In items 1 to 4 of this section is to be reported only the families worked with through Farm and Home Development Balanced Farming, Better Farming for Better Living, Farm and Home Counseling and similar names that States have given to a way of doing extension work that involves family participation in planning for the farm and home as a total unit.

Item 5 provides a place to report families worked with during the year who were not identified as Farm and Home Development families but whom you helped to make significant progress through use of the Farm and Home Development process (problem approach).

1. Different Farm and Home Development families— (None)

a. Started this year.....

(Count a family as "started" when they have indicated a firm desire to have you help them develop a COMBINED farm and home plan. Include only families not previously reported.)

b. Total worked with during the year..... 10

(Include those reported in "a" as well as families worked with this year who started in previous years.)

2. Of the total number reported in 1b above, how many were families—(the following categories do not attempt to account for all families reported in 1b, and some families may be included in more than one group).

d. Part-time farmers..... 3

e. That had reached the point where they could go on with their farm and home development work without special extension assistance.....

(Presumably these families will continue to participate in other phases of the county extension program.)

f. That became inactive in farm and home development work because—

(1) They quit farming.....

(2) Other reasons.....

3. Of the total number reported in 1b above, how many families were assisted in—

a. Developing their original plans this year through:

(1) Individual contacts only..... 10

(2) Group contacts only.....

(3) Both individual and group contacts with the same family.....

b. Putting their plans into action this year through:

(1) Individual contacts only.....

(2) Group contacts only.....

(3) Both individual and group contacts with the same family.....

4. Of the total number reported in 1b above, how many families have 4-H Club members whose project activities this year directly support the family's farm and home plan.....

5. In addition to the families "started" and "worked with" in farm and home development as reported above, how many farmers, homemakers, or families did you work with in identifying, analyzing and solving COMPLEX INTERRELATED problems of the farm and/or home but did not develop a total farm and home plan. (Do not include those families to whom you only gave special assistance on individual enterprises or practice)..... 57
