The University & the Human Condition

Beyond Boundaries & the Human Condition

What is the future of citizenship?

What is the future of “the human”?

AI and Carceral Practices

Micah Johnson (x2016)

Mass incarceration in the US

- 2.4 million people incarcerated
- 4.4% of world's population, 22% of world's prisoners
- 15,000 children incarcerated for non-criminal acts (status offenses)
- Blacks incarcerated 11 times the rate of Whites
- Black women are fastest growing prison population
- Undocumented families are targeted

'The Stack' and Political Agency

The Future of Work

In 2017, the full-time employment rate is 60%.

The Future of Work

By 2030, the full-time employment rate could drop to **9%** due to automation.
