 Number of meetings during year 154; Total attendance 11855
 Note: Cooking & sewing clubs met only thru school yr.

REPORT OF HOME DEMONSTRATIONS

1. No. of women demonstrators enrolled 118 No. doing active work 112
2. No. organized clubs in county 5 No. holding regular meetings 5
3. Specify number and kind of the most important demonstrations given by agent:
 a. In homes : KIND No. : KIND No. : KIND No. : KIND No.
Bread : 4 : Other home prod. : 22 : _____ : _____
 b. In meetings : 1 : 6 : 1 : 1 : 21 : Byging : 4
4. Estimate total attendance of women & girls 3750
5. No. women making bread in homes under your (a) Regular demonstrations 15
 instruction (b) New breads 72
 Under (b) give all bread making with use of peanut, soybean, sweet potato, corn, sorghum grains, rice, etc., used in combination with wheat. Under-score those most frequently used. Further information may be given on separate sheet.
6. State number LABOR SAVING DEVICES made or installed in homes: Wireless cookers 2; Iceless Refrigerators X; Fly Traps 1; Fly Screens 1; Ironing Boards X; Wheeled trays X; Shower baths X; Kitchen Cabinets X; Water Systems X; others _____

7. No. Labor Saving Devices purchased under advice of agent:

KIND	No.	DATE	PRICE	KIND	No.
<i>Gasoline</i>	<i>15</i>				

8. No. Rest Rooms established for farm women - *One* -----

PRODUCTIVE DEMONSTRATIONS

9. BUTTER MAKING:

	MADE	PURCHASED
a. Improved devices made or purchased:		
	Worker: Paddle: Molds:	Bbl.: Shotgun: Dairy Cans: Molds: <i>Shrap</i>
b. No. pounds butter made -----		
c. State advance in price per pound secured by using demonstration methods -----		

10. FOOD PRESERVATION:

a. Approximate number cans and jars put up by women under demonstration methods	<i>26600</i>	Value	<i>\$ 5750.00</i>
b. No. lbs. dried vegetables stored	<i>900</i>	Value	<i>\$ 180.00</i>
c. No. lbs. dried fruit stored	<i>900</i>	Value	<i>\$ 40.00</i>
d. No. gals. brined vegetables stored	<i>75</i>	Value	<i>\$ 19.00</i>

11. Number women making Winter Garden demonstrations (average size) *75*

12. POULTRY:

First yr. Only boys & girls

(Give results for both women and girls)			
a. No. demonstrators enrolled: Women		Girls	<i>15</i> Total
b. No. demonstrators fulfilling minimum requirement as to number of eggs set and chickens raised (see Farmers' Bulletin 582)			
c. No. demonstrators taking charge of entire farm flock			<i>3</i>
d. No. demonstrators raising feed for flock			<i>5</i>
e. No. demonstrators using pure bred males at head of flock			<i>5</i>
f. No. demonstrators making brooders			<i>4</i>
g. Average number of fowls in these flocks			<i>17.</i>
h. No. demonstrators who purchased pure bred stock			<i>0</i>
i. No. demonstrators who purchased pure bred eggs			<i>6</i>
j. Approximate number of chickens raised			<i>192</i>
k. Approximate number of chickens fattened for market according to instructions			<i>0</i>
l. No. Egg Circles organized			<i>0</i>
m. No. cooperative Breeding Associations organized			<i>0</i>

n. No. dozen eggs preserved in water glass

75

S A L E S

- c. No. dozen eggs sold cooperatively Value \$ 0
- p. No. pounds market poultry sold 114 Value \$ 2.25
- q. No. pure bred fowls sold for breeding purposes 9 Value \$ 1.00
- r. Approximate total value of all poultry products of chickens \$ 4.40

Give results as to greater use and better cooking of chickens and eggs:

Chickens used more than ever on account of scarcity of meat

13. COTTAGE CHEESE MAKING:

- a. No. demonstrations in cheese making given
- b. No. persons making cottage cheese and reporting
- c. No. lbs. cottage cheese made and reported
- d. Improved Devices:

6
25
320

EMERGENCY WORK IN FOOD PRODUCTION AND CONSERVATION.

Note: On the preceding pages the county Home Demonstration agent should record the regular work of women and girls done under supervision and with resulting standardized products. This page is for report of additional emergency work in food production and conservation carried on to meet war conditions. In addition to rural work all results in cities and villages attained through the instruction of the agent and her demonstrators should be recorded here.

- 1. Estimate No. women and girls influenced by your instructions + boys 120
- 2. Estimate No. containers fruit and vegetables packed 150 Value \$ 3.75 00
- 3. Estimate No. lbs. dried fruit and vegetables stored 60 Value \$ 12. 00
- 4. Estimate No. gallons brined vegetables stored 50 Value \$ 12.5 0
- 5. No. Home Demonstration kitchens established _____
- 6. No. community canneries _____ Approximate output 1
- 7. No. community food drying centers 5 Approximate output X

REMARKS:

Had 40 garden club members (most of whom had good gardens. Most of the tomatoes were ruined by the week of very hot weather) which accounts for comparatively small number put up.
