to foster, maintain, promote, manage, and conduct all forms of intercollegiate athletics at Virginia Tech, and to assist, insofar as is possible, with the intramural and physical education program.

Members: C. E. Seitz, President; W. R. Legge, Alumni Representative; F. D. Rollins, Secretary; E. V. Russell; G. C. Herring; P. S. Dear; E. H. Rand; W. H. Bennett; T. N. Bacalis.

Administrative Council

The Council of the Administration coordinates the matters involved in the operation of the college and serves as the top advisory board to the president.

Members: Dr. W. S. Newman, President; Dr. C. C. French, Vice-President; Dean C. P. Miles, Dean of the College; Dr. T. B. Hutcheson, Dean of Agriculture; Prof. E. B. Norris, Dean of Engineering; Dr. C. R. Woolwine, Health Officer; Col. T. W. Munford, Commandant of Cadets; Mr. S. K. Cassell, Business Manager; Dr. R. E. Bates, Director of Student Affairs.

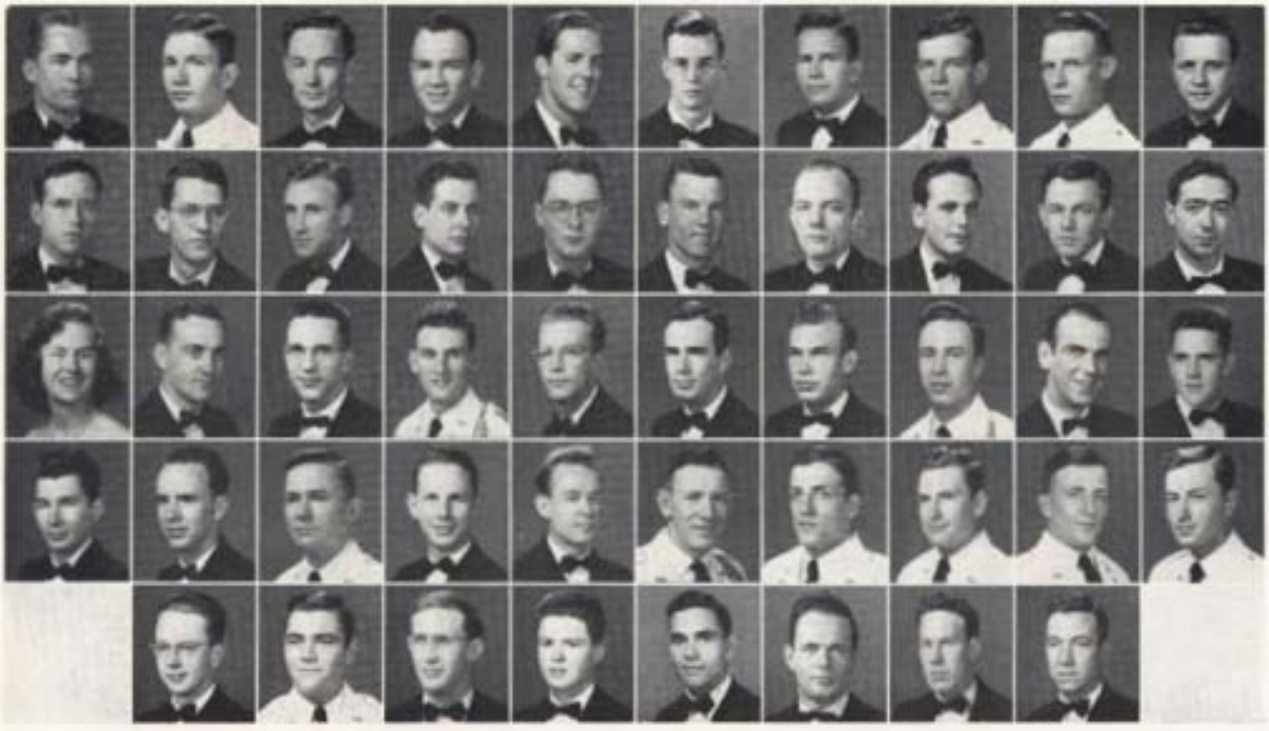
Engineering Council

The purpose of this organization is to establish a representative body to promote the best interests of the V. P. I. School of Engineering; to represent the various curricula clubs and to coordinate their efforts, to represent the Engineering Student Body in its relationships with the administration of the college, and to consider and promote any matters which may be for the advancement of the School of Engineering, or of its student body.

Members: H. C. Young, President; W. H. Schwarz, Vice-President; J. A. Umlauf, Secretary; W. P. Winzer, Treasurer; Thompcen, Vester, Terrell, Barker, Weaver, Brown, Tynan, Naftsinger, Shelton, Crim, Platt, Martin, Dixon, Belchor, Lowe, Harvey.

1. Alpha Phi Omega sponsors a dance. 2. Professor G. T. Baird speaks at Pi Delta Epsilon initiation. 3. Phi Sigma hears Dr. I. D. Wilson talk on his trip to South America. 4. Scabbard and Blade tapping ceremony. 5. Omicron Delta Kappa meeting. 6. Tom Dunn presides at regular Pi Delta Epsilon meetings.

HONORARY



Phi Kappa Phi

It is the purpose of the Phi Kappa Phi to emphasize scholarship and character in the thought of college students, and to foster the significant purposes for which institutions of higher learning have been founded. Phi Kappa Phi has tended to stimulate mental achievement by recognition through election to membership. This membership is limited to those students who are among the upper one-eighth of their class. Only one-tenth of any class, however, may be elected.

Alpha Zeta

The fraternity of Alpha Zeta was established to bring recognition to agriculture as a science and to create a closer bond between the many branches of agriculture. In undergraduate and graduate studies, the aims of this fraternity are the promotion of the profession of agriculture, and to establish, foster, and develop high standards of scholarship, character, leadership, and a spirit of fellowship among its members.

Eta Kappa Nu

Eta Kappa Nu was founded in 1904 at the University of Illinois. In 1940, the Beta Lambda chapter was installed at V. P. I. While the qualifications for membership distinctly stimulate and reward high scholarship, Eta Kappa Nu has a far broader purpose than merely to award a badge of distinction. As conceived by its founders and as carried forward by its members during more than a generation, its aim is to assist its members throughout their lives in becoming better men in their chosen profession and better citizens. The main purpose is to promote fellowship among Electrical Engineers and to advance the profession at all times.

Chi Epsilon

A national, honorary, scholastic fraternity based on the broad objective of increasing the efficacy of the civil engineering profession as an instrument of social betterment, Chi Epsilon was organized to recognize those characteristics of the individual engineer deemed fundamental to the successful pursuit of an engineering career and to aid in the development of those characteristics in the undergraduate engineer.

The chapter at Virginia Polytechnic Institute was installed on April 15, 1941. Since then one hundred student members, nine chapter honorary members, and one national honorary member have been initiated into Chi Epsilon at V. P. I.

Pershing Rifles

Pershing Rifles is recognized throughout the United States as a national military fraternity which is primarily established for basic R. O. T. C. students. The society encourages interested R. O. T. C. cadets to organize themselves into units dedicated to the perfection of military leadership. Company E, 4th Regiment, located at Virginia Polytechnic Institute, was first organized July 1, 1943 under a charter granted by the national headquarters of Pershing Rifles.

Block and Bridle Club

The Block and Bridle Club is an honorary organization whose objectives are to promote a higher scholastic standing among students of Animal Husbandry, to promote more interest in Intercollegiate Judging Contests, to bring about a closer relationship among the men pursuing some phase of Animal Husbandry as a profession, and to encourage students to take up a study of Animal Husbandry.

Although the Block and Bridle Club is primarily an Animal Husbandry organization, there are included in the membership men in many other curriculums.

The local chapter of the Block and Bridle Club received its charter in December, 1935.

Gamma Alpha Rho

The Gamma Alpha Rho honorary aeronautical society was founded at Renselaer Polytechnic Institute in the fall of 1945. The Beta Chapter was organized at V. P. I. on May 14, 1947 when the first official meeting was held.

The Gamma Alpha Rho society was founded in recognition of the need of distinguishing those who by their scholarship, integrity, and achievements in aeronautics, have conferred honor on their Alma Mater. Additional aims of the society are to promote better understanding between students and faculty, and to develop a high plane of professional attitute, producing among undergraduates especially, a better code of professional ethics.

Keramos

The active chapter of Keramos, "father of professional engineering fraternities," was installed at Virginia Polytechnic Institute on March 2, 1940.

The organization was established to provide a professional fraternity open to the outstanding students in Ceramic Engineering at V. P. I. Its principal object is to promote and emphasize scholarship and character in the thoughts of Ceramic Students, to stimulate mental achievement, and to promote interest in Ceramic art, technology, and engineering.

As secondary objects it seeks to bind more closely the alumni to the Alma Mater and to the alumni of other colleges and universities having schools, departments, and divisions of Ceramics and Ceramic Engineering, and to furnish an additional tie of college friendship.

Phi Sigma

The Alpha Psi Chapter of Phi Sigma Society, national honorary fraternity of biology and related sciences, had its beginning on the V. P. I. campus May 24, 1949. Prior to that time the only honorary fraternity for honor students in the biological sciences here was Bio-Tech which was organized shortly before the war.

The purpose of the society is to provide an organization to stimulate research and to afford opportunities of free discussion for students working in the biological sciences.

Sigma Pi Sigma

Sigma Pi Sigma is the only national physics honor society. Its chapters are restricted to colleges and universities of recognized standing which offer a strong physics major. The chapters receive into membership physics students and a few others in closely related fields, when such students attain high standards of scholarship, professional merit, and academic distinction. Membership is conferred upon no basis of selection other than scholastic or professional record. Both men and women students are eligible for membership. Reception into the society is consummated without formal pledge or secret order training.

Tau Kappa Alpha

Tau Kappa Alpha, Tech's newest honor fraternity is a national honor society recognized by the Association of College Honor Societies. Only 25 college honor societies in the nation are recognized by this Association. Tau Kappa Alpha is a National Forensics Society which has these purposes: to award suitable recognition for excellence in forensics and public speaking; to promote interest in speech among the general public and especially among the students of colleges and universities; and to foster a respect for, and an appreciation of, freedom of speech as a vital element of democracy.

The wide variety of activities sponsored by the V. P. I. Agricultural Club provides training for each member in leadership, parliamentary law, public speaking, community activities, and cooperation among members and faculty in the school of agriculture. All members are constantly reminded of the latest advance in agriculture through books, magazines, and speakers secured by the club. With an organization designed for the development of the individual, all members upon graduation feel that they are much better equipped to serve their country as an agriculturist.

The V. P. I. Student Branch of the American Institute of Electrical Engineers was established in 1917. In 1949 a chapter of the Institute of Radio Engineers was formed by a group of communications students, and the two organizations merged.

It is the major purpose of the A. I. E. E.-I. R. E. to present a broader, more enlightened view of the electrical engineering field by a series of interesting and comprehensive programs. These programs include motion pictures, speakers, and field inspection trips as well as demonstrations of new and unusual equipment by various manufacturing concerns. In addition, the A. I. E. E.-I. R. E. strives to promote a closer fellowship among the student members as well as between the students and the faculty.

The V. P. I. Student Chapter of A. S. C. E. has a threefold purpose. First, it seeks to round out the Civil Engineering students' education by acquainting them with topics of engineering interest through talks by competent engineers and through movies and field inspection trips. Second, it offers students and faculty members the opportunity of becoming acquainted. Third, the chapter strives to promote a professional spirit among the students.

All Civil Engineering students are eligible for membership and are urged to join the society.

The Student Branch of the ASME was organized at V. P. I. in 1915. All students enrolled in engineering are eligible for membership.
The principal objectives of the Student Branch are:
To broaden the student's acquaintance with the practical side of the practice of Mechanical Engineering.
To give each Student Member "Mechanical Engineering," the journal of the Society, thereby keeping him informed about engineering progress.
To develop the student's initiative and ability to speak in public and to familiarize him with the parliamentary procedure and organization of learned societies.
To enable the student to establish fraternal contact with his fellow students in engineering, both at his Alma Mater and at other colleges, and to meet graduate engineers engaged in the active practice of mechanical engineering.
To permit the student to attend meetings of Student Branches and also the meetings of the Society, its Sections and Professional Divisions.

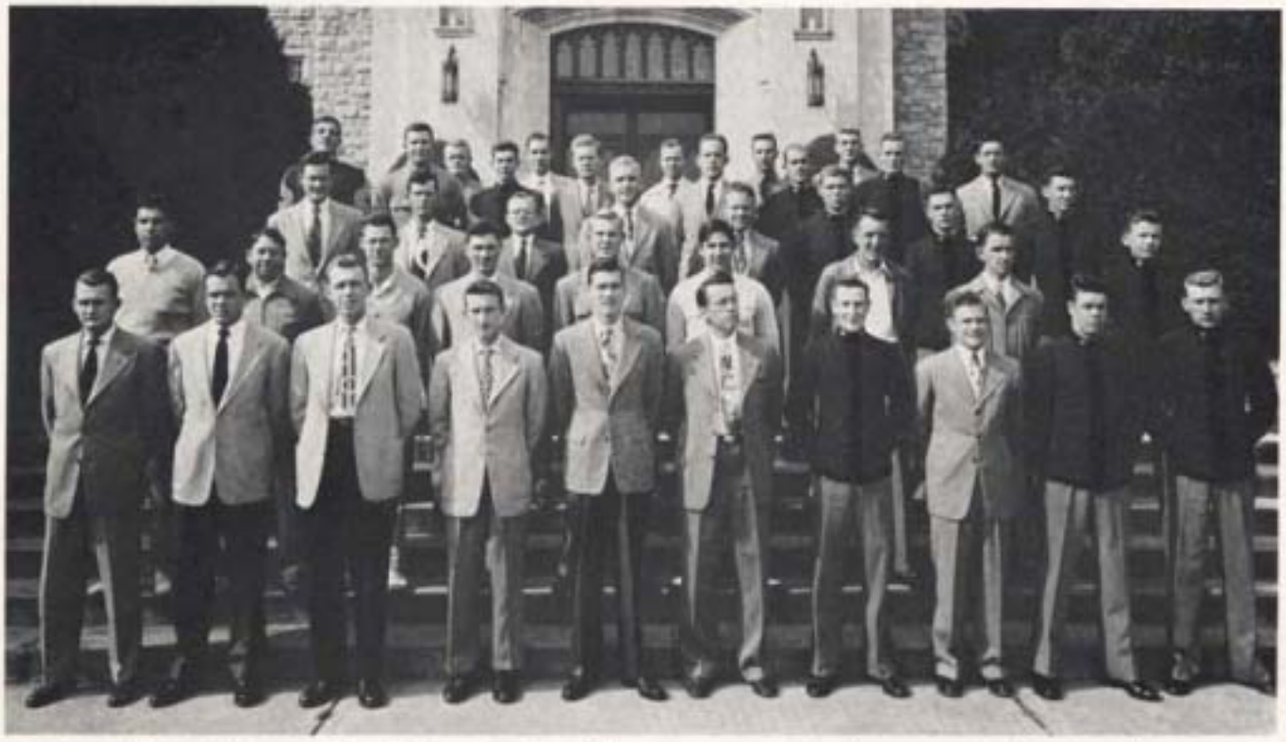
Agronomy Club



The Student Chapter of the American Society of Agronomy presents to Agronomy students, as well as students in other agricultural curricula who choose to be members of this club, a program of fellowship, leadership, and education. An attempt is made to continually bring informed speakers and enlightening movies before the club. A banquet, picnic, Spring Field Trip, and a $100 Freshman Scholarship are a part of each year's club activities.

The American Ceramic Society is a student branch of the national organization. Its purpose is to acquaint the students with the various branches of Ceramic Engineering and to give them a wider knowledge of the problems and opportunities in the field of Ceramics. The society offers the students in Ceramic Engineering an added incentive to develop leadership, scholarship, and the art of working together. The various activities of the society tend to form a closer correlation between the students and their future work in the Ceramic Industries.

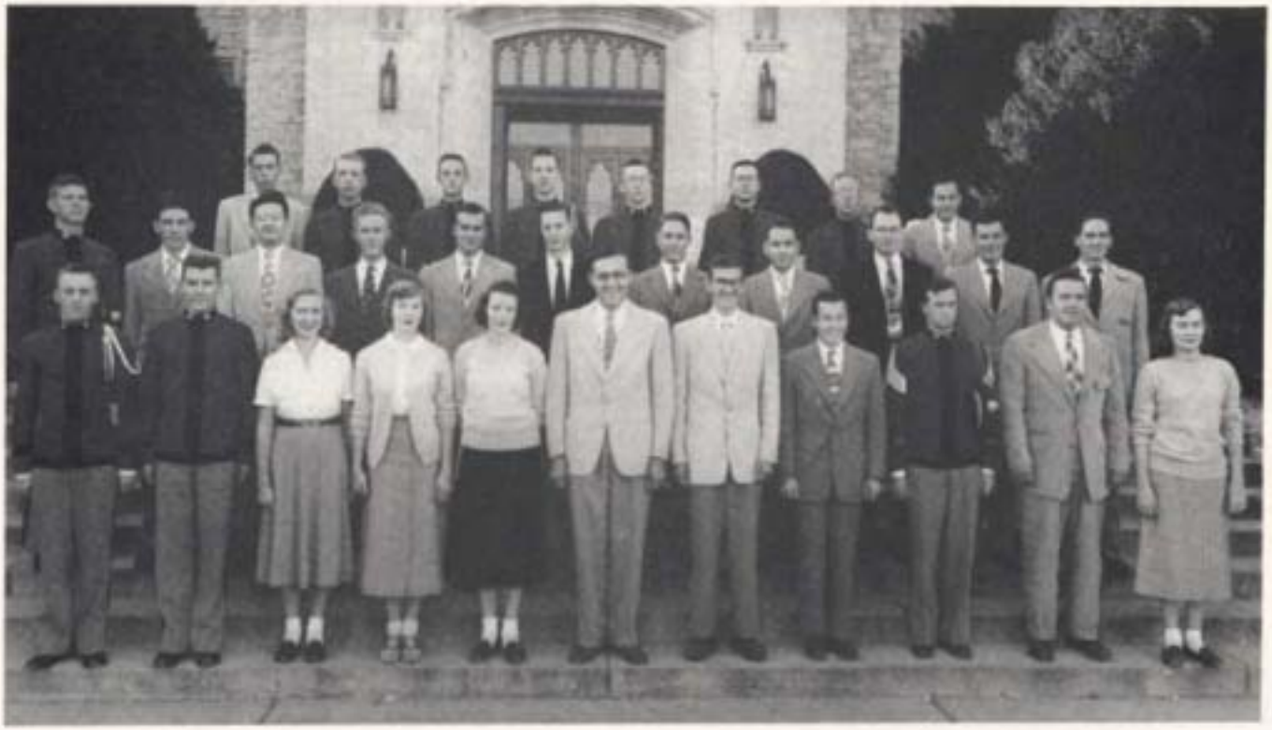
American Chemical Society



The V. P. I. Chapter of Student Affiliates of the American Chemical Society received its charter in 1938, making it the second oldest in the country. The Chapter furnishes chemistry majors an opportunity to learn about the various branches of their field through guest speakers, motion pictures produced by various chemical firms, and plant inspection trips. In being a student affiliate, chemistry majors become familiar with the activities of the American Chemical Society.

The purpose of the student section of the Virginia Chapter of the American Institute of Architects is to provide the student with a broader and more comphrehensive view of the architectural profession. This is accomplished by weekly meetings of the club.

The programs consist of talks by guest speakers, movies, and group discussions among the students.

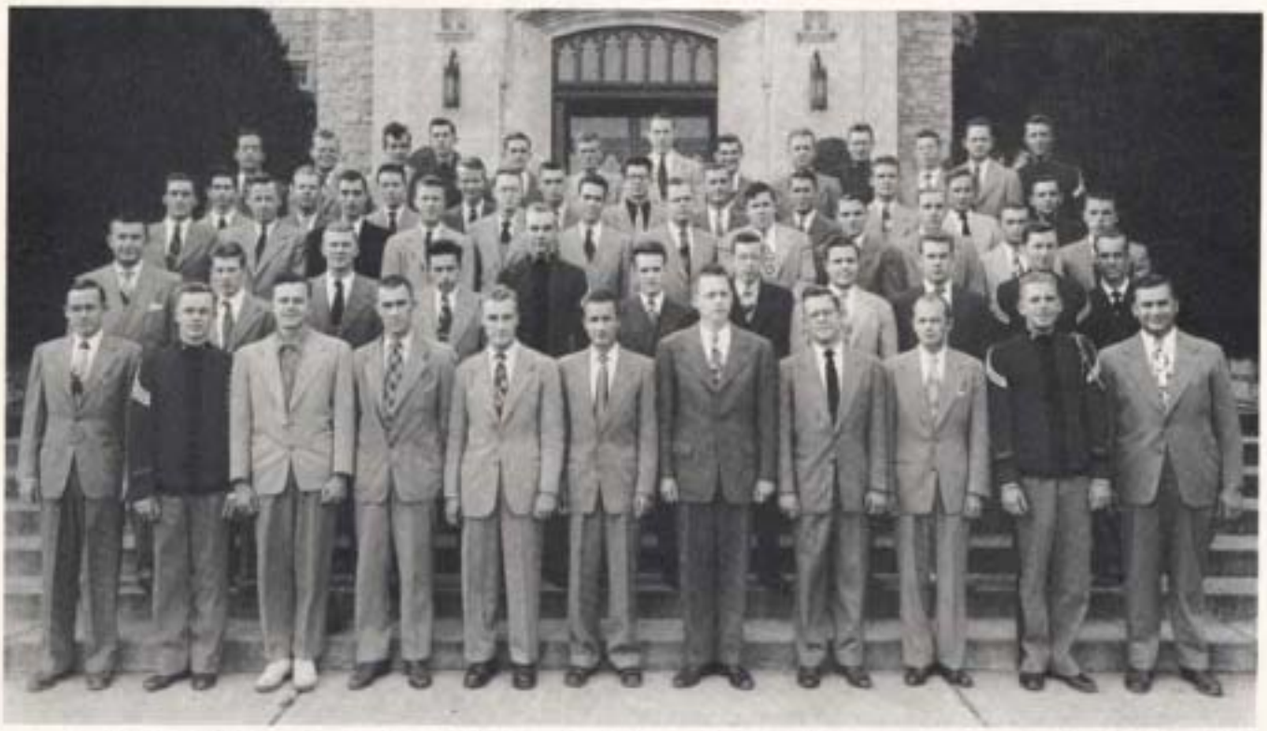
American Institute of Chemical Engineers



The V. P. I. Student Chapter of the American Institute of Chemical Engineers was organized in October, 1935 for the purpose of providing opportunities for the professional development of students majoring in Chemical Engineering. It is recognized that the professional associations made during student days are frequently valuable in later years, and that the professional attitudes acquired at this time set the pattern for later life. The crowded technical curriculum leaves something to be desired in the individual development of the student. It is the aim of the student chapter to fill this need in some measure.

The Burkhardt Chapter of the American Institute of Mining and Metallurgical Engineers is made up of students enrolled in Mining and Geology. Meetings are held twice monthly at which time practices or problems of the industry are presented to the members by men of the field or by motion pictures. Field trips are made to inspect and gather first hand information for the benefit of the members.

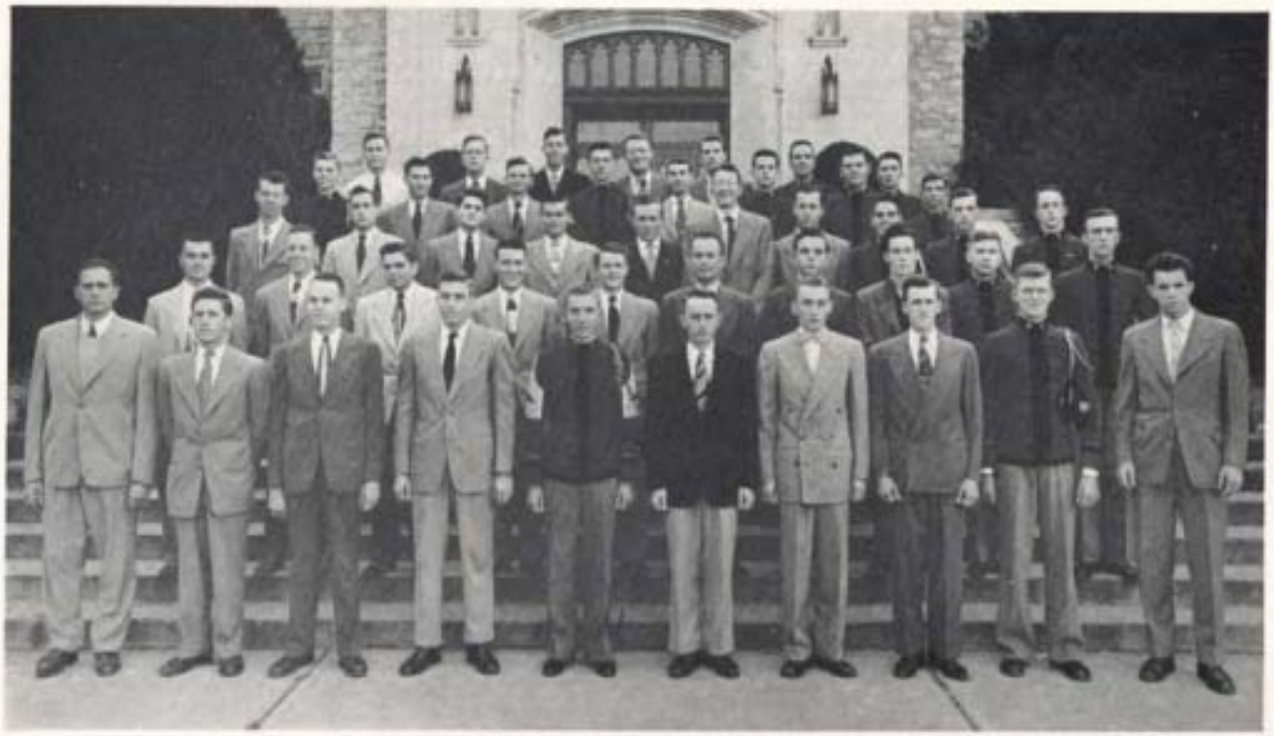
American Society of Agricultural Engineers



The V. P. I. Student Chapter of A. S. A. E. strives to promote the interests of students in Agricultural Engineering and the professional advancement of its members in the fields of farm power and machinery, farm structures, rural electrification, and soil and water conservation. To accomplish its purpose, the club presents outstanding speakers, motion pictures, and the opportunity for the development of leadership.

The V. P. I. Chapter of A. S. M. endeavors to acquaint the students enrolled in Metallurgical Engineering with the activities and work of the national society. A preview into future work is given through lectures and movies in an effort to equip the undergraduate with greater knowledge of his field and thus lead to better engineers for tomorrow.

Industrial Engineers' Club
(A.I.I.E. - A.S.M.E.)

Banding together due to the common interest in their future profession, the students of Industrial Engineering have organized themselves into the Industrial Engineers' Club of V. P. I. The first curriculum club was organized under Professor Paul T. Norton in 1945, and for three years was affiliated with the Society for the Advancement of Management. In the spring of 1948, the club ceased relations with S.A.M. and became a student chapter of the American Society of Mechanical Engineers. The advancement of the scientific approach in all problems, engineering or otherwise, and the upholding of the engineer as a servant of humanity are the underlying motives with which the club has, and will continue to function.

The V. P. I. Biology Club was organized in 1932, to promote further interest in the old and new advances in biological sciences. The club emphasizes social life as well as individual expression of scientific views to establish a firm fellowship among students. Faculty members and students are invited to give short talks on various biological phenomenon. All persons interested in biology and its various branches are eligible for membership.

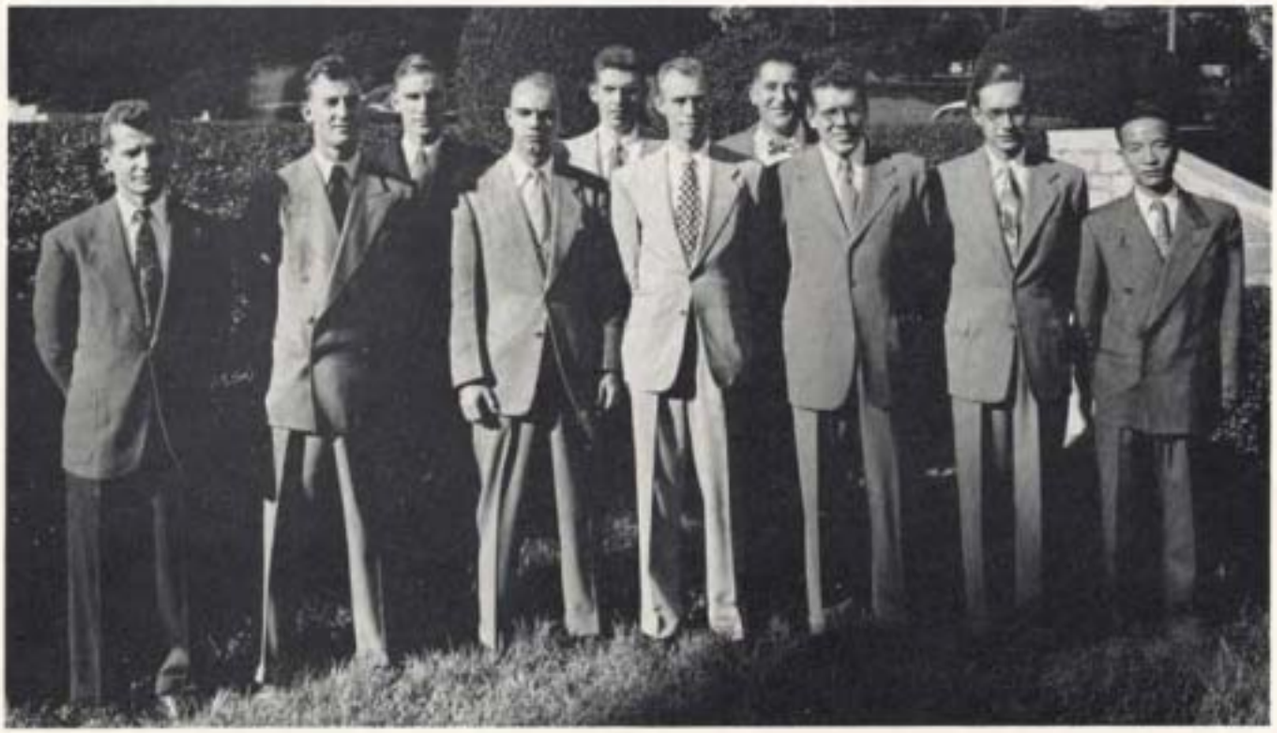
B. T. U. Club



The B. T. U. Club is a club for graduate students holding a fellowship in Power and Fuel Engineering. This graduate program is open to qualified graduates from V. P. I. or other approved colleges in mechanical engineering or the fuel option in mining engineering and leads to the Master of Science degree.

The Power and Fuel Engineering program and the B. T. U. Club were inaugurated in 1931 with the aid of the coal operators in the district, and since the inception of the program more than one hundred forty-four men have completed the course.

The Business Club, formed in 1931, consists of students enrolled in the Department of Business Administration. Its purpose is to foster the individual growth and to create a feeling of fellowship among the members. Many outstanding men address the club and keep the members abreast of the current developments in the business world. The programs reach a climax when a social is held at the end of each quarter.

Dairy Club

The Dairy Club was organized in the spring quarter of 1921. In the spring quarter of 1938 the club was granted a charter by the American Dairy Science Association and has since been known as the Virginia Tech Chapter of the American Dairy Science Association.

The objectives of the club are: to develop and encourage leadership in the field of dairying; to bring the dairy students closer to the problems in the field of dairying by obtaining speakers and movies for the club; to encourage activity by sponsoring both dairy cattle and dairy products judging teams; and to bring students and dairymen of the state closer together by sponsoring Dairy Day.

The V. P. I. Collegiate Chapter of Future Farmers of America is an organization which is primarily for those students majoring in agricultural education, but it also welcomes as members those agricultural students who were formerly F. F. A. members in high school.

The highlight of our years' work for the past two years has been the Father and Son field day and banquet in the spring quarter. At this time students and their dads get together here and visit the college farm and hear comments from the various departments. Climaxing this event is the banquet held that night.

Holden Society

Named in honor of the late Professor Roy J. Holden who for forty years provided the Virginia Polytechnic Institute Geology Department with its inspiration and guidance, the Holden Society was organized on May 18, 1949, by the faculty and students of the Geology Department.

The object of this society is to promote professional understanding between student geologists and their geology instructors; to discuss and to become familiar with phases of geologic science beyond the scope of classroom instruction; and to foster among its members a desire for high scholastic and scientific achievement.

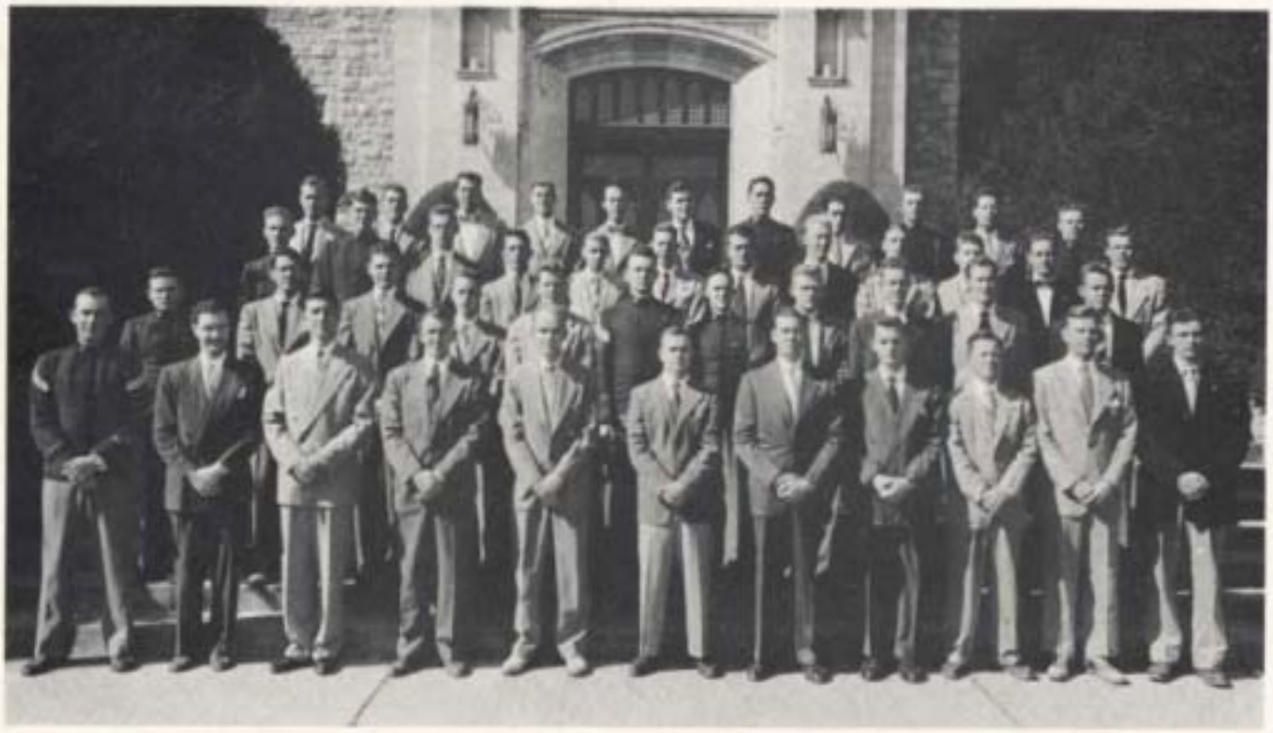
Institute of Aeronautical Sciences



The I. A. S., then known as the Aeronautics Club, had its beginning in October, 1935. In April, 1940 the club's application for membership in the National Organization of the I. A. S. was accepted. The objectives of the Institute of Aeronautical Sciences are: (1) the advancement and dissemination of knowledge of the theory and practice of the aeronautical sciences and (2) the fostering of professional consciousness and fellowship.

Rural Sociology Club

Rural Sociology is a branch of social science which seeks to know and understand rural society by scientific methods.

The Rural Sociology Club of V. P. I. is composed of students in the Rural Sociology curriculum. The club's purpose is to create more interest in Rural Sociology as a field of study and service and to promote a closer relationship among the students in this curriculum.

The purpose of the Society of American Military Engineers is to advance knowledge of the science of military engineering and to encourage and develop a spirit of cooperation between military and civilian engineers. With access to Department of Army films and excellent speakers from the National Guard, Reserve Units, and Regular Army personnel of this area, the program committee has been able to present outstanding programs. Far from being all curricula connected work, the chapter has discussions and socials to round out and balance its yearly program. Each year, at graduation, the outstanding R. O. T. C. student of the Corps of Engineers is awarded a medal by the National Society.

The S. A. M. E. is assured of an exceptional future if its future is measured by the interest and enthusiasm of its members.

ORGANIZATIONS AND SECTIONAL CLUBS

German Club

The V. P. I. German Club, established in 1892, is the oldest social organization on the Tech campus. Mindful of its traditions, the club has zealously sought to provide dances that reflect credit upon itself and upon the college.

Recognizing the necessity of educational and social attainments for the "ideal Tech man," the club seeks to foster these qualities by offering annually a scholarship in memory of the late Carol M. Newman to that sophomore who best exhibits these attributes. Furthermore, the club seeks to promote good fellowship and enduring friendships among its own members. Each member strives faithfully and loyally to attain the common goal: to offer its guests gracious hospitality in a friendly atmosphere, and thus insure the continuance of the enjoyable dances that have become traditional in the German Club. In these respects the success of the club has been exceptionally apparent during the year, 1949-'50.

Cotillion Club

The V. P. I. Cotillion Club has been in existence on our campus since 1915. Since its inception the club has constantly endeavored to improve the social conditions on the campus and the social relations between the student body and the faculty. Through the efforts of a congenial and representative group of men, the Cotillion Club has realized a significant achievement toward raising the standards of this phase of campus life.

It is the hope of the Cotillion Club to continue in its efforts to further advance the importance, as well as the quality, of social relations and activities on the campus of Virginia Tech.

The Apple Club was organized to promote good fellowship among the V. P. I. students from Warren, Clarke, Fauquier, Frederick, Loudoun, Page, and Shenandoah counties, and the West Virginia "panhandle." The club was originally formed in 1941 after separating from the Shenandoah Valley Club, but was inactive from the outbreak of the war until the fall of 1947. In addition to dances and parties during vacations, the club participates in various school-sponsored programs.

The Black Diamond Club is comparatively young on the Virginia Tech campus. It was organized during the spring of 1947, and actually became an operating organization in the fall of that year.

Our membership is comprised of students from Bluefield and the surrounding counties of Mercer, McDowell, Bland, and Tazewell, the famous Black Diamond Coal Empire.

The purpose of our club is to provide a stronger fellowship and a greater unity among students from this section while in school and after leaving. It is hoped that through our social functions, both here and at home, this purpose will be accomplished.

Capitol Club

The Capitol Club is one of the older sectional clubs of V. P. I., being organized in 1929. Since the dissolution of the Alexandria and Arlington Clubs in 1947, the Capitol Club has drawn its members from the Metropolitan Washington area.

The Capitol Club's main purpose is to promote lasting friendship and good fellowship among the students of V. P. I. It brings together students from the Washington area who have much in common and who might otherwise never meet on the campus of Virginia Tech.

Among the social activities of the club are: club meeetings, smokers, and between quarters, dances and parties. The Capitol Club of V. P. I. is affiliated with the Capitol Club of Radford, and acts as a main link between the alumni and the college.

Cavaliers

MRS. EVELYN SCHURZ
Sponsor

J. M. SCHURZ
Manager

The Cavaliers, organized four years ago, have emerged from a small unknown group of musicians into a complete and well balanced dance orchestra. The full sections of reeds, brass, and rhythm have resulted in a band which has obtained a reputation throughout Virginia and neighboring states for its versatile music.

The school year of 1949-1950 has shown that a great future lies ahead for the Cavaliers. Engagements on the campus and at schools all over the state indicate that Tech can be proud of the Cavaliers.

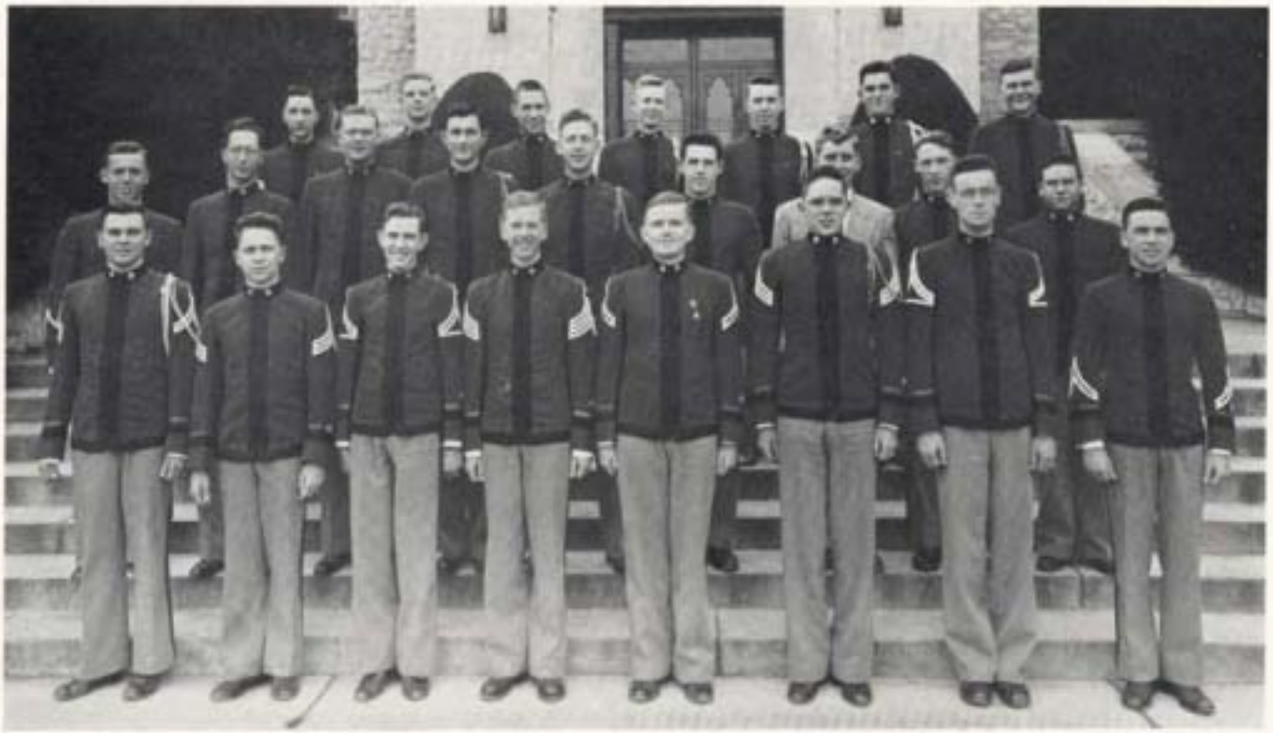
Order of DeMolay



The Order of DeMolay is a secret fraternal organization for young men organized internationally. It is represented on the Virginia Tech campus by the Zorobabel Chapter which is sponsored by Hunter's Lodge. Fellowship as achieved in the Order of DeMolay is a result of the virtues of loyalty and comradeship of fellowmen. This year our chapter is operating under a great loss due to the death of our late faculty advisor, Joseph C. Henning.

The Eastern Shore Anchor Club was first organized in November of the year 1934, and since that time has continued as an active organization of students from the Eastern Shore of Virginia and Maryland. The Anchor Club has as its objective the promotion of good fellowship among the students and between the students and alumni of the Shore. Each year a scholarship is made available to competing seniors of the Shore high schools. Social functions are conducted during the school year and are highlighted by the Annual Christmas Dance held at the Wilkins Beach Hotel during the holidays.

Fredericksburg Club

The Fredericksburg Club of V. P. I. was organized in the spring of 1949, in order to promote a closer relationship between the students of Fredericksburg and the surrounding counties of Caroline, King George, Spotsylvania, and Stafford. The aim is to bring these students together at the meetings and promote good will and social activities for them.

The main social function of the club is the sponsoring of a Christmas dance in Fredericksburg each year during Christmas vacation.

Ever since the re-organization of the Virginia Polytechnic Institute Glee Club in 1946 under the direction of Mr. Clarence J. Hesch, the Glee Club has enjoyed that rare quality of progress of which few other Tech choral organizations can boast. Every year since 1946, the Club has been putting its best foot forward in the form of concerts, Christmas caroling, a V. P. I. Glee Club album of records, and participation in state competitions.

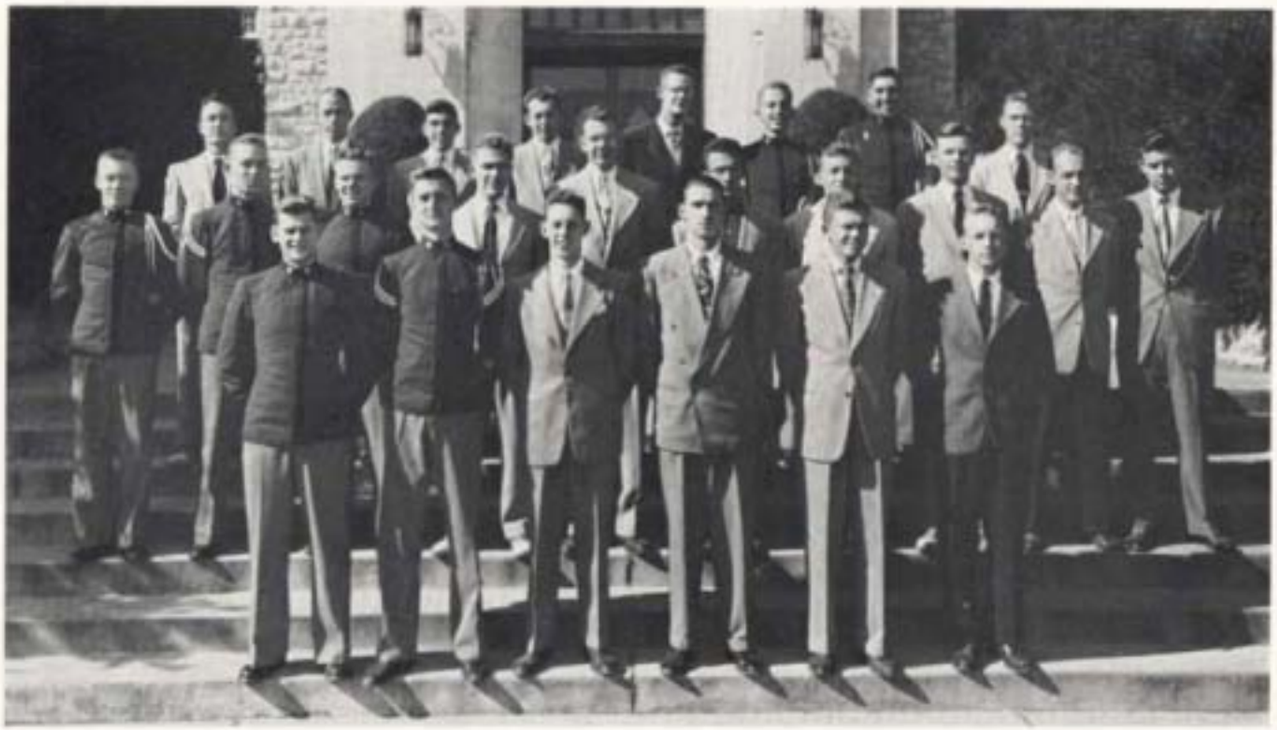
Hampton Roads Club



The Hampton Roads Club of Virginia Polytechnic Institute is one of the oldest and most active sectional clubs on the campus. It is composed of students from Newport News, Hampton, Phoebus, Hilton Village, Bull Island, and surrounding areas.

It is the purpose of the club to bring about a closer relationship among the students from the Hampton Roads area. The club sponsors five dances at home during the year as well as several social functions on the campus.

The Kanawha Valley Club was formed in nineteen hundred and forty-eight to bring together those students at V. P. I. whose homes are in those areas adjacent to the great Kanawha River of West Virginia. The organization is by nature a social club. Its purpose is to encourage activities of a social-cultural nature among the members at home and at school. These activities are designed to give the technically trained Techman an opportunity to improve those social aptitudes which are normally neglected in undergraduate life at V. P. I.

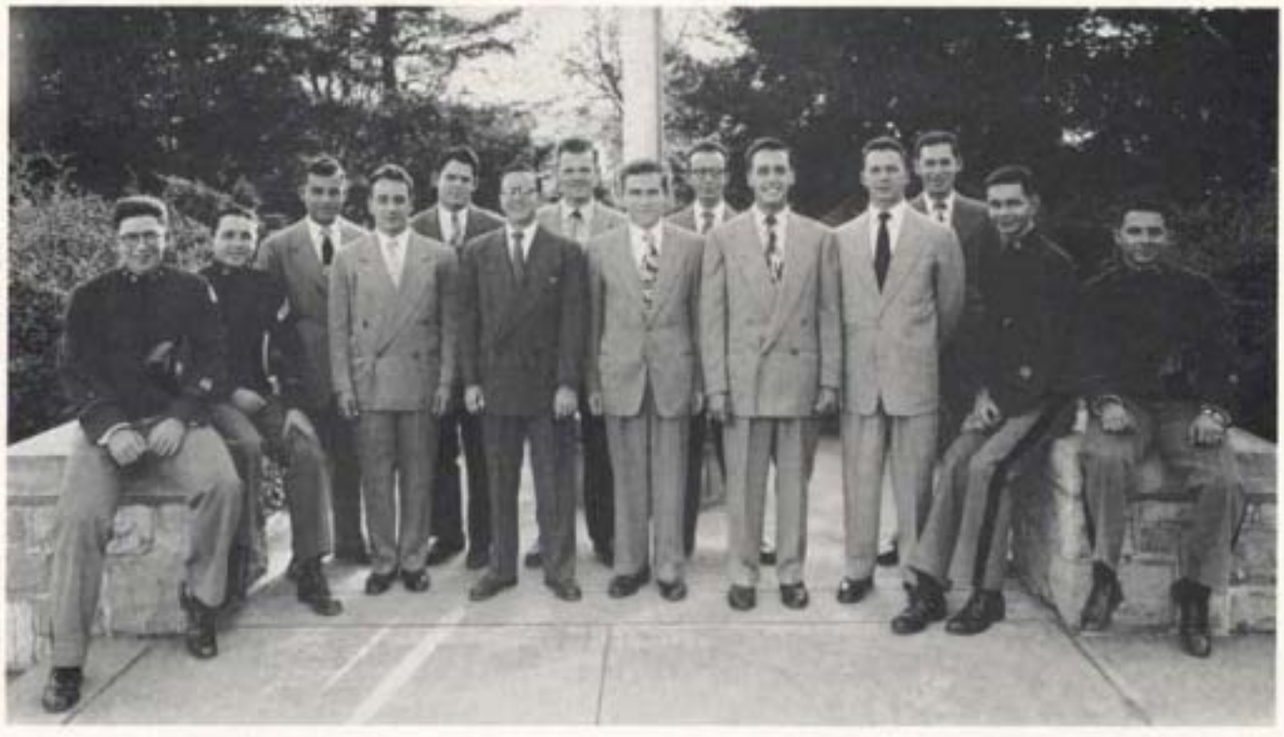
Lord Reading Club



The Lord Reading Club of V. P. I. was founded shortly after World War I. It was organized to promote cultural and social relationships between students of the Jewish faith. In 1942, the Lord Reading Club became an affiliate of the B'nai B'rith Hillel Foundation, a world wide organization to improve Jewish culture and religion on college campuses.

It was named in honor of Rufus Isaacs, the first Earl of Reading. This Jew was Ambassador extraordinary in the United States during World War I, and he headed all British missions here in the United States. He was also the Chief Justice of England after the war.

The purpose of the Lynchburg Club is to foster a closer relationship among the students of Lynchburg and vicinity.

The Lynchburg Club has long been an active organization on the campus. In September 1947, the club was reorganized after an inactive period during the war. The club sponsors several activities during the year, the principal ones being the annual Thanksgiving Dance and the annual picnic in June. Also popular are the between-quarters parties.

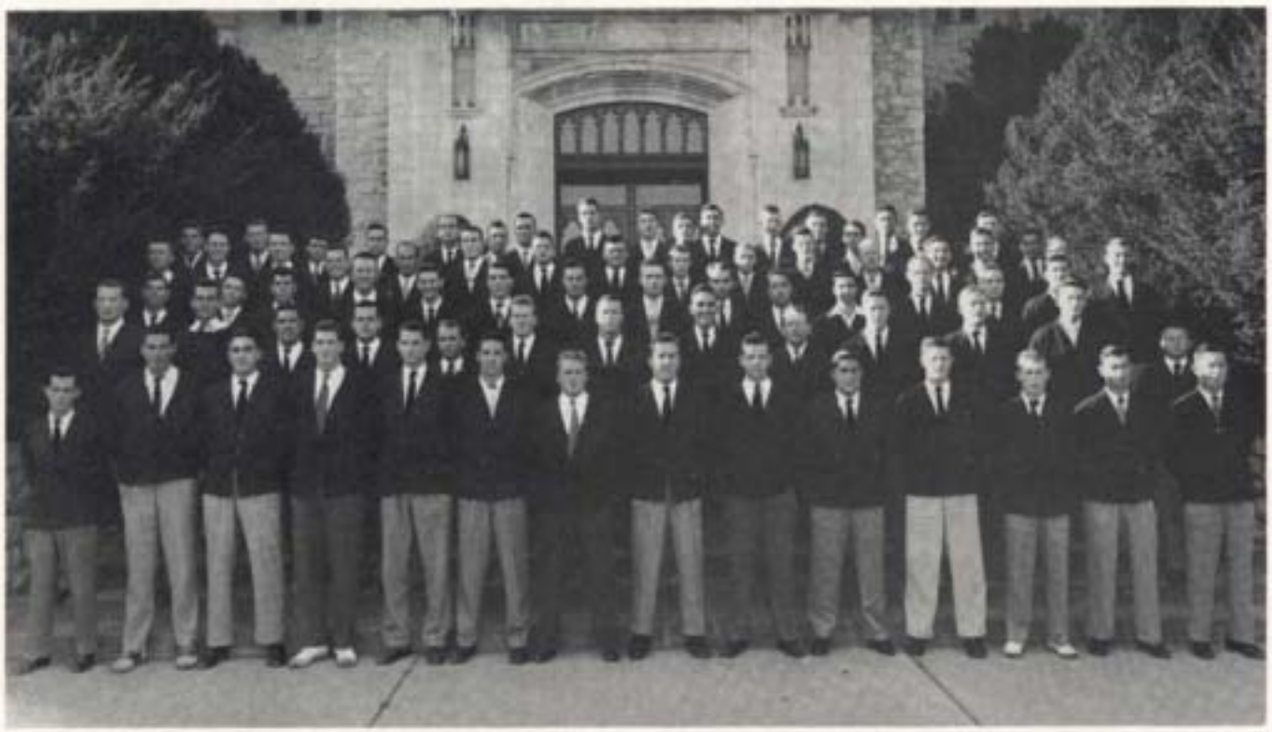
Monogram Club



The Virginia Tech Monogram Club is composed of men who have earned their letters through perseverance and hard work in one of the varsity sports. The purpose of the organization is to maintain a close bond of fellowship among varsity athletes at Virginia Tech; to foster and promote athletics at Virginia Tech in every way possible; and to contribute to the welfare of Virginia Tech at every opportunity.

Almost since the beginning of V. P. I. there has been a strong interest in dramatics on the campus. Plays are better attended than in many liberal arts colleges. The club responsible for most drama activity has operated since 1936 as the Maroon Mask, producing many laboratory plays and two to five public productions. The club's purpose is to provide an outlet for avocational theatre interests, entertainment for town and campus, and fellowship of kindred minds.

Newman Club

The Newman Club is an organization of Catholic culture and fellowship. Its purposes are threefold: religious, intellectual, and social. The practice of religion is not something that can be "shelved" during a student's college years, but must be continually studied and used if the student is to evidence any spiritual growth. By discussing present day affairs a student grows intellectually and by meeting and talking with Catholics, it enables the individual to become acquainted with other students of his own faith.

Northern Neck Club

The V. P. I. Northern Neck Club is composed of students from Essex, Lancaster, Northumberland, Richmond and Westmoreland counties in the state of Virginia. The club was first organized in 1923. With the war cutting the enrollment in 1942, the club disbanded and was reorganized in 1947. The purpose of the club is to promote friendship and good will among the students of the Northern Neck of Virginia.

The Peanut Club is one of the many sectional clubs on the Tech campus. Any student residing in the cities of Suffolk, Smithfield, and Franklin and in the counties of Nansemond, Isle of Wight and specified sections of Surry and Southampton counties is eligible for membership. The club operates on a non-profit basis and the business of the club is of a strictly social nature. Meetings are held bi-monthly at which time the business of the day is discussed, with smokers and general get-togethers being held several times each quarter.

Reactivated in the fall of 1947, the Piedmont Club is composed of V. P. I. students from Culpeper, Orange, Madison, Rappahannock, Fauquier, and Prince William counties. The club meets twice a month for the purpose of promoting friendship and good will among the V. P. I. students from this area of Virginia.

The Christmas Dance at Orange is the outstanding event of the year. Smokers, after-dance parties, the private spring dance, and the mid-summer dance are the other social events enjoyed by the members during the school year.

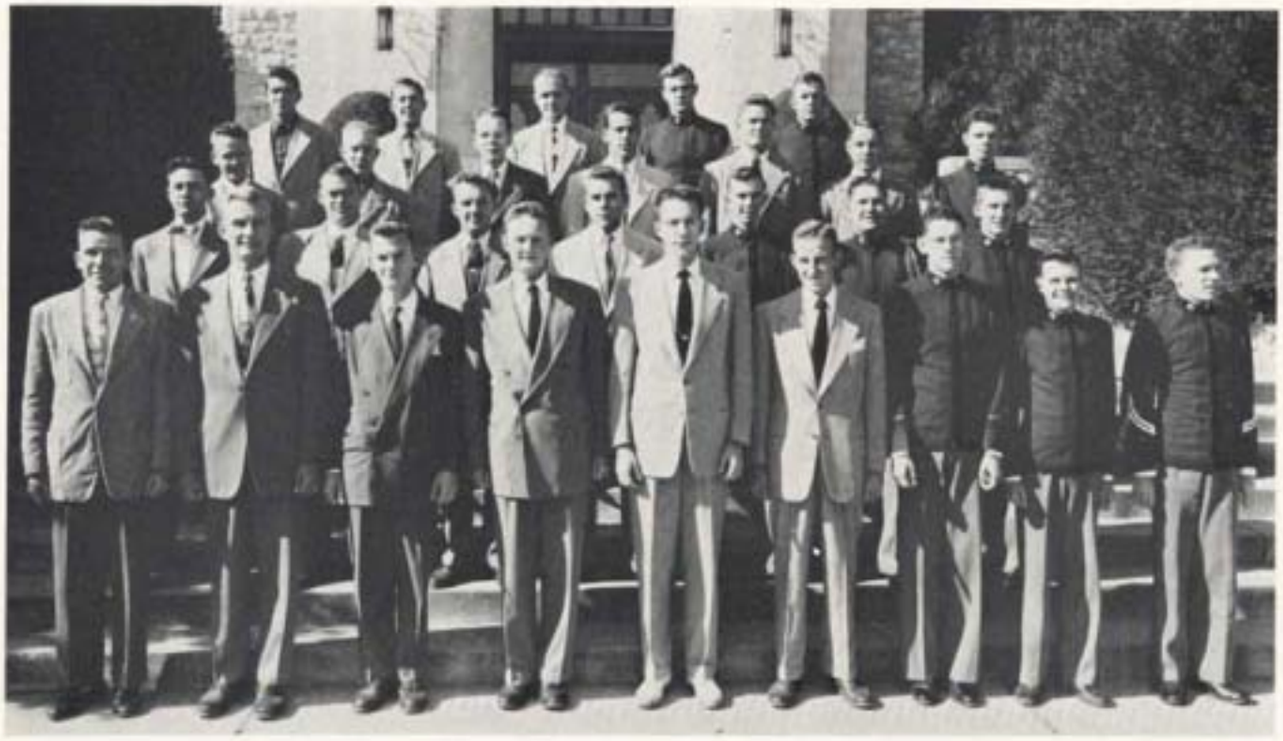
Portsmouth Club



The Portsmouth Club is composed of students living in and around Portsmouth, Virginia. The purpose of the club is to promote good will and fellowship both at home and on the campus and to aid new students in becoming acclimated to the school. In addition to this the club has as its purpose to present a one year scholarship to a deserving graduate of a high school in the Portsmouth area.

The Richmond Club of V. P. I. was formed January 6, 1894, as a purely social organization, to include all men from the Capital City and vicinity. The club activities include civic projects such as the contest it sponsored in the spring of 1940 in which the school chose their "Alma Mater." The club is proud of the Christmas Mother families sponsored each year as well as the good fellowship created among students from Richmond.

The Shenandoah Valley Club was organized to promote good will and fellowship among the students of the Shenandoah Valley Region. The club seeks to aid new members become acclimated to college life and to promote a deeper understanding between the Corps of Cadets and the Civilian Student Body. The organization is purely social in nature and non-profit.

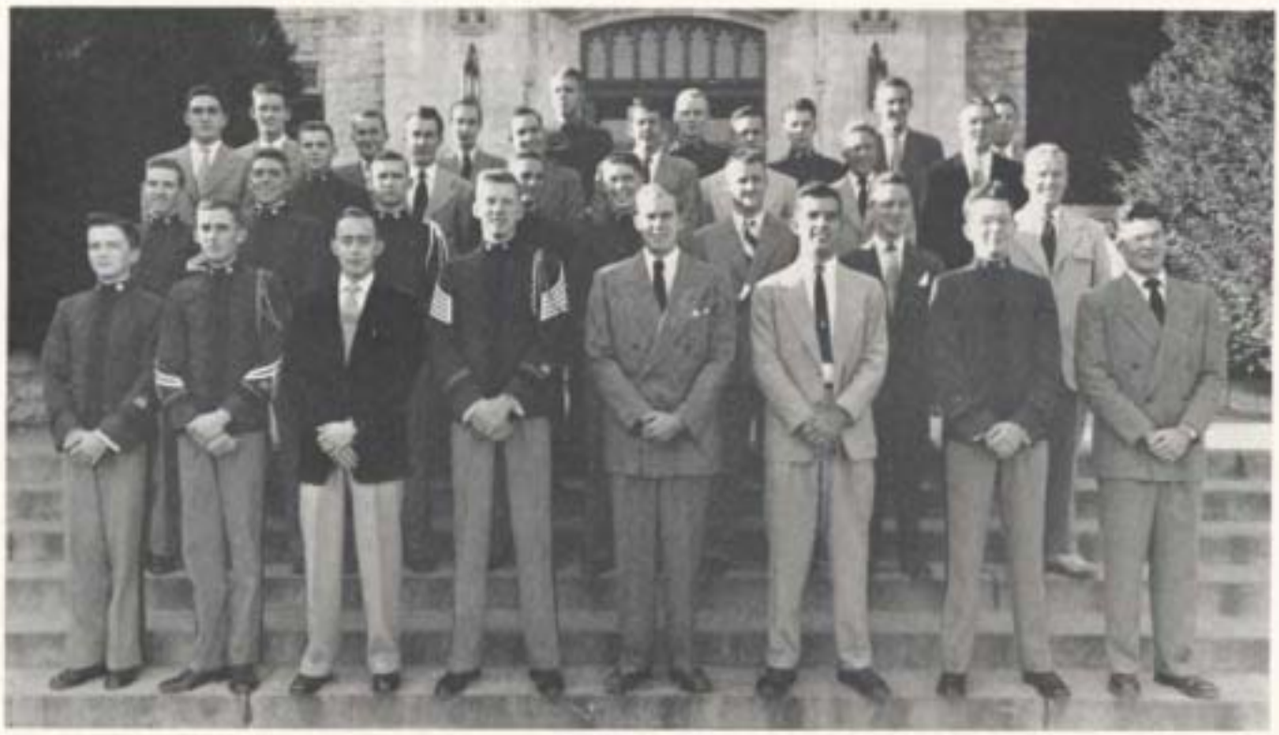
Southwest Virginia Club



The members of the Southwest Virginia Club of V. P. I. have associated themselves together for the purpose of forming a sectional club, the purposes and business of which sectional club shall be to promote good will and fellowship between all students of V. P. I. residing in the region of Southwestern Virginia, Eastern Tennessee, and Western North Carolina. The business of the sectional club shall be strictly of a social and non-profit nature and to aid new students in adjusting themselves to college life.

The Yankee Club, composed of all the Techmen from above the Mason-Dixon Line, was formed to promote good will and fellowship among its members, to aid new students in becoming acclimated to college life, to enhance the relationship between V. P. I. and its Northern Alumni Chapters, and for the betterment of Virginia Tech.

Reorganized after the war, the Yankee Club has become one of the leading sectional clubs on the campus.

Y. M. C. A.

"To serve every V. P. I. student and to hold before him Christian ideals and principles," is the purpose of the Y. M. C. A. The members of the Y. M. C. A., who are for the most part students, have covenanted together to promote and extend the spirit of Christ on the campus. To realize this objective individually and collectively, association members hold religious services in the little chapel, and at mission points in the community. Feeling the need for fellowship and recreation, they also sponsor and direct parties, dances, motion pictures, playground activities, reading rooms, hobbies, week-end camps, and occasional banquets.

The Young Women's Christian Association is a religious organization of which every girl at V. P. I. is a member. It is non-denominational with its true purpose being to supply the basic religious needs of students, as well as to develop personality and leadership. The Y. W. C. A. challenges each girl to develop spiritually, physically, mentally, and socially into a well-rounded personality.

Creating

YEAR BOOKS

of Distinction

It takes more than "good printing" to create outstanding Year Books.

The J. P. Bell Company specializes in Year Books. First, by maintaining a Department of trained and experienced personnel that devotes its entire time to the planning and servicing of Year Books. Secondly, by maintaining a plant equipped with the most modern machinery, manned by skilled, efficient workmen.

There is a certain mark of Distinction on all J. P. Bell publications.
