Dear Dean De Pauw, Dear Karen,

I successfully defended my dissertation on October 23rd 2015 and am now preparing the ETD.

My committee strongly suggested to publish my dissertation as a book, and I am very excited about these prospects. Therefore, I would like to extend the embargo on my ETD for an additional year (additional to the 2 years offered in the ProQuest/UMI Publishing form).

May I ask you to consider the delayed release of my dissertation, please?

Best wishes,
Anja—
