Dear Emery Conrad

RE:I wish to reproduce Figure 1 from Goldbeter (1995) Proc. Royal Society of London, Series B. Biological Sciences, vol. 261, issue 1362, page 319.

The Royal Society is pleased to grant permission for use of the above material, subject to the following conditions:

1. Full acknowledgement is given to the original source, with full details of the author(s), title, figure/page numbers, year of publication and the publisher.
2. The permission of the author(s) or the author's estate is obtained where practical.
3. The material is to be used only as described in your email and this permission is granted for one-time use only. Any further use (including the storage, transmission or reproduction by electronic means) will be the subject of a separate application.

Yours sincerely

Jennifer Kren
Editorial Administrator
