Date: November 22, 2019

Re: Copyright permission request

The Water Research Foundation is pleased to grant you permission to reprint Figures 1.1 and 1.2 from our report, *Accuracy of In-Service Water Meters at Low and High Flow Rates* (project 4028).

This one-time royalty-free permission is for use in your dissertation on residential water metering infrastructure.

Please add the following source line under the figures from our report:

Source: Barfuss et al. 2011. Reprinted with permission. © Water Research Foundation.

In addition, the following full publication details should appear on the reference list:

Barfuss, S. L., M. C. Johnson, and M. A. Neilsen. 2011. *Accuracy of In-Service Water Meters at Low and High Flow Rates*. Project 4028. Denver, Colo.: Water Research Foundation.

We appreciate your diligence in obtaining permission to use these copyrighted materials.
