

## Copyright Release

This document has been requested by the Signature Approval System hosted by the Virginia Tech Graduate School (<https://ess.graduateschool.vt.edu/>) and is submitted along with a PDF copy of my dissertation, "Design and Optimization of Post-Combustion CO<sub>2</sub> Capture", in partial fulfillment of the requirements for the degree of Doctor of Philosophy in Chemical Engineering.

I, Stuart Higgins, claim copyright protection for my Ph.D. dissertation, "Design and Optimization of Post-Combustion CO<sub>2</sub> Capture" (2016). In accordance with VT Graduate School requirements, I hereby grant to Virginia Tech and its agents the non-exclusive license to archive and make accessible, after one year, my thesis or dissertation [in whole or in part in all forms of media], now or hereafter known. I retain all ownership rights to the copyright of the thesis or dissertation. I also retain the right to use in future works (such as articles or books) all or part of this thesis or dissertation.
